Block Plan for War Services.

Supervisor Mead, immediately following the first roll call, requested that the Board take up, out of order, consideration of Block Plan for War Services because of the many citizens present who were interested in the subject.

No objection, and so ordered.

His Honor the Mayor and Civilian War Council Urged to Put Into Effect War Services Block Plan.

(Series of 1939)

Thereupon, Supervisor Mead presented the following resolution, together with list of organizations sponsoring same:

Resolution No. ....., as follows:

Whereas, the War Services Block Plan of the United States Office of Civilian Defense is urgently needed in San Francisco; and

Whereas, a fuller participation of all citizens in the war effort and the various civilian defense activities is so vitally needed by our fighting forces and for civilian protection on the home front; and

Whereas, this Plan gives every citizen a better opportunity to participate fully in such civilian war services as Salvage for Victory, Blood Donor Service, Consumer Interest, Victory Gardens, Nutrition, Transportation, Housing, War Savings and Child Care; and

Whereas, over one hundred and ten communities in California alone have this plan successfully in operation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco do hereby call upon Mayor Rossi and the Civilian War Council to exercise the authority vested in them to the end that San Francisco assumes its responsibility to the nation by putting the War Services Block Plan into immediate effect.

Privilege of the Floor.

Supervisor Mead moved that any citizen interested in the question of Block Clubs for War Services be granted the privilege of the floor.

No objection, and so ordered.

Mrs. Fender and Mrs. Walter Matisek, representing themselves and a number of Block Clubs already organized, and Mr. Richard Gledhill, speaking for the American Red Cross Blood Procurement Center, addressed the Board at length, urging the adoption of the foregoing resolution.

Mrs. Annie Scanlon announced that the Central Council of Civic Clubs felt that the proposed Block Clubs might be a duplication of activities, and suggested that the Board take no action on the foregoing resolution other than reference to committee.

Supervisor Mead, in discussing the resolution, stated that it was desired that the Board of Supervisors go on record in favor of the Block Club plan.

Supervisor MacPhee suggested that the matter be referred to Finance Committee. The Finance Committee could meet with the Civilian War Council and the proponents of the resolution go into the matter more thoroughly, after which perhaps a definite program could be adopted. The entire matter has been before the Civilian War Council for sometime.

Mr. David Lewis, Administrative Assistant to the Mayor, reported that the Mayor had recommended $34,950 for Block Club activities, at budget time, but that the amount had been deleted from the budget by the Board of Supervisors.

Supervisor MacPhee, thereupon, announced that the money had been set up for salaries of stenographers, clerks, etc., for Block Club activities. The question of proceeding with the Block Club activities, however, even in the minds of the Civilian War Council, was somewhat upset. The Supervisors, though, did not delete the amount from the budget, but put it in Unappropriated Reserve for Civilian Defense, and it can be reappropriated upon recommendation of the Mayor and the approval by a three-fourths' majority of the Board.

After further brief discussion, Supervisor MacPhee, seconded by Supervisor Uhl, moved that the entire matter be referred to Finance Committee.

No objection, and so ordered.

UNFINISHED BUSINESS.

The following, from Joint Finance and Public Buildings, Lands and City Planning Committee without recommendation, was taken up:

Present: Supervisors MacPhee, Mead, Gallagher, Uhl.

Appointment of San Francisco Post-War Planning Committee.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the seaports of the western coastal apron of America will contend as rightful heirs for the estate of stupendous prosperity—inevitably inherent in the wake of total war—it becomes the solemn duty of San Francisco to awaken to its destiny now; to summon her men of vision and action into counsel to the end that the mantle of pre-eminence shall fall upon the Port of San Francisco when the guns are silent again; and

Whereas, the full flowering of the United States as the strongest nation bordering on the Pacific is patent as a post-war certainty—a nation that will feed and finance the world and guide its economy and security—it follows as the night the day that the strategically located seaport metropolis of San Francisco is true scion of this great heritage; and

Whereas, this city is faced with the compelling fact of a tremendous increase in its population due directly to all-essential functions it performs as a prime seaport in a principal theater of war; and has risen to the condition and occasion with a thoroughness and alacrity that has won commendation from military and naval authorities, it becomes increasingly obvious to all citizens having the best interests of their community at heart, that the impetus created under war conditions must be maintained when bombs cease to rain from skies; and

Whereas, it is imperative that San Francisco give close attention now to the framing of its future; to the end that hazard and chance shall not determine the fate of this port; to the solution of such problems of post-war planning as must arise in connection with the care and cultivation of a greatly enlarged population—which should be retained without detriment to, or impairment of opportunities for, long resident San Franciscans; to provide against industrial setback; to guard against disruption of trade and commerce; to ensure jobs for all post-war employables; to guarantee stabilization of property and rental values; to protect present and future investments; to provide adequately for commensurate expansion in all fields of enterprise and to further improve the facilities at this port for our rich agricultural hinterland, even as Los Angeles, Portland, Seattle and countless other communities already are actively engaged in doing, and considering that these things directly affect the future security and welfare of every San Franciscan; be it therefore

Resolved, That the Board of Supervisors recommend that the Mayor of San Francisco, without further delay select and appoint a committee to be designated as the San Francisco Post-War Planning Committee, and that all agencies of the municipal government be called upon to cooperate, with effectiveness and immediacy, in the successful attainment of the goals set by said committee in behalf of the future prosperity of the great seaport of San Francisco.

On motion by Supervisor Gallagher, consideration of the foregoing resolution was *postponed until Tuesday, July* 6, 1943.

Final Passage.

The following recommendation of Police Committee was taken up:

Present: Supervisors Gallagher, Uhl.

That a state of war now exists between the United States of America and several foreign powers; that during the existence of such war between the United States and any of said foreign powers the probability exists of an immediate air attack upon the western coast of the United States of America, including the City and County of San Francisco; that the official records of the enemy bombing attacks on London, Honolulu and other cities reveal that following an air raid great and extensive damage was occasioned by the lack of "fire watchers" and fire fighting equipment on and in the buildings in said cities; that due to the type of construction of a major portion of the buildings in the City and County of San Francisco, and due to the comparatively small area occupied by said city and county, and the resultant congestion, it is imperative, in order to properly protect the said City and County of San Francisco during such an air raid, that the provisions of this ordinance become effective at once.

Section 7. If any provision of this ordinance, or the application thereof to any person or citizen, is held invalid, such invalidity shall not affect any other provision, or the application thereof, which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are declared to be severable.

Section 8. Any rule or regulation promulgated by said Civilian War Council, under the authority given by this ordinance, excepting as hereinabove otherwise provided, shall become effective upon the publication of said rule or regulation for five (5) days in an official newspaper in the City and County of San Francisco.

Discussion.

Mr. George Ososke, Assistant Director of Civilian Defense, explained the need for the foregoing appropriation, and stated that if the appropriation were not approved it would be necessary to discontinue the vitally necessary activities of the Victory Workers' Recruitment Service on July 1, 1943. The positions proposed to be continued are already in existence.

Supervisor Mead inquired as to conditions under which workers were employed, and the salaries paid for their services, and questioned the possibility of an attempt being made to break down existing wage scales.

Thereupon, the roll was called and the foregoing bill was *Refused Final Passage* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Meyer, Roncovieri, Shannon, Uhl—8.
No: Supervisor Mead—1.
Absent: Supervisors Brown, Colman—2.

Reconsideration.

Before the result of the foregoing vote had been announced, Supervisor MacPhee changed his vote from "Aye" to "No" and moved for immediate reconsideration. Motion seconded by Supervisor Shannon.

The vote then stood:

Ayes: Supervisors Gallagher, Gartland, Green, Meyer, Roncovieri, Shannon, Uhl—7.
Noes: Supervisors MacPhee, Mead—2.
Absent: Supervisors Brown, Colman—2.

Thereupon, Supervisor MacPhee pointed out that any appropriation to be made out of the current year's funds must be made without delay, and before the end of the current fiscal year. The work being performed by the Victory Workers' Recruitment Service was most important.

Supervisor Shannon also emphasized the importance of the work.

Whereupon, Supervisor Mead announced that since the original roll call on the proposed appropriation he had received the information which he desired, and had no objection to the appropriation.

The roll was then called and the motion to reconsider was *carried* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—9.
Absent: Supervisors Brown, Colman—2.

Final Passage.

Thereupon, the roll was again called and the foregoing bill was *Finally Passed* by the following vote:

Substitution of Buses for Street Cars by Market Street Railway Company on Certain of Its Tracks and Removal of Said Tracks, and Repair of Streets.

Supervisor MacPhee called attention to Bill No. 2329, providing for substitution of buses for street cars by Market Street Railway Company on certain of its tracks and removal of said tracks and repair of streets. That bill was Passed for Second Reading on June 21, 1943, and would be on the Board's Calendar for Final Passage on July 6, 1943. Since the bill was Passed for Second Reading, the Market Street

Railway Company had agreed thereto, with certain modification of Section 2.

The proposed amendment to Section 2, which has the approval of the Chief Administrative Officer, the Controller and the Market Street Railway Company, reads as follows:

Section 2. The City and County of San Francisco and the Market Street Railway Company are to share equally the costs for all rail removals in all track areas described in said Exhibit A and for all further work in connection therewith. The total of such costs, together with costs of inspection by the city, shall not exceed the sum of $90,000 (ninety thousand dollars). The Department of Public Works shall maintain a separate accounting of all of the costs incurred in connection with the work set forth in Exhibit A.

Upon the completion and acceptance of said work, the Department of Public Works shall prepare a statement setting forth the total costs and deducting therefrom the actual amount received from the salvage of the steel rail and appurtenances referred to in Section 1 thereof, and the remainder shall represent the costs which shall be shared equally by the City and County of San Francisco and the Market Street Railway Company.

If the amount to be assumed by the Market Street Railway as its share of the costs is less than the $45,000 (forty-five thousand dollars) which, under the provisions of section 14 hereof the Market Street Railway has advanced for the purpose of providing for said costs, then said excess advanced shall be refunded to the Market Street Railway Company within 15 days after the net costs have been determined as in this section provided.

The term "costs incurred in connection with the work" as used in this section is hereby defined to mean all direct costs incurred for the performing of the work plus an amount of $2,630 (two thousand six hundred and thirty dollars) to cover the cost of inspection.

Thereupon, Supervisor MacPhee moved that Bill No. 2329, as Passed for Second Reading on June 21, 1943, be removed from the Calendar of the meeting of July 6, 1943, on "Final Passage," and be placed on the Calendar for the next meeting of the Board, as amended by the substitution of the foregoing "Section 2," in place of the original Section 2, under "New Business," for Passage for Second Reading.

No objection, and so ordered.

Eighth Annual Convention National Association County Officials, Omaha, Nebraska, Monday, May 24, 1943 to Wednesday, May 26, 1943, Inclusive.

Report of Supervisors Dewey Lee Mead and Robert Miller Green in respect thereto:

We arrived in Omaha, Nebraska, on the morning of Sunday, May 23, 1943. Sunday was spent in viewing Father Flanagan's Boys' Town. (See report appended hereto.)

The convention was held at the Fontenelle Hotel, the largest hotel in Omaha. We secured our credentials and met with the California delegation prior to the convening of the session.

We imagine that not for many years in a convention of this nature has the problem of state and local rights as against Federal interference been so spotlighted.

Hon. William A. Smith, Los Angeles Supervisor, fired the opening gun. His words lent weight as Bill Smith was president of the National Association of County Officials in 1942 and is now chairman of the Board of Directors.

He read the American Creed. He referred to the successful meeting in Washington in 1942 where no more than fifty delegates were expected and where almost 600 appeared and attended. He spoke of the effectiveness of the National Association of County Officials.

He then launched into his main theme which was the Federal Government's interference with local self government. He said that the Federal Government must *not* usurp the functions of county government or "that it will suck dry the fountain head of true representation." Smith joined the "anti-government" camp by blasting the Federal Government's "astounding waste," "unreasonable regulation." "Young Washington crystal gazers must go," said Smith, "they are running away with themselves and us by reason of their political theories." He touched on strikes during the war and then launched into states rights again. He said that we want to feel like an integral part of the government of the United States and not merely a Federal stepchild.

"Anyone that thinks the Japs should be released from concentration camps is stupid—they should be kept in custody not only for our protection but for theirs."

Prior to Smith's talk, Hon. Maury Maverick, Director of the Governmental Division of the War Production Board, read greetings from the President of the United States. His theme was in effect: "We depend upon county officials to join with the Federal Government in winning the war. We are sure of close cooperation."

Governor Griswold of Nebraska welcomed the delegates. He said, "The Government of the United States is located *not* in Washington but in the local communities of the country." He stated that Nebraska's financial situation was better perhaps than any other state in the Union. They have no sales tax, no income tax (state) no state tax on cigarettes, etc. The budget is more than balanced and there is a tidy surplus in the treasury.

Monday afternoon Brig. Gen. Robert W. Johnson spoke. He is chairman of the Small War Plants Corporation.

General Johnson said that the Corporation's job of saving small businesses which are in the danger of being snuffed out in the war production rush will not be administered by direction from Washington. "We must decentralize the work to the point where there are industrial men who know what they are talking about." He urged that the counties buy supplies from small plants.

F. R. White, Chief Engineer of the Iowa Highway Department, urged that we support immediate congressional authorization of three billion dollars for post-war highway construction.

Monday night we had dinner with the California delegation—helped to draft a resolution in respect to public lands calling upon the Federal Government to protect and preserve the individual county tax base. Over 42 per cent of California land is now owned by the Federal Government—tax exempt. By the resolution we proposed to support a bill now in Congress for subventions to counties whose lands have been taken away by the Federal Government for National Parks, National Monuments, etc. (The resolution was later adopted by the convention.)

Tuesday Morning: Major General James A. Ulio, Adjutant General in charge of personnel spoke—quoting from his speech: "The exchange of ideas we are having here is going to be a great power in the spread of useful information . . . if there was ever 'grass roots' forum—this is it."

He spoke upon the necessity of maintaining good county roads for facilitating transportation of army supplies and materiel. "Airports need hard surfacing. Transportation *must* be maintained. Don't write to the boys about your worries. Don't tell them that the mortgage is past due. They want cheerful news. Tell them the cow had a healthy calf."

Hon. Robert W. Kenny, Attorney General of California, addressed us Tuesday afternoon. His theme was the maintaining of local rights. He challenged "What I mean is that local government has the right as well as the opportunity not only to say yes but to say it before the Federal Government says it. States and counties must make a bold demonstration of the obvious fact that they are better informed about

local problems than the Federal Government. They must take the initiative. They must lead where they can lead. They must not wait for the directive that usually comes too late and, when it does arrive it is not tailored to meet the local situation."

Although there was no open breach between the representatives of state and county government and the Federal authorities, there was talk that Maury Maverick was there to keep his finger on the pulse of feelings generally. Some went so far as to say that Maury was there to "run the show." An article appearing in the *Omaha Evening World Herald*, May 25, 1943, had this caption, "Maury Can't Ride Herd On This Maverick." The tenor of the article was that the delegates were thinking for themselves. The article charged Maverick's aides with giving out convention press releases that soft pedaled Government interference with state and local rights. Maverick later denied this in a release appearing in the same paper on Wednesday, May 26th.

On Tuesday evening, May 25th, the banquet was held in the main dining-room of the Fontenelle Hotel. Governor Griswold welcomed us again. Senator Kenneth Wherry of Nebraska was the speaker of the evening. In a rousing speech that won acclaim from Republicans and states righters but brought protest from new dealers. Wherry said: "This administration has transplanted local, county and state government to Washington. Government by bureaucracy has brought to Washington from the far away rural communities those who are affected by directive order and those seeking contracts. . . . At every turn in the road there is an executive order and a bureau. It is a physical impossibility for me to know even the buildings let alone the agencies within the buildings that are governing the people of this country today."

On Wednesday, May 27th, Truman H. Preston, County Attorney of Onondaga County, New York, was elected president of the National Association of County Officials. W. D. Ralston, County Commissioner, Middleton, Ohio, was elected first vice-president. Next year's convention was scheduled for Syracuse, New York, and the 1945 meeting was awarded to Cincinnati, Ohio.

The theme of the entire meeting was the prevention of the further encroachment of Federal powers on local government. Consistent with this thought we passed a resolution calling for the decentralization of Federal agencies by establishment of branches in local communities so that the agencies would be in closer contact with the people they serve.

The Governor of Wyoming attacked the Federal Government's proposal to take over the Jackson Hole area in that state for a National Monument. "It would mean a land grab of 221,000 acres," he said, "and would restrict the right of cattle grazing, etc." A resolution was passed against such action.

Other resolutions called for action to prohibit strikes and war profiteering; suspension of the forty-hour week wherever necessary; release of farm and dairy machinery to aid food production; more prompt action versus subversive forces, a works program to improve 2,400,000 miles of rural highways.

Two resolutions pertaining to taxation of Federal properties called for a greater "in lieu of taxes" paid on such properties to local bodies and for payment of taxes on lands acquired by the Federal Government for military purposes.

Another resolution urged all counties to buy supplies from "distressed" plants that have been caught without business in the war production rush.

Every speech was made before the entire delegation and there was little opportunity for questions from the floor. Furthermore, agricultural talks were of no particular interest to metropolitan counties and matters of an urban nature did not directly affect the agricultural counties.

With this thought in mind, Supervisors Mead and Green drafted, and

the California delegation sponsored, a "suggestion" that next year at the convention the delegates be divided into sections for the study of the subject or subjects in which they and their counties might be most interested, i.e., transportation, taxation, agriculture, county roads, legislation, etc. After study each section would present its findings and resolutions to the main body. The "suggestion" was overwhelmingly approved.

We Recommended:

(1) Closer contact and cooperation with the National Association of County Officials;

(2) A determination that the integrity of local and county government must be preserved and a watchfulness that the Federal Government does not encroach unduly upon the jurisdiction and prerogatives of our own.

Respectfully submitted,

Boys' Town.

Omaha, Nebraska,
Sunday, May 23, 1943.

Report by Dewey Lee Mead and Robert Miller Green:

We arrived at Omaha, Nebraska, early on the morning of Sunday, May 23, 1943. During the trip our conversation led to a discussion of the fine work Father Flanagan was doing at Boys' Town which we had been informed was some few miles from Omaha. We decided to visit Boys' Town. Accordingly we proceded there and spent most all of Sunday viewing and studying the project. We should perhaps not use the word "project." It has progressed beyond that stage to a successful accomplished reality.

Boys' Town is located some ten miles due west of Omaha, Nebraska. It is situated upon a grassy knoll overlooking the fertile farming and grazing country adjacent to the Missouri River that divides Nebraska and Iowa to the east.

The Boys' Town achievement is perhaps one of the most successful in modern sociological endeavors. Twenty-five years ago the young Edward J. Flanagan, newly ordained in the priesthood, commenced what was known as "Workingmen's Shelter." In a vacant house near the police station he threw the doors open to human derelicts. He found that most had become mired because of neglected, homeless childhood. So Father Flanagan decided to help homeless boys still in the formative period "when something could be done for them." This is the background of perhaps the most unique institution in America—Boys' Town, Nebraska.

Boys' Town is a haven for wandering boys regardless of creed, color or race. The only requirement for admission is that youngsters be homeless or deserted. Boys' Town is not an orphanage. It is a complete community in itself—the smallest incorporated city in the country. The boys themselves elect their mayor and other officials. After a spirited campaign between the two parties that the boys have set up.

We were amazed at the beauty of the place set in rolling Nebraska farmland. It embraces some 350 acres. Eleven beautiful, modern brick buildings accommodate approximately 400 boys.

We were sorry not to have been able to talk with Father Flanagan who was in Washington, D. C., on said date, but we talked at length with the Brothers and supervisors.

A young chap (one of the boys) acted as our guide and took a personal pride in showing us the beauty and recounting the heritage of

the place. He took us first through the administration building set in the center of the cluster high upon the knoll. We were shown the "Shrine of the Homeless Boy" which symbolizes Boys' Town. We saw the post office run by the boys themselves; the infirmary, the laundry and the tailor shop which are run by the boys under supervision of the Sisters and Brothers.

The dairy farm boasts of 300 hogs, mules, cows, etc. There the boys learn to milk and prepare themselves for farming—if such is their bent—when they leave the town.

We were shown the trades building. Shoes are mended by the boys at the shoe shop. Others learn to become barbers under the tutelage of a Brother. The machine shop is complete. The boys that take manual training do carpenter work in and around the buildings. The chapel is a work of extreme beauty.

Upon admission to Boys' Town each boy is appointed by the mayor to perform some particular duty which takes about an hour a day on the average. The boys serve table, wash dishes and help with the cooking, laundry, farming and general housekeeping.

No boy is turned out of Boys' Town until some definite job has been provided for him.

J. Edgar Hoover said, "If Boys' Town were financially able to care for all the boys who need its help, crime would be dealt one of the most crushing and effective blows I can imagine."

In the words of William Randolph Hearst, "We need forty-eight Boys' Towns—one for each state."

Many of the lads from Boys' Town are serving their country in the armed forces. To date eight have been killed in action.

By the payment of $3 per year a person or organization may become an honorary member of Boys' Town. We paid said sum on behalf of the Board of Supervisors of San Francisco. Our body is now such an honorary member and will receive regularly a copy of *Boys' Town News*, a remarkable paper printed and edited by the boys themselves.

We urge all of the members of this Board as soon as the opportunity permits, to give study to the Boys' Town project with a view to setting up a similar one in California generally and San Francisco in particular.

We cannot congratulate Father Flanagan too much for his noble work and feel grateful and humble that we were permitted to view in detail the results of his valiant endeavors.

Respectfully submitted,

Housing for War Workers.

Supervisor MacPhee reported on a meeting with Mr. Eugene Weston, Regional Director of National Housing Agency, on Wednesday, June 23, 1943, at which the housing situation was considered. No promises were made by Mr. Weston, but sympathetic attention was given. However, after the next figures are available from the War Manpower Commission, there will be another meeting with Mr. Weston to determine what priorities can then be made for San Francisco.

Release of Japanese From Relocation Centers.

Supervisor Uhl inquired as to proper action of a committee when a matter before a committee was tabled, and stated that any committee should report such action to the Board.

Supervisor Gallagher, however, pointed out that there was no need for a committee to make such report. However, any matter not recom-

mended out from committee after thirty days' time, could be brought back to the Board.

Mr. John R. McGrath, Clerk of the County, State and National Affairs Committee, reported that there was no resolution, as referred to by Supervisor Uhl, before that committee.

Thereupon, Supervisor Uhl reminded the Board of his suggestion at a previous meeting of the Board that the County, State and National Affairs Committee prepare a resolution opposing the release of Japanese from relocation centers.

Whereupon, Supervisor Shannon announced that what was tabled in committee was the request that the committee prepare a resolution as suggested by Supervisor Uhl. No resolution was before the committee. Supervisor Shannon suggested further, that when a Supervisor has a matter for consideration of the Board, or of a committee of the Board, he should prepare a resolution or have a clerk draw a resolution in line with his thoughts.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:35 p. m., adjourned.

DAVID A. BARRY, Clerk.

Whereas, an instrument executed by Estelle Sebanc was recorded in the Office of the Recorder of the City and County of San Francisco, State of California, on June 19, 1940, in Book 3612 of Official Records at page 312, which said instrument created a lien in favor of City and County of San Francisco, State of California, described as:

> Commencing at a point on the northwesterly line of Huron avenue distant thereon 330 feet northeasterly from the northeasterly line of Sickles avenue; running thence northeasterly and along said line of Huron avenue 25 feet; thence at a right angle northwesterly 107 feet; thence at a right angle southwesterly 25 feet; thence at a right angle southeasterly 107 feet to the point of commencement.

His Honor the Mayor and Civilian War Council Urged to Put Into Effect War Services Block Plan.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the War Services Block Plan of the United States Office of Civilian Defense is urgently needed in San Francisco; and

Whereas, a fuller participation of all citizens in the war effort and the various civilian defense activities is so vitally needed by our fighting forces and for civilian protection on the home front; and

Whereas, this Plan gives every citizen a better opportunity to participate fully in such civilian war services as Salvage for Victory, Blood Donor Service, Consumer Interest, Victory Gardens, Nutrition, Transportation, Housing, War Savings and Child Care; and

Whereas, over one hundred and ten communities in California alone have this plan successfully in operation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco do hereby call upon Mayor Rossi and the Civilian War Council to exercise the authority vested in them to the end that San Francisco assumes its responsibility to the nation by putting the War Services Block Plan into immediate effect.

Discussion.

Supervisor MacPhee, after reporting on the Finance Committee's consideration of the foregoing resolution, announced his intention of voting for the resolution, but he did not wish his vote to be considered as an approval of the plan originally presented to the Board of Supervisors setting up money for many employments.

Supervisor Roncovieri believed that the Board should know what it was heading into before acting on the proposed resolution. The cost to the City and County should be known. He could not vote for such a resolution without that knowledge. Thereupon he moved that the resolution remain on the Calendar for one week.

Motion *failed for want of a second.*

Supervisor Mead, speaking to the thoughts expressed by Supervisor Roncovieri, declared that the main purpose of the resolution was to enable the Board to find out the cost of setting up the Block Club plan. The resolution should be adopted. Adoption of the resolution did not mean, necessarily, the establishment of Block Clubs.

Supervisor Shannon pointed out that the adoption of the resolution was the first step in assisting every citizen in his community to participate in the war effort.

Supervisor Roncovieri, thereupon, questioned the accuracy of statements made in the resolution. By what authority is it stated, in the first "Whereas," that the War Services Block Plan is urgently needed in San Francisco? By what authority, for instance, is it declared that the plan will give every citizen a better way to participate more fully in the various war services as Salvage for Victory, Blood Donor Service, etc.?

Supervisor Colman stated that the matter had been before the War Council and had been thoroughly discussed. He believed the matter should remain there for a reasonable length of time until the Council makes its decision. The resolution, as written, is, in a sense, a direct order. He would vote "No" on adoption of the resolution.

Supervisor Green expressed agreement with Supervisor Roncovieri. While not denying the truth of the several thoughts expressed in the "Whereases" Supervisor Green questioned the authority for the statements made therein. Supervisor Green disagreed with the views by Supervisor Mead that the resolution was merely a request, not an order. As written, Supervisor Green stated, it would be, if adopted by the Board, a commitment, and he suggested that the wording in the "Resolve" be changed, and that the Mayor and the Civilian War Council be requested to give consideration to the plan, and then report back to the Board. Therefore he would move that in each "Whereas," there be inserted immediately after the word "Whereas," the words "it is alleged," and the resolution itself be amended in accordance with his views just expressed. Motion seconded by Supervisor Roncovieri.

Supervisor Mead opposed the amendment. He admitted that possibly the language in the resolution, as originally presented by him, might be a bit strong, but declared that strong language was needed.

Amendments *approved* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Roncovieri, Uhl—6.
Noes: Supervisors Colman, Mead, Meyer, Shannon—4.
Absent: Supervisor Brown—1.

Adopted.

Thereupon, the resolution, as amended, and reading as follows, was taken up:

His Honor the Mayor and Civilian War Council Urged to Put Into Effect War Services Block Plan.

(Series of 1939)

Resolution No. 3484, as follows:

Whereas, it is alleged the War Services Block Plan of the United States Office of Civilian Defense is urgently needed in San Francisco; and

Whereas, it is alleged a fuller participation of all citizens in the war effort and the various civilian defense activities is so vitally needed by our fighting forces and for civilian protection on the home front; and

Whereas, it is alleged this plan gives every citizen a better opportunity to participate fully in such civilian war services as Salvage for Victory, Blood Donor Service, Consumer Interest, Victory Gardens, Nutrition, Transportation, Housing, War Savings and Child Care; and

Whereas, it is alleged over one hundred and ten communities in California alone have this plan successfully in operation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco do hereby urge and request his Honor the Mayor and the Civilian War Council to give consideration to this plan and report back to the Board of Supervisors their findings.

Explanation of Vote.

Supervisor Colman, in explanation of his vote, announced his intention of voting "No" because the matter was still being considered by the War Council. The War Council has recently changed Directors, and this matter now has the attention of the new Director. He believed it should wait until the War Council had made its decision.

Supervisor Shannon pointed out that the matter had been under consideration by the War Council since February, without anything being done. He believed by the adoption of the foregoing resolution there would be some action.

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—9.

No: Supervisor Colman—1.

Absent: Supervisor Brown—1.

Providing for the Amount Per Day for Traveling Expenses of Officers and Employees on Official Business During the Fiscal Year 1943-1944.

(Series of 1939)

Bill No. 2346, Ordinance No. ....., as follows:

Providing for the amount per day for traveling expenses of officers and employees on official business during the fiscal year 1943-1944.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the fiscal year 1943-1944 any officer or employee of the City and County of San Francisco, except in the discharge of routine duties, who shall under the authority of law or ordinance, leave the City and County for the purpose of performing any official

duty for or on behalf of the City and County, or for the purpose of rendering any service to or for the City and County, or for the purpose of officially representing said City and County, or any board, commission, office or department, shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, if any, together with an amount for living expenses not to exceed fifteen ($15) dollars per day for each and every day while said officer or employee is absent on said official business.

Section 2. Allowance for traveling expense shall be based upon the most efficient, direct and economical mode of transportation required by the occasion, provided, however, that at the option of the person authorized to leave the City and County of San Francisco on official business, travel may be accomplished in the State of California by such means as the person so authorized deems proper. In extraordinary or emergency cases, transportation to points outside the State of California may be contracted in the most expeditious and expedient manner.

Section 3. The number of days, which shall be used as the basis for computing the allowance for expense other than transportation hereunder shall not exceed the number of days required in traveling and in attending to the business or to the purpose for which the trip is made. Provided, however, that if necessary, two (2) additional days be allowed to consummate traveling arrangements and that days taken up by unavoidable accidents or illness while en route and certified to by a duly licensed physician or surgeon, shall be construed as days devoted to official business.

Section 4. The Controller shall establish rules for the payment of all amounts payable pursuant to Section 1 hereof, and for the presentation of such vouchers as he shall deem proper in connection with expenditures made pursuant to said section. No allowance shall be made for traveling expense provided for in this ordinance unless funds have been appropriated or set aside for such expenses in accordance with the provisions of the Charter.

Section 5. The Controller shall advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten (10) days after said person returns to duty in the City and County of San Francisco.

Discussion.

Supervisor Mead announced that the amount heretofore provided for traveling expense for officers and employees of the City and County, on official business is not sufficient, and a reasonable increase should be granted. He would, therefore, move that amount to be provided therefor be $20 per day. Motion seconded by Supervisor Green.

Supervisor Roncovieri suggested that possibly $15 per day might not be adequate in some places—in Washington, D. C., for instance. It might be enough in California. He suggested that the amount be set at $15 per day in California and $20 per day outside the state.

No action.

Supervisor Colman, in explanation of his views, announced that $15 per day was very liberal, in comparison with other counties, and he would vote against the motion.

Thereupon, the roll was called and the motion to fix the traveling expense allowance at $20 per day *failed* by the following vote:

Ayes: Supervisors Gartland, Green, Mead, Shannon—4.

Noes: Supervisors Colman, Gallagher, MacPhee, Meyer, Roncovieri, Uhl—6.

Absent: Supervisor Brown—1.

Thereupon, Supervisor Gallagher, seconded by Supervisor Colman, moved that the amount of traveling expense allowance be fixed at $15 per day.

Motion *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, MacPhee, Meyer, Roncovieri, Shannon, Uhl—7.
Noes: Supervisors Gartland, Green, Mead—3.
Absent: Supervisor Brown—1.

Thereupon, the roll was again called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—10.
Absent: Supervisor Brown—1.

(Series of 1939)

Bill No. 2329, Ordinance No. ....., as follows:

Providing for the removal of certain street railway tracks of the Market Street Railway Company and the substitution of automobile buses in lieu of street car service on Twenty-fourth Street, Fourteenth Street, Guerrero Street, San Jose Avenue, Thirtieth Street, First Street, Divisadero Street, and Fillmore Street, and designating the work to be done and apportionment of expense in the removal of said street railway tracks, the manner and times in which said street railway tracks shall be removed and the disposition thereof in the interest of production for the war effort and the repaving in connection therewith, and providing for track and pavement repair in certain track areas on McAllister Street, Mission Street, Fourth Street, Townsend Street, Eighth Street, Folsom Street, Sansome Street, Bush Street, Second Street, and Brannan Street.

Whereas, Market Street Railway Company is the owner and holder of an operating permit granted by the City and County of San Francisco, which said operating permit is dated February 9, 1931, and wherein and whereby said Market Street Railway Company owns and maintains street railway tracks and operates electric railway cars over, upon and along the certain streets and avenues, or portions thereof, set forth in the title of this ordinance and which are more particularly set forth and described in Exhibit "A" which is hereto annexed and made a part hereof; and

Whereas, pursuant to ordinances duly and regularly passed by the Board of Supervisors of the City and County of San Francisco, Market Street Railway Company has been granted permission to operate automobile buses and motor coaches over, upon and along the streets and avenues set forth and described in said Exhibit "A" in conjunction with and in extension of and supplementary to and as a substitute service for the electric street railways and street car service operated and in effect over, upon and along said streets and avenues and routes; and

Whereas, City and County of San Francisco, for the reasons herein stated, desires that street car operation by Market Street Railway Company, over, upon and along the streets and avenues as set forth and described in said Exhibit "A" be discontinued and certain of the tracks removed from said streets and avenues; and

Whereas, in aid of the production program for the war effort, it has become desirable to salvage therefor, steel rails and tracks such

as are now located in the streets and avenues and the portions thereof, described in said Exhibit "A"; and

Whereas, the City and County of San Francisco desires to enter into a contract for the removal of such steel rails, and the Market Street Railway Company is willing to agree to the discontinuance of street car service over and along those certain streets and avenues and routes described in said Exhibit "A," whenever the steel rails and tracks are removed therefrom for the purpose of salvaging the same, as herein provided; and

Whereas, it appears to the Board of Supervisors of the City and County of San Francisco that it is in the public interest to remove some or all of the street railway tracks on the streets and avenues as described in said Exhibit "A," and that the salvaging of any of the steel rails and tracks described therein will be in the interest of production for the war effort, and the public and public interest will not be injured or suffer by reason of the removal thereof; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the City and County of San Francisco shall have entered into a contract for the removal and salvaging of the steel rails and tracks described in said Exhibit "A," and the repaving of the track areas where such rails are removed, the Market Street Railway Company will transfer title to the City and County of San Francisco of such steel rails and tracks, ties, tie plates, and steel rods, (subject to the reservation contained in Section 5 hereof), to be removed as herein provided, and which are described in said Exhibit "A" as consisting of Seven (7) parcels of track comprising approximately forty-two thousand two hundred thirty-six (42,236) feet of single track with an approximate salvage value of twenty-one thousand seven hundred sixty dollars ($21,760).

Section 2. The City and County of San Francisco and the Market Street Railway Company are to share equally the costs for all rail removals in all track areas described in said Exhibit A and for all further work in connection therewith. The total of such costs, together with the costs of inspection by the city, shall not exceed the sum of $90,000 (ninety thousand dollars). The Department of Public Works shall maintain a separate accounting of all of the costs incurred in connection with the work set forth in Exhibit A.

Upon the completion and acceptance of said work, the Department of Public Works shall prepare a statement setting forth the total costs and deducting therefrom the actual amount received from the salvage of the steel rail and appurtenances referred to in Section 1 thereof, and the remainder shall represent the costs which shall be shared equally by the City and County of San Francisco and the Market Street Railway Company.

If the amount to be assumed by the Market Street Railway as its share of the costs is less than the $45,000 (forty-five thousand dollars) which, under the provisions of section 14 hereof the Market Street Railway has advanced for the purpose of providing for said costs, then said excess advanced shall be refunded to the Market Street Railway Company within 15 days after the net costs have been determined as in this section provided.

The term "costs incurred in connection with the work" as used in this section is hereby defined to mean all direct costs incurred for the performing of the work plus an amount of $2,630 (two thousand six hundred and thirty dollars) to cover the cost of inspection.

Section 3. Market Street Railway Company shall have the exclusive right to use each and all of the street railway tracks described in said Exhibit "A," and each and every part thereof, for any purpose until the removal of said steel rails and tracks from the respective streets and avenues, and portions thereof, described in said Exhibit "A," and during and after the removal of any of said track or tracks Market Street Railway Company shall continue to have the right to operate

automobile buses and motor coaches over, upon and along all of said streets, and avenues described in said Exhibit "A" in lieu of and as a substitute service for the electric street railway lines and street car service now in effect over, upon and along said streets and avenues, and the operation of said automobile buses and motor coaches over such routes and the rights and permits hereby granted shall be deemed to be in substitution and in lieu of the rights and permits under which electric street railway lines and street car service are now operated by Market Street Railway Company over, upon and along said streets and avenues under said operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof, and shall be subject to the terms and conditions of said permit and any such ordinance or ordinances.

Section 4. The City and County of San Francisco may retain such usable rail and joint plates as it requires, and agrees to pay for them at the same price per long ton as that paid by the purchaser of the balance of the rails.

Section 5. The right of Market Street Railway Company to withdraw upon written notice to the City and County of San Francisco any parcel of track described in said Exhibit "A" before the commencement of the work contemplated herein and have same reconveyed to Market Street Railway Company by City and County of San Francisco if Market Street Railway Company determines such parcel of track is necessary or useful for street car operation due to the present national emergency and war conditions, is hereby reserved to the Market Street Railway Company. In such event there shall be a commensurate reduction of the obligations of the City and County of San Francisco and the Market Street Railway Company hereunder.

Section 6. Market Street Railway Company, in addition to its regular track maintenance and track repair in track areas, will perform track and pavement repair work along and upon tracks in areas described in Exhibit "B" which is hereto annexed and made a part hereof. The estimated cost of such track and pavement repair work is the sum of seventy-three thousand seven hundred and seventy-six dollars ($73,776). Said track and pavement repair work is subject to the following conditions:

(b) Market Street Railway Company shall be granted deferment of work in those instances where rail replacement is found to be necessary and where, due to national emergency and war conditions, acceptable rail as may be required is not obtainable.

(c) Market Street Railway Company, in performing paving work in track areas described in said Exhibit "B," will procure and obtain a good, smooth, ridable surface properly conforming to the adjacent pavement and will either remove all basalt block pavement existing in the track areas described in said Exhibit "B" (excluding header blocks) and replace same with asphaltic concrete or lower and cover same with asphaltic concrete. All work to be done to the satisfaction of the Director of Public Works.

Section 7. The work to be performed, as outlined in this ordinance and described in said Exhibit "A" shall be completed within six (6) months from the date the contract for the removal of the rails and repaving of the streets is certified to by the Controller of the City and County of San Francisco, and that described in Exhibit "B" shall be completed within two (2) years from the said date.

Section 8. In the event that the operative properties of the Market Street Railway Company are sold to the City and County of San

Francisco during the time this ordinance is in effect, then and in that event Market Street Railway Company shall be relieved of any unfulfilled obligation arising by reason of any of the provisions, terms or conditions of this ordinance.

Section 9. The public interest will not be injured or suffer by the removal of the street car tracks and the substitution of automobile, bus or motor coach service in lieu of the present electric street railway lines and service in this ordinance referred to and set forth and described in said Exhibit "A," and the Board of Supervisors so finds.

Section 10. This ordinance shall be without prejudice to any of the other rights and privileges now owned or held by said Market Street Railway Company by virtue of its operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof.

Section 11. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 12. All and singular the grants, permits, and rights made and given to City and County of San Francisco and Market Street Railway Company by this ordinance are dependent upon the faithful performance of all of the obligations imposed upon City and County of San Francisco and Market Street Railway Company, and each of them, by this ordinance.

Section 13. Any agreement between Market Street Railway Company and City and County that may have become effective by reason of Ordinance No. 1575 (Series of 1939)—which provided for the furnishing of labor for the removal and salvaging of certain steel rails and tracks of the Market Street Railway Company, including those referred to herein, by the Works Projects Administration—is hereby terminated.

Section 14. This ordinance shall not become effective unless and until the Board of Supervisors shall adopt an ordinance providing for the financing of the cost of doing the work set forth in Exhibit "A" of this ordinance and appropriating the sum of ninety thousand ($90,000) dollars which is the estimated cost of doing the work scheduled and set forth in Exhibit "A," forty-five thousand ($45,000) dollars of said appropriation to be made from the surplus existing in the Special Road Improvement Fund and an equal sum to be advanced by the Market Street Railway Company and paid into the Treasury of the City and County of San Francisco and thereupon to be appropriated for the purpose of defraying the cost of doing said work.

Re-reference to Committee.

The following, from Joint Finance and Public Buildings, Lands and City Planning Committee without recommendation, was taken up:

Present: Supervisors MacPhee, Mead, Gallagher, Uhl.

Appointment of San Francisco Post-War Planning Committee.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the seaports of the western coastal apron of America will contend as rightful heirs for the estate of stupendous prosperity—inevitably inherent in the wake of total war—it becomes the solemn duty of San Francisco to awaken to its destiny now; to summon her men of vision and action into counsel to the end that the mantle of preeminence shall fall upon the port of San Francisco when the guns are silent again; and

Whereas, the full flowering of the United States as the strongest nation bordering on the Pacific is patent as a post-war certainty—a nation that will feed and finance the world and guide its economy and security—it follows as the night the day that the strategically located seaport metropolis of San Francisco is true scion of this great heritage; and

Whereas, this city is faced with the compelling fact of a tremendous increase in its population due directly to all-essential functions it performs as a prime seaport in a principal theater of war; and has risen to the condition and occasion with a thoroughness and alacrity that has won commendation from military and naval authorities, it becomes increasingly obvious to all citizens having the best interests of their com-

munity at heart, that the impetus created under war conditions must be maintained when bombs cease to rain from skies; and

Whereas, it is imperative that San Francisco give close attention now to the framing of its future; to the end that hazard and chance shall not determine the fate of this port; to the solution of such problems of post-war planning as must arise in connection with the care and cultivation of a greatly enlarged population—which should be retained without detriment to, or impairment of opportunities for, long resident San Franciscans; to provide against industrial setback; to guard against disruption of trade and commerce; to ensure jobs for all post-war employables; to guarantee stabilization of property and rental values; to protect present and future investments; to provide adequately for commensurate expansion in all fields of enterprise and to further improve the facilities at this port for our rich agricultural hinterland, even as Los Angeles, Portland, Seattle and countless other communities already are actively engaged in doing, and considering that these things directly affect the future security and welfare of every San Franciscan; be it, therefore,

Resolved, That the Board of Supervisors recommend that the Mayor of San Francisco, without further delay select and appoint a committee to be designated as the San Francisco Post-War Planning Committee, and that all agencies of the municipal government be called upon to cooperate, with effectiveness and immediacy, in the successful attainment of the goals set by said committee in behalf of the future prosperity of the great seaport of San Francisco.

June 28, 1943—*Consideration postponed until Tuesday, July* 6, 1943.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Calling on County Agricultural Commissioner to Enforce the Provisions of the Agricultural Code in Relation to the Eradication of Pests Which May and Are Destroying and Damaging Victory Gardens in the City and County of San Francisco.

(Series of 1939)

Supervisor Green presented:

Resolution No. 3480, as follows:

Whereas, the Attorney General of the State of California has advised the Director of Agriculture of the State of California, that it lies within the province of the local County Agricultural Commissioner to eradicate and destroy garden pests which destroy or damage victory gardens and other garden crops raised within the City and County of San Francisco; and

Whereas, garden pests consisting of snails, earwigs and other garden pests are destroying many victory gardens in the City and County of San Francisco and thereby depriving the persons who have planted said gardens of the result of their efforts in regard thereto; now, therefore, be it

Resolved, That this Board of Supervisors does hereby request the County Agricultural Commissioner of the City and County of San Francisco to take such steps as may be necessary to eradicate and destroy all pests damaging or destroying victory gardens in the City and County of San Francisco, all as provided for in the Agricultural Code of the State of California.

Establishing Delousing Facilities.

(Series of 1939)

Supervisors Green and MacPhee presented:

Resolution No. 3481, as follows:

Whereas, because of the immigration of a number of louse infested itinerants, the Director of Public Health has stressed the necessity of establishing delousing facilities for the purpose of curbing and eradicating this health menace; and

Whereas, this affliction is known to be particularly prevalent among those persons booked for vagrancy in our local police stations and the establishment of delousing facilities in one or more of the district stations would constitute an effective measure in a program for the suppression of this malady; and

Whereas, the City Attorney has ruled that the establishment of delousing stations is a proper subject of local legislation when required as a health measure and that infested persons may be deloused through

compulsory measures and that jurisdiction over such a project falls properly under the Department of Public Health; now, therefore, be it

Resolved, That the Joint Finance and Judiciary Committees of this Board be and are hereby authorized and directed to hold public hearings, to invite the attendance of representatives of the Department of Public Health, the Chief Administrative Office, the Police Department, the Mayor's Office and the various interested civic bodies, and to prepare for recommendation to this Board the legislation necessary to the establishment of one or more delousing units in a district or the district police station of San Francisco.

Release of Japanese From Relocation Camps.

Supervisor Uhl, under his name on roll call, called attention to proposed return to the Pacific Coast of Japanese now in relocation camps, and in support of his views in opposition to such return, presented and read the following editorial from the *San Francisco Call-Bulletin*, and requested that it be made part of the record:

"THE OPINION OF EXPERTS

"The People of Salinas, Who Know Japs, Oppose Their Release

"Since it is axiomatic that in considering a given subject we should learn from those who know most about the subject, the deluded idealists of the War Relocation Authority who are advocating the return to the Pacific Coast of Japanese now in relocation camps should heed the answer of the people of the Salinas area to the Japanese question.

"*In a poll conducted by the Salinas Chamber of Commerce the people of Monterey County voted* 12,668 *to* 1 AGAINST *the return of* ANY *Japs, American born or otherwise, to the Pacific Coast.*

"The people who voted in that poll KNOW the Japanese BETTER THAN ANY OTHER GROUP OF CITIZENS IN THE UNITED STATES.

"For upwards of half a century they have lived and worked side by side with Japanese, and prior to the war the Salinas area harbored a larger percentage of Japanese residents, both citizens and non-citizens, than any other section of the United States.

"*The people of the Salinas area know that even after a lifetime of intimate acquaintance with a Jap it is impossible to determine whether he is loyal or disloyal to this country.*

"JAP CAPABILITIES

"They know the Jap to be possessed of infinite capacities for intrigue and treachery and sly dealing which disloyal members of the race would turn immediately to works of sabotage and espionage.

"So, speaking as citizens on a matter of national policy they are opposed to the release of ANY Japs in the war zone. And their opinion should win credence as qualified, expert opinion.

"Aside from that, there is an undertone to the attitude of the Salinas people toward the Japanese which is ugly and ominous and which many will condemn, but which must enter into any consideration of the proposal to return Jap internees to California.

"That is the expressed determination of the citizens of Monterey County to take matters into their own hands if misguided officials loose Japs among them.

"Of those responding to the poll, all but 15 declared that the return of the Japs would 'seriously jeopardize their (the Japs') personal safety.'

"CONGRESSMAN SPEAKS

"Congressman John Z. Anderson, who represents Monterey County, has stated publicly: 'We don't want the Japs. Send them back and we'll bury them.'

"It is apparent that the release of the Japs would inevitably lead to hatred and bloodshed that we can ill afford in California. And let no one assume that white citizens, bitter as they may be because their sons in the Salinas tank company suffered the full brunt of Japanese cruelty and outrage in the hell of Bataan, would be alone in inciting violence, or necessarily the first to do so.

"Your Jap saboteur could serve his emperor in no better way than by stirring up inter-racial conflict and diverting great numbers of people from constructive war work.

"From any viewpoint it is clear that release of the Japs during the war can accomplish no good, but only harm. There will be plenty of time after the war to make restitution for hardships inflicted upon worthy Japanese."

Board of Supervisors Recording Itself in Favor of Continued Internment of All Japanese Irrespective of Place of Birth and Nominal American Citizenship.

(Series of 1939)

Thereupon, Supervisor Uhl presented:

Resolution No. 3483, as follows:

Whereas, after the outbreak of the war with Japan all Japanese on the West Coast were taken to internment centers; and

Whereas, some elements within our country are now endeavoring to have said Japanese return to the West Coast from said internment centers; and

Whereas, the difference in race, religion, color and thought of the Japanese from our American citizen is such that the ideologies of the Orient are inherently present and predominate to such an extent in the great majority of all Japanese in America as to prohibit any Japanese from ever becoming a strictly loyal American; and

Whereas, by actual survey it has been ascertained that 80 per cent of the internees would by their own admission fight for Japan if given the opportunity and the attitude of the remaining 20 per cent is an unknown quality; and

Whereas, after Pearl Harbor there was such a nervous tension that was held under control only by the increased activity of peace officers and by the immediate internment of Japanese by F.B.I. agents and peace officers; and

Whereas, peace officer personnel has been reduced 25 per cent through enlistment of members in the armed forces thereby creating a shortage of officers with which to control possible riots, mob violence and sabotage which release of the internees would engender; and

Whereas, the citizens of the West Coast of America are strictly and

unequivocally opposed to the infiltration of Japanese into their communities; now, therefore, be it

Resolved, That this Board of Supervisors hereby records itself in favor of continued internment of all Japanese irrespective of place of birth and nominal American citizenship; and be it

Further Resolved, That a copy of this resolution be sent to the President of the United States, the Vice-President, Secretary of War and to the California delegation in Congress.

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Uhl—9.

SPECIAL ORDER—2:00 P. M.

Overtime rate of pay for Inspectors of Municipal Railway.

Privilege of the Floor.

Mr. H. S. Foley, representing Municipal Carmen's Union, on being granted the privilege of the floor, explained the situation with respect

to Inspectors for the Municipal Railway. Inspectors of the Municipal Railway, he contended, were not employed in an executive or administrative capacity, and should receive additional compensation for working forty-eight hours per week. The Civil Service Commission agrees with the Inspectors. The Manager of Utilities does not so believe.

Mr. E. G. Cahill, Manager of Utilities, expressed his views stating that he believed the Inspectors were employed in an administrative capacity, inasmuch as they were responsible for the work and actions of many subordinate workers, and were not, therefore, entitled to an additional 9 per cent compensation because of their forty-eight-hour per week employment.

Mrs. Dolen reported that the Civil Service Commission did not believe the Inspectors were either executive or administrative.

Thereupon, Supervisor Mead, after questioning Mr. Cahill briefly, pointed out that apparently the difficulty was due to a difference of interpretation of the status of Inspectors, and requested that the City Attorney be asked for an interpretation of the status of Inspectors.

Thereupon, further consideration was *postponed temporarily*, awaiting the presence and the opinion of the City Attorney.

Subsequently during the proceedings, Mr. Dion Holms, Assistant City Attorney, was present in the chambers and informed the Board that the City Attorney was studying the matter and would undoubtedly have an opinion within a day or two.

Thereupon, Supervisor Mead moved that further consideration be postponed until Monday, July 19, 1943.

No objection, and so ordered.

San Francisco's Hospitality House.

Supervisor MacPhee moved the privilege of the floor for speakers present who desired to address the Board on subject of San Francisco's Hospitality House and its operation.

Mr. Milton Sapiro, attorney, chairman of committee appointed by the committee operating the Hospitality House to present the Board with outline of difficulties in the operation of the Hospitality House being experienced since the beginning of the current fiscal year.

Mr. Sapiro related to the Board the experiences of the past two years

in financing the operations of Hospitality House. Since July 1, 1943, at which time the operation of the House was placed under the War Services division of the Civilian War Council, difficulties, especially with respect to purchases of necessary foods and beverages, and some other services, have greatly handicapped the committee operating the Hospitality House. Mr. Sapiro suggested that, if possible, the funds set up in the Annual Appropriation Ordinance for the operation of the Hospitality House be transferred to the Publicity and Advertising Fund, under the jurisdiction of the Chief Administrative Officer, as during the past fiscal year. Under the present conditions it would be practically impossible to function.

The City Attorney, who was present in the chambers, agreed that the transfer of funds from Civilian Defense to the Publicity and Advertising Fund might accomplish what Mr. Sapiro desired.

The Controller pointed out that under legislation enacted by the Board the operation of the Hospitality House was a function of the Civilian War Council. It could not be considered as publicity or advertising. The Controller recognized the difficulties about which Mr. Sapiro spoke, but he must be governed by the provisions of the ordinance passed by the Board. However, he stated any necessary functions can be performed under the present method. A revolving fund could be set up, enabling the purchase of immediately necessary materials and services without the delay which would be occasioned by the "red tape" so necesary to the proper safeguarding of public funds.

Subsequently during the proceedings, after temporary postponement of further consideration on the foregoing subject, the Chair announced that by mutual consent it had been agreed to postpone further consideration. Legislation would be prepared to meet the situation, and would be before the Board on Monday, July 19, 1943.

Request for Actuarial Report of Cost and Effect of Proposed Changes in Retirement System Affecting Certain Members of the Fire Department.

(Series of 1939)

Supervisor Gallagher presented:

Resolution No. ....., as follows:

Resolved, That, in accordance with the provisions of Section 158 of the Charter, the San Francisco City and County Employees Retirement System be and it is hereby requested to furnish to the Board of Supervisors an actuarial report of the cost and effect of proposed changes in the Retirement System, affecting only the members of the Fire Department covered by Section 171 of the Charter (Firemen appointed subsequent to January 8, 1932), the cost of said report to be paid out of available funds.

Referred to Finance Committee.

Proposed Charter Amendment.

Supervisor Green announced that he was having prepared a proposed charter amendment to provide for nomination of Mayor at primary elections, and election from those nominated, at the regular general election. By such system the recurrence of election of Mayor by less than a majority of all votes cast for Mayor would be prevented.

Referred to Judiciary Committee.

Extension of Leave of Absence.

Supervisor Brown announced that his leave of absence, just concluded, had apparently expired July 5. He had understood that because of the holiday, July 5, his leave would be extended for one day. Thereupon, Supervisor Brown requested that his leave of absence be extended

for one week, and that the Clerk be instructed to note his absence from the meeting of July 6 as due to leave of absence.

Supervisor Roncovieri, seconded by Supervisor Colman, moved that Supervisor Brown's request be granted and his leave of absence so extended.

No objection, and so ordered.

Operation of Buses by Market Street Railway.

Supervisor Mead requested that the Clerk inquire of the Market Street Railway Company under what authority that company was operating buses over portion of Hyde, McAllister, Fulton and Larkin Streets, and, if it is proposed that such operation be continued, to notify the company that it should request the necessary permit.

No objection, and so ordered.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:15 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors July 19, 1943.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Resolution No. 3491, as follows:

28	Laurel Hill Cemetery Association...	35/36	1065	L 35–150 L 36–150	L 35–900 L 36–900

The foregoing applications, consideration of which was made a Special Order of Business for Thursday, July 15, 1943, at 2:00 p. m., were taken up.

Supervisor MacPhee announced that Archbishop Mitty had given assurance that the bodies would be removed from Calvary Cemetery during the present year and that he would have no objection to that cemetery property being placed on the assessment roll for the next fiscal year. He, Supervisor MacPhee, believed that Laurel Hill and Calvary Cemeteries should be treated alike, and for that reason, and with the assurance of the Archbishop that no objection would be made to placing Calvary Cemetery on the assessment roll for the next fiscal year, he would move that the assessment on Laurel Hill Cemetery be fixed at the same figure as on the assessment roll for 1942-1943, or $100 per acre, a total assessment of $5,400.

Mr. George Skaller pointed out that if the bodies were not removed, the law requiring their removal could be enforced, and he favored the motion by Supervisor MacPhee.

Motion by Supervisor MacPhee was seconded by Supervisor Uhl.

No objection, and assessment reduced by $182,320, making assessment on Lot 1, Block 1032, land only, read $5,400.

37	French Hospital, 5th Ave. and Geary	1	1539	72,000	58,450

Appraisers recommend no reduction. In support of the recommendation, Mr. Joseph J. Philips estimated that to reproduce the building would cost $559,435. Allowing 60 per cent depreciation, the value now would be $224,000. Since the building was erected there have been building permits for remodeling, improvements, etc., issued to the amount of $250,000.

Supervisor Roncovieri objected to the recommendation. Assuming that there have been building permits to the amount of $250,000 granted since 1908, that amount has been spent purely on maintenance. No substantial credit should be allowed on that amount in valuing the building.

Mr. Adolph Pechoultres of the Board of Directors, French Hospital, on being heard, stated that the building was erected in 1894. During 1923 and 1924, a nurses' home was erected. The only remodeling done in 1925 was in about twenty rooms.

Mr. Philips, thereupon, stated that because of the value still existing in the building, the property was not over assessed. However, in comparison with the Franklin Hospital, the assessment was high. He believed, though, that the Franklin Hospital was, perhaps, under assessed. The entire matter was one of policy for the Board to treat as it saw fit.

Thereupon, Supervisor Mead, seconded by Supervisor Roncovieri, moved that a reduction in assessment of $10,000 be granted. Before any action

was taken on the motion, Supervisor Mead changed his motion, moving that a reduction of $20,000 be allowed. Motion seconded by Supervisor Roncovieri.

Mr. Pechoultres, on being questioned by Supervisor MacPhee as to his opinion of the exact value of the property, stated he could not give such an opinion without a proper survey. However, he would be satisfied with a $10,000 reduction. Mr. Pechoultres pointed out, also, that the French Hospital was not a profit-making institution.

Supervisor Colman agreed with suggestion by Supervisor Uhl that nursing colleges should be exempt from taxation, stating that the French Hospital should enjoy such exemption. Thereby substantial relief would be accorded. However, he did not believe it to be proper to grant any reduction in assessment based on an estimate of an applicant as to what his assessment should be.

Thereupon, Supervisor Mead raised a point of order, stating that his motion for a reduction was not based on any suggestion by the applicant.

The Chair declared the point of order not well taken.

Thereupon, Supervisor Mead renewed his original motion, that a reduction of $10,000 be granted. Motion seconded by Supervisor Roncovieri.

Mr. Philips, thereupon, repeated his previous remarks, stating that on the basis of assessment for Franklin Hospital, the French Hospital would be entitled to a reduction of assessment, and in comparison with other hospitals, a $10,000 reduction would be fair.

Thereupon, the roll was called and the motion to reduce by $10,000 the assessment on the improvements, making that assessment read $62,000 was *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, MacPhee, Mead, Roncovieri, Uhl—7.

93	Crown Realty Co., 228-230 Post.....	8	294	18,000	City Pro

Mr. G. B. Blankenberg, attorney for Crown Realty Company, the applican stated that the company had paid the taxes on building in question fo the entire fiscal year just ended, and inasmuch as the City and Count had taken title to the building on June 30, 1943, taxes thereon shoul not be assessed to his company. He had previously requested a redu tion of two-thirds the assessed value of the property, or $12,000; no after consultation with various authorities he believed the compan should not be called on to pay any of the taxes.

The appraisers recommended that inasmuch as the taxes had been paid t June 30, 1943, and that from that date the City and County had posse sion of the property, no taxes should be levied against the propert Even should the assessment be reduced by two-thirds, the applican would be forced to pay double taxation for the four months of Marc April, May and June, 1943.

The Assessor explained his views, stating that the assessment was co rectly imposed. Improvements on tax exempt land, he stated, must b classed as "personal property," upon which taxes were due and payabl on the first Monday of March.

Supervisor Brown announced that he believed that the Crown Realty Con pany had, at the beginning of their lease, enjoyed the use of the buildin for a few months, at least, without paying any taxes thereon, and, there fore, a reasonable adjustment would now be in order. For that reaso pursuant to suggestion made by Supervisor MacPhee, who was presi ing, Supervisor Brown would move that a reduction of two-thirds th assessment on building, or $12,000 be granted, making that assessmen read $6,000. Motion seconded by Supervisor Shannon.

Thereupon, the roll was called and the motion *carried* by the followin vote:

> Commencing at a point on the northerly line of Nineteenth Street, distant thereon 105 feet westerly from the westerly line of Sanchez Street, running thence westerly along the said northerly line of Nineteenth Street 25 feet; thence at a right angle northerly 114 feet; thence at a right angle easterly 25 feet; and thence at a right angle southerly 114 feet to the northerly line of Nineteenth Street and the point of commencement.

Whereas, it is necessary at this time for the obligations secured by said mortgage to be renewed in order to avoid foreclosure; and

Whereas, said obligations cannot be renewed unless the lien created by the instrument recorded as aforesaid is subordinated to the lien or charge upon said land of the mortgage or deed of trust to be given as security for such renewal; and

Expressing Appreciation for Offer of Mr. Robert McCarthy to Erect Dormitory for Members of the Armed Forces.

(Series of 1939)

Supervisor Mead presented:

Resolution No. 3503, as follows:

Whereas, due to the acute and unexpected increase of population in San Francisco, both civilian and military, the members of which are engaged in the war effort, San Francisco, although exerting every effort to meet the problem, has found it impossible to provide sufficient housing facilities for such increased population and it has been particularly true with respect to members of the military desirous of spending their leaves in San Francisco; and

Whereas, this problem has reached a stage so acute as to impel the Commandant of the Twelfth Naval District to restrict the normal liberty of those under his command to one-third of that which normally prevailed theretofore; and

Whereas, Robert McCarthy of the firm of Robert McCarthy Company with a magnanimity characteristic of San Francisco has voluntarily arranged for the construction, at his own expense, of housing facilities in the Civic Center adequate to accommodate, with sleeping facilities, eighty-eight members of the armed forces; and

Whereas, although conceded that this generous offer of Mr. McCarthy

and the construction of the facilities which will be rendered available as a result thereof are inadequate to satisfactorily accommodate all of the military on leave in San Francisco, nevertheless, such a patriotic and such a philantrophic gesture is deserving of a response which expresses on behalf of the people of the City and County of San Francisco laudatory expressions of commendation, appreciation and the hope that such inspired action on the part of Robert McCarthy will constitute an incentive to others in San Francisco to follow this exemplary action or to instigate others of equal merit to the end that the military population which San Francisco is privileged and proud to entertain during this war emergency may be comfortably, conveniently and properly accommodated; now, therefore, be it

Resolved, That this Board of Supervisors, acting on behalf of a grateful and enthusiastic public, take this opportunity to convey to Robert McCarthy expressions of heartfelt gratitude and of admiration for his unsolicited, spontaneous, generous action in endeavoring to supply at least a nucleus of a proper system of housing for the military to which San Francisco owes such gratitude and for whom it holds an admiration incapable of expression.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—11.

Traffic Regulation on Bay Bridges During Alerts.

Supervisor Brown called attention to traffic congestion caused by stopping traffic on the bay bridges during an alert recently experienced by San Francisco on a Sunday, and suggested that that loss and injuries due to the strafing of civilian traffic, as has been the practice of the Axis forces, would be far greater than if the traffic were allowed to continue on its way.

The Chair suggested that Supervisor Brown draw up a proper resolution, setting forth his views and suggestions for the Board's consideration.

Thereupon, Supervisor Brown requested that the Clerk address a communication to the Civilian Defense authorities, setting forth the facts, and asking that consideration be given to some modification of traffic regulations on the bridges during alerts.

Congratulations to Supervisor Mead.

Supervisor Colman, in behalf of the Board of Supervisors, congratulated Supervisor Mead for the honor bestowed on him in being elected President of the San Francisco Building and Construction Trades Council. Such honor could not have been received without having merit behind it.

Requesting Public Utilities Commission to Consider the Feasibility of a Flat Water Rate.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. ....., as follows:

Whereas, a resolution was formerly presented to this Board of Supervisors, requesting the Public Utilities Commission to give consideration to the feasibility of establishing flat rates to domestic consumers of water for the duration of the war and six months thereafter, which resolution pointed out:

1. That approximately 60,000 Victory Gardens are being cultivated in San Francisco this year.

2. That these Victory Gardens are essential in the war effort and that sufficient water at nominal cost is vital to the successful production of crops therein.

3. That because of the abundant resources of Hetch Hetchy, sufficient additional water, at no additional cost above that for ordinary consumption, can be made available for these gardens without impairment of an adequate reserve and without interference with the normal supply furnished to participating users of the Hetch Hetchy supply.

4. The adoption of a flat water rate for domestic consumers for the duration of the war would dispense with necessity for several meter readers whose services are necessary to, and could be better utilized in, the war effort.

and

Whereas, with every available and rentable housing facility in San Francisco being utilized in excess of its designed and normal capacity, the increased cost for water supplied to the additional tenants constitutes an unfair burden on the owners of such properties, who are restrained, by O.P.A. regulations, from increasing rents therefor; and

Whereas, the only expressed objections to the proposal for flat water rates to domestic consumers are predicated upon the assumption that the adoption of a flat water rate plan would constitute a violation of the Raker Act; and

Whereas, an inquiry directed to the Hon. Harold L. Ickes, Secretary of the Interior, elicits no corroboration of such assumption but on the contrary adduces the information that flat rates for water beneficially used would not constitute a violation of the Raker Act and that the question whether water is being beneficially used or waste occurs, is one of fact; and

Whereas, such a question of fact, obviously cannot be determined by conjecture, but requires for its determination actual experience and observation after a flat water rates plan has been put into effect; and

Whereas, it is unfair, uncomplimentary and without basis in reasonable contemplation to assume that because a greater supply of water were made available to the domestic users of San Francisco at no increased cost, such a wanton abuse of the privilege would immediately ensue as to result in that waste which would constitute a violation of the Raker Act; and

Whereas, this Board of Supervisors has complete confidence in the wisdom and integrity of the people of San Francisco and holds the firm conviction that the people do now, and under a flat water rate, would continue to conserve and protect their own water supply; now, therefore, be it

Resolved, That this Board of Supervisors does hereby reiterate its request that the Public Utilities Commission consider the feasibility of providing for the duration of the war and six months thereafter, a flat water rate for domestic users based upon consumption of the past year or upon any other fair and practical basis.

Referred to Joint Finance and Public Utilities Committee.

Salary Adjustments.

Supervisor MacPhee, under his name on roll call, reported that in spite of the understanding had during the consideration of Salary Standardization legislation that no city employee would receive any decrease in salary as a result of salary standardization, there were a few employees working under temporary certification prior to July 1, 1943, who, since that date have been certified to permanent positions at a lower salary than they were receiving.

Mrs. Kathleen Dolen, representing the Civil Service Commission, explained briefly how such a condition had arisen. The Civil Service Commission, under the provisions of Salary Standardization, is powerless to change conditions.

The City Attorney agreed to endeavor to work something out to correct the condition.

Amending Salary Ordinance by Adding a New Section Thereto Providing for the Conversion of Monthly Rates to Daily Rates for Certain Monthly Employees and Certain Temporary Employees Working Irregular Schedules; an Emergency Ordinance Effective August 1, 1943.

(Series of 1939)

Bill No. 2397, Ordinance No. 2272, as follows:

Amending Ordinance No. 2148, the Annual Salary Ordinance by adding a new section thereto providing for the conversion of monthly rates to daily rates for certain monthly employees and certain temporary employees working irregular schedules; an emergency ordinance effective August 1, 1943.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 2148 (Annuary Salary Ordinance for fiscal year 1943-1944) is hereby amended by adding the following section thereto:

Section 2.01. Where it is deemed advisable by the Civil Service Commission to convert monthly rates to daily rates for

(a) Permanent or temporary employees who work less than a five-day week as a regular condition of employment and

(b) Temporary employees in positions which are intermittent in service or subject to irregular working schedules,

the Civil Service Commission shall have authority and it is hereby directed, to convert such monthly rates in accordance with the formula stated in this section.

FORMULA: The daily rate shall be the monthly rate on a 5½-day week basis for each class as established in Salary Standardization Ordinance No. 2184, multiplied by 12 (months) and divided by 288 (annual working days).

The employees referred to in this section shall be paid for actual days worked, and shall also be paid for such holidays not worked (excluding Saturday afternoons and Sundays as are customarily granted by the employing department to the class of employee concerned.

The provisions of Section 2.3 of said Annual Salary Ordinance shall not apply to the employees referred to in Section 2.01 of this ordinance; provided, however, that any employee referred to in said section who works more than his normal work day, which term normal work day is hereby defined to be the number of hours worked by said employee in the same position during the fiscal year 1942-1943, shall be entitled to receive overtime for said work in excess of said normal work day.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being that the foregoing amendment is necessary for the uninterrupted operation of the several departments of the municipal government in which persons are employed on intermittent service, or are subject to abnormal working schedules.

Approved as to form by the City Attorney.

Amendment.

The Clerk called attention to the last paragraph of Section 2.01, which, as originally presented to the Board, read as follows:

"The provisions of Section 2.3 of said Annual Salary Ordinance shall not apply to the employees referred to in Section 2.01 of this ordinance; provided, however, that any employee referred to in said section who works more than eight hours in any one day shall be entitled to receive overtime for said work in excess of eight hours."

This paragraph should be amended, advised the Clerk, inasmuch as a recommendation from the Finance Committee was to be presented to the Board in which the term "normal work day" was defined to be the number of hours worked by an employee in the same position during the fiscal year 1942-1943. The amendment should reflect such definition of a "normal work week."

Thereupon, Supervisor MacPhee, seconded by Supervisor Gallagher, moved that the foregoing section be amended to read as follows:

"The provisions of Section 2.3 of said Annual Salary Ordinance shall not apply to the employees referred to in Section 2.01 of this ordinance; provided, however, that any employee referred to in said section who works more than his normal work day, which term normal work day is hereby defined to be the number of hours worked by said employee in the same position during the fiscal year 1942-1943, shall be entitled to receive overtime for said work in excess of said normal work day."

Whereas, there is an immediate need for suitable downtown housing and sleeping facilities for the armed forces of the United States, who are from time to time in San Francisco, absent from their respective commands on leave; and

Whereas, in order to provide said housing and sleeping facilities it is necessary for the City and County of San Francisco to construct at least six (6) dormitory units in the Civic Center, each containing sleeping accommodations for approximately eighty-eight (88) men; and

2. That these Victory Gardens are essential in the war effort and that sufficient water at nominal cost is vital to the successful production of crops therein.
3. That because of the abundant resources of Hetch Hetchy, sufficient additional water, at no additional cost above that for ordinary consumption, can be made available for these gardens without impairment of an adequate reserve and without interference with the normal supply furnished to participating users of the Hetch Hetchy supply.
4. The adoption of a flat water rate for domestic consumers for the duration of the war would dispense with necessity for several meter readers whose services are necessary to, and could be better utilized in, the war effort.

and

Whereas, with every available and rentable housing facility in San Francisco being utilized in excess of its designed and normal capacity, the increased cost for water supplied to the additional tenants con-

stitutes an unfair burden on the owners of such properties, who are restrained, by O.P.A. regulations, from increasing rents therefor, and

Whereas, the only expressed objections to the proposal for flat water rates to domestic consumers are predicated upon the assumption that the adoption of a flat water rate plan would constitute a violation of the Raker Act, and

Whereas, an inquiry directed to the Hon. Harold L. Ickes, Secretary of the Interior, elicits no corroboration of such assumption but on the contrary adduces the information that flat rates for water beneficially used would not constitute a violation of the Raker Act and that the question whether water is being beneficially used or waste occurs, is one of fact, and

Whereas, such a question of fact, obviously cannot be determined by conjecture, but requires for its determination actual experience and observation after a flat water rates plan has been put into effect, and

Whereas, it is unfair, uncomplimentary and without basis in reasonable contemplation to assume that because a greater supply of water were made available to the domestic users of San Francisco at no increased cost, such a wanton abuse of the privilege would immediately ensue as to result in that waste which would constitute a violation of the Raker Act, and

Whereas, this Board of Supervisors has complete confidence in the wisdom and integrity of the people of San Francisco and holds the firm conviction that the people do now, and under a flat water rate, would continue to conserve and protect their own water supply; now, therefore, be it

Resolved, That this Board of Supervisors does hereby reiterate its request that the Public Utilities Commission consider the feasibility of providing for the duration of the war and six months thereafter, a flat water rate for domestic users based upon consumption of the past year or upon any other fair and practical basis.

Discussion.

Supervisor Colman opposed adoption of the foregoing resolution. It had been before the Board many times and it had been most carefully considered. He believed the establishment of a flat water rate would be but an invitation to use more water, and to waste water, to such an extent that additional pipeline construction would be required. The number of meter readers who might be released for essential war work would be negligible, and would not begin to measure the costs and bad features of the proposal. The Public Utilities Commission is opposed to the establishment of a flat water rate. In regard to the Raker Act, the question might be raised as to what constitutes a waste of water. He would vote "No."

Supervisor MacPhee objected to several statements made by Supervisor Colman. Careful consideration was given the matter in committee. Representative of the Public Utilities Commission, and Mr. Eckart of the Water Department were notified of the meeting and were invited to be present. However, they were not present. The Secretary of the Interior is not opposed to the proposal. There would be many employees other than meter readers released for war work.

Supervisor Roncovieri questioned the feasibility of a flat water rate. He believed it would lead to a wastage of water which might lead to the need of additional pipeline construction. He would vote for a flat water rate if it were practical.

Supervisor MacPhee did not believe the establishment of a flat water rate would lead to any noticeable waste of water, and he urged the Board to adopt the resolution.

Thereupon, Supervisor Roncovieri announced that he would be willing to vote for the "Resolve," but he could not subscribe to the "Whereases" in the resolution. He believed them to be cloudy—not

exactly right. They were part truths. Thereupon, he moved that the "Whereases" be deleted.

Motion *failed for want of a second.*

The roll was then called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Meyer, Shannon—6.

Noes: Supervisors Brown, Colman, Roncovieri—3.

Absent: Supervisors Mead, Uhl—2.

Adopted.

The following, from Streets Committee, without recommendation, was taken up:

Present: Supervisor Meyer.

Abolishing Sidewalks on Both Sides of Jessie Street.

Petition from property owners and tenants, requesting abolishment of sidewalks on both sides of Jessie Street.

Privilege of the Floor.

Mr. Joseph A. Brown, attorney, representing property owners opposing the plan to bring Jessie Street, west of Seventh Street, to official grade, and to abolish the sidewalks on Jessie Street, west of Seventh Street, opposed the proposed change.

Mr. Angelini, representing Greyhound Lines, opposed the petitioners and urged that the work proposed be done.

Mr. Vensano, Director of Public Works, recommended that there be no change in the official grades on Jessie Street.

The Chief Administrative Officer believed that the policy of the city should be to keep all grades to official grade.

Supervisor Shannon suggested that all members of the Board, who were not familiar with the situation on Jessie Street, visit the site, and that further consideration be postponed until Monday, August 9, 1943, and be made a Special Order of Business at 2:00 p. m., and that the Clerk have prepared legislation so that the Board could properly consider both sides of the controversy.

No objection, and so ordered.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Passed for Second Reading.

The following recommendation of the Finance Committee, presented by Supervisor MacPhee, was taken up:

Amending Ordinance No. 2148, Known as the 1943-1944 Salary Ordinance, by Amending Section 2.5 and 2.6 Thereof, Defining the Term "Overtime in Excess of Their Normal Work Week" as Used in Section 4 of Ordinance No. 2184, and Providing for the Payment of Overtime.

(Series of 1939)

Bill No. 2399, Ordinance No. ....., as follows:

Amending Ordinance No. 2148, known as the 1943-1944 Salary Ordinance, by amending Sections 2.5 and 2.6 thereof, defining the term "Overtime in excess of their normal work week" as used in Section 4 of Ordinance No. 2184, and providing for the payment of overtime.

Whereas, Section 4 of Ordinance No. 2184 (Salary Standardization Ordinance) prescribes the minimum and maximum limits of the hours of work in a five-day week, a five and one-half-day week, and a six-day week, and fixes its basic compensation schedule upon a five and one-half-day week; and

Whereas, said Section 4 also provides that employees exclusive of department heads and other administrative and executive personnel who are required to work overtime in excess of their normal work week shall be allowed compensation for such overtime service at the rate of one and one-half times the rate of pay fixed for their classification; provided, however, that such overtime compensation shall be regulated by an ordinance of the Board of Supervisors; and

Whereas, it is necessary to more clearly define the term "overtime in excess of their normal work week" in its application to the payment of overtime service in order to reconcile said term, and adjust such

payment to the provisions of Section 85 of the Charter prescribing the semi-monthly payment of salaries and wages; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2.5 of Ordinance No. 2148 is hereby amended to read as follows:

Section 2.5. The term "overtime in excess of their normal work week" is hereby defined to mean work performed on any day in excess of the actual number of hours of work each day normally required to the respective employees in their respective departments and places of employment in order to constitute, when continued for five, five and one-half or six days, the five, five and one-half or six day week respectively within the minimum and maximum limits of hours as set forth in Section 4 of Ordinance No. 2184 and in conformity with Section 220 of the Charter and the requirements of city business.

Employees occupying positions allocated to classifications for which compensations are fixed in the Salary Standardization Ordinance (Ordinance No. 2184) on a monthly basis, who are required to work overtime any day in excess of the number of hours of daily work constituting the daily quota of the normal work week for their services within their respective departments and places of employment as in effect during the fiscal year 1942-1943, shall be paid for such overtime work at the rate of time and one-half of the regular salary fixed for such service in Ordinance No. 2184, providing that such overtime payments shall not be made to employees occupying executive or administrative positions. Provided that, notwithstanding the provisions of this section, any employee who works more than eight hours on any one normal work day, or more than four hours on any normal half work day, shall be entitled to overtime at the rate set forth herein.

Section 2. Section 2.6 of Ordinance No. 2148 is hereby amended to read as follows:

Section 2.6. The Civil Service Commission is directed and instructed to ascertain and determine the normal work day of the several employees whose compensation is fixed on a monthly basis as based on the respective services with their respective departments and places of employment as in effect during the fiscal year 1942-1943, and to allow for overtime payments to said employees accordingly.

Approved as to form by the City Attorney.

Discussion.

Supervisor MacPhee, in explaining the foregoing bill, pointed out that its sole purpose was to define or interpret the phrase "overtime in excess of their normal work week," provided for in the Annual Salary Ordinance.

Mr. Smith, representing the Bureau of Governmental Research, stated that the first proposal discussed in committee was for a 44-hour week; the second proposal was for an 8-hour day. This legislation under discussion was entirely different.

Supervisor Colman suggested that consideration be postponed for one week. He desired an opportunity to study it.

Mr. Frank Moitoza, representing the San Francisco Federation of Municipal Employees, objected to the statement by Mr. Smith, and pointed out that the entire matter had been thoroughly considered in committee. The legislation merely provides for payment of overtime worked beyond a "normal" work week.

Supervisor MacPhee, in answer to questioning by Supervisor Roncovieri, stated that the Civil Service Commission and the Controller desired an interpretation of the term "normal work week," to enable

them to make payments for overtime employment as provided for in the Salary Ordinance.

Supervisor Brown, in expressing his views, stated he was opposed to consideration of important matters without having an opportunity to examine in detail that language of proposed legislation. He believed consideration should be continued for one week and the bill should be printed in the Board's Calendar, and he would so move. Motion seconded by Supervisor Colman.

Supervisors Colman and Brown, in explanation of their views, both stated that they were not opposed to payment for overtime employment. However, they desired the opportunity of studying any legislation before voting on it.

Thereupon, the roll was called and the motion to continue consideration for one week *failed* by the following vote:

Ayes: Supervisors Brown, Colman—2.
Noes: Supervisors Gallagher, Gartland, Green, MacPhee, Meyer, Roncovieri, Shannon—7.
Absent: Supervisors Mead, Uhl—2.

Before the roll was called on Passage for Second Reading, Supervisor Brown repeated his statement that he had no objection to paying for overtime employment. However, he thought he should have the privilege of finding out the exact terms under which such overtime compensation was being compensated, and he urged the Finance Committee to have matters to be presented to the Board ready in time for printing on the Calendar.

Passed for Second Reading.

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Gallagher, Gartland, Green, MacPhee, Meyer, Roncovieri, Shannon—8.
No: Supervisor Colman—1.
Absent: Supervisors Mead, Uhl—2.

Providing for a Five-Day Working Week for Employees of the City and County Whose Compensation Is Fixed on a Monthly Basis.

(Series of 1939)

Bill No. 2400, Ordinance No. ....., as follows:

Continuing in force Ordinance No. 4.0511, codified in the Municipal Code as Sections 310, 311, 312 and 313 of Part I of said code, providing for a five-day working week for employees of the City and County whose compensation is fixed on a monthly basis.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Notwithstanding any of the provisions of Ordinance No. 2184 (Standardization Ordinance for the fiscal year 1943-44), all of the provisions of Ordinance No. 4.0511 entitled as in the caption of this ordinance, shall remain in full force and effect.

Discussion.

The City Attorney, at the request of Supervisor MacPhee, explained the reason for the foregoing bill, stating that he had drafted the bill, but that he could not approve it as to legality. He was of the opinion that Ordinance No. 4.0511 (the Five-Day Week Ordinance) was repealed, by implication, at least, by the Salary Standardization Ordinance. The Controller, he stated, held the same view.

Mr. John Shelley, in discussing the proposed legislation, pointed out

that the foregoing bill merely reenacted the provisions of a prior ordinance, which the City Attorney has held was made inoperative, or was repealed by the Salary Standardization Ordinance. He urged the passage of the proposed legislation, and stated that he did not agree with the City Attorney's opinion that it was not legal.

Supervisor Colman, in expressing his views, and in explanation of his vote, announced that he would vote "No" on the measure. He could not put himself in a position of approving legislation that the City Attorney has stated was not legal.

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Meyer, Roncovieri, Shannon—7.

Noes: Supervisors Brown, Colman—2.

Absent: Supervisors Mead, Uhl—2.

Requesting Public Utilities Commission to Give Consideration to a Proposal for the Establishment of a Reduced Water Rate for Industrial Users.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. ....., as follows:

Whereas, unofficial but reliable estimates now rank California third in population among the states of this nation; and

Whereas, the California State Population Commission estimates that the population of California will exceed ten million people in 1950 and attain even greater population in subsequent years; and

Whereas, the Commission points out that "With good planning and wise management, the situation contains manifold opportunities for our residents to capitalize"; and

Whereas, in consonance with this prudent advice it is incumbent upon the public authorities of San Francisco, in order that we may enjoy our full share of the benefits to come, that intelligent and comprehensive planning for the post-war period be instituted immediately and zealously prosecuted until there is evolved a complete plan, the incidents of which are designed for the fullest utilization of San Francisco's resources and the greatest benefit to its people; and

Whereas, one of the chief deterrents to San Francisco's industrial progress is the exorbitant rates charged for water necessary to industry; and

Whereas, San Francisco cannot hope to obtain the fullest advantage from the opportunity which this great increase in population offers unless and until, upon a basis comparable with competitive cities, there is established a rate for industrial water users sufficiently attractive to impel the selection of San Francisco as the site for the establishment of such industry; and

Whereas, San Francisco, which has an abundant supply of water, could, with little if any increase for operative costs, supply local industries with ample water at greatly reduced rates; now, therefore, be it

Resolved, That this Board of Supervisors does hereby request the Public Utilities Commission to give consideration now to a proposal for the establishment of such a reduced water rate for industrial users as will put San Francisco in a position to compete with her sister cities in California and particularly in the San Francisco Bay Area in the competition for industrial growth.

Referred to Joint Finance and Public Utilities Committee.

Adopted.

The following recommendation of his Honor the Mayor was taken up:

Leave of Absence—Hon. Charles W. Dullea, Chief of Police.

(Series of 1939)

Resolution No. 3530, as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. Charles W. Dullea, Chief of Police, is hereby granted a leave of absence for a period of twenty days, commencing August 5, 1943, to attend the annual convention of the International Association of Chiefs of Police, to be held in Detroit.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Roncovieri, Shannon—9.

Absent: Supervisors Mead, Uhl—2.

In Memoriam—Lieutenant James Moffitt.

(Series of 1939)

Supervisor Colman presented:

Resolution No. ....., as follows:

Whereas, this Board of Supervisors has learned with profound sorrow of the passing of James Moffitt, son of our well known citizens, Dr. Moffitt and Mrs. Herbert C. Moffitt, who lost his life in an airplane crash at Dutch Harbor, Alaska, while on active duty with the United States Navy; and

Whereas, Lieutenant Moffitt before his entrance in the service of his country was identified with this city as curator of the Department of Ornithology and Mammalogy of the California Academy of Sciences where he distinguished himself as a well known authority in his chosen field of natural history; and

Whereas, in World War No. 1, Lieutenant Moffitt imbued with a strong sense of patriotism and deep love for his country terminated his college career at the age of seventeen and enlisted as a cadet in the United States Navy and later after the attack on Pearl Harbor his first thought was again that of service to his country, he became active in civilian defense organization and later was commissioned as Lieutenant in the United States Naval Reserve and assigned to active service in the Aleutians where he met his untimely death; now, therefore, be it

Resolved, That when this Board of Supervisors adjourns today it does so out of respect of the revered memory of Lieutenant James Moffitt, distinguished scientist and patriot; and be it

Further Resolved, That the Clerk of the Board of Supervisors be and he is hereby directed to send suitable engrossed copies of this resolution to the family of the deceased.

Adopted Unanimously by rising vote.

Transfer of Funds for Payment of Temporary Chauffeur.

Supervisor MacPhee moved that the Clerk of the Board of Supervisors is hereby authorized to submit to the Controller a "Request for Departmental Intra-Fund Transfer" in amount $122.75 for the temporary employment of one O1 chauffeur at the rate of $245.50 a month during the period of vacation of the Board's regular chauffeur, Harry Donahue.

Motion seconded by Supervisor Shannon.

No objection, and motion *carried.*

Petition Denied.

Abolishment of Sidewalk Widths and Change of Grade on Jessie Street, West of Seventh Street.

August 2, 1943—*The foregoing matter was, on motion of Supervisor Shannon, laid over one week and made a Special Order of Business for* 2 *p. m.*

Privilege of the Floor.

Mr. Joseph A. Brown, attorney, representing several property owners which would be affected by the proposed improvement of Jessie Street, protested the proposed abolishment of sidewalk widths and change of grade, and reiterated his arguments made at the meeting of August 2, 1943.

Mr. John J. Angeloni, representing Greyhound Lines, Inc., disagreed with the views expressed by the previous speaker, and urged that the

petition be denied in order that the work of bringing Jessie Street up to grade might be started without further delay.

Mr. Vensano, Director of Public Works, objected to the proposal presented by Mr. Brown. He believed that the street should be brought to official grade.

Mr. Glynn, also representing Greyhound Lines, Inc., reported that he had made a study of the situation and asserted that with the exception of the Yuba Hotel, no property owner would be adversely affected. He believed that alterations to the Yuba Hotel, which would be necessary if the improvement should be made, would cost not more than $2,500, instead of considerably more than $6,000.

Supervisor Mead, after discussing the situation briefly, stated that he thought the street should be brought up to official grade, and moved that the petition be denied. Motion seconded by Supervisor Colman.

Whereupon, the following resolution was taken up:

Denying Petition for the Abolishment of Sidewalk Widths and the Change of Grade on Jessie Street, West of Seventh Street.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Defense Housing in San Francisco.

Supervisor Brown called attention to the building of defense houses in San Francisco, and reported that the residents of Miraloma Park and other districts in San Francisco are dissatisfied with these houses, particularly as to the quality of the buildings. In many cases foundations, only 25′ x 32′ are constructed before building permits are requested. On such foundations the size and quality of houses cannot be what they should be. San Francisco, continued Supervisor Brown, cannot afford to furnish relief in the housing situation to the detriment of other property owners. The Board of Supervisors should check the question of defense housing and determine the locations of such houses, the costs of the houses and the effect on property values in the neighborhood. The matter should be referred to a suitable committee of the Board, and he would so move.

Thereupon, the Chair suggested that Supervisor Brown present a resolution along the lines mentioned, and that such resolution be considered as having been presented and referred to the Public Buildings, Lands and City Planning Committee.

Urging Repeal of Chinese Exclusion Act.

(Series of 1939)

Supervisor Colman presented:

Resolution No. ....., as follows:

Whereas, the people of the Chinese Republic have, for more than six years, resisted with bravery and fortitude, unparalleled in world history, the savage and unprovoked aggression of Japan; and

Whereas, the Republic of China is one of the United Nations, now allied to bring peace to the world and abolish international gangsterism; and

Whereas, there still exists on the statute books of the United States the antiquated law known as the Chinese Exclusion Act, passed in 1882 by the National government at the behest of the State of California; and

Whereas, at the time this law was enacted it seemed necessary, due to the lack of a national policy on immigration; this condition no longer exists, because the Congress of the United States in 1924 formulated an orderly system for regulating immigration, based upon the census of 1890; and

Whereas, the repeal of the Chinese Exclusion Act and the placing of the nationals of China on the same immigration quota basis enjoyed by the nationals of other countries would take away this continuing insult to our brave ally, and by this gesture of friendship, greatly strengthen China's resistance; and

Whereas, this action would deprive Japan of its most powerful weapon against the United States, by making it impossible for Japan to continue the vicious, poisonous propaganda campaign based upon the existence of this obsolete law upon our statute books; now, therefore, be it

Resolved, That the Board of Supervisors of the City of San Francisco urges upon Congress and upon the President of the United States the repeal of the Chinese Exclusion Act and the placing of the nationals of the Chinese Republic upon a citizenship basis under our quota system which would allow approximately 105 Chinese annually to enter this country.

Requesting Market Street Railway Company to Keep Track Area on Market Street Between Valencia and Castro Streets in Temporary Repair.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. 3539, as follows:

Whereas, negotiations are under way to eliminate two of the four tracks on Market Street between Valencia and Castro Streets under a joint agreement between the Market Street Railway and the Municipal Railway; and

Whereas, to accomplish this it is planned to remove the outer tracks and install new tracks on the inside but because of the inability to secure new steel trackage the work has been postponed and as a result the inside rails and street repair continue to depreciate causing serious damage to automobile tires; now, therefore, be it

Resolved, That the Market Street Railway Company be requested to keep the street in temporary repair pending the negotiation and until such time as the proposed work is consummated in order that the life of the tires of the automobiles of our citizens may be prolonged for the duration.

San Francisco and San Mateo County Consolidation.

(Series of 1939)

Supervisor Roncovieri presented:

Resolution No. ....., as follows:

Whereas, the County of San Mateo, the communities therein, and the City and County of San Francisco are, in fact, one economic unit whose interests are identical and should be coordinated by consolidation in order that this richest region of California may come into its own as the most important metropolitan area of the Pacific Coast by the studied and ordered development of its vast resources and for the profit and benefit of our aeronautical, agricultural, financial, industrial, manufacturing, and shipping interests which, aside from the meaningless political divisions, are linked inseparably; and

Whereas, this great metropolitan area is destined to become the aeronautical hub for the vast Pacific basin; the center of a shipping industry covering the seven seas; the home port of our mighty Pacific Fleet, requiring the construction of one of the world's largest dry docks; and the location of numerous new industries, accompanied by a great influx of population; and

Whereas, the Constitution of the State of California permits the consolidation of the City and County of San Francisco and the County of San Mateo; and

Whereas, the Board of Freeholders of the City and County of San Francisco, in framing San Francisco's Charter of 1932, realized that the consolidation of these two great counties would eventually become a necessity for the continued and mutual welfare of both, did incorporate in San Francisco's Charter an Enabling Act providing a basis for the future consolidation of the governments of these two counties into a borough system; now, therefore, be it

Resolved, That this Board of Supervisors respectfully requests his Honor the Mayor to consider the immediate necessity of appointing a committee of representative citizens authorized to initiate this movement, which has been visualized for years by progressive citizens and officials of both counties, by inquiring into the feasibility of instituting negotiations for the consolidation of the County of San Mateo and the City and County of San Francisco; and be it

Further Resolved, That such committee be given full authority to call upon the respective governmental bodies, Chambers of Commerce,

and other civic organizations of the County of San Mateo and the Chamber of Commerce and civic organizations of the City and County of San Francisco and invite their participation in this inquiry for the purpose of furthering this consolidation.

Referred to Joint Committee, County, State and National Affairs, and Commercial and Industrial Development Committee. Supervisor Roncovieri appointed to serve on Joint Committee during consideration of the foregoing resolution.

In Memoriam—The Honorable Lin Sen, President of the Republic of China.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 3541, as follows:

Whereas, the hand of death has gathered unto his ancestors the venerable soul of Lin Sen, the eighty-one-year-old President of the Republic of China; and

Whereas, the Honorable Lin Sen, living for many years in California, where he is well known, was familiar with the American psychology and our way of life and applied his profound knowledge of American methods to his administration of the affairs of the National Government of China; and

Whereas, his untiring work for the Republic since the birth of the revolutionary movement and his quiet leadership during the last six years of bitter warfare have made him one of the most beloved and illustrious men of his country; now, therefore, be it

Resolved, That this Board of Supervisors in meeting assembled extends to the Government of China and to its heroic and long-suffering people, our loyal and faithful allies in this war, to his close friend and associate, Generalissimo Chiang Kai-shek—China's brave and uncompromising leader—and to his relatives and many friends, our sincere condolences and regrets for the passing of a good man, a wise, able and experienced administrator and official who, since the fall of the Manchu dynasty, contributed much to the advancement of China among the democracies of the world; and be it

Further Resolved, That when this Board adjourns today it does so with a rising vote out of respect to the revered memory of that eminent scholar, astute statesman and loyal patriot, the Honorable Lin Sen, and the Clerk is hereby directed to send suitably engrossed copies of this resolution to the Consulate of the Republic of China for presentation to the National Government of China and to the relatives of its deceased President.

Unanimously Adopted by rising vote.

In Memoriam—Mary A. Commerford.

Supervisor Colman, in speaking on the death of Miss Mary A. Commerford, stated that he was sure he expressed the feeling of the Board of Supervisors in saying that the Board deeply mourned the passing of such a sweet lady, so kindly and so helpful to the members for so many years. She was a brave, loyal soul, and the Board would adjourn its meeting in respect to her memory.

Supervisor Shannon seconded the motion to adjourn out of respect to the memory of Miss Commerford. He had known Miss Commerford, he stated, even before he had become a member of the Board of Supervisors. During his time in office and during the term of office of many members of the Board, Miss Commerford acted as secretary to all the members. She was loyal and capable, and at no time during her many years were any of the many messages and conversations she must have heard ever repeated. Her absence will be deeply regretted by all members of the Board, and the Board will feel that a very close member of its official family has been taken away. The resolution to be presented should be engrossed and signed by all members of the Board.

Supervisor Roncovieri announced that he felt as though a great friend had passed away, and he felt the loss of Miss Commerford as deeply as did, he knew, all the members of the Board. She was all that President Colman and Supervisor Shannon said about her—loyal to the last degree. He could but reiterate the fine sentiments already expressed.

Thereupon, Supervisor Colman presented the following:

In Memoriam—Mary A. Commerford.

(Series of 1939)

Supervisors Colman and Shannon presented:

Resolution No. 3542, as follows:

Whereas, death has taken from our midst Mary A. Commerford, who graced the office of the Board of Supervisors for over thirty-five years, and whose loyal and devoted service endeared her to many distinguished officials who served with her over that long and colorful period of San Francisco's history; and

Whereas, a good and capable servant of the public, she served so faithfully, a true friend of all who knew her intimately, Mary A. Commerford will long be remembered with love and affection for her kindly, generous and sweet personality; now, therefore, be it

Resolved, That when the Board of Supervisors adjourns today it does so out of respect to the revered memory of Mary A. Commerford; and be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to present engrossed copies of this resolution to the relatives of the deceased.

Adopted Unanimously by rising vote.

Requesting His Honor the Mayor to Appoint a Citizens' Committee for the Proper Observance of Columbus Day, Tuesday, October 12, 1943.

(Series of 1939)

Supervisor Mead presented:

Resolution No. 3540, as follows:

Resolved, That his Honor the Mayor be and he is hereby requested to appoint a Citizens' Committee for the proper observance of Columbus Day, Tuesday, October 12, 1943.

Discussion.

Before action on the foregoing resolution, Supervisor Green suggested that a similar resolution had previously been presented and adopted by the Board.

Whereupon, Supervisor Roncovieri announced that he had presented such resolution, but he would be glad to withdraw it in favor of the foregoing resolution presented by Supervisor Mead.

Adopted.

Thereupon, the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon—9.
Absent: Supervisors Gallagher, Uhl—2.

Installation of Public Address System in Chambers of the Board of Supervisors.

Supervisor MacPhee reported on the installation of a public address system in the chambers of the Board of Supervisors, the cost of which would be about $1,950. The Controller has reported that it would be impossible to take that amount from any of the funds set up in the budget for the Board of Supervisors; the amount should come from Public Building Funds, which would require the approval of the Chief Administrative Officer, and the Board should request such approval.

Supervisor Mead stated that he believed the public address system should be installed, but before doing that, a study should be made of the acoustical conditions in the Chambers.

The Clerk, thereupon, informed the Board that the City Architect was engaged in making such study, and a report thereon was expected at an early date.

Supervisor Roncovieri reported that, pursuant to authorization by the Board to make such study, he had called on the firm of J. L. Stuart, who had made a preliminary study of conditions. Thereupon, he presented to the Board preliminary report by J. L. Stuart. In closing, Supervisor Roncovieri moved that the report by J. L. Stuart be referred to the City Architect for his consideration, and that the Board be informed as to the cost of any necessary work.

Supervisor MacPhee, however, suggested that the entire matter be left in the hands of the Chief Administrative Officer, and that he be requested to report back to the Board at his early convenience.

No objection, and so ordered.

Sale of State-Owned Land.

Supervisor MacPhee reported that there were about 1600 parcels of land, "sold to the state for taxes," on which no taxes are now being paid. These properties should be returned to the tax roll. He believed that this was an opportune time for such sale and many people would be attracted to bid, and he suggested that the Chief Administrative Officer be authorized to have such properties sold either through the Real Estate Department or through the Tax Collector without any undue delay, and he would so move.

Subsequently, however, after brief discussion on the matter, Supervisor MacPhee did not press his motion, but suggested that the Chief Administrative Officer be requested to give the Board a report on the matter.

No objection, and so ordered.

Gas Masks for Civilian Defense Corps.

Supervisor MacPhee, referring to communication from the Director of Civilian Defense (noted under "Communications") pointed out that

there is need for some 12,000 gas masks for Civilian Defense Corps at the present time. Ten thousand masks are necessary for the Air Raid Warden Service. Subsequently Supervisor MacPhee presented the following resolution:

Regional Office of Civilian Defense Requested for 12,000 Additional Gas Masks.

(Series of 1939)

Resolution No. 3545, as follows:

Whereas, the original allocation of 32,460 gas masks for San Francisco is highly inadequate to equip our Civilian Defense Corps and to meet the requirements of our air raid warden service and other persons engaged in defense work; and

Whereas, it is impossible to buy gas masks since no one is permitted to manufacture them except for the military service or the National Council of Civilian Defense; therefore, be it

Resolved, That the Regional Office of Civilian Defense be and it is hereby earnestly requested to grant an additional loan of 12,000 gas masks to San Francisco in order that this evident discrepancy may be corrected and that the defense workers of this strategically important city may receive proper protection in the event of an enemy attack.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon—9.

Absent: Supervisors Gallagher, Uhl—2.

State Post War Commission.

Supervisor MacPhee, referring to the membership on the State Post War Commission, of which Mr. Purcell is the head, stated that San Francisco was not represented on that Commission, and requested that the Chief Administrative Officer be requested to look into the matter and find out if there is not a place for someone from San Francisco to be appointed to that commission.

No objection, and so ordered.

Supervisor Meyer Excused From Attendance at Meeting.

Supervisor Meyer requested to be excused from attendance at the next meeting of the Board of Supervisors, to be held on Monday, August 16, 1943.

No objection, and excuse granted.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:25 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors August 16, 1943.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Referred to Police Committee.

SPECIAL ORDER—2:00 P. M.

Overtime rate of pay for Inspectors of Municipal Railway.

July 19, 1943—*Consideration postponed one week.*

July 26, 1943—*Consideration postponed two weeks.*

August 9, 1943—*Ordered off Calendar.*

August 12, 1943—*Finance Committee requests replacement on Calendar.*

Privilege of the Floor.

Mr. H. S. Foley, representing Municipal Carmen, on being granted the privilege of the floor, addressed the Board briefly, stating that the City Attorney had rendered an opinion in favor of Inspectors receiving 9 per cent additional pay for working forty-eight hours per week. The City Attorney has ruled that the men are purely in a supervisorial capacity. However, it has been impossible, so far, to get a supplemental appropriation to pay the Inspectors the additional compensation. The Manager of Utilities has refused to recommend a supplemental appropriation, and it will probably be necessary to take the case into court. There is nothing, Mr. Foley believed, that the Board could do to help.

By direction of the President, the matter was *removed from the Calendar.*

UNFINISHED BUSINESS.

Indefinitely Postponed.

The following recommendations of Finance Committee, heretofore Passed for Second Reading, were taken up:

Amending Salary Ordinance by Providing for the Payment of Overtime Beyond the Normal Work Week.

(Series of 1939)

Bill No. 2399, Ordinance No. ....., as follows:

Amending Ordinance No. 2148, known as the 1943-1944 Salary Ordinance, by amending Sections 2.5 and 2.6 thereof, defining the term "Overtime in excess of their normal work week" as used in Section 4 of Ordinance No. 2184, and providing for the payment of overtime.

Whereas, Section 4 of Ordinance No. 2184 (Salary Standardization Ordinance) prescribes the minimum and maximum limits of the hours of work in a five-day week, a five and one-half-day week, and a six-day week, and fixes its basic compensation schedule upon a five and one-half-day week; and

Whereas, said Section 4 also provides that employees exclusive of department heads and other administrative and executive personnel who are required to work overtime in excess of their normal work week shall be allowed compensation for such overtime service at the rate of one and one-half times the rate of pay fixed for their classification; provided, however, that such overtime compensation shall be regulated by an ordinance of the Board of Supervisors; and

Whereas, it is necessary to more clearly define the term "overtime in excess of their normal work week" in its application to the payment of overtime service in order to reconcile said term, and adjust such payment to the provisions of Section 85 of the Charter prescribing the semi-monthly payment of salaries and wages; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2.5 of Ordinance No. 2148 is hereby amended to read as follows:

Section 2.5. The term "overtime in excess of their normal work week" is hereby defined to mean work performed on any day in excess of the actual number of hours of work each day normally required to the respective employees in their respective departments and places of employment in order to constitute, when continued for five, five and one-half or six days, the five, five and one-half or six day week respectively within the minimum and maximum limits of hours as set forth in Section 4 of Ordinance No. 2184 and in conformity with Section 220 of the Charter and the requirements of city business.

Employees occupying positions allocated to classifications for which compensations are fixed in the Salary Standardization Ordinance (Ordinance No. 2184) on a monthly basis, who are required to work overtime any day in excess of the number of hours of daily work constituting the daily quota of the normal work week for their services within their respective departments and places of employment as in effect during the fiscal year 1942-1943, shall be paid for such overtime work at the rate of time and one-half of the regular salary fixed for such service in Ordinance No. 2184, providing that such overtime payments shall not be made to employees occupying executive or administrative positions. Provided that, notwithstanding the provisions of this section, any employee who works more than eight hours on any one normal work day, or more than four hours on any normal half work day, shall be entitled to overtime at the rate set forth herein.

Section 2. Section 2.6 of Ordinance No. 2148 is hereby amended to read as follows:

Section 2.6. The Civil Service Commission is directed and instructed to ascertain and determine the normal work day of the several employees whose compensation is fixed on a monthly basis as based on the respective services with their respective departments and places of employment as in effect during the fiscal year 1942-1943, and to allow for overtime payments to said employees accordingly.

On motion by Supervisor Brown, seconded by Supervisor Green, action on the foregoing bill was *indefinitely postponed.*

Final Passage.

Continuing in Force Provisions of Ordinance 4.0511 Providing for Five-Day Week for Employees Paid on a Monthly Basis.

(Series of 1939)

Bill No. 2400, Ordinance No. 2291, as follows:

Continuing in force Ordinance No. 4.0511, codified in the Municipal Code as Sections 310, 311, 312 and 313 of Part I of said code, providing for a five-day working week for employees of the City and County whose compensation is fixed on a monthly basis.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Notwithstanding any of the provisions of Ordinance No. 2184 (Standardization Ordinance for the fiscal year 1943-44), all of the provisions of Ordinance No. 4.0511 entitled as in the caption of this ordinance, shall remain in full force and effect.

Discussion.

The City Attorney announced that the foregoing bill was on the Calendar without his approval. He had ruled the matter to be illegal.

Supervisor MacPhee, in discussing the foregoing legislation, advised the Board that the legislation was merely to provide for the continuing into effect the previous so-called Five Day Per Week Ordinance. He was merely permissive; it would cost the taxpayers nothing; it would not result in any increased employment. However, it would permit many city employees to engage in needed employment over the week ends. The City Attorney may be right as to the legality of the proposed legislation, but it is barely possible that he is not. There might be required a test case to determine its legality. There are at present some 189 employees working on Saturdays and Sundays in the shipyards or other war industries who will have to quit unless the five-day employment for the city is permitted. There are more than 400 other employees who have signified in writing their intention to take such employment if they are permitted to do so. This legislation is good. It will release men for war work. It should be passed.

Thereupon, the roll was called and the foregoing bill was *Finally Passed* by the following vote:

Providing for the Payment of Overtime to Per Diem Employees Not Covered by Section 2.3 of the Annual Salary Ordinance; an Emergency Ordinance.

(Series of 1939)

Bill No. 2425, Ordinance No. 2287, as follows:

Amending Ordinance No. 2148, known as the 1943-1944 Salary Ordinance, by amending Sections 2.5 and 2.6 thereof, defining the term "overtime in excess of their normal work week" as used in Section 4 of Ordinance No. 2184, and providing for the payment of overtime and providing further for the payment of overtime to employees whose compensations are fixed on a per diem basis in the Salary Standardization

Ordinance No. 2184 and who are not covered by Section 2.3 of the Annual Salary Ordinance; an emergency ordinance.

Whereas, Section 4 of Ordinance No. 2184 (Salary Standardization Ordinance) prescribes the minimum and maximum limits of the hours of work in a five day week, a five and one-half day week, and a six day week, and fixes its basic compensation schedule upon a five and one-half day week; and

Whereas, said Section 4 also provides that employees exclusive of department heads and other administrative and executive personnel who are required to work overtime in excess of their normal work week shall be allowed compensation for such overtime service at the rate of one and one-half times the rate of pay fixed for their classification; provided, however, that such overtime compensation shall be regulated by an ordinance of the Board of Supervisors; and

Whereas, it is necessary to more clearly define the term "overtime in excess of their normal work week" in its application to the payment of overtime service in order to reconcile said term, and adjust such payment to the provisions of Section 85 of the Charter prescribing the semi-monthly payment of salaries and wages; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 2.5 of Ordinance No. 2148 is hereby amended to read as follows:

Section 2.5. The term "overtime in excess of their normal work week" is hereby defined to mean work performed on any day in excess of the actual number of hours of work each day normally required of the respective employees in their respective departments and places of employment in order to constitute, when continued for five, five and one-half or six days, the five, five and one-half or six day week respectively within the minimum and maximum limits of hours as set forth in Section 4 of Ordinance No. 2184 and in conformity with Section 220 of the Charter and the requirements of city business.

Employees occupying positions allocated to classifications for which compensations are fixed in the Salary Standardization Ordinance (Ordinance No. 2184) on a monthly basis or on a per diem basis not covered by Section 2.3 of the Annual Salary Ordinance, who are required to work overtime any day in excess of the number of hours of daily work constituting the daily quota of the normal work week for their services within their respective departments and places of employment as in effect during the fiscal year 1942-1943, shall be paid for such overtime work at the rate of time and one-half of the regular salary fixed for such service in Ordinance No. 2184, providing that such overtime payments shall not be made to employees occupying executive or administrative positions. Provided that, notwithstanding the provisions of this section, any employee who works more than eight hours on any one normal work day, or more than four hours on any normal half work day, shall be entitled to overtime at the rate set forth herein.

Section 2. Section 2.6 of Ordinance No. 2148 is hereby amended to read as follows:

Section 2.6. The Civil Service Commission is directed and instructed to ascertain and determine the normal work day of the several employees whose compensation is fixed on a monthly basis as based on the respective services with their respective departments and places of employment as in effect during the fiscal year 1942-1943, and to allow for overtime payments to said employees accordingly.

Section 3. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being as follows, to-wit:

That it is necessary that said ordinance become effective forthwith

for the uninterrupted operation of the several departments in the municipal government of the City and County of San Francisco to the end that payment for overtime may be made to the group of employees inadvertently omittted from existing legislation covering overtime payments.

Approved as to form by the City Attorney.

Discussion.

Mrs. Dolen, representing the Civil Service Commission, explained the foregoing legislation, pointing out that it merely was to carry out the intent of the Salary Standardization Ordinance so far as overtime payments are concerned; it does not change the ordinance at all. In answer to question by Supervisor Mead as to why overtime payments are not provided for administrative and executive employments, Mrs. Dolen explained that under the Salary Standardization Ordinance, payment of overtime to such employments was prohibited.

Supervisor Brown reported also that the policy of the federal government is opposed to payment for overtime employment to administrative and executive employments.

Thereupon, Supervisor Mead expressed the opinion that overtime compensation should be given anyone required to work beyond his normal working hours, whether administrative or executive, and referred to a foreman painter for the Municipal Railway who, under present legislation, is required to work overtime, but without extra compensation.

Supervisor Gallagher also referred specifically to the Superintendent of the County Jail, who has been classed as an administrative employee and so cannot receive pay for overtime employment.

The City Attorney, on being questioned, stated that it was the function of the Civil Service Commission to decide whether a foreman, or a General Foreman, or other employee, was to be classed as an administrative or executive official. Referring to the Superintendent of the County Jail, the City Attorney stated that undoubtedly he was an administrative official, since he represented the Sheriff at the Jail.

Thereupon, Supervisor Shannon, seconded by Supervisors Gallagher and Colman, moved that further consideration be postponed for one week, and be made a Special Order of Business for Monday, August 23, 1943, and in the meantime the Civil Service Commission submit a report as to just what employees are considered administrative or executive.

The City Attorney expressed the opinion that the proposed legislation had no bearing on what individuals are classed as administrative or executive.

Mr. Daniel Del Carlo, on motion by Supervisors Gallagher and Shannon, was granted the privilege of the floor. Mr. Del Carlo reported the case of a general foreman in the Sewer Department, who was being denied overtime compensation, although he had to work along with his crew.

Supervisor Green thereupon requested that the City Attorney present a written opinion to the Board, in time for the Board's next meeting, advising as to the rights of the Board of Supervisors to determine what is an executive or administrative officer.

Supervisor MacPhee opposed postponement, stating that it would delay payment to a number of employees who were entitled to overtime pay.

Supervisor Gallagher announced that he had seconded the motion by Supervisor Shannon, for a week's postponement, with the understand-

ing that the Civil Service Commission would give the Board the information requested.

Mrs. Dolen then explained further that the proposed ordinance did not go to the point being discussed. That was an entirely different question. However, the Civil Service Commission was anxious to get the ordinance passed to bring overtime to a daily basis rather than a weekly basis.

Mr. Harry Ross, also, urged passage of the ordinance.

Supervisor MacPhee pointed out that the legislation concerned only the question of how overtime should be paid—not to whom it should be paid. The bill should be passed without delay, and a similar bill appearing at the beginning of the Calendar, for which this bill is a substitute, should be indefinitely postponed. Supervisor Brown had already suggested such action on the previous bill.

After further brief discussion the City Attorney advised that the Board might define the terms "administrative" and "executive," and could lay down general rules to guide the Civil Service Commission in determining the question as to what persons held administrative or executive positions.

Supervisor Uhl opposed any postponement. He could not see where anything could be gained by postponement.

Thereupon, Supervisor Shannon, with the consent of his second, *withdrew his motion for postponement.*

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Expressing Gratitude and Appreciation Shown by Municipal Employees in the War Effort, by Enlistment in the Armed Forces and Otherwise.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. 3555, as follows:

Whereas, although constantly present in our thoughts, it is fitting now to pause momentarily in the accelerated pace of wartime endeavor, officially to manifest the solemn pride which pervades us as the blue star of the Municipal Service Flag registers the eleven hundredth employee of the City and County of San Francisco as he departs to join his comrades in the higher service so necessary to the continued existence of that from which, we fervently hope, he and his fellows, have but temporarily absented themselves; and

Whereas, in order that the appreciation and admiration which is felt for those of our associates who are now serving in the armed forces and the Merchant Marine may not be considered to consist in lip service; in order that the burden which is theirs, as a result of their patriotic endeavors, shall not be aggravated by extraneous apprehension; in order that they be presently apprised and assured of our continuing gratitude and concern for their welfare and rights; in order that they may be convinced now that their fight for democracy and decency shall not have been futile; in order that of these things they shall be as certain as that their present cause is just and shall result in glorious victory; now, therefore, be it

Resolved, That this Board of Supervisors, acting on behalf of the People of the City and County of San Francisco, does hereby proclaim as follows:

That a feeling of deep gratitude now prevails, and shall not wane, for all of those serving in the armed forces of the United States and its Merchant Marine;

That those municipal employees of the City and County of San Francisco who now are or who hereafter become members of our armed forces or Merchant Marine, may be confidently assured that upon the termination of their present task, they will return to their former positions and enjoy all the rights and privileges incident thereto;

That by example and every other possible legal method the City and County of San Francisco shall seek to induce similar consideration for those of our service men and women from private employment;

That our united efforts shall be wholeheartedly concentrated upon the task of so directing our energies upon the home front that the earliest possible culmination of their hazardous duties may result, and

That San Francisco in peacetime shall welcome its heroes back to a better city, a more progressive and prosperous city, but a city with that spirit for which it is renowned, undiminished and unchanged.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Roncovieri, Shannon, Uhl—10.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 3553, as follows:

Whereas, during the past two months a criminal has been terrorizing the women of San Francisco by attacking, binding, gagging, raping and robbing them on every possible occasion; and

Whereas, as a result of these acts our women and girls venture forth at night on the public streets of our city in fear and trembling; and

Whereas, it is mandatory that this rapist be immediately apprehended and that this reign of terror be terminated without delay; now, therefore, be it

Resolved, That this Board of Supervisors, representing the citizens of the City and County of San Francisco in righteous indignation at this condition, hereby recommends that his Honor the Mayor post a cash reward of one thousand ($1,000) dollars for the capture of this rapist, dead or alive, in anticipation that such reward will spur the already intensive search now being conducted for this criminal and end this intolerable reign of terror for our wives, daughters and sisters; and be it

Further Resolved, That the money for said reward be obtained from such funds as may be available for such purpose or as may be appropriated therefor.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Roncovieri, Shannon, Uhl—10.

Whereas, in appreciation of such notable service he has been awarded the Air Medal and Oak Leaf Cluster by his country; and

Whereas, his fellow members of the San Francisco Police Department and the citizens of this city applaud his exploits which redound to their credit; now, therefore, be it

Whereupon, Supervisor Roncovieri moved that the action of the Board, in adopting resolution presented by him, to which Supervisor Colman had referred, be rescinded.

No objection, and so ordered.

Amendments.

Section 2, Paragraph (a), as originally presented to the Board read as follows:

(a) Each member of the armed forces desiring use of said facilities shall register, showing his or her name, rank and unit.

This paragraph should be amended by deleting the words "and unit" at the end of the sentence, and, after the word "name," deleting the comma and inserting the word "and," thus eliminating any reference to the unit to which the member of the armed forces belonged.

Section 2, Paragraph (c), as originally presented to the Board read, in part, as follows:

(c) Registration shall open at 7:00 P.M. daily and upon registration . . .

The word "daily," immediately after the phrase "at 7:00 P.M." should be deleted.

Whereupon, on motion by Supervisor Roncovieri, the foregoing requested amendments were *approved without objection.*

Thereupon, the roll was called and the foregoing bill, as amended, and reading as above, was *Finally Passed* by the following vote:

Discussion.

After the foregoing bill had been declared "Finally Passed" by the President, Supervisor Shannon announced that his attention had been called to a Mr. Blake who had, prior to leave of absence for maritime service, been employed as a General Clerk-Stenographer by the Public Utilities Commission. Following his return to the City's employ he had been granted "sick leave," and then "vacation," after which he had been assigned to a position other than that he had held prior to his military leave of absence. This employee felt that he should have been returned to his former position. In voting for the Military Leave of Absence Ordinance, Supervisor Shannon continued, he was under the impression that employees on their return to service with the City and County, at the conclusion of their Military Leaves of Absence, would be returned to their former positions. He was fearful that there might be a great deal of trouble if such practice was not followed.

Supervisor Mead expressed agreement with the statement by Supervisor Shannon.

Mr. H. S. Foley, representing the Municipal Carmen's Branch of the Street Railway Employees Union, pointed out that the statement by Supervisor Shannon was correct. However, this Mr. Blake had left the city's service without giving any notice, causing more or less inconvenience and disturbance to the smooth and efficient operation of the railway, which the management had resented. Sick leave with pay had been denied the employee. The restoration to the specific position formerly held, however, was a function of the department head.

Supervisor Shannon then announced that under his name on "Roll Call," he would take up the matter further.

Urging Repeal of Chinese Exclusion Act

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the people of the Chinese Republic have, for more than six years, resisted with bravery and fortitude, unparalleled in world history, the savage and unprovoked aggression of Japan; and

Whereas, the Republic of China is one of the United Nations, now allied to bring peace to the world and abolish international gangsterism; and

Whereas, there still exists on the statute books of the United States the antiquated law known as the Chinese Exclusion Act, passed in 1882 by the National government at the behest of the State of California; and

Whereas, at the time this law was enacted it seemed necessary, due to the lack of a national policy on immigration; this condition no longer exists, because the Congress of the United States in 1924 formulated an orderly system for regulating immigration, based upon the census of 1890; and

Whereas, the repeal of the Chinese Exclusion Act and the placing of the nationals of China on the same immigration quota basis enjoyed by the nationals of other countries would take away this continuing insult to our brave ally, and by this gesture of friendship, greatly strengthen China's resistance; and

Whereas, this action would deprive Japan of its most powerful weapon against the United States, by making it impossible for Japan to continue the vicious, poisonous propaganda campaign based upon the existence of this obsolete law upon our statute books; now, therefore, be it

Resolved, That the Board of Supervisors of the City of San Francisco urges upon Congress and upon the President of the United States the repeal of the Chinese Exclusion Act and the placing of the nationals of the Chinese Republic under our quota system in accordance with the quota law of 1924 which would allow approximately 105 Chinese annually to enter this country.

On motion by Supervisor Shannon, consideration of the foregoing resolution was *postponed one week and made a Special Order of Business at* 2:00 *p. m.*

Requesting Mayor to Appoint a Commission to Consider and Advance a Policy of Aeronautical Development for San Francisco and the Bay Area.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 3561, as follows:

Whereas, the present world war has greatly accelerated the progress of aeronautics, particularly in the United States of America; and

Whereas, it is predicted that most domestic airlines will file applications with the Civil Aeronautics Board to engage in international air commerce after the war; and

Whereas, at least two of our country's largest motor bus transportation lines have already filed applications with the Civil Aeronautics Board to substitute helicopters for motor buses where practicable for local domestic use; and

Whereas, San Francisco and the adjacent bay area is destined to become the greatest aeronautical center of the vast Pacific basin; and

Whereas, it behooves the City and County of San Francisco to anticipate such post-war aviation development by formulating an adequate policy which, following the end of the war and its accompanying multiplicity of aeronautical problems, will assure us of the collaboration of both the aviation industry and the bay area cities; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco respectfully requests his Honor the Mayor, to give consideration to the immediate necessity of carefully studying this most vital and pressing problem, thus avoiding post-war confusion caused by lack of foresight and protecting us against economic or political pressures that could conceivably be exerted to divert the aeronautical industry to other localities; and be it

Further Resolved, That, in the event his Honor the Mayor concurs in this resolution, he appoint a commission thoroughly experienced in the problems involved to make a comprehensive report and recommendations necessary to carry out the purpose of this resolution.

Adopted by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—10.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. 3565, as follows:

Whereas, death has claimed the person of Johanna Mary Krsak, beloved mother of Margaret Miriam Krsak, long known to the Board for her efforts in civic demonstrations and her interest in San Francisco's development and cultural advancement; and

Report on Meeting of Directors of County Supervisors Association.

Supervisor MacPhee reported on meeting of Directors of County Supervisors Association, held in the City Hall on August 20, 1943, at which matters of great importance were discussed, and expressed regret at the apparent lack of attendance by members of the San Francisco Board of Supervisors. Supervisor Green, unfortunately, had found it impossible to continue as a Director of the Association, and so had resigned.

Supervisor Colman announced that he had greeted the various Directors on their arrival, and had, with the cooperation of the Chief Administrative Officer, arranged for a luncheon for the delegates. He announced, also, that he had suggested that Supervisor Gallagher be elected as Director, vice Supervisor Green, resigned. The Board of

Directors approved that suggestion and Supervisor Gallagher was elected as Director.

Offering of Rewards for Apprehension of Criminals.

Supervisor Shannon, referring to the opinion presented by the City Attorney as to the offering of rewards for the apprehension of criminals as a result of resolution previously presented by him and adopted by the Board of Supervisors, announced that he had drawn the resolution in rather broad language so such reward might be paid from any funds available. However, if there is no other way for any city departments to pay a reward, it has been suggested that a reward might be offered by citizens generally and a fund subscribed for such purpose. However, Supervisor Shannon continued, he believed if a demand should be made, and it would be considered legal for the Chief of Police to offer a reward, that would be a good solution. The Mayor might consult with the Chief of Police and ascertain if the reward might be raised in that manner.

Supervisor Mead urged that immediate action be taken and moved that the Clerk be directed to request the Governor, by telegram, that he set aside an amount, as prescribed by law, as a reward for the apprehension of (a) rapist still at large; and (b) person who struck and killed a woman in San Francisco recently. Motion seconded by Supervisors Shannon and Roncovieri.

After brief discussion, there being no objection, the motion was *carried.*

Proposed Charter Amendment.

Supervisors Roncovieri and Shannon requested that the City Attorney draft a charter amendment, similar to the provision in the previous motion, permitting the offering of rewards for the apprehension of criminals.

The City Attorney stated he would prepare such charter amendment in time for hearing by Committee on Thursday, August 26, 1943.

Amendment to Ordinance Providing for Military Leaves of Absence.

Supervisor Shannon moved that the City Attorney be requested to draft amendment to Ordinance No. 1572, Military Leave Ordinance, to provide that an employee of the City and County of San Francisco, on his return to the City's service at the expiration of his leave, be returned to the position he had occupied at the time his leave had been granted.

No objection, and motion carried.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:40 p. m., adjourned.

Urging Repeal of Chinese Exclusion Act.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the people of the Chinese Republic have, for more than six years, resisted with bravery and fortitude, unparalleled in world history, the savage and unprovoked aggression of Japan; and

Whereas, the Republic of China is one of the United Nations, now allied to bring peace to the world and abolish international gangsterism; and

Whereas, there still exists on the statute books of the United States the antiquated law known as the Chinese Exclusion Act, passed in 1882 by the National Government at the behest of the State of California; and

Whereas, at the time this law was enacted it seemed necessary, due to the lack of a national policy on immigration; this condition no longer exists, because the Congress of the United States in 1924 formulated an orderly system for regulating immigration, based upon the census of 1890; and

Whereas, the repeal of the Chinese Exclusion Act and the placing of the nationals of China on the same immigration quota basis enjoyed by the nationals of other countries would take away this continuing insult to our brave ally, and by this gesture of friendship, greatly strengthen China's resistance; and

Whereas, this action would deprive Japan of its most powerful weapon against the United States, by making it impossible for Japan to continue the vicious, poisonous propaganda campaign based upon the existence of this obsolete law upon our statute books; now, therefore, be it

Resolved, That the Board of Supervisors of the City of San Francisco urges upon Congress and upon the President of the United States the repeal of the Chinese Exclusion Act and the placing of the nationals of the Chinese Republic under our quota system in accordance with the quota law of 1924 which would allow approximately 105 Chinese annually to enter this country.

Discussion.

On motion of Supervisor Shannon, the following persons were granted the privilege of the floor and spoke in favor of modification in part as follows:

A. McKee Donan, representing Citizens for Victory Committee, spoke in favor of the resolution, pointing out that the same conditions did not prevail as at the time the Chinese were excluded from the country, and further, that in order to overcome Japanese propaganda in the press and over the radio that "the Chinese were good enough to fight for Democracy, yet the very country which represented Democracy in its fullest sense would have none of them as countrymen and barred them from entrance to the land which upheld its principles." He said, further, that the modification of the Chinese Exclusion Law by permitting the entrance of 105 educated, healthy and financially responsible Chinese would not alone keep faith with China in her terrible struggle to overcome Jap invasion of China, but would prove once and for all that the Jap could not undermine diplomatic and trade relations between two such great nations as United States and China and would prove of inestimable value in furtherance of an early and decisive victory for the Allied Nations. He further said, that the modification of the immigration laws in favor of the Chinese *only* would not in the slightest degree be an entering wedge in favor of increased or the commencement of permissible immigration quotas to the other nineteen yellow races of the earth, and stood firm upon the conviction that no further encroachment upon the immigration quotas as now set up would be made.

Julien Arnold, representing himself, stated that after a period of thirty-eight years spent in China as representative of the United States Chamber of Commerce, although in no sense speaking for that body, represented the Chinese as being eminently fair to Americans in permitting them to enter their country, even welcoming them with open arms, and further than that had always not only countenanced but eagerly sought investment of American capital throughout the length and breadth of the land. No country on the face of the globe, he said, at the culmination of the present hostilities would be so receptive of American investment and labor, to say nothing of labor-saving devices. The Chinese, he said, were of an open mind and would lend themselves most readily to the installation of factories where the labor-saving devices now in prevalent use throughout America would find a ready sale for use by the Chinese. When, he said, the Chinese were gradually accustomed to the inventive genius of the American the field of opportunity for investment and labor by Americans would be unlimited. He pointed out that millions of miles of road would have to be built, factories would have to be installed, hydro-electric installations would

have to be made, utilities would have to be put in cities, radios and household equipment now in use in America could be sold ten-fold more in China within a few short years after the termination of the war. Railroad equipment in untold quantities could be sold to China in order to bring up their present rail lines and those yet to be built to the standard required to even scratch the surface as to possible requirement and use of rail equipment in the future. The radio, the plane of the future, telephones, telegraph and the like would have an unlimited field for American investors. San Francisco, he said, was the key city for export to China and was the logical outlet and would be the closest possible neighbor to China in her quest for the necessities of life as understood by the world of the future. San Francisco, he said, would so far outshine the New York City of the present as to make it dwindle by comparison, that the opportunity for expansion and productivity on the West Coast would be on a scope as yet undreamed of. He was emphatic in his plea that the Chinese Exclusion Law be modified and to that end subscribed himself.

George Wilson, president of the C.I.O. in San Francisco, stated that many Chinese had already joined his organization, were found to be fine workers, and no strife took place between the Chinese and their fellow workers. They were found to be, he said, good citizens and faithful workers. He was in favor of modification of the Chinese Exclusion Law and in making such statement, he said, spoke for the Congress of Industrial Organizations as a whole.

Mrs. Clemmie Barry, representing the Communist Party, was granted the privilege of the floor and read communication from Oleta O'Connor, Secretary, San Francisco County Committee, Communist Party, 121 Haight Street, voicing support of that organization of the proposed modification of the Chinese Exclusion Act.

Kenneth Fung, alien Chinese, associated with the Chinese Consulate in San Francisco, spoke in favor of the modification of the Chinese Exclusion Law by stating that he was the father of two sons, both of whom were born in America, educated in America, and that one was now a student pilot in the Air Corps, that the other son upon reaching his majority would be another fighter pilot in the defense of America. He resented, he said, speaking for the entire population of China, that despite the splendid fight China was making at the present time, Japanese propaganda was prevalent that the Chinese was good enough to have for a splendid ally but not good enough to live in America even on the small scale proposed by the modification now in prospect. He voiced, he said, the opinion of all Chinese and looked forward as a proud father of a son already in the service of America, with eagerness to the adoption of the resolution by the Board.

Kim Low, representing the Chinese Post of the American Legion, stated that there were approximately 8,000 Chinese in the service of the United States at present, and that more especially some 2,000 were San Franciscans. For that reason he was heartily in favor of the repeal of the Exclusion Act.

Mrs. Rose Walker, representing herself, spoke in favor of the modification on the grounds that nothing could be endangered by the adoption of the resolution and that, so far as she was associated with the labor movement, she could see no harm to come of the repeal.

Charles Leong, editor of a Chinese local newspaper, stated that he was in favor of the repeal on the grounds that, while he was Chinese himself, his race was looked upon so favorably that he was at the present time working extra as a copyreader on one of the local papers of San Francisco and was welcomed with open arms rather than looked upon askance.

Supervisor Shannon moved the privilege of the floor to the following

speakers who were opposed to the repeal of the Chinese Exclusion Law:

John Regan, Grand Secretary of the Native Sons of the Golden West, spoke against repeal of the Chinese Exclusion Law, giving as his reasons that the matter should rest until men now in the armed services had returned to their homes and voiced their approval or disapproval of the measure. He stated he was fearful that if the modification carried that the other nineteen Asiatic nationalities would likewise seek entrance into the United States and in the short space of a few years America would be overrun with Asiatics. There was no difference between Chinese and Japanese, he said, each was excluded and the country would be better off right now if the doors had not been opened to the Japanese, and that he was of the opinion that the Chinese, while he was forced to admit were a wonderful ally, would not lend themselves to assimilation in America. America, he said, had a hard enough time to control all the different nationalities within its borders at present rather than to let down the bars to those nationalities not so readily assimilable. Further, he said, the entrance of every Chinese would mean the taking away of a day's work from the working man now in the armed forces and who would be deprived of employment upon his return from the war. Keep the law as it is now was his unalterable opinion, he said.

John A. O'Connell, representing the Labor Council of San Francisco, spoke against the repeal of the Chinese Exclusion Law on the grounds that he did not wish the law "tinkered" with at the present, that it should remain as it is now and has been since 1882 when first enacted. He said he spoke for the American Federation of Labor and that such organization was unalterably opposed to any change in the immigration laws at present.

U. S. Webb, former Attorney General of the State of California, was also heard as to the effect of the repeal of the Chinese Exclusion Law and other legislation now pending in Washington on the same subject.

Explanation of Vote.

Supervisor Colman explained his vote by saying that the Chinese were in dire straits, and in order to overcome the present insidious propaganda spread by the Japanese he was in favor of the entrance into America per year of some 105 Chinese of financial, health and intelligent standing sufficient to warrant. This, he said, would put a stop to the declaration by the Japanese that "the Chinese were good enough to fight for Democracy but not good enough to live in America, its greatest exponent." He was wholeheartedly in favor of the resolution.

Motion to Refer to City Attorney for Clarification.

Supervisor Mead explained his position as being one of doubt as to whether the law would bring about a rush of other Asiatics to our shores who could justifiably demand the same consideration as that given the Chinese, even, he said, so far as to include the Japanese, our present enemy. He (Supervisor Mead) moved, seconded by Supervisor Gallagher, "that this particular matter be referred to the City Attorney's office for clarification so that we will know where we stand.

No objection, and so ordered.

Consideration Postponed.

Whereupon, the foregoing matter was, *without objection, continued for one week.*

Resolved, That this Board of Supervisors respectfully requests his Honor the Mayor to consider the immediate necessity of appointing a committee of representative citizens authorized to initiate this movement, which has been visualized for years by progressive citizens and officials of both counties, by inquiring into the feasibility of instituting negotiations for the consolidation of the County of San Mateo and the City and County of San Francisco; and be it

Further Resolved, That such committee be given full authority to call upon the respective governmental bodies, Chambers of Commerce, and other civic organizations of the County of San Mateo and the Chamber of Commerce and civic organizations of the City and County of San Francisco and invite their participation in this inquiry for the purpose of furthering this consolidation.

Tax Rate—Fiscal Year 1943-44.

Supervisor MacPhee presented an article appearing in issue of *San Francisco Examiner* of Friday, August 27, 1943:

"ROSSI CREDITED FOR TAX CUT

"*Campaign Chief Cites Business Benefits*

"Credit for the 12 cent reduction in the new local tax rate, and the anticipated 15 per cent cut in water rates, was given directly to Mayor Angelo J. Rossi yesterday in a statement by John D. McGilvray, general chairman of the Rossi re-election campaign.

" 'They are definite and practice results of the sound, business like administration given by the mayor,' McGilvray said. 'They are the substantial and beneficial products of experience in the City Hall.

"*Complex Details.*

" 'Neither the tax rate reduction nor the slash in water rates "just happened." They were not the result of wishful thinking nor eloquent speeches, but of consistently painstaking application by Mayor Rossi to the complex details of every one of the fifty-six departments and bureaus that comprise the business organization known as the City of San Francisco.

" 'Running this business is no job for an amateur. It takes experience—the kind that Mayor Rossi has acquired during his twelve years as head of the city government.'

"McGilvray pointed out that tax reduction was never more greatly needed than at present, when every business and every individual is called upon to pay an increasingly heavy burden of Federal taxes to sustain the war.

" '*Business Achievement.*

" 'To reduce local taxes at this time,' McGilvray said, 'is a miracle of business achievement that will probably stand as a record among American municipalities. Our tax rate, during Mayor Rossi's administration, already was the lowest of any comparable American city.

" 'The administrative experience responsible for the new reductions should be retained for the benefit of San Francisco.'

" 'Outstanding as this accomplishment will prove to be,' McGilvray added, 'they are but reflections of many other factors in city progress by Mayor Rossi's administration.

" 'These will in due course be presented to the citizens when Mayor Rossi, in the coming campaign, accounts to the people for his stewardship of their affairs in every detail.' "

Statement by Supervisor MacPhee.

I think that the record should be straightened out. Mr. McGilvray is probably a fine gentleman, maybe a little old, but he has apparently gathered the wrong facts from the wording of his article in *The Examiner* of April 27th. I therefore, ask that the article from *The Examiner* and my remarks be made part of the record.

There is an approximate difference as between the budget recommended of the Board of Supervisors and those of the Mayor of $1,000,000, i.e., the Board of Supervisors' recommendation being $1,000,000 lower than that recommended by the Mayor, which difference represents approximately 12 cents in the tax rate.

I merely call this to your attention because in point of fact the Board of Supervisors fixes the tax rate, not the Mayor. If the Mayor's requests were carried out the tax rate would have remained as it was last year. The fact that it is 12 cents less than last year is due to the activities of this Board of Supervisors and I think that the record should so state.

One thing more I'd like to add: The cost of government has gone up some $5,000,000; the amount of taxes fixed at $4.36 represents a 12 cent reduction. The tax rate does not necessarily reflect the cost of government, that is sometimes guided by the constant increase in assessment roll surpluses returned to the Treasury at the end of each year, and the tax rate itself does not determine the cost of government. The cost of government continues to increase as in the case of the present year some $5,000,000.

I think it is important to consider that legislation adopted by this Board of Supervisors was responsible in large measure for returning large sums of surpluses to the General Fund for tax reduction purposes this year.

Another point I would bring to your attention is that there are some hundreds of jobs in city service vacated by entrance into the armed forces or absence on jobs in the defense effort. Each department head has had to examine closely the necessity for filling a vacancy caused for either one of these reasons. The Finance Committee has taken the position at all times since the outbreak of hostilities that no jobs vacated are to be filled unless there is dire necessity therefor. This also is due in large measure to the Board of Supervisors and not his Honor the Mayor, as the article in the *Examiner* stated. I have always felt that the Supervisors should have voice in declaring open a new position for examination and have so stated on numerous occasions. This has returned to the General Fund surpluses from resultant decreases in personnel. All, due in point of fact, to the effort of the Finance Committee and the Board itself.

However, the recommendations of the Finance Committee itself were not considered in their entirety by the Board as they should have been which, in my opinion, would have resulted in a still lower tax rate.

The figures shown below show conclusively that, regardless of politics as displayed in the article preceding, the reduction in the tax rate for the fiscal year 1943-44 was effected through the efforts of the Finance Committee and the Board of Supervisors, *not entirely by his Honor the Mayor as his campaign committee would have you believe!*

The following figure shows the approximate amount which the Finance Committee recommended by way of reduction in the budget for the fiscal year 1943-1944, as submitted by the Mayor, which sum is required to be provided from taxes.....$695,149

The following figure shows the approximate amount which the Finance Committee recommended by way of reduction in the budget for the fiscal year 1943-1944, as submitted by the Mayor, which sum would have gone to increase surpluses or, if transferred to the General Fund, would have reflected a decrease in the tax rate.....$109,691

Using the figure $80,000 to represent one cent in the tax rate, if

the Finance Committee's recommendations had been adopted and if the sum of $109,691 had been transferred to the General Fund, a reduction of twenty-two cents would have resulted in this year's tax rate, as compared with the tax rate of 1942-1943—ten cents greater reduction than in the tax rate resulting from the adoption by the Board of Supervisors of the Mayor's recommendations, rather than the recommendations of the Finance Committee.

Recommended by Mayor.....$71,392,733
Plus approximately $6,000,000 in supplemental budgets.

Adopted by Board..... 76,218,564
Difference is approximately $1,000,000 less than Mayor's budget.

Board reduced 605,391
Plus certain supplemental budgets not approved by Supervisors.

Actually the cost of government has gone up again about $5,000,000. Only because huge surpluses were built up is the lower tax rate possible. Certain of these surpluses were brought about through less of a relief load and other normal factors. Other surpluses were brought about through progressive legislation of this Board providing for investigation of vacated jobs; freezing of surpluses and new budget procedure.

Dear Sir:

Due to the rapid expansion of construction facilities and employment at the U. S. Naval Drydock, Hunters Point, it is necessary that immediate consideration be given to the development of more adequate passenger transportation service. At present Hunters Point is served by two Market Street Railway Company bus lines and one bus line operated by the Navy. The line presently operated by the Navy extends from Hunters Point along Evans and Army Streets to Twenty-sixth and Castro Street, using Navy owned busses operated by Pacific Greyhound Lines, under contract. In accordance with previous arrangements it is understood that this route will be taken over by Market Street Railway Company on September 12, 1943, and operated as a part of the Company's city-wide system at regular rates of fare, including free transfer to other lines. This line at present is routed to Hunters Point over Evans Avenue, together with the Third Street Line from downtown San Francisco and the Silver Avenue Line from the southern residential area of the city, providing three lines on Evans Avenue.

To meet the increasing employment at Hunters Point, Federal Housing projects of large capacity are under construction in the area immediately southwest of the drydocks, and farther south in the vicinity of Bay View Park. It is essential that provision be made for passenger transportation that will be available upon completion and occupancy of these projects. A number of the housing units immediately to the west of Hunters Point are now nearing completion and will be ready for occupancy within the next few weeks and, pending development of a more comprehensive transportation plan for all housing projects involved, it appears desirable at this time to effect a rerouting of the Silver Avenue bus line at the earliest possible date.

At present the Silver Avenue Line is routed along Silver Avenue from Mission Street to Quesada Avenue, along Quesada Avenue to Quint Street, along Quint Street to Oakdale Avenue, along Oakdale Avenue to Third Street, thence north on Third Street to Evans Avenue, east on Evans Avenue, Hunters Point Boulevard, Innes Avenue and Donahue Street, to Hunters Point. Inasmuch as the Third Street Line and the Army Street Line are both routed over Evans Avenue to Hunters Point from Third Street, it appears that sufficient service can be provided on those two lines to meet the requirements of the area along that route.

To meet the requirements of the housing area located on the southern side of the ridge immediately adjacent to Hunters Point, it is requested that the Silver Avenue Line be changed to operate from Mission Street over Silver Avenue to Quesada Avenue, along Quesada Avenue to Quint Street, along Quint Street to Palou Avenue, thence east over Palou Avenue and Access Road to the bus terminal at Hunters Point, returning via the reverse thereof. This rerouting of the Silver Avenue Line should be made effective coincident with the establishment of service by Market Street Railway Company on the Army Street Line September 12, 1943. It is agreeable that the rerouting of the

Silver Avenue Line remain in effect only so long as the essential needs of the U. S. Naval Drydock at Hunters Point may require.

Your early consideration of this proposal will be greatly appreciated.

Very truly yours,

(Signed) ARTHUR C. JENKINS,
Lieut. Comdr., USNR.

Proposed Charter Amendment—Leaves of Absence.

Requesting Public Utilities Commission to Advise the Board of Supervisors as to What Action Has Been Taken in Placing Orders for Additions and Replacements of Buses for the Municipal Railway.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, due to abnormal conditions in transportation, the Municipal Railway earnings are piling up; and

Whereas, buses will be unavailable during the duration of the war; and

Whereas, due to present conditions the life of buses is much less than under normal conditions; and

Whereas, the demand for new buses, due to these abnormal conditions, is inevitable throughout the United States; and

Whereas, many bus routes in San Francisco should be established, as for example:

Bus service on Bush Street via Sansome Street to Twenty-eighth Avenue and California Street.

Cabrillo Street from Forty-eighth Avenue to Taylor Street and Golden Gate Avenue.

From Junipero Serra Boulevard, via Alemany Boulevard, San Jose Avenue, Guerrero Street, Market Street to Sixth and Mission Streets; returning via Mission Street, Fourteenth Street, Guerrero Street, San Jose Avenue and Alemany Boulevard.

Of the H and D Lines:

Line H should be extended from Potrero Avenue and Army Street, via Bayshore Boulevard to County Line, and in future the H line should be extended to San Mateo.

In place of the D Line operating on Geary Street from Van Ness Avenue east, D Line should be re-routed east on Post Street to Mason; returning via Mason, O'Farrell, Hyde and Post Streets; and

Whereas, at least 150 buses of 45 seating capacity and 50 of 25 seating capacity will be necessary to cover the foregoing routes, and in addition thereto buses to replace those buses that will no longer be in condition for perfect service; and

Whereas, buses cannot be obtained until after the duration of the war; and

Whereas, progressive cities throughout the United States will undoubtedly place orders now for their future bus requirements; and

Whereas, the Public Utilities Commission has decided what the future bus requirements of the Municipal Railway will be, covering new routes and replacements; now, therefore, be it

Resolved, That the Public Utilities Commission be and is hereby respectfully requested to advise the Board of Supervisors, at the earliest possible date, what action the Commission has taken in placing orders for additions and replacements of buses for the Municipal Railway.

One-Man Cars in San Francisco (Other Than Market Street) for the Duration of the War.

The Clerk presented:

MARKET STREET RAILWAY COMPANY

San Francisco, California

August 30, 1943.

To the Honorable the Board of Supervisors of the City and County of San Francisco, City Hall, Civic Center, San Francisco.

Dear Sirs: On August 16, 1943, we addressed a letter to your Honorable Board calling attention to the manpower shortage which exists in our company and asked that a measure be placed on the ballot to be submitted to the People of San Francisco at the General Election next November permitting the operation of one-man cars in San Francisco (other than Market Street) for the duration of the war.

At the meeting of the joint Judiciary and Public Utilities Committee hearing last Thursday, August 26, there was submitted a proposed initiative ordinance for consideration. It was contended that this ordi-

nance would have had the effect of repealing the one-man car ordinance.

We do not feel that it is necessary to repeal the one-man car ordinance, but ask that it be suspended until the termination of the war as determined by the Board of Supervisors.

We therefore ask that the ordinance above referred to be not further considered, and that the amendment to the one-man car ordinance attached hereto be considered in its stead.

Permit me to again call your attention to the fact that we desire the provisions of the one-man car ordinance to be suspended only for the duration of the war as determined by your Honorable Board. Permitting the operation of one-man cars in San Francisco is the only way in which we can attain sufficient manpower to provide additional service so sorely needed at the present time.

Trusting that this matter will have your favorable consideration, I am

Very truly yours,

SAMUEL KAHN, President.

Submitting to the Electors at the General Municipal Election to Be Held in the City and County of San Francisco on the 2nd Day of November, 1943, an Ordinance Amending Section 40 of Chapter IX of the Public Utilities Code (Ordinance No. 15.0917) Permitting the Operation of Street Railway Cars by One Person in the City and County of San Francisco Until the Termination of the War.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, by reason of the manpower shortage caused by the emergency due to the war and for the purpose of improving and providing additional transportation facilities in the City and County of San Francisco during said period, an ordinance has been proposed for submission to the electors of said City and County entitled as follows: "Amending Section 40 of Chapter IX of the Public Utilities Code (Ordinance No. 15.0917), Permitting the Operation of Street Railway Cars by One Person Until the Termination of the War, and Specifying the Age and Qualifications of Such Persons so Operating Street Railway Cars"; and

Whereas, one-third of this Board of Supervisors did on the ..... day of August, 1943, propose that said ordinance be submitted to the electors at the next succeeding general municipal election in conformity with the provisions of Section 179 of the Charter; now, therefore, be it

Resolved, That said proposed ordinance entitled as aforesaid be submitted to the vote of the electors of the City and County of San Francisco at the next general election to be held in said City and County, to-wit: the general municipal election to be held on November 2, 1943, and the Registrar of Voters is directed to take all steps necessary to submit said ordinance to said electors as provided by law.

Said proposed ordinance is as follows, to-wit:

Amending Section 40 of Chapter IX of the Public Utilities Code (Ordinance No. 15.0917) Permitting the Operation of Street Railway Cars by One Person Until the Termination of the War, and Specifying the Age and Qualifications of Such Persons so Operating Street Railway Cars.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 40 of Chapter IX of the Public Utilities Code (Ordinance No. 15.0917) is hereby amended by adding thereto the following sections:

Section 3. Until the termination of the war as determined by the Board of Supervisors, street railway cars (except cable cars), while carrying passengers in the City and County of San Francisco (except on Market Street), may be operated by one experienced person, as provided in Section 51 of Chapter IX of the Public Utilities Code, in sole charge of the operation and management thereof in lieu of a motorman and conductor, provided said person is an adult of not less than twenty-one years of age and any street railway car so operated is equipped with the generally accepted so-called one-man car safety devices.

Section 4. Each and all of the provisions of any ordinance conflicting with the provisions of Section 3 hereof are hereby suspended until the termination of the war as determined by the Board of Supervisors.

Referred to Joint Judiciary and Public Utilities Committee.

Urging Repeal of Chinese Exclusion Act

(Series of 1939)

Resolution No. 3592, as follows:

Whereas, the people of the Chinese Republic have, for more than six years, resisted with bravery and fortitude, unparalleled in world history, the savage and unprovoked aggression of Japan; and

Whereas, the Republic of China is one of the United Nations, now allied to bring peace to the world and abolish international gangsterism; and

Whereas, there still exists on the statute books of the United States the antiquated law known as the Chinese Exclusion Act, passed in 1882 by the National government at the behest of the State of California; and

Whereas, at the time this law was enacted it seemed necessary, due to the lack of a national policy on immigration; this condition no longer exists, because the Congress of the United States in 1924 formulated an orderly system for regulating immigration, based upon the census of 1890; and

Whereas, the repeal of the Chinese Exclusion Act and the placing of the nationals of China on the same immigration quota basis enjoyed by the nationals of other countries would take away this continuing insult to our brave ally, and by this gesture of friendship, greatly strengthen China's resistance; and

Whereas, this action would deprive Japan of its most powerful weapon against the United States, by making it impossible for Japan to continue the vicious, poisonous propaganda campaign based upon the existence of this obsolete law upon our statute books; now, therefore, be it

Resolved, That the Board of Supervisors of the City of San Francisco urges upon Congress and upon the President of the United States

the repeal of the Chinese Exclusion Act and the placing of the nationals of the Chinese Republic under our quota system in accordance with the quota law of 1924 which would allow approximately 105 Chinese annually to enter this country.

Discussion.

The Clerk presented and read an opinion from the City Attorney as to the effect of the repeal of the Chinese Exclusion Act.

Supervisor Shannon, following the reading of opinion from the City Attorney, stated that he felt that if there was anything the people of the United States could do to cement the friendly relations that have always existed toward China, it should be done. The attraction of intelligent type of men to our country would be a decided asset. He would be glad to vote "Aye" on the resolution.

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—11.

(Series of 1939)

Bill No. 2329, Ordinance No. ....., as follows:

Providing for the removal of certain street railway tracks of the Market Street Railway Company due to the substitution of automobile buses in lieu of street car service on Twenty-fourth Street, Fourteenth Street, Guerrero Street, San Jose Avenue, Thirtieth Street, First Street, Divisadero Street, and Fillmore Street, and designating the work to be done and apportionment of expense in the removal of said street railway tracks, the manner and times in which said street railway tracks shall be removed and the disposition thereof in the interest of production for the war effort and the repaving in connection therewith, and providing for track and pavement repair in certain track areas on McAllister Street, Mission Street, Fourth Street, Townsend Street, Eighth Street, Folsom Street, Sansome Street, Bush Street, Second Street, and Brannan Street.

Whereas, Market Street Railway Company is the owner and holder of an operating permit granted by the City and County of San Francisco, which said operating permit is dated February 9, 1931, and wherein and whereby said Market Street Railway Company owns and maintains street railway tracks and operates electric railway cars over, upon and along the certain streets and avenues, or portions thereof, set forth in the title of this ordinance and which are more particularly set forth and described in Exhibit "A" which is hereto annexed and made a part hereof; and

Whereas, pursuant to ordinances duly and regularly passed by the Board of Supervisors of the City and County of San Francisco, Market Street Railway Company has been granted permission to operate automobile buses and motor coaches over, upon and along the streets and avenues set forth and described in said Exhibit "A" in conjunction with and in extension of and supplementary to and as a substitute service for the electric street railways and street car service operated and in effect over, upon and along said streets and avenues and routes; and

Whereas, City and County of San Francisco, for the reasons herein stated, desires that street car operation by Market Street Railway Company, over, upon and along the streets and avenues as set forth and described in said Exhibit "A" be discontinued and certain of the tracks removed from said streets and avenues; and

Whereas, in aid of the production program for the war effort, it has become desirable to salvage therefor, steel rails and tracks such as are now located in the streets and avenues and the portions thereof, described in said Exhibit "A"; and

Whereas, the City and County of San Francisco desires to enter into a contract for the removal of such steel rails, and the Market Street Railway Company is willing to agree to the discontinuance of street car service over and along those certain streets and avenues and routes described in said Exhibit "A," whenever the steel rails and tracks are

removed therefrom for the purpose of salvaging the same, as herein provided; and

Whereas, it appears to the Board of Supervisors of the City and County of San Francisco that it is in the public interest to remove some or all of the street railway tracks on the streets and avenues as described in said Exhibit "A," and that the salvaging of any of the steel rails and tracks described therein will be in the interest of production for the war effort, and the public and public interest will not be injured or suffer by reason of the removal thereof; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the City and County of San Francisco shall have entered into a contract for the removal and salvaging of the steel rails and tracks described in said Exhibit "A," and the repaving of the track areas where such rails are removed, the Market Street Railway Company will transfer title to the City and County of San Francisco of such steel rails and tracks, ties, tie plates, and steel rods, (subject to the reservation contained in Section 5 hereof), to be removed as herein provided, and which are described in said Exhibit "A" as consisting of Seven (7) parcels of track comprising approximately forty-two thousand two hundred thirty-six (42,236) feet of single track with an approximate salvage value of twenty-one thousand seven hundred sixty dollars ($21,760).

Section 2. The City and County of San Francisco and the Market Street Railway Company are to share equally the costs for all rail removals in all track areas described in said Exhibit A and for all further work in connection therewith. The total of such costs, together with the costs of inspection by the city, shall not exceed the sum of $90,000 (ninety thousand dollars). The Department of Public Works shall maintain a separate accounting of all of the costs incurred in connection with the work set forth in Exhibit A.

Upon the completion and acceptance of said work, the Department of Public Works shall prepare a statement setting forth the total costs and deducting therefrom the actual amount received from the salvage of the steel rail and appurtenances referred to in Section 1 thereof, and the remainder shall represent the costs which shall be shared equally by the City and County of San Francisco and the Market Street Railway Company.

If the amount to be assumed by the Market Street Railway as its share of the costs is less than the $45,000 (forty-five thousand dollars) which, under the provisions of section 14 hereof the Market Street Railway has advanced for the purpose of providing for said costs, then said excess advanced shall be refunded to the Market Street Railway Company within 15 days after the net costs have been determined as in this section provided.

The term "costs incurred in connection with the work" as used in this section is hereby defined to mean all direct costs incurred for the performing of the work plus an amount of $2,630 (two thousand six hundred and thirty dollars) to cover the cost of inspection.

Section 3. Market Street Railway Company shall have the exclusive right to use each and all of the street railway tracks described in said Exhibit "A," and each and every part thereof, for any purpose until the removal of said steel rails and tracks from the respective streets and avenues, and portions thereof, described in said Exhibit "A," and during and after the removal of any of said track or tracks Market Street Railway Company shall continue to have the right to operate automobile buses and motor coaches over, upon and along all of said streets, and avenues described in said Exhibit "A" in lieu of and as a substitute service for the electric street railway lines and street car service now in effect over, upon and along said streets and avenues, and the operation of said automobile buses and motor coaches over such routes and the rights and permits hereby granted shall be deemed to be in substitution and in lieu of the rights and permits under which

electric street railway lines and street car service are now operated by Market Street Railway Company over, upon and along said streets and avenues under said operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof, and shall be subject to the terms and conditions of said permit and any such ordinance or ordinances.

Section 4. The City and County of San Francisco may retain such usable rail and joint plates as it requires, and agrees to pay for them at the same price per long ton as that paid by the purchaser of the balance of the rails.

Section 5. The right of Market Street Railway Company to withdraw upon written notice to the City and County of San Francisco any parcel of track described in said Exhibit "A" before the commencement of the work contemplated herein and have same reconveyed to Market Street Railway Company by City and County of San Francisco if Market Street Railway Company determines such parcel of track is necessary or useful for street car operation due to the present national emergency and war conditions, is hereby reserved to the Market Street Railway Company. In such event there shall be a commensurate reduction of the obligations of the City and County of San Francisco and the Market Street Railway Company hereunder.

Section 6. Market Street Railway Company, in addition to its regular track maintenance and track repair in track areas, will perform track and pavement repair work along and upon tracks in areas described in Exhibit "B" which is hereto annexed and made a part hereof. The estimated cost of such track and pavement repair work is the sum of seventy-three thousand seven hundred and seventy-six dollars ($73,776). Said track and pavement repair work is subject to the following conditions and failure of the Market Street Railway Company to do this work as outlined in Schedule B within two years from date herein shall cause the Chief Administrative Officer to order the work done by the City and County of San Francisco and shall immediately forthwith cause suit to be filed against the said Market Street Railway Company for recovery of such funds as may be advanced or expended by the City and County of San Francisco in the performance of this work:

(a) Track reconstruction and pavement repairs necessary on the streets and avenues as set forth in said Exhibit "B" shall be commenced by the Market Street Railway Company within thirty (30) days after the certification of the contract for the removal of the tracks as set forth in said Exhibit "A" and shall be prosecuted diligently thereafter at such a rate as will complete the work within two (2) years from date of said certification.

(b) Market Street Railway Company shall be granted deferment of work in those instances where rail replacement is found to be necessary and where, due to national emergency and war conditions, acceptable rail as may be required is not obtainable.

(c) Market Street Railway Company, in performing paving work in track areas described in said Exhibit "B," will procure and obtain a good, smooth, ridable surface properly conforming to the adjacent pavement and will either remove all basalt block pavement existing in the track areas described in said Exhibit "B" (excluding header blocks) and replace same with asphaltic concrete or lower and cover same with asphaltic concrete. All work to be done to the satisfaction of the Director of Public Works.

Section 7. The work to be performed, as outlined in this ordinance and described in said Exhibit "A" shall be completed within six (6) months from the date the contract for the removal of the rails and repaving of the streets is certified to by the Controller of the City and County of San Francisco, and that described in Exhibit "B" shall be completed within two (2) years from the said date.

Section 8. In the event that the operative properties of the Market Street Railway Company are sold to the City and County of San

Francisco during the time this ordinance is in effect, then and in that event Market Street Railway Company shall be relieved of any unfulfilled obligation arising by reason of any of the provisions, terms or conditions of this ordinance.

Section 9. The public interest will not be injured or suffer by the removal of the street car tracks and the substitution of automobile, bus or motor coach service in lieu of the present electric street railway lines and service in this ordinance referred to and set forth and described in said Exhibit "A," and the Board of Supervisors so finds.

Section 10. This ordinance shall be without prejudice to any of the other rights and privileges now owned or held by said Market Street Railway Company by virtue of its operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof.

Section 11. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 12. All and singular the grants, permits, and rights made and given to City and County of San Francisco and Market Street Railway Company by this ordinance are dependent upon the faithful performance of all of the obligations imposed upon City and County of San Francisco and Market Street Railway Company, and each of them, by this ordinance.

Section 13. Any agreement between Market Street Railway Company and City and County that may have become effective by reason of Ordinance No. 1575 (Series of 1939)—which provided for the furnishing of labor for the removal and salvaging of certain steel rails and tracks of the Market Street Railway Company, including those referred to herein, by the Works Projects Administration—is hereby terminated.

Section 14. This ordinance shall not become effective unless and until the Board of Supervisors shall adopt an ordinance providing for the financing of the cost of doing the work set forth in Exhibit "A" of this ordinance and appropriating the sum of ninety thousand ($90,000) dollars which is the estimated cost of doing the work scheduled and set forth in Exhibit "A," forty-five thousand ($45,000) dollars of said appropriation to be made from the surplus existing in the Special Road Improvement Fund and an equal sum to be advanced by the Market Street Railway Company and paid into the Treasury of the City and County of San Francisco and thereupon to be appropriated for the purpose of defraying the cost of doing said work.

Section 15. Before this ordinance shall become effective, Market Street Railway Company shall file with the Clerk of the Board of Supervisors its written acceptance of the terms and conditions thereof.

Section 16. Any agreement entered into with the Market Street Railway Company pursuant to this ordinance shall contain a provision to the effect that the fact that said Market Street Railway Company has contributed to the removal of the railway tracks mentioned in Exhibit "A" and to the repavement of the streets from which said tracks have been removed, or has agreed to do or shall do the pavement repair work on the streets mentioned in Exhibit "B" shall not relieve the Market Street Railway Company from any obligation which may exist under its operating permit to do and perform any street pavement or repair work or other work on any street in the City and County of San Francisco on which its street railway tracks are maintained.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 506b of Chapter IV, Part II of the San Francisco Municipal Code, is hereby amended to read as follows:

Sec. 506b. No crude petroleum or any of its products or any oils or fluids shall be used for fuel, cooking, heating or illuminating purposes within any building in the City and County of San Francisco unless the same will stand a fire test of one hundred and ten (110) degrees Fahrenheit or greater before it will flash or emit an inflammable vapor, *provided, however, that the foregoing prohibitions shall not be applicable to any trailer that is now located in an auto court in the City and County of San Francisco and is being used for living and cooking purposes and which has been inspected by the Bureau of Fire Prevention and deemed to be safe from a fire hazard standpoint.*

Petitioning Federal Public Housing Authority Not to Use Calvary Cemetery as Location for Federal Housing Project.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, it has been brought to the attention of this Board of Supervisors by the Central Council of Civic Clubs that certain Federal agencies, to-wit, the Federal Public Housing Authority and other agencies interested in providing homes for war workers, are contemplating the construction of houses for war workers on the property commonly known as Calvary Cemetery in the City and County of San Francisco bounded on the north by Geary Boulevard, on the east by St. Joseph's Avenue, on the south by Turk Street, and on the west by Masonic Avenue; and

Whereas, the above mentioned property is in the heart of the residential district of the City and County of San Francisco and is most suitable for permanent high-class dwelling places to be owned and used by the residents of the City and County of San Francisco, and same would have been used and said residences constructed if it were not for the war emergency; and

Whereas, the City and County of San Francisco, through its engineering department, has plans for the opening of certain streets through Calvary Cemetery to connect with other streets in the Richmond District; and

Whereas, the use of the aforesaid property for the construction of houses and homes for war workers will interfere with the use of said property as contemplated by the City and County of San Francisco; and

Whereas, the use of said property for houses and homes for war workers will add to the conjestion of traffic now already existing in the City and County of San Francisco for the reason that the aforesaid property is situated a long distance from the ordinary location where war work is carried on and there are many other places situated in close proximity to locations where war work is carried on which could be used for the construction of houses and homes for war workers; now, therefore, be it

Resolved, That the Federal Public Housing Authority and all other Federal agencies be and they are hereby requested not to use or take the above mentioned property as a location for a war housing project; and be it

Further Resolved, That copies of this resolution be sent forthwith to Honorable Hiram Johnson, United States Senator from California, to Honorable Sheridan Downey, United States Senator from California, and to Honorable Thomas Rolph, Congressman from the Fourth District, and to Honorable Richard J. Opposing Any Further Effort to Have Suspended or Repealed Initiative Ordinance Prohibiting the Operation of One-Man Cars in San Francisco.

(Series of 1939)

Supervisor Mead presented:

Resolution No. ....., as follows:

Whereas, there is in effect, in the City and County of San Francisco, an ordinance voted by the people, prohibiting the operation of one-man street cars; and

Whereas, while refusing to join with Carmen's Union, Division 1004, in a petition to the War Labor Board for an increase in rates of pay, the Market Street Railway Company now seeks submission to the electorate of a proposal for the suspension, during the war, of the initiative ordinance prohibiting the operation of one-man cars in San Francisco on the representations that:

1. It is impossible to retain present help or to procure additional platform men for the operation of its cars at the prevailing rates of pay, which are established by the War Labor Board and which are lower than those paid not only to operators on the San Francisco Municipal Lines but which are lower than those which may readily be procured for unskilled labor in war industry.

2. The Company has approximately fifty cars, equipped for one-man operation, now lying idle in its barns and that by suspension of the two-man requirement, these cars could immediately be put in operation, thus providing a more adequate service for riders on the Market Street Lines, thereby aiding the war effort; and

Whereas, this Board of Supervisors fully cognizant of the problem which confronts the Market Street Railway Company, as well as the operators of its trolley cars, disagrees most emphatically with the method of solution proposed by the Company and avers that the proposal of the Company if put into effect would be but a partial solution to the problem, temporary in effect and would result in a recurrence of the hazards which the Initiative Ordinance was designed to prevent; now, therefore, be it

Resolved, That this Board of Supervisors, acting in the interests of all the people of the City and County of San Francisco does hereby importune the Market Street Railway Company and does urge the Company, in a spirit of patriotism and of concern for the welfare of the public generally as well as for that of its employees:

1. To desist from any further effort to suspend or repeal the Initiative Ordinance prohibiting the operation of one-man cars in San Francisco, which ordinance, designed for the safety and protection of the people was passed by a vote of three to one and which, after litigation to which the Market Street Railway Company was a party, was sustained by the Supreme Court of the United States.

2. To join, wholeheartedly and without reservation, with Carmen's Union Local, Division 1004, in their application now

pending before the War Labor Board for an increased wage for employees of the Market Street Railway Company which shall at least be commensurate with that paid to employees of the San Francisco Municipal Railway for identical work; and be it

Further Resolved, That copies of this resolution be immediately sent to the Market Street Railway Company and to the War Labor Board, Washington, D. C.

Discussion.

Following the reading of the foregoing resolution, Supervisor Mead moved for suspension of the rules for the purpose of immediate consideration.

Supervisors Brown and Colman objected to suspension of the rules.

Thereupon, the foregoing resolution was *referred by the President to the Public Utilities Committee.*

Supervisor Green reported on the Joint Judiciary and Public Utilities Committee's consideration of proposal to submit to the people the question of repeal of the Initiative Ordinance for the prohibition of the operation of one-man cars in San Francisco. The Committee had tabled that matter. Therefore, Supervisor Green felt, the foregoing resolution should be referred to that joint committee.

Supervisor Shannon suggested that inasmuch as Supervisor Brown had objected in joint committee to tabling the matter, he might present a minority report to the Board, after which Supervisor Mead might present his resolution as an amendment to Supervisor Brown's minority report. Supervisor Shannon stated that he had expected to see on the Board's Calendar some statement of the committee's action in tabling the proposal for the repeal of the one-man car prohibition.

Supervisor Brown announced that inasmuch as no majority report had been presented, he could not, of course, present a minority report. In commenting on the Joint Committee's action, he had felt that a matter of such importance should have been decided by the full Board. As a result of the committee's action, the matter cannot be put on the ballot for the November election. Thus five members of the Board have blocked submission of the measure to the people.

Supervisor Mead moved that the Public Utilities Committee be instructed to consider his resolution during the week, and to report the matter back to the Board in time for the Board's next meeting.

In support for his motion, Supervisor Mead read Rule No. 39 of the Board of Supervisors, and pointed out that, in his opinion, the Board had the right so to instruct a committee.

Supervisor Brown, Chairman of the Public Utilities Committee, announced that if the Board should so instruct the committee, the committee would act accordingly, although such procedure did not seem to him to be a very democratic manner of handling things. However, even if not instructed, Supervisor Brown stated, the committee would make a reasonable attempt to report the matter back to the Board by its next meeting.

Thereupon, Supervisor Mead announced that he was satisfied with Supervisor Brown's statement, and would not press his motion. However, he would move that the matter be made a Special Order of Business for Monday, September 13, 1943, at 2:30 p. m. Motion seconded by Supervisor Meyer.

The Chair ruled the motion to be out of order. He believed the Committee should have some rights and dignity in the matter; it might be possible for the Committee to report in time for the next Board

meeting, but until the Committee did report there was nothing before the Board.

Thereupon, the Chair further stated, that pursuant to suggestions made he would change his previous order and refer the matter to the Joint Judiciary and Public Utilities Committee.

Following further brief discussion as to procedures in committee, with particular reference to the practice of "tabling" matters in committee, the Chair suggested that whenever there appeared to be a conflict between the rules of the Board and charter provisions, or any ambiguity in the rules, that such cases be referred to the Rules Committee.

Supervisor Mead presented a charter amendment amending Section 171 of the Charter relating to retirement of certain members of the Fire Department and prescribing contributions and conditions and amounts of pensions to be paid.

Privilege of the Floor.

Mr. Robert Callaghan, representing the Fire Department, having been granted the privilege of the floor, on motion by Supervisor Gallagher, explained the foregoing amendment. On being questioned by Supervisor Roncovieri, Mr. Callaghan stated that the proposed charter amendment had not been approved by the City Attorney, although it was a replica of proposed amendment presented in 1938, which had been approved by the City Attorney.

Mr. Al Smith, representing the Bureau of Governmental Research, objected to any order for submission to the electors at the present time, stating that the amendment had been available for study by the public for only a few days, and no organization or citizen group had been given an opportunity to study same. The amendment, if approved, he stated, would increase the city's cost ultimately by some $211,000. It would increase, also, the city's proportion of contribution from 11 per cent to 15 per cent, while the men would pay only 5 per cent of their salaries. Other city employees pay for 50 per cent of their pensions. Consideration should be given also to the present deficit of five to six million dollars for pensions for the older firemen and policemen. The charter amendment need not be presented at this time since it cannot become effective before ratification by the State Legislature, the next regular session of which is in 1945.

Lieutenant James Quigley, of the Police Department, on being granted the privilege of the floor, pointed out that the deficit was not the liability of members of the Fire or Police Departments, and should have no bearing on the submission of the proposed amendment. The amendment was the same as drawn in 1938, and it would, he declared, in the long run effect a saving to the taxpayers.

Mr. Callaghan, in answer to statements by Mr. Smith, denied that the amendment had been hastily drawn and that the various citizen groups and organizations had not been given the opportunity to examine it. The amendment was drawn in 1938, and its proponents had consulted with the various down town groups for some two years, but had accomplished nothing.

The City Attorney declined to pass on the amendment. He had not yet examined it, and he would not approve it on the strength of the statement that it was identical with amendment approved by him in 1938.

Supervisor Shannon reported on the Judiciary Committee's consideration of charter amendments. In committee both proponents and opponents of some amendments had been heard, while only the proponents of other amendments had been heard. He believed that those amendments, only one side of which had been heard, should be re-referred to committee for further hearing. For that reason, he would move that proposed charter amendments, as follows, be re-referred to Judiciary Committee for further hearing; that the Board, at the conclusion of its day's business, recess, to reconvene on Friday, September 17, 1943, at 2:00 p. m., at which time the Judiciary Committee will report back to the Board on proposed charter amendments:

Proposed Charter Amendment Relating to Retirement of Members of

the Police Department and Prescribing Contributions and Conditions and Amounts of Pensions to Be Paid;

Proposed Charter Amendment Relating to Retirement of Members of the Police Department and Prescribing Contributions and Conditions and Amounts of Pensions to Be Paid;

Proposed Charter Amendment Relating to Contracts for Construction, Reconstruction, Repair or Improvement of Public Streets.

Motion seconded by Supervisor Green.

No objection, and motion *carried*.

Notice of Meeting of Committee.

Supervisor Green announced meeting of Judiciary Committee for Wednesday, September 15, 1943, at 2:00 p. m.

Consideration Postponed Temporarily.

Supervisor Gallagher, seconded by Supervisor Shannon, moved that the foregoing proposed charter amendment be ordered submitted to the electors.

Supervisor MacPhee, seconded by Supervisor Colman, moved, as a substitute to the foregoing motion, that consideration be postponed temporarily, in order to give the City Attorney an opportunity to study the proposed amendment.

Motion *carried* by the following vote:

Ayes: Supervisors Brown, Colman, Green, MacPhee, Roncovieri, Uhl—6.

Noes: Supervisors Gallagher, Gartland, Mead, Meyer, Shannon—5.

Consideration of Charter Amendment Resumed.

Subsequently during the proceedings, the City Attorney reported that he had studied the proposed charter amendment, and, with a few minor changes, he was prepared to approve same. The changes were as follows:

In the third paragraph under Section 171 (a), beginning with the word "Compensation," delete the words "Workmen's Compensation, Insurance and Safety Act," and substitute in lieu therefor, the words "Labor Code."

In paragraph (e) of Section 171, delete the words "Workmen's Compensation Insurance and Safety Law," and substitute therefor the words "Labor Code."

Delete the paragraph immediately after paragraph (k) of Section 171 and insert in lieu therefor the following paragraph:

"Should any retired person, except persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the Retirement Board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the City and County, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed the compensation on the basis of which his pension or retirement allowance was determined, provided, that the provisions of this paragraph shall not apply, during any war in which the United States is or may be engaged, to persons retired under this section."

The City Attorney announced that with the foregoing changes, he would approve the proposed amendment.

Thereupon, Supervisor Shannon, seconded by Supervisor Gallagher, moved that the foregoing amendments be approved, and that the charter amendment, as amended, and reading as follows, be ordered submitted to the electors:

Protesting Establishment of Federal Housing Project in Either Calvary or Laurel Hill Cemeteries.

(Series of 1939)

Resolution No. 3597, as follows:

Whereas, it has been brought to the attention of this Board of Supervisors by the Central Council of Civic Clubs that certain Federal agencies, to-wit, the Federal Public Housing Authority and other agencies interested in providing homes for war workers and persons who may have been, or may be, evicted or removed from their present dwelling places in the City and County of San Francisco, by reason of said dwelling places being substandard, or being ordered vacated by the municipal authorities, are contemplating the construction of houses for said persons on the properties commonly known as Calvary Cemetery and Laurel Hill Cemetery; and

Whereas, the above mentioned properties are in the heart of the residential district of the City and County of San Francisco and are most suitable for permanent high-class dwelling places to be owned and used by the residents of the City and County of San Francisco, and same would have been used and said residences constructed if it were not for the war emergency; and

Whereas, the City and County of San Francisco, through its engineering department, has plans for the opening of certain streets through Calvary Cemetery to connect with other streets in the Richmond District; and

Whereas, the use of the aforesaid properties are for the construction of houses and homes for war workers and other persons mentioned above will interfere with the use of said properties as contemplated by the City and County of San Francisco; and

Whereas, the use of said properties for houses and homes for said war workers and other persons mentioned above will add to the congestion of traffic now already existing in the City and County of San Francisco for the reason that the aforesaid properties are situated a long distance from the ordinary location where war work is carried on and there are many other places situated in close proximity to locations where war work is carried on which could be used for the construction of houses and homes for war workers and other persons above mentioned; now, therefore, be it

Resolved, That the Federal Public Housing Authority and all other Federal agencies be, and they are hereby, requested not to use or take the above mentioned properties as a location for a war housing project; and be it

Further Resolved, That copies of this resolution be sent forthwith to Honorable Hiram Johnson, United States Senator from California; to Honorable Sheridan Downey, United States Senator from California, and to Honorable Thomas Rolph, Congressman from the Fourth District and to Honorable Richard J. Welch, Congressman from the Fifth District, and to the Housing Authority of the City and County of San Francisco.

Discussion.

Supervisor MacPhee, in discussing the foregoing resolution, stated that he believed the resolution should be adopted. However, adoption of the resolution does not help in solving the problem of finding other space for housing, and voting for the resolution does not mean asking that housing does not go ahead in San Francisco.

Supervisor Shannon reminded the Board of protests previously made against using Laurel Hill Cemetery site for Federal Housing, and suggested that the resolution should be even stronger in protesting against the use of the cemetery sites for any Federal Housing. There should be no Federal Housing on the cemetery sites at any time.

Mr. Carroll Newburgh, Mrs. Annie Scanlon and Mr. Edward Kenny protested the use of the cemetery sites for Federal Housing Projects, and urged the adoption of the resolution.

Mr. Wesley C. Peoples opposed the adoption. There should be no objection, he believed, to temporary housing for any people who need such housing.

Supervisor Mead, in further argument in explanation of his views, pointed out that he was objecting only to the use of the cemetery sites for temporary housing. He was not objecting to necessary temporary housing in proper locations.

Supervisor Colman explained his intended vote, saying he was voting in favor of the resolution because of the type of construction proposed. Such housing is not suitable or appropriate for this particular property. The Housing Authority should find proper locations for temporary housing.

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—11.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Opposing Any Further Effort to Have Suspended or Repealed Initiative Ordinance Prohibiting the Operation of One-Man Cars in San Francisco.

(Series of 1939)

Supervisor Mead presented:

Resolution No. 3599, as follows:

Whereas, there is in effect, in the City and County of San Francisco, an ordinance voted by the people, prohibiting the operation of one-man street cars; and

Whereas, while refusing to join with Carmen's Union, Division 1004, in a petition to the War Labor Board for an increase in rates of pay, the Market Street Railway Company now seeks submission to the electorate of a proposal for the suspension, during the war, of the initiative ordinance prohibiting the operation of one-man cars in San Francisco on the representations that:

1. It is impossible to retain present help or to procure additional platform men for the operation of its cars at the prevailing rates of pay, which are established by the War Labor Board and which are lower than those paid not only to operators on the San Francisco Municipal Lines but which are lower than those which may readily be procured for unskilled labor in war industry.

2. The Company has approximately fifty cars, equipped for one-man operation, now lying idle in its barns and that by suspension of the two-man requirement, these cars could immediately be put in operation, thus providing a more adequate

service for riders on the Market Street Lines, thereby aiding the war effort; and

Whereas, this Board of Supervisors, fully cognizant of the problem which confronts the Market Street Railway Company, as well as the operators of its trolley cars, disagrees most emphatically with the method of solution proposed by the Company and avers that the proposal of the Company if put into effect would be but a partial solution to the problem, temporary in effect and would result in a recurrence of the hazards which the Initiative Ordinance was designed to prevent; now, therefore, be it

Resolved, That this Board of Supervisors, acting in the interests of all the people of the City and County of San Francisco does hereby importune the Market Street Railway Company and does urge the Company, in a spirit of patriotism and of concern for the welfare of the public generally as well as for that of its employees:

1. To desist from any further effort to suspend or repeal the Initiative Ordinance prohibiting the operation of one-man cars in San Francisco, which ordinance, designed for the safety and protection of the people was passed by a vote of three to one and which, after litigation to which the Market Street Railway Company was a party, was sustained by the Supreme Court of the United States.

2. To join, wholeheartedly and without reservation, with Carmen's Union Local, Division 1004, in their application now pending before the War Labor Board for an increased wage for employees of the Market Street Railway Company which shall at least be commensurate with that paid to employees of the San Francisco Municipal Railway for identical work; and be it

Further Resolved, That copies of this resolution be immediately sent to the Market Street Railway Company and to the War Labor Board, Washington, D. C.

Discussion.

Supervisor Shannon explained that because of other business, and the absence of Supervisor Mead from the Joint Committee, Judiciary and Public Utilities, to which the foregoing resolution was, on September 7, 1943, referred, had not considered the resolution or reported it to the Board. However, he would move that the resolution be taken up immediately by the Board.

No objection, and *so ordered.*

Supervisor Mead explained the purport of the resolution, and urged its adoption.

Mr. L. V. Newton, representing the Market Street Railway Company, questioned the accuracy of statements contained in the resolution. The wages being paid at present are fairly attractive, as wages in the transportation field go, but his company could not, if it wanted to, pay the high wages paid in war industries. The Municipal Railway, with wages higher than those paid by his company, is short some 80 men. As to the one-man cars, his company would do everything possible to the end that one-man car operation be permitted in San Francisco. The Board of Supervisors should not deprive the people of the right to vote on the matter. If the people refuse to permit such operation, his company would have nothing further to say.

Supervisor Mead, in reply to Mr. Newton, pointed out that it was the people, by a vote of about three to one, who had prohibited one-man car operation in San Francisco, and he believed they would vote it down again.

Mr. Lloyd Taylor objected to the resolution.

Mr. S. L. Douglass, representing employees of the Market Street Railway Company, and Mr. H. S. Foley, representing Municipal Railway employees, both supported the resolution.

Supervisor Uhl expressed the desire to have the resolution taken up seriatim, stating that he was in favor of increasing wages, but was opposed to the one-man car. However, he did not press the matter.

Supervisor Colman opposed adoption of the resolution. He had never opposed the one-man car. He believed the Board should permit the voters to exercise their right to vote to suspend the prohibition against their operation, especially during the emergency. One-man buses are successfully operated in San Francisco, and their operation is more difficult than that of the one-man street cars. As to advising about wage problems, he did not believe it to be a function of the Board of Supervisors to offer advice. He would vote against the resolution, and he expressed the hope that the Judiciary Committee would report out the proposal still in committee to submit to the people the question of the one-man car operation.

Adopted.

Thereupon the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—9.
Noes: Supervisors Brown, Colman—2.

His Honor the Mayor Requested to Declare Week of September 27th "San Francisco Opera Week"; Ordering the Installation of Plaque in War Memorial Opera House in Commemoration of Twenty-first Annual Season of San Francisco Opera Company.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 3598, as follows:

Whereas, the annual season of the San Francisco Opera Association, October 7th to October 30th, in the War Memorial Opera House, will celebrate the Twenty-first Anniversary of the establishment of San Francisco's own grand opera company; and

Whereas, the San Francisco Opera Company, through its artistic and box office success, has made San Francisco second to no other city in the United States in its love and support of good music; and

Whereas, no other city, with the single exception of New York, has equaled the record of San Francisco in the continuous operation of its own opera company; and

Whereas, the San Francisco Opera Association's seasons and its concert attractions have enriched the cultural life of our city; and

Whereas, since the advent of war, the Opera Association, together with its affiliated organizations, has contributed generously to the entertainment of thousands of men and women in the armed forces and aided greatly in building public morale; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco requests the Mayor to declare the week of September 27th San Francisco Opera Week; and be it

Memorializing the Congress of the United States to Sponsor Federal Legislation to Permit Reduction in Income Taxes by an Amount Not to Exceed $7,500 for Construction or Reconstruction of Buildings.

(Series of 1939)

Supervisor Brown presented:

Resolution No. 3601, as follows:

Whereas, the unconditional surrender of Italy which has just taken place is not only a triumph for the American and Allied arms, but constitutes a long step toward the successful termination of the war; and

Whereas, military authorities are generally agreed that the remaining Axis powers cannot long withstand the tremendous forces now being exerted against them by the Allied Nations; and

Whereas, cessation of hostilities in Europe, while it will not mark the end of the global conflict, will begin to create a series of postwar problems in the United States; and

Whereas, not the least of these problems will be the re-employment of hundreds of thousands of men released from the armed forces and the continuing employment of millions now engaged in war industries in this country; and

Whereas, it seems advisable that every effort should be made to create employment timed to be available after the cessation of hostilities in Europe; and

Whereas, one of the fields in which employment can unquestionably be created is that of the building industry, both industrial and residential; and

Whereas, because of the unavailability of funds due in large part to the high rate of income tax now paid by businesses and individuals, many such businesses and individuals will be unable to undertake construction that they otherwise would be glad to initiate; and

Whereas, the Federal Government should be urged to stimulate construction in such cases wherever possible; and

Whereas, a reasonable reduction in income tax payments by individuals or by businesses, commensurate with the expenditures made in construction lines would unquestionably serve as a stimulant to such construction; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco urge upon our Congressmen and upon the proper officials in Washington that they initiate and sponsor Federal legislation which will allow a deduction for income tax computation purposes from income of businesses or individuals, equal to the amount which is expended by such businesses or individuals for new construction, either business or residential, during any calendar year after the cessation of hostilities but not to exceed $7,500 in any one calendar year.

CHARTER AMENDMENT

Describing and setting forth a proposal to the qualified electors City and County of San Francisco to amend the Charter of said Ci County by amending Section 78 thereof, relating to the tax levy by inc therein the sum of ten cents each year for the years 1944 to 1954, inc for the construction, reconstruction, repair, maintenance or improvem sewers or the sewer system.

The Board of Supervisors of the City and County of San Francisco submits to the qualified electors of said City and County at an electio held therein on November 2, 1943, a proposal to amend the Charter City and County by amending Section 78 thereof, to read as follows:

Section 78. On or before the 15th day of September of each ye board of supervisors by ordinance shall levy a tax, the estimated p of which, together with the total amount of receipts and revenues est to be received from all sources, will be sufficient to meet all appropr made by the annual appropriation ordinance.

Discussion.

Mr. Jack Smith, representing San Francisco Building and Construction Trades Council, reported that the foregoing proposed charter amendment had been presented at the request of that Council, and he urged that it be ordered submitted to the electors.

Mr. Al Smith, in discussing the proposed amendment, declared that the ten cents proposed could not be sufficient to pay for needed sewers; a bond issue would still be needed.

The Chief Administrative Officer announced that he was not opposed to the financing of sewer construction as proposed in the amendment. Something must be done for improvement of sewers. There is not being made, he continued, a study of financing sewer construction by sewer rental plan. In closing, the Chief Administrative Officer pointed out that there could not be sufficient funds provided by ten cents in the tax rate to take care of necessary sewer construction; a bond issue would also be necessary.

Thereupon, Supervisor Brown, after stating that the proposal was intended to provide at least ten cents annually in the tax rate for sewers, but not to limit the tax levy to that amount, moved as an amendment that the words "not less than" be inserted in subitem (f) of item (2), immediately before the words "ten cents on each one hundred dollars of assessed valuation for the construction, reconstruction, maintenance, improvement or repair of sewers or the sewage system;" making that subitem (f) read as follows:

"(f) streets, sewers and buildings, provided that each year for the period commencing 1944 and ending 1954 there shall be included in each annual tax rate, not less than ten cents on each one hundred dollars of assessed valuation for the construction, reconstruction, maintenance, improvement or repair of sewers or the sewage system;"

Motion seconded by Supervisor Mead.

No objection, and amendment *approved.*

In Hands of the Board.

There being no other citizens present who desired to be heard, the Chair declared the proposed charter amendment taken into the hands of the Board.

Supervisor Brown, in support of the proposed amendment, called attention to the condition of the sewers in San Francisco, and the many suits that have been filed against the City and County as a result of breakdown in the sewer system. The sewer system, he stated, had become a menace to public health. The program is in line with the program being considered by the Chief Administrative Officer. The money for the repair of sewers must come from the taxpayers of San Francisco, either by a direct tax levy or by bond issue to be repaid out of tax funds. The proposed charter amendment gives the people the opportunity to express themselves in the matter. The Board should, he believed, order the amendment submitted to the people.

Supervisor Shannon agreed with the views expressed by Supervisor Brown. He believed the proposal was the most important amendment before the Board. The condition of the sewers is well known. The

Board has been requested to include $4,000,000 in the budget for repair of sewers. The inclusion of ten cents in the tax rate, for a period of ten years, is a nominal amount, and it will prove a good investment. Thereupon, Supervisor Shannon moved that the proposed amendment be ordered submitted to the people.

Motion seconded by Supervisor Meyer.

Supervisor Colman, in discussing the proposed amendment, and in explanation of his intended vote, agreed that the procedure was perfectly sound in that it would keep the City and County out of debt and would save interest on bonds. The trouble, however, was that the proposal would not provide enough money and so would not solve the problem. Supervisor Colman agreed with the Chief Administrative Officer that a bond issue would be needed also. It would not be wise, in his opinion, continued Supervisor Colman, that would not adequately and properly meet the situation. There is no need for the amendment, because the Supervisors can provide funds each year for sewer improvements without such amendment. The Chief Administrative Officer is conducting a study of a proposed sewer rental plan, and his report thereon will be presented to the Board in a short time. Such plan may be the proper solution to the problem. In concluding, Supervisor Colman announced his intention to vote against ordering submission, stating he did not think the method proposed for financing sewer repair and construction the best method.

Supervisor Mead favored submitting the proposal to the people. Up to now, he stated, very little has been accomplished in the reconstruction of the sewer system. Should the people approve the proposed charter amendment, it will be a step toward correcting the conditions that now exist. Later on, if a bond issue is necessary, it would not need to be so large.

Supervisor Roncovieri expressed opposition to any bond issue to catch up with the neglect of past years. He believed the proposal to provide ten cents in the tax rate would be the best and cheapest way to pay for the errors of neglect in past years. The proposal would be the beginning of a "pay as you go" plan. If in ten years the necessary improvements and reconstruction have not been completed, the same proposal can again be submitted to the people.

His Honor Mayor Rossi, who was present in the chambers, in discussing the proposed charter amendment, stated that it might cost from 30 to 40 cents in the tax rate to take care of the sewer problem. He believed it would be unfair to the present taxpayers to go to such great expense in the construction of sewers; the cost should be spread over a period of years. He would favor a sewer rental plan, study of which was being made by the Chief Administrative Officer. That might well be the solution to the problem. There were only two ways properly to finance main sewer construction, he felt; one method was by bond issue; the other, by a sewer rental plan. However, the submission of the proposed amendment was the responsibility of the Board of Supervisors. He personally thought submission would be unwise. He believed the Board should await the report from the Chief Administrative Officer.

In answer to questioning by Supervisor Shannon, the Mayor explained briefly the features of the sewer rental plan. Consumers of water would be charged a small amount, possibly 5 per cent of the amount of their water bill, for sewer construction. It might be possible that a reduction in water rates would offset such amount for sewer rental.

Supervisor Roncovieri, in further commenting on the proposed amendment, stated that in his opinion there was no conflict between the proposed measure and the financing of sewer construction by sewer rental plan, or by bond issue.

Supervisor Brown, replying to views expressed by the Mayor, pointed out that whatever form of financing was adopted, it would still be taxation. The proposed charter amendment, though, would require only a majority vote, whereas any bond issue would require a two-thirds vote.

His Honor the Mayor, in further statement, expressed the thought that at present any provision for sewer improvements or construction, out of the tax rate, was discretionary, while should the proposed amendment be approved by the people it would be compulsory. He feared, too, that if the amendment should be approved, the people would have the impression that the entire problem was solved, and would not be likely to approve a bond issue.

Supervisor Colman also pointed out that the Board could now provide in the tax levy any amount it deemed advisable, and he did not believe the people should be asked for something that would not solve the problem.

Supervisor Shannon urged the members of the Board to vote to order the charter amendment submitted to the voters, and relieve the terrible condition of the sewers. The amendment did not limit the amount of tax levy to ten cents. Any amount deemed advisable or necessary could be levied.

Ordered Submitted.

Thereupon, the roll was called and the proposed charter amendment, as amended, and reading as follows, was *ordered submitted* to the electors by the following vote:

Consideration of Proposed Charter Amendments.

The following matters, presented by the Judiciary Committee, without recomm tion, were taken up:

CHARTER AMENDMENT

Describing and setting forth a proposal to the electors of the City County of San Francisco to amend the Charter of said City and Coun adding thereto a new section to be designated Section 151.1, empowerin Board of Supervisors, if it determines that an increase in the cost of l has occurred, to raise compensations of municipal employees to meet increase.

The Board of Supervisors of the City and County of San Francisco h submits to the electors of said City and County at the general election held on November 2, 1943, a proposal to amend the Charter of said City County by adding thereto a new section to be designated Section 151 read as follows:

Section 151.1. The Board of Supervisors shall have power, if it d mines by ordinance that an increase in the cost of living has occurred, i diately to increase any or all salaries, wages and compensations of every and nature, except pension or retirement allowances, for the position places of employment of all officers and employees of all departments, o boards and commissions of the city and county in all cases where such

sations are paid by the city and county, by amounts which in no case shall higher in proportion to such salary, wage or compensation than the percentage of increase in the cost of living determined by said board. All such increases in salaries, wages and compensation shall be in addition to the salaries, wages and compensation specified in the current annual salary ordinance. In determining that an increase in the cost of living has occurred and that increases in such salaries, wages and compensations shall be paid, said board shall obtain, from the appropriate federal and state agencies, what data relative to the cost of living they may have and shall obtain what other data on the subject may seem to said board to be desirable, and determinations of said board on the subjects covered by this section shall be final. No other procedure need be followed or complied with in exercising the powers hereby granted to said board.

Increases in salaries, wages or compensations made pursuant to this section shall be immediately payable, provided there be funds not otherwise appropriated available for such payment.

Discussion.

Mr. Sweeney, representing the American Federation of Labor, and Mr. John O'Connell, representing the American Federation of Labor and Building and Construction Trades Council, addressed the Board at length, and urged that the foregoing proposed amendment be ordered submitted to the voters.

The following protest against submission was presented by the Civil Service Commission, and read by the Clerk:

Honorable Board of Supervisors
City Hall, San Francisco.

Gentlemen:

We have analyzed the charter amendment proposing a cost of living increase for city employees. We appreciate the principles and theories of fixing salaries according to cost of living fluctuation, and recognize that many agencies are adopting such a plan. However, the proposed charter amendment is neither a proper cost of living salary plan or an emergency salary increase. It is unsound and we consider it to be a very undesirable piece of legislation.

We protest the placing of this amendment on the ballot on the following bases:

The Proposal—

1. Nullifies the salary standardization provisions adopted by the people last November.
2. Nullifies present charter provisions establishing salaries to be paid elected officials, members of boards and commissions, and other groups whose salaries are now fixed in the charter.
3. Proposes to place on the Board of Supervisors, a legislative body, the responsibility for assembling information on which to fix salaries, which procedure is contrary to present charter requirements.
4. Proposes determination of cost of living increase on varied bases easily susceptible to manipulation.
5. Proposes unlimited increase based on cost of living with no proviso for reduction in accordance with reduction in cost of living.
6. Fails to recognize that cost of living adjustments commonly are made to reflect an increase in the amount needed to maintain a decent standard of living, and that sound cost of living adjustments are framed in proportion to the amount of salary received. For example, this proposed charter amendment would have the effect of giving the same percentage of increase to an employee at $120 per month, and an executive

at $1,000 a month—only the employee on the basis of 10 per cent increase would get $12 a month extra, and the executive would get $100 a month extra compensation.

7. Is framed in such a manner as to be unintelligible from a point of view of providing for cost of its provisions or administration.

8. Violates Section 71 of the charter providing for the manner of fixing salaries.

We have repeatedly requested the Board of Supervisors, and the Board of Supervisors has agreed, to give the Civil Service Commission a reasonable time in which to review proposals governing personnel matters, but we were not given this proposed charter amendment until this morning, September 17, 1943, at the meeting of the Judiciary Committee. We therefore have had such a limited time to analyze the proposal that the above objections are submitted as a few objections to the proposal.

The Board of Supervisors has asked the Civil Service Commission to conduct a new salary survey in order to bring salaries in line with present-day levels for the budget of 1944-45. Under date of August 20, 1943, we informed you that we were proceeding with this project. We also informed you that we were proceeding with the survey even in view of limited personnel and difficult working conditions. If the Board of Supervisors proposes to place on the ballot the charter amendment discussed herein, we see no point in proceeding with the salary survey as it is our opinion the so-called cost of living proposal will complicate matters to such a degree that our work and our time and expense involved will be wasted.

In closing we wish to state that it is our opinion the proposed charter amendment adding Section 151.1 is unsound and in effect asks the taxpayers of the City and County of San Francisco to sign a blank check without a fair consideration of generally accepted policies and procedures in public administration.

Very truly yours,

CIVIL SERVICE COMMISSION,

HARRY K. WOLFF, President,
JOHN W. BENDER, Vice-President,
MILTON S. MAXWELL, Commissioner.

KATHLEEN DOLEN, Personnel Director and Secretary.

Mr. Al Smith, representing the Bureau of Governmental Research, protested against submission of the proposed amendment to the people, and expressed agreement with the protest by the Civil Service Commission. He agreed that the amendment would practically do away with salary standardization.

Mr. Cameron King explained the proposed amendment, and denied that it would nullify salary standardization. The amendment was designed to permit the Board of Supervisors to take cognizance of any sudden rise in cost of living.

Supervisor Roncovieri stated that the amendment seemed to be loosely drawn.

Mr. O'Connell, in answer, stated that Supervisor Roncovieri apparently was just looking at the Civil Service Commission's protest; he was not looking at the amendment itself.

Supervisor Green, in discussing the amendment, stated that although he was in favor of the principle, he disliked to vote for something improperly or too loosely drawn. He requested, also, that the City Attorney study the objections raised by the Civil Service Commission.

Supervisor Colman announced that he would vote against submission. Such proposal should have the benefit of a great deal of study by committee, the Civil Service Commission, the City Attorney, and by

interested citizens. He agreed with the conclusions reached by the Civil Service Commission.

Supervisor Mead moved that the Board recess for fifteen minutes, to permit members to consult with the City Attorney regarding the proposed amendment. Motion seconded by Supervisor Shannon.

Supervisor Brown opposed any recess, but moved that the vote on submission be postponed temporarily. Motion seconded by Supervisor Shannon.

No objection, and so ordered.

Subsequently during the proceedings, consideration of the foregoing proposed charter amendment was resumed.

Report of City Attorney.

The following communication from the City Attorney was presented and read by the Clerk:

September 17, 1943.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

You have referred to me a proposed charter amendment designated as Section 151.1, which, to describe briefly, gives to the Board of Supervisors the right to increase the compensations of all officers and employees of the City and County of San Francisco to meet the increased cost of living.

With the proposed amendment is a comment upon the same filed with your Board by the Civil Service Commission. The communication from the Civil Service Commission makes the following comments on the proposed amendment:

Comment No. 1: That the amendment nullifies the salary standardization provisions adopted by the people last November.

Possibly the word "nullifies" goes a bit far, but certainly, it interferes to a very great extent with the amendment to Section 151 of the charter as amended in November, 1942, which placed in the hands of the Civil Service Commission and the Board of Supervisors the duty of standardizing and fixing compensations. True, it may be argued that the Civil Service Commission and the Board may still standardize salaries, but if the salaries are to be increased by an action of the Board of Supervisors, standardization is rather an idle act. This is especially true if you give consideration to the provisions contained in Section 151 as amended, the pertinent portion of which reads as follows:

> "Not later than January 15, 1944, and every five years thereafter and more often if in the judgment of the Civil Service Commission or the Board of Supervisors economic conditions have changed to the extent that revision of existing schedules may be warranted in order to reflect current prevailing conditions, the Civil Service Commission shall prepare and submit to the Board of Supervisors a schedule of compensation."

It would therefore appear that in fixing compensations, both the Civil Service Commission and the Board of Supervisors have power, as Section 151 is now written, to take into consideration changed economic conditions.

Comment No. 2: That the proposed amendment will nullify the present charter provisions establishing salaries to be paid to elective officials, members of boards and commissions and other groups whose salaries are now fixed in the charter.

This contention seems to be correct, for the reason that the amendment would provide for the increase of salaries of all officers, as well

as all employees, of the City and County irrespective as to whether or not their compensations were fixed by the charter.

Comment No. 3: Proposed to place on the Board of Supervisors, a legislative body, the responsibility of assembling information on which to fix salaries.

This comment seems to be correct, and your attention is directed to Section 151 as it is now written, which makes the Civil Service Commission the agent of the Board to assemble this information and then permits the Board to act accordingly.

Comment No. 4: Needs no opinion from this office.

Comment No. 5: Needs no opinion from this office.

Comment No. 6: This matter is entirely up to the Board of Supervisors.

Comment No. 7: While the amendment is not entirely clear, I am of the opinion that it is proposed to give the Board of Supervisors the right to increase salaries over those standardized by action of the Board and the Civil Service Commission.

Comment No. 8: Undoubtedly the amendment is in direct conflict with Section 71 of the Charter, and while it does not specifically repeal certain provisions of Section 71, I am of the opinion that so long as it is in direct conflict with the provisions of the section, those provisions regarding salaries would be repealed.

Your attention is further directed to the fact that there is no provision in the amendment as to when any increases in compensation would become effective, and it would appear to me, therefore, that if they were to become effective between budgetary periods some provision would have to be made in the annual budget and appropriation ordinance to take care of the contingency of meeting the increased compensations.

Your attention is directed to the case of *Sullivan* v. *McKinley*, 14 Cal.2d 113. This case had to do with the increase of wages after the annual budget estimate for the coming year had been adopted by the Board. The court quotes Section 71 of the Charter to the effect that all increases in salaries or wages of the officers and employees shall be determined at the time of the preparation of the annual budget estimates and the adoption of the annual budget and appropriation ordinances and no such increase shall be effective prior to the fiscal year for which the budget is adopted. The court continuing says:

> "Once the budget is approved by the Board of Supervisors, the fiscal terms of the annual appropriation ordinance and the annual salary ordinance are automatically fixed beyond the power of change by any amendment. Any effort on the part of the Board of Supervisors to increase a wage scale in the annual salary ordinance over the amount provided in the approved budget is void.

With these comments the matter is submitted to you.

Respectfully,

JNO. J. O'TOOLE, City Attorney.

Following the reading of the foregoing report by the City Attorney, Supervisor Colman again expressed opposition to submission of the amendment to the people. He believed the proposed amendment to be unsound.

Supervisor Green, in explanation of his intended vote, stated that because of the opinion by the City Attorney that the Board could, in fixing salaries, take into consideration changes in economic conditions, and because of the statement that the amendment was in direct conflict with Section 171 of the Charter, he must necessarily vote "No" on submission.

Supervisor Roncovieri announced that the statement by Supervisor Green also expressed his views.

Thereupon, Supervisor Mead announced that the proponents of the proposed amendment requested that it be withdrawn, and he would so move.

No objection, and amendment *withdrawn*.

Discussion.

Lieutenant James Quigley and Officer Matthew Carberry, representing proponents of the foregoing proposed charter amendment, explained the amendment and urged its favorable consideration by the Board.

The Clerk presented and read, at the request of Mr. Al Smith, representing the Bureau of Governmental Research, read communication from Mr. Ralph R. Nelson, Secretary-Actuary of the Retirement Board, reporting that it would be impossible within the short time available for submission of charter amendments to the people, to comply with request for actuarial report, pursuant to Resolution No. 3589. Mr. Smith also requested the Board to consult with the City Attorney as to the legality of submission of a measure at this time.

Supervisor Gallagher, seconded by Supervisor Gartland, moved that

the foregoing charter amendment be submitted to the people at the general election on Novmber 2, 1943.

Supervisor Colman, in explaining his vote, stated that a similar proposal affecting firemen had been ordered submitted by the Board. The firemen, though, did present an actuarial report. The City Attorney and Mr. Nelson both state an actuarial report is necessary. Submitting the proposed amendment will put the Board in submitting a proposal to the voters without knowing the cost to the voters. If the policemen will abide by the terms of the charter, Supervisor Colman continued, he would give them the same courteous treatment that he gave the firemen. Under the present conditions, however, he would have to vote "No."

Lieutenant Quigley, thereupon, stated that in 1937 the City Attorney had stated an actuarial report was not necessary, but that Supervisor Colman had then voted "No." The Retirement Board can bring their previous report up to date within a day or two, or the present actuarial cost can easily be determined by comparison with the firemen's report.

Supervisor Green objected to voting on something he did not know to be legal.

Lieutenant Quigley reiterated his statement that the City Attorney had stated in 1937 that such report was not necessary.

Supervisor Colman, however, reported that the City Attorney now states such report is necessary.

Thereupon, the roll was called and the foregoing proposed charter amendment was *ordered submitted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, Mead, Meyer, Roncovieri, Shannon—7.
Noes: Supervisors Brown, Colman—2.
Absent: Supervisors MacPhee, Uhl—2.

Request for Actuarial Report.

During the day's proceedings, and following the consideration of the "police" amendment, Supervisor Gallagher moved that Mr. Ralph Nelson be requested to bring to the Board of Supervisors, by Monday, September 20, 1943, an up to date actuarial report showing the cost of proposed changes if the foregoing charter amendment is approved by the people.

Supervisor Colman suggested that Mr. Nelson be requested to come to the meeting; he did not care to vote to request something that could not be done.

Supervisor Gallagher, in speaking on his motion, stated that in submitting the charter amendment a week previously, he had presented, also, actuarial report, and he desired the record so to show. That report was up to and including 1938. The report now desired is to supplement that report and bring it up to date.

Supervisor Colman announced that Mr. Nelson was out of the city and could not return until Monday, hence he could not appear before the Board.

Supervisor Gallagher insisted upon his motion.

However, at the request by Officer Carberry, who stated the proponents believed the actuarial report previously submitted was sufficient, but that they desired a conversation with Mr. Nelson before any further action. Supervisor Gallagher consented to the withdrawal of his motion.

July 12, 1943—*Referred to Finance Committee.*

September 13, 1943—On motion of Supervisor Brown, the foregoing resolution was called out of Finance Committee and ordered made a Special Order of Business for Monday, September 20, 1943, at 2:30 P. M.

Discussion.

Supervisor Brown, in discussing the foregoing resolution, which he had called out from Finance Committee, reviewed the consideration by the Board of charter amendment providing for the city's taking over the Underwriters Fire Patrol, pointing out the understanding had at the time the charter amendment had been ordered submitted to the people, and declaring that agreements made by the Underwriters as to turning over equipment, and reduction in insurance rates, had been kept.

Fire Chief Sullivan, on being granted the privilege of the floor, stated that the work of the patrol, or salvage corps, was most essential. The two buildings, whose purchase is being considered, are necessary.

Mr. J. J. Phillips reported that the appraisal of the Underwriters on the two buildings was $51,130. The value placed on the buildings by the Real Estate Department was $39,340, and after negotiations the Underwriters had agreed to sell at that lower price.

Supervisor MacPhee, in explaining the stand taken by the Finance Committee, agreed that a reduction in insurance rates had been granted, but only in the down town district, while the tax burden assumed by the people in operating the Salvage Corps must be borne equally throughout the entire city. Reduction in insurance rates should have been made applicable throughout the entire city. Supervisor MacPhee then read from the Journal of Proceedings of the meeting of September 14, 1942, wherein it was recorded that the Underwriters had agreed to transfer to the city and county, fire apparatus and equipment, for a nominal amount, and stated that it was the general impression the entire assets of the Underwriters Fire Patrol, which included the buildings, would be turned over to the city and county.

Supervisor Brown repeated his previous statement that all agreements made by the Underwriters had been carried out. The equipment, in accordance with the agreement, had been turned over to San Francisco. Insurance rates have been reduced, although the reduction had applied only to that portion of the city and county which had previously been served by the Underwriters Fire Patrol. He, personally had felt that the reduction should have been city wide, but the amount involved was so small that a city-wide reduction in rates would have been almost insignificant. At no time, however, had it been agreed that the Underwriters real property would be turned over to the city and county.

Supervisor Mead, in commenting on the situation, declared that both Supervisor Brown and Supervisor MacPhee were correct. He, himself, had understood that all the property of the Underwriters would be turned over to the city and county. However, the fact remains that the property is greatly needed, and the question is whether it is good business to make arrangements to purchase the property,

regardless of whose fault it may be that there has been a misunderstanding.

Supervisor Uhl agreed that the property was needed, and the city should purchase it.

Supervisor Shannon stated that at the time the charter amendment had been considered, it had been definitely stated by someone, in reply to questioning, that the buildings were not included in the property to be turned over to the city and county. Only the equipment was to be transferred to the city and county.

Supervisor MacPhee, in expressing his views further, stated that he knew the property was needed, and that he had no idea of not acquiring it. He believed it would be well, though, for the Board of Supervisors to inform the Underwriters that the reduction in insurance rates should apply to all the people who have had to make up the deficiency in the tax structure caused by taking over the Underwriters Fire Patrol.

Chief Sullivan, in reply to questioning by Supervisor Roncovieri, stated that the Underwriters Fire Patrol did not respond to calls from all parts of the city and county, except in special cases where the general officer in the field feels the need of the Patrol.

Thereupon, Supervisor Roncovieri announced that he agreed with Supervisor MacPhee that the reduction in rates should be city wide, and he moved that further consideration be postponed for one week, and that a communication be sent to the proper parties and find out if they are willing to give the reduction to all of San Francisco before voting on the resolution.

Motion *failed for want of a second.*

Supervisor Green inquired if passage of the proposed resolution would end the matter of transfer of equipment and property to the city.

On reply to Supervisor Brown that the record would so show, Supervisor Green announced that he was satisfied. Both the Director of Property and the Chief of the Fire Department stated that there would be no additional equipment or real estate to be transferred by the Underwriters to the city and county.

Supervisor Brown, in further comment, stated that there had never been any indication, suggestion or statement that the property in question was to be turned over to the city and county. Only the equipment was mentioned. The insurance companies are not trying to sell the property to the city; the city is trying to buy the property from the companies.

Supervisor Shannon, in final statement before roll was called on adoption of the resolution, announced that he wanted to reserve the right to ask Supervisor Meyer when he is present, if it was not he who asked the question about including the buildings in the properties that were to be turned over to the city and county. That question was asked, and the answer was "No."

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Shannon, Uhl—9.

No: Supervisor Roncovieri—1.

Absent: Supervisor Meyer—1.

(Series of 1939)

Bill No. 2329, Ordinance No. 2374, as follows:

Providing for the removal of certain street railway tracks of the Market Street Railway Company due to the substitution of automobile buses in lieu of street car service on Twenty-fourth Street, Fourteenth Street, Guerrero Street, San Jose Avenue, Thirtieth Street, First Street, Divisadero Street, and Fillmore Street, and designating the work to be done and apportionment of expense in the removal of said street railway tracks, the manner and times in which said street railway tracks shall be removed and the disposition thereof in the interest of production for the war effort and the repaving in connection therewith, and providing for track and pavement repair in certain track areas on McAllister Street, Mission Street, Fourth Street, Townsend Street, Eighth Street, Folsom Street, Sansome Street, Bush Street, Second Street, and Brannan Street.

Whereas, Market Street Railway Company is the owner and holder of an operating permit granted by the City and County of San Francisco, which said operating permit is dated February 9, 1931, and wherein and whereby said Market Street Railway Company owns and maintains street railway tracks and operates electric railway cars over, upon and along the certain streets and avenues, or portions hereof, set forth in the title of this ordinance and which are more particularly set forth and described in Exhibit "A" which is hereto annexed and made a part hereof; and

Whereas, pursuant to ordinances duly and regularly passed by the Board of Supervisors of the City and County of San Francisco, Market Street Railway Company has been granted permission to operate automobile buses and motor coaches over, upon and along the streets and avenues set forth and described in said Exhibit "A" in conjunction with and in extension of and supplementary to and as a substitute service for the electric street railways and street car service operated and in effect over, upon and along said streets and avenues and routes; and

Whereas, the City and County of San Francisco, for the reasons herein stated, desires that street car operation by Market Street Railway Company, over, upon and along the streets and avenues as set forth and described in said Exhibit "A" be discontinued and certain of the tracks removed from said streets and avenues; and

Whereas, in aid of the production program for the war effort, it has become desirable to salvage therefor, steel rails and tracks such as are now located in the streets and avenues and the portions thereof, described in said Exhibit "A"; and

Whereas, the City and County of San Francisco desires to enter into a contract for the removal of such steel rails, and the Market Street Railway Company is willing to agree to the discontinuance of street car service over and along those certain streets and avenues and routes described in said Exhibit "A," whenever the steel rails and tracks are removed therefrom for the purpose of salvaging the same, as herein provided; and

Whereas, it appears to the Board of Supervisors of the City and County of San Francisco that it is in the public interest to remove some or all of the street railway tracks on the streets and avenues as described in said Exhibit "A," and that the salvaging of any of the steel rails and tracks described therein will be in the interest of production for the war effort, and the public and public interest will not be injured or suffer by reason of the removal thereof; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the City and County of San Francisco shall have entered into a contract for the removal and salvaging of the steel rails and tracks described in said Exhibit "A," and the repaving of the track areas where such rails are removed, the Market Street Railway Company will transfer title to the City and County of San Francisco of such steel rails and tracks, ties, tie plates, and steel rods, (subject to the reservation contained in Section 5 hereof), to be removed as herein provided, and which are described in said Exhibit "A" as consisting of Seven (7) parcels of track comprising approximately forty-two thousand two hundred thirty-six (42,236) feet of single track with an approximate salvage value of twenty-one thousand seven hundred sixty dollars ($21,760).

Section 2. The City and County of San Francisco and the Market Street Railway Company are to share equally the costs for all rail removals in all track areas described in said Exhibit "A" and for all further work in connection therewith. The total of such costs, together with the costs of inspection by the city, shall not exceed the sum of $90,000 (ninety thousand dollars). The Department of Public Works shall maintain a separate accounting of all of the costs incurred in connection with the work set forth in Exhibit "A."

Upon the completion and acceptance of said work, the Department of Public Works shall prepare a statement setting forth the total costs and deducting therefrom the actual amount received from the salvage of the steel rail and appurtenances referred to in Section 1 thereof, and the remainder shall represent the costs which shall be shared equally by the City and County of San Francisco and the Market Street Railway Company.

If the amount to be assumed by the Market Street Railway as its share of the costs is less than the $45,000 (forty-five thousand dollars) which, under the provisions of section 14 hereof the Market Street Railway has advanced for the purpose of providing for said costs, then said excess advanced shall be refunded to the Market Street Railway Company within 15 days after the net costs have been determined as in this section provided.

The term "costs incurred in connection with the work" as used in this section is hereby defined to mean all direct costs incurred for the performing of the work plus an amount of $2,630 (two thousand six hundred and thirty dollars) to cover the cost of inspection.

Section 3. Market Street Railway Company shall have the exclusive right to use each and all of the street railway tracks described in said Exhibit "A," and each and every part thereof, for any purpose until the removal of said steel rails and tracks from the respective streets and avenues, and portions thereof, described in said Exhibit "A," and during and after the removal of any of said track or tracks Market Street Railway Company shall continue to have the right to operate

automobile buses and motor coaches over, upon and along all of said streets, and avenues described in said Exhibit "A" in lieu of and as a substitute service for the electric street railway lines and street car service now in effect over, upon and along said streets and avenues, and the operation of said automobile buses and motor coaches over such routes and the rights and permits hereby granted shall be deemed to be in substitution and in lieu of the rights and permits under which electric street railway lines and street car service are now operated by Market Street Railway Company over, upon and along said streets and avenues under said operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof, and shall be subject to the terms and conditions of said permit and any such ordinance or ordinances.

Section 4. The City and County of San Francisco may retain such usable rail and joint plates as it requires, and agrees to pay for them at the same price per long ton as that paid by the purchaser of the balance of the rails.

Section 5. The right of Market Street Railway Company to withdraw upon written notice to the City and County of San Francisco any parcel of track described in said Exhibit "A" before the commencement of the work contemplated herein and have same reconveyed to Market Street Railway Company by City and County of San Francisco if Market Street Railway Company determines such parcel of track is necessary or useful for street car operation due to the present national emergency and war conditions, is hereby reserved to the Market Street Railway Company. In such event there shall be a commensurate reduction of the obligations of the City and County of San Francisco and the Market Street Railway Company hereunder.

Section 6. Market Street Railway Company, in addition to its regular track maintenance and track repair in track areas, will perform track and pavement repair work along and upon tracks in areas described in Exhibit "B" which is hereto annexed and made a part hereof. The estimated cost of such track and pavement repair work is the sum of seventy-three thousand seven hundred and seventy-six dollars ($73,776). Said track and pavement repair work is subject to the following conditions and failure of the Market Street Railway Company to do this work as outlined in Schedule B within two years from date herein shall cause the Chief Administrative Officer of the City and County of San Francisco to order the work done by the City and County of San Francisco and shall immediately forthwith cause suit to be filed against the said Market Street Railway Company for recovery of such funds as may be advanced or expended by the City and County of San Francisco in the performance of this work:

(a) Track reconstruction and pavement repairs necessary on the streets and avenues as set forth in said Exhibit "B" shall be commenced by the Market Street Railway Company within thirty (30) days after the certification of the contract for the removal of the tracks as set forth in said Exhibit "A" and shall be prosecuted diligently thereafter at such a rate as will complete the work within two (2) years from date of said certification.

(b) Market Street Railway Company shall be granted deferment of work in those instances where rail replacement is found to be necessary and where, due to national emergency and war conditions, acceptable rail as may be required is not obtainable.

(c) Market Street Railway Company, in performing paving work in track areas described in said Exhibit "B," will procure and obtain a good, smooth, ridable surface properly conforming to the adjacent pavement and will either remove all basalt block pavement existing in the track areas described in said Exhibit "B" (excluding header blocks) and replace same with asphaltic concrete or lower and cover same with asphaltic concrete. All work to be done to the satisfaction of the Director of Public Works.

Section 7. The work to be performed, as outlined in this ordinance and described in said Exhibit "A" shall be completed within six (6) months from the date the contract for the removal of the rails and repaving of the streets is certified to by the Controller of the City and County of San Francisco, and that described in Exhibit "B" shall be completed within two (2) years from the said date.

Section 8. In the event that the operative properties of the Market Street Railway Company are sold to the City and County of San Francisco during the time this ordinance is in effect, then and in that event Market Street Railway Company shall be relieved of any unfulfilled obligation arising by reason of any of the provisions, terms or conditions of this ordinance.

Section 9. The public interest will not be injured or suffer by the removal of the street car tracks and the substitution of automobile, bus or motor coach service in lieu of the present electric street railway lines and service in this ordinance referred to and set forth and described in said Exhibit "A," and the Board of Supervisors so finds.

Section 10. This ordinance shall be without prejudice to any of the other rights and privileges now owned or held by said Market Street Railway Company by virtue of its operating permit dated February 9, 1931, and any ordinance and all ordinances supplementary thereto or amendatory thereof.

Section 11. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 12. All and singular the grants, permits, and rights made and given to City and County of San Francisco and Market Street Railway Company by this ordinance are dependent upon the faithful performance of all of the obligations imposed upon City and County of San Francisco and Market Street Railway Company, and each of them, by this ordinance.

Section 13. Any agreement between Market Street Railway Company and City and County that may have become effective by reason of Ordinance No. 1575 (Series of 1939)—which provided for the furnishing of labor for the removal and salvaging of certain steel rails and tracks of the Market Street Railway Company, including those referred to herein, by the Works Projects Administration—is hereby terminated.

Section 14. This ordinance shall not become effective unless and until the Board of Supervisors shall adopt an ordinance providing for the financing of the cost of doing the work set forth in Exhibit "A" of this ordinance and appropriating the sum of ninety thousand ($90,000) dollars which is the estimated cost of doing the work scheduled and set forth in Exhibit "A," forty-five thousand ($45,000) dollars of said appropriation to be made from the surplus existing in the Special Road Improvement Fund and an equal sum to be advanced by the Market Street Railway Company and paid into the Treasury of the City and County of San Francisco and thereupon to be appropriated for the purpose of defraying the cost of doing said work.

Section 15. Before this ordinance shall become effective, Market Street Railway Company shall file with the Clerk of the Board of Supervisors its written acceptance of the terms and conditions thereof.

Section 16. Discussion.

Supervisor MacPhee explained the reason for the Finance Committee's referring the foregoing bill to the Board without recommendation. The position had been vacant since December 8, 1941, except for a few months when it had been filled by a temporary appointee, and during the recent budget hearings, the funds for the position had been deleted from the budget, although the position was retained. The Finance Committee questioned the necessity of filling the position since the Water Department had apparently been able to function so long without the employment.

Mr. Nelson Eckart explained to the Board the necessity for filling the position. The work was most important as an insurance for the health of the people. The amount of money involved is little compared to the importance of the position. The reason for the vacancy in the past was the inability to fill the position at the low salary heretofore attached to the position. Since July 1, 1943, when, under the new salary schedules the salary for the position had been increased to $180 from the previous salary of $150, it has been possible to fill the position.

Supervisor Uhl objected to filling the position. There had been no illness reported traceable to impure water. If there were any case of illness reported, he would vote for filling the position.

Supervisor Mead announced that after hearing the explanation by

Mr. Eckart, he was convinced that the position was very important, and he objected to the idea of waiting till someone was sick before acting.

Supervisor Roncovieri urged passage at once rather than waiting for some epidemic before doing anything.

Supervisor Uhl, in explanation of his vote, pointed out that the position had been unfilled for sometime. Passage of the bill would mean an additional employment, something which the Finance Committee has been trying to avoid. For that reason he would move re-reference to Finance Committee in order that further consideration might be given to the matter.

Supervisor Mead objected to re-reference to committee. He would not play with such a matter at the expense of the health of the people.

Supervisor MacPhee expressed agreement with the views of Supervisor Uhl. The line has to be drawn somewhere as to filling vacant positions or creating additional employment. The position has been vacant for sometime, and everything has been getting along all right. As to the shortage of help in the Water Department—there is such shortage everywhere. He would vote "No."

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mead, Roncovieri, Shannon—8.
Noes: Supervisors MacPhee, Uhl—2.
Absent: Supervisor Meyer—1.

Present: Supervisors Green, Gartland, Gallagher.

Petitioning Donald M. Nelson, Chairman of the War Production Board, to Direct the Non-Industrial Facilities Committee to Reconsider Its Refusal to Permit Construction of the Friant-Kern Canal.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, the non-industrial facilities committee of the War Production Board has refused to approve construction of the Friant-Kern Canal section of the Central Valley Project; and

Whereas, the reasons given for said refusal were that critical materials would be required; that the area of construction has been designated as one of acute labor shortage; and that increased food production resulting from the project would not be available for several years; and

Whereas, the steel division of the War Production Board has stated that there are ample supplies available of the type of steel required for this construction; and

Whereas, the fact that fourteen contractors bid on construction of the Friant-Madera Canal in July gives evidence that the area has an ample supply of construction labor which otherwise may be scattered and lost to the area if not employed; and

Whereas, farmers in the area have asserted they will immediately plant additional food and fiber crops if assured by commencement of construction of the Friant-Kern Canal that their water reserves will be restored in the near future; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that Donald M. Nelson, chairman of the War Production Board, be and he hereby is petitioned to direct the non-industrial facilities committee of the War Production Board to reconsider its refusal to permit construction of the Friant-Kern Canal to the end that this vital unit of the Central Valley Project may be speedily brought to completion and service in the war effort.

Discussion.

Supervisor Mead announced that he had received a number of telephone calls from persons who had stated that they had not been heard in committee. Under the circumstances he believed consideration should be postponed for one week, and he would so move.

No objection, and motion *carried*.

The Chair announced that the resolution came from the Regional Service Committee as a gesture of good will toward neighboring counties which are more concerned with the matter than is San Francisco County. However, he believed no harm could come from a week's postponement.

Supervisor Roncovieri announced that he had heard that the government was going ahead with the Friant Dam construction. If that were true it might be a good gesture to pass the resolution. He suggested temporary postponement of further consideration, but made no motion to that effect.

There being no objection, consideration was *postponed until Monday, September* 27, 1943.

Subsequently during the day's proceedings, Supervisor Gallagher called attention to an item appearing in the "San Francisco News" of September 20, 1943, regarding the construction of Friant Dam, and suggested that the previous action of the Board, in postponing consideration of the foregoing resolution until September 27, 1943, be rescinded.

The Chair, however, announced that he did not think the item was applicable.

Supervisor Gallagher, then, seconded by Supervisor Roncovieri, moved that the Board's action in postponing consideration be rescinded.

Supervisor Mead announced that he had no particular interest in the matter. However, many persons had requested postponement and he believed they were entitled to that courtesy. He desired to see the resolution either adopted or rejected unanimously.

Supervisor Uhl agreed with the views expressed by Supervisor Mead.

Thereupon, the roll was called and the motion to rescind action *failed* by the following vote:

Ayes: Supervisors Brown, Gallagher, Gartland, Roncovieri, Uhl—5.
Noes: Supervisors Colman, Green, MacPhee, Mead, Shannon—4.
Absent: Supervisor Meyer—1.

Consideration Postponed.

Authorizing County, State and National Affairs Committee to Hold Public Hearing to Determine the Extent and Nature of Discrimination Against Minority Groups in San Francisco, and to Report to the Board Appropriate Steps to Be Taken to Eliminate and Solve the Problem.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, during the last two weeks a series of unfortunate acts of violence have taken place, particularly in Los Angeles, but also in other parts of the State, involving the wearers of so-called "Zoot Suits" and members of the Armed Forces; and

Whereas, Attorney General Robert W. Kenny has stated that the problem presented by these outbreaks is a statewide question; and

Whereas, the report issued by the committee appointed by Governor Warren and directed by Attorney General Kenny shows that the causes underlying these outbreaks are rooted in the social and economic aspects of community life; and

Whereas, these aspects of community life seem to be intermingled with and aggravated by the existence of racial prejudice and discrimination based on such prejudice; now, therefore, be it

Resolved, That this Board of Supervisors hereby authorize the Committee on County, State and National Affairs to hold public hearing to determine the extent and nature of discrimination against minority

groups in San Francisco and the applicability of the recommendations made in the report of the Governor's Committee to the situation in San Francisco; and be it

Further Resolved, That in holding these hearings the Committee invite public officials, representatives of minority groups and any public spirited citizens who may have information or suggestions to offer on this question and after holding such hearings the Committee shall report back to the Board the appropriate steps to be taken to eliminate and to solve these problems.

Discussion.

Supervisor Green, in discussing the foregoing matter, stated that it was not correctly designated on the calendar. The hearings were authorized. A report has been made, which is now in the hands of the committee, ready to be reported by the committee to the Board. A suggestion has been made that consideration be postponed, to which he, Supervisor Green, would not object.

Thereupon, there being no objection, consideration of the committee's report was *postponed until Monday, September* 27, 1943.

Supervisor MacPhee presented:

Resolution No. 3612, as follows:

Whereas, widespread aggravation and criticism prevails in San Francisco and certain of its environs, among the workers in those plants the facilities of which are devoted to the production of materials and supplies essential to the conduct of the war, caused by the unsatisfactory, and in many cases allegedly insanitary quality and preparation of foodstuffs and the inadequate, inconvenient and uncomfortable facilities provided for its distribution and consumption; and

Whereas, specifically it is alleged:

1. That the food served to workers in certain plants is cold, in many cases stale, and in not a few cases mouldy.
2. That such food is served in improper containers and with or upon inadequate and unsatisfactory utensils.
3. That the meals are not planned and do not contain the vitamins or variety necessary to such proper sustenance as will permit a decent day's work.
4. That in most cases such meals are unsavory and unpalatable.
5. That such meals are served in many cases, out-of-doors, to workers who are required to spend most of their eating period standing in line waiting to reach the food dispensary, regardless of the condition of the weather.
6. That many workers have been poisoned and rendered severely ill as a result of the consumption of the unfit food served to them, thus requiring them to lay off work, thereby impeding the war effort.
7. That in many cases, the workers are required to carry cold lunches and that those who are not fortunate enough to possess a thermos bottle, the manufacture of which has apparently been discontinued, must get along without hot coffee or any coffee at all.
8. That it is impossible for many of the workers who do not have homes to procure adequate and appetizing meals such as are necessary to inspire full devotion to their tasks and particularly it is difficult for such workers to obtain hot coffee, without which, for many, a meal is no meal at all.
9. That conditions respecting the quality, preparation and dispensing of food in at least one San Francisco plant became so intolerable that recently the workers, in protest, flatly refused to purchase further meals there and as a result the eating concession in that plant has been closed and discontinued.
10. That the conditions respecting the quality, preparation and dispensing of food in those plants and places complained of are unfair, intolerable and a marked deterrent to the war effort.

Whereas, it is fundamental that the energy for strong bodies and keen, active minds necessary to the accelerated production of war material, in that measure required to minimize as far as possible loss of life among our armed and accessory forces as well as those of our Allies, must be derived from food, and that while available, such food under American customs and standards, must be adequate, wholesome and dispensed in a decent manner; and

Whereas, if the specific allegations referred to herein are found to be true, it is apparent that some person, persons or agency is remiss in duty and lacking in a proper regard for the health and welfare of our people or that the real significance, wisdom and necessity of a program to provide proper and decent food for our war workers has not been sufficiently impressed upon them; now, therefore, be it

Resolved, for the integrity of San Francisco; for the health and welfare of its people and for the preservation of such lives as can possibly be saved through maximum expedition of home-front operations, this Board of Supervisors hereby petitions the Chief Administrative Officer and does hereby request that immediately there be conducted, as to establishments, facilities and installations under San Francisco's jurisdiction, a complete and thorough survey to determine the quality of, and the conditions under which food is being prepared and dispensed, publicly, to the war workers of San Francisco; to hold public hearings on the subject and to invite the attendance of all interested parties including the Director of Public Health, representatives of labor, representatives of industry, including the Waterfront Employers Association, and the management of the shipyard industry, representatives of

the War Manpower Commission, the War Production Board and the Maritime Commission, and as soon as possible, to report his findings and recommendations to this Board and to industry; and be it

Further Resolved, On behalf of those citizens and residents of San Francisco who, because their work takes them to adjacent communities, are required to consume, there, one or more meals on each working day, and in which communities the San Francisco Department of Public Health has no jurisdiction or authority that this Board of Supervisors hereby petitions the State Department of Public Health to take similar action to that requested by this Board of the Chief Administrative Officer of San Francisco, and, where it is found necessary, immediately, to take remedial action; and be it

Further Resolved, That copies of this resolution be sent to the Chief Administrative Officer, to the State Department of Public Health, to His Excellency Earl C. Warren, Governor of the State of California, and to the War Production Board, War Manpower Commission and Maritime Commission, locally and at Washington, D. C.

Discussion.

Following the reading of the foregoing resolution, Supervisor Shannon announced that he would object to the suspension of the rules for the immediate consideration of the resolution, and would request reference to committee.

Supervisor Colman announced that he would join with Supervisor Shannon in asking reference to committee.

Supervisor Mead objected to reference to committee. Conditions complained of are terrible. The resolution should be adopted immediately.

Supervisor MacPhee announced that he could see no reason for reference to committee. The resolution does not say that conditions complained of do exist; it merely states that it is alleged that such conditions exist, and requests that a survey be conducted to determine the truth of such allegations.

Thereupon, at the request of Supervisor Shannon, the Clerk again read the resolution.

Supervisor Shannon, following the second reading of the resolution, stated that as long as the resolution merely requests the Chief Administrative Officer to make an investigation, he would withdraw any objection to suspension of the rules. It does not request a committee to make the investigation. The Chief Administrative Officer can make such investigation and call in all interested parties.

Privilege of the Floor.

Mr. Ted White, on being granted the privilege of the floor, on motion by Supervisor Mead, reported in detail conditions under which food is served to workers at the Bethlehem Yards. He complained, also, about the quality of the food served. The situation is conducive, he declared, to feelings of "unrest" or "I don't care" and "absenteeism." It is a disgrace to the Maritime Commission and to the United States Government, he held. In conclusion he invited members of the Board to visit the plant and note for themselves the conditions existing.

Supervisor Shannon accepted such invitation. Subsequently other Supervisors signified their intention to accept, also.

A Mr. Brown and a Mr. Hitchcock also confirmed statements made by Mr. Ted White.

Supervisor Colman, following the foregoing presentations, stated that he was in accord with what has to be done. He believed, though, that before acting, members of the Board should accept the invitation

and then report to the Board. Before adoption of the resolution, there should be some kind of investigation. Supervisors Shannon, Mead, MacPhee, and others who can, should visit the Bethlehem plant and see conditions as they exist. It would be impossible for him to accompany the party because he would be out of town until Sunday. However, he would have no sympathy with the Bethlehem plant for countenancing any such conditions as complained of. In closing, the Chair announced that he was opposed to adoption of the resolution without hearing in committee, and he would refer the matter to the Public Health and Welfare Committee.

Supervisor Mead objected to statements made by the Chair. The conditions complained of did exist; he had seen them. He had been in the yard on many occasions, and there were no exaggerations in the statements made. He believed the Board could well afford to consider the resolution as being correct, to adopt the resolution, and authorize the Chief Administrative Officer to make the requested survey. His honesty and integrity have never been questioned by anyone in San Francisco. It is a matter concerning the welfare and health of the workers of San Francisco, and deserves immediate consideration of the entire Board of Supervisors. In closing, Supervisor Mead suggested the Chair not to insist upon reference to committee, but let the Board of Supervisors adopt the resolution.

The Chair, in answer to Supervisor Mead, asserted that Supervisor Mead's word had never been questioned by him. However, he could not be expected to accept the conclusions without proper consideration. In closing, he stated, the resolution had been referred to the Public Health and Welfare Committee.

Thereupon, Supervisor MacPhee presented the following statements which were read by the Clerk and ordered made part of the record:

September 12, 1943.

To whom This May Concern:

On two different occasions I have purchased chili beans which caused diarrhea and stomach cramps.

I have been an employee of Bethlehem Steel Co., Shipbuilding Division, for over one and a half years. During that period of time I have purchased meat sandwiches which caused vomiting and stomach cramps and diarrhea on four or five occasions. I have purchased one bottle of 2-day-old milk which was soured and one bottle apparently three days old as it was rotted. I have on two succeeding days purchased chili beans that had numerous maggots in the mixture.

Kenneth E. Crayton, 55-299,
Machinist Lodge No. 68.

I will make a sworn statement of above.

K. E. Crayton.

This is to certify that on or about August 22, 1943, I purchased a piece of lemon pie from the lunch counter at the end of No. 7 Wharf which had a moldy spot about the size of a half dollar. This pie was turned into Mr. Crawford by Perry Orr.

This is to certify that when I started working in the yard over a year ago I ate my noon meals from the lunch wagons in the yard. On three different occasions I was poisoned by the food, causing nausea and diarrhea. I then discontinued eating from them and have not been troubled since. Since being in the yard I have seen many moldy (and even stinking from decay) sandwiches sold from the wagons.

Z. R. Brown, 60-516.

Supervisor Mead requested the Chairman of the Public Health and Welfare Committee to call a meeting of that committee for the immediate consideration of the resolution.

Whereupon, Supervisor Shannon, Chairman of that Committee, announced that the Committee had already met, considered the resolution, and that under his name on roll call he would report the matter back to the Board.

Subsequently during the proceedings, and under his name on roll call, Supervisor Shannon reported that the Public Health and Welfare Committee had met, considered the foregoing resolution and were reporting it back to the Board with recommendation that it be adopted.

Supervisor Brown, member of the committee, announced that generally he agreed with the Chair in reference to matters to committee. However, in this case, the situation was somewhat different. The Board had already heard the direct statements of several parties. The resolution does not call for any parliamentary action; it merely calls for an investigation. The men are entitled to such investigation.

Supervisor Colman, in explanation of his vote, stated that he would vote "No." However, it was not because he was out of sympathy in the desire to correct any unfavorable condition or conditions detrimental to the health and welfare of the employees. He believed a hearing should be had before coming to a conclusion that such conditions exist. Seeing conditions that exist, seeing the food, knowing what one is talking about, would enable one "to go to the bat" with all the strength of having seen things and of knowing exactly about what he is talking. He believed representatives of the Bethlehem Company and the purveyors of food should be called in and questioned about conditions.

Thereupon, the roll was called and the resolution, as presented, was *Adopted* by the following vote:

Ayes: Supervisors Brown, Gallagher, Gartland, Green, MacPhee, Mead, Roncovieri, Shannon, Uhl—9.

No: Supervisor Colman—1.

Urging Institution of an Investigation Into the Conduct of the Office of Price Administration.

(Series of 1939)

Supervisor Mead presented:

Resolution No. ....., as follows:

Whereas, the charges, counter charges, reports and stories which in the past several days have been in circulation relative to the conduct of the Office of Price Administration are bewildering in such degree as to make the Tower of Babel appears the center of orderly processes and the foundation stone of one universal language; and

Whereas, these conflicting charges and reports bearing on rent control, price control, the control and price of crops, rationing and distribution of commodities are all matters of primary concern to every citizen, and disputes, rumors, prospects and promises relative thereto which are not conservative and based upon fact are prejudicial to such peace

of mind as may be enjoyed under present strained and harrowing conditions and are not by any means conducive to full cooperation in the war effort nor to amicable relationships between parties to such matters in this community; and

Whereas, the continued conduct of the Office of Price Administration on a basis similar to that referred to herein will inevitably result in confusion, disputes and disruption of the orderly and legal processes of the community as well as a substantial, if not complete, loss of faith in that agency charged during this crisis with regulating economic affairs on the home front; now, therefore, be it

Resolved, That this Board of Supervisors, on behalf of the people of the City and County of San Francisco, with a view to reestablishing complete confidence of the people of San Francisco in the Office of Price Administration and in an endeavor to preserve the economic integrity of this community does hereby urge that an investigation of the disputes and controversies which have arisen in the past several days, in connection with the conduct of the Office of Price Administration, be instituted by such agency as has authority so to do; that the results of such investigation be given widespread publicity and that if the public criticism which has arisen be found to be justified or if there be necessity for change or correction in the methods or personnel of the Office of Price Administration as a result of vindication of charges which have been made, then and in that event such agency as has the necessary jurisdiction and authority is hereby respectfully urged to take such steps as will immediately rectify such conditions complained of, as are found to be substantiated after investigation.

Referred to County, State and National Affairs Committee.

Charter Amendment No. 3.

Supervisor Shannon presented the following proposed amendment to Charter Amendment No. 3, relating to present and future members of the Police Department:

(K) The provisions of this section shall apply to members of the department who have previously been retired under the provisions of this charter and all of said members of said department previously retired, as well as their dependents, shall on the effective date of this amendment, be entitled to all the benefits and privileges of this section as effectively as if they had retired or died subsequent to the date of the approval hereof.

Following the reading of the foregoing proposed amendment by the Clerk, Supervisor Shannon moved that Charter Amendment No. 3, heretofore Ordered Submitted be amended by inserting therein the foregoing as subdivision K and that subdivision K, as previously ordered submitted be changed to subdivision L, and that subdivision L be changed to subdivision M. Motion seconded by Supervisor Roncovieri.

Supervisor Colman announced his intention to vote "No" on the proposed amendment, because of lack of actuarial report. This proposed amendment would further affect the financial set-up. He had previously voted against submission of Charter Amendment No. 3, and he must vote against this proposed amendment.

Lieutenant James Quigley protested against the proposed amendment. The amendment would bring into the retirement system retired men and their widows. Approval would not change the figures a great deal since only about twenty men would be affected. Lieutenant Quigley stated, however, that his protest was not personal; he was merely representing members of the Police Department in the matter.

Officer Yute, member of the Veterans' Association and vice-president of the Patrolmen's Association, urged approval of the amendment.

Thereupon, the roll was called and the amendment was *approved* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Roncovieri, Shannon, Uhl—8.
Noes: Supervisors Brown, Colman—2.

Present: Supervisors Green, Gartland, Gallagher.

Petitioning Donald M. Nelson, Chairman of the War Production Board, to Direct the Non-Industrial Facilities Committee to Reconsider Its Refusal to Permit Construction of the Friant-Kern Canal.

(Series of 1939)

Resolution No. 3622, as follows:

Whereas, the non-industrial facilities committee of the War Production Board has refused to approve construction of the Friant-Kern Canal section of the Central Valley Project; and

Whereas, the reasons given for said refusal were that critical materials would be required; that the area of construction has been designated as one of acute labor shortage; and that increased food production resulting from the project would not be available for several years; and

Whereas, the steel division of the War Production Board has stated that there are ample supplies available of the type of steel required for this construction; and

Whereas, the fact that fourteen contractors bid on construction of the Friant-Madera Canal in July gives evidence that the area has an ample supply of construction labor which otherwise may be scattered and lost to the area if not employed; and

Whereas, farmers in the area have asserted they will immediately plant additional food and fiber crops if assured by commencement of construction of the Friant-Kern Canal that their water reserves will be restored in the near future; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that Donald M. Nelson, chairman of the War Production Board, be and he hereby is petitioned to direct the non-industrial facilities committee of the War Production Board to reconsider its refusal to permit construction of the Friant-Kern Canal to the end that this vital unit of the Central Valley Project may be speedily brought to completion and service in the war effort.

Report on Race Discrimination.

Consideration of Report of County, State and National Affairs Committee on Race Discrimination.

The following report, presented by Supervisor Green, Chairman of the County, State and National Affairs Committee, was read by the Clerk:

1. *The Hearings.*

Pursuant to resolution of the Board of Supervisors, the County, State and National Affairs Committee has conducted hearings on "the extent and nature of discrimination against minority groups in San Francisco." A number of hearings were held, both afternoon and evening sessions, covering approximately sixteen hours. More than fifty witnesses were heard by the Committee and every important phase of racial relations is covered, in some measure at least, in their testimony. The Committee heard numerous recommendations on the steps to be taken to meet these problems of racial relations and in this report presents its findings and recommendations for the approval of the Board of Supervisors.

2. *The Basic Principles.*

It was clear throughout the hearings that there were at least two basic grounds on which racial relations in San Francisco must be founded. The first, obviously, is the democratic principle of equal opportunity; the second, the impact of discriminatory practices on the prosecution of the war, or conversely, the urgent necessity for unity, for the fullest possible utilization of American manpower and the energies of the American people in all phases of the nation's war activities.

It is clear that American democracy is based on the idea of equality—equal treatment, equal opportunity without regard to race, creed or color. Americans have sought that goal since the day Jefferson penned his famous words: ". . . all men are created equal"—and even before. And though we have taken great strides toward it in the last hundred and fifty years, the record of these hearings is clear evidence that we have yet some distance to travel.

Our fundamental belief in this policy has been reaffirmed time and again, in innumerable ways. In the laws of the State of California, you will find the policy of equal treatment. And twice within the past two years, the Federal government has declared it to be the policy of the United States. In the most recent, President Roosevelt has said:

> ". . . It is the policy of the United States to encourage full participation in the war effort by all persons in the United States regardless of race, creed, color or national origin, in the firm belief that the democratic way of life can be defended successfully only with the help and support of all groups within its borders. . . ." (Executive Order No. 9346.)

Certainly, the most immediate and vital phases of the problem of racial relations involves its whole relation to the prosecution of the war. In the Executive Order quoted above, President Roosevelt has defined the policy of the Federal government, imposing on employers, labor organizations and government agencies alike the responsibility to provide equal opportunity for all Americans to participate in the prosecution of the war without discrimination because of race, creed, color or national origin.

But the establishment and maintenance of the best relations among differing racial, religious and nationality groups among the American people is vital to the conduct of the war in still other respects. Certainly, the practice of discrimination is in sharp contrast to the democratic purposes for which we fight. Just as certainly, the conduct of the war requires every ounce of manpower which can be mobilized and

no barrier of prejudice or bigotry can be allowed to stand in the way of the fulfillment of that task. Finally, it is equally true that the discriminatory practices among us are used by the nation's enemies in their effort to spread distrust and hatred of the American people among others of the United Nations and among the millions of people elsewhere in the world to whom we look for present or ultimate support.

On these two broad grounds—the democratic creed by which we live and the democratic war which we fight—we must judge relations among the many racial, religious, cultural and ethnic groups who make up the American people.

3. *San Francisco.*

San Francisco is a cosmopolitan city. It is, in greater measure than most American cities, a "melting pot" city. There have been recorded among the people of San Francisco three score and more racial, religious and nationality groups. Living among us is the greatest colony of Chinese outside China. We have a substantial colored population, and representatives, too, of many other minority groups: Filipinos, Mexicans and innumerable others. Minority religious faiths are to be found here: the Jewish, the Catholic as well as many smaller. The list is long and endless. But it has always, since the days of '49, been a part of the city's tradition and spirit.

With a people so drawn from every corner of the earth, from every religious and racial and nationality background, San Francisco, too has always believed in living and let live. We have accorded many groups welcome among us and they have in time become part of us. San Francisco has always been described as a tolerant city; though "tolerant" is the wrong word, the thought is right for we have tried, however we might differ in race, creed or color, to live together in harmony.

Yet, there have been those among us who would incite trouble or who, by their prejudiced attitudes, pave the way for dissension and differences among us. There have been practices among us which do not accord either with the tradition of San Francisco or with democratic principles. And while these practices and attitudes in peacetime may not cause great concern, in wartime they become vital.

We live tense, anxious lives during wartime. Differences are multiplied and tensions may give rise to serious differences and even violent conflict. Vivid in our minds are the tragic riots which broke out in Detroit, in Los Angeles and in other cities. Underlying these riots were long-standing practices of discrimination which combined with the tensions of wartime, with rumor-mongering, with misunderstanding, prejudice and bigotry have culminated in violent outbursts.

Any American must condemn those who promoted these troubles. No American can be but ashamed of them. President Roosevelt has condemned them in no uncertain terms as "insurrection" against our national policy, and it is no accident that these riots occurred in cities which are of the greatest importance to our war production. We must prevent their repetition here in San Francisco; yet to do so we must dig down into little-known unrecognized ways of life which have grown up among us, practices which violate the democratic principles, impede the war effort. And we must begin now to root them out.

The responsibility belongs to all of us—whatever our station—but certainly we should be able to look to the elected and appointed leaders of our community life, our public officials for firm declarations in support of the democratic way and against the undemocratic, un-American practices of discrimination. District Attorney Matthew Brady, in his appearance before the Committee, has stated this principle:

> "I believe it is the responsibility of every public official to do all he can to create a good feeling between the various racial groups, to establish an understanding with the contributions made by various groups, and to remove discrimination against such groups. . . .

"I am prepared, if necessary, to stop any racial riot that may develop in San Francisco, by prompt enforcement of the law. But I feel that this will not be necessary if the public officials will assume the responsibility of creating that relationship between, and that understanding with the various racial groups which we have a right to expect. . . .

"Members of any and every racial group are entitled to equal treatment in all aspects of community life, whether it be housing, recreation, education or employment.

"I will do what I can to assure this, and I suggest that all other City and County officials should assume the same responsibility."

San Francisco can lead the way among the communities of the nation. It has the best chance of overcoming the barriers of prejudice which exist among us and opening the way toward friendly and harmonious relations among all our people, according to all residents of the city an equal opportunity to participate in the community life and to enjoy its benefits—all this without regard for the color or creed or race or national origin of our people.

It is against this broad background and in terms of these principles, that the Committee submits these findings and recommendations.

4. *Education.*

If there was one continuing note through the many recommendations which were submitted to the Committee it was the emphasis on education as the major weapon on which we must rely for the long-term solution of the problems of racial relations. There was no question among the many witnesses that even the best educational program would not solve the problems overnight but that it was fundamentally necessary to their ultimate solution.

Racial relations rely in large measure on understanding—understanding of other people, of other groups who differ from you; understanding of the democratic principles involved in group relations. And education is the road to that understanding.

The Committee recommends a broad plan designed to integrate intercultural and racial education into the course of study of all grades in our public school system. Such a plan, like that devised in Chicago, should extend from the lowest grades through elementary and secondary grades, and should also be incorporated wherever possible in the curricula of night schools and adult education. Similarly, such a plan should cover the broad range of minority groups represented in our American life and history: Negro, Chinese, Jewish, among many others. It should provide, too, for the preparation of teaching materials and assistance to teachers, wherever necessary, in integrating such material in the curricula.

The Committee recommends that the public library system develop a broad plan designed to spread knowledge and information in the field of racial relations. One or more librarians might be assigned to specialize in the field of racial relations; displays of appropriate materials could be arranged; special efforts could be undertaken to assure the adequacy of pertinent material in the libraries' stacks.

The Committee recommends the development of a radio program, under sponsorship of the Board of Education or of the Public Library or other agency, designed to promote harmonious racial relations.

The Committee recommends that a week each year be set aside to be specifically devoted to the development of harmonious racial relations and to be participated in by all community groups.

The Committee recommends a conscious effort on the part of the Board of Education to integrate into its teaching and administrative staff qualified members of the many minority groups.

5. *City Employment Generally.*

The city and county government is under a special responsibility to assure members of minority groups equal opportunity for public employment in all its departments and agencies.

The Committee, therefore, recommends that members of minority groups be integrated into the personnel of all the city departments and that where members of such groups are not now employed, that a special effort be made to secure their employment. Because they are more clearly in the public eye, the Committee recommends that the Fire and Police departments should be first among the city departments to put such a program into effect.

The Committee recommends that the Civil Service Commission should make a special effort to assure the members of minority groups of the Commission's policy of equal opportunity.

6. *Police Department.*

A key position in the whole field of racial relations is occupied by the Police Department and by its officers who daily come into contact with the city's people. Attorney General Robert Kenny, in his appearance before the Committee, especially stressed the role of the patrolman in promoting racial relations. District Attorney Matthew Brady also emphasized the vital role which law enforcement agencies play in the establishment and maintenance of harmonious racial relations.

It is clear from the testimony of these law enforcement officers that the police officers occupy a strategic position—and in times of strain such as these, it becomes even more strategic, even more vital. It is vitally important that police officers are fully equipped to fulfill this responsibility. If, for instance, the officer on the beat carries out a mistaken policy, based on perhaps his own conception of proper racial relations, the consequences to the community will go far beyond that single officer.

The Committee, therefore, recommends that the Police Department incorporate in its training procedures a special course, required of all officers, in the problems of racial relations. Such a training course would be designed to acquaint police officers with the minority groups with which they must deal, to inform them of the background of those groups, to acquaint them with the general problems of racial relations and techniques for meeting the special problems which inevitably arise in the course of their duty.

7. *Housing.*

Equal opportunity for housing, without discrimination or segregation, is certainly a key element of a sound racial relations policy. Particularly is this true in the case of public housing which is supported and operated by tax moneys of the people. Moreover, public housing authorities can show the way to the rest of the community to a fair, democratic way of living together.

The Committee, therefore, recommends that the San Francisco Housing Authority adopt and put into effect a policy which does not discriminate against, nor segregate, the minority groups and which offers to all, within the limits of its facilities, equal opportunity for decent housing.

8. *Employment.*

The Committee is impressed by the steps which have been taken and are being taken to integrate members of minority groups into all fields of employment. New opportunities for employment have been opened up and economic opportunity for members of minority groups is undoubtedly being broadened.

Nevertheless, the Committee is concerned with that minority among both employers and labor organizations who still maintain discriminatory hiring practices. Such barriers are a direct impediment of the

mobilization and utilization of manpower so urgently and vitally needed by war industry; at the same time, such policies prevent the full intergration of minority groups into our community life and thereby delay the establishment of the kind of race relations we want.

Many such discriminatory policies are predicated on a prejudiced belief that minority groups cannot work alongside members of the majority groups, that the colors will not mix. No better evidence of the falsity of that attitude is available than the testimony of labor leaders, both AFL and CIO, in which they affirmed the beneficial results which have been and are being obtained where Americans of every race, color and creed work together.

9. *The Armed Forces.*

Discrimination and segregation in the nation's armed forces is of concern for two vital reasons. It has a strong impact on our community, because whatever damage discrimination does to the morale of its victims is reflected in the attitude of the friends and their family and, not least of all, in the morale of the minority group of which they are members. Thus, discrimination in the armed forces which may take place a thousand miles away still has a vital effect on us at home.

Secondly, discrimination and segregation in the armed forces concerns us because we have in our midst in San Francisco a large number of service men. San Francisco is the mecca of thousands seeking entertainment or release on liberty or leave. They carry with them racial attitudes which may be strengthened by discriminatory and segregatory practices they encounter within the armed services. Or they may carry the bitterness which must follow if they are the victims of such discrimination and segregation. The possibilities of such a situation was demonstrated by the outbreak in Los Angeles which set service men against members of two minority groups. We may consider those possibilities remote here, but we cannot ignore them as possibilities.

The Committee, therefore, recommends that the Board of Supervisors make appropriate representations to the War and Navy Departments seeking elimination of discrimination and segregation in the armed forces, establishment of a broad program of racial education within the armed forces, and the enunciation of a broad policy that all members of the armed forces who contribute to violence against any minority groups will be summarily disciplined.

10. *The Press.*

The city's newspapers occupy a vital position in this whole effort to establish and maintain friendly and harmonious racial relations. The press can be of enormous assistance in developing a positive program of information, features and editorials designed to improve racial relations and to avert any possibility of violent conflict. The press can contribute toward increasing understanding by utilizing its prestige and power in a positive campaign toward that end. A first step that could be taken is the elimination of racial descriptions or identifications from reports of crime news. Such identification serves only to turn the eyes of the community—not toward an individual, as would be the case if a white man were involved—but towards the entire minority group of which the particular individual is a member. It is of such stuff that suspicion is generated, out of which rumors and whispers grow. The end can be a riot. Witness Detroit.

The Governor's Citizens Committee, appointed by Governor Earl Warren to investigate the so-called "zoot suit riots" in Los Angeles, in this connection declared:

> "Repeated reports of this character tend to inflame public opinion on false premises and excite further outbreaks."

The Committee, therefore, recommends that the city's newspapers be encouraged to undertake a positive program designed to promote un-

derstanding among people of all creeds, colors and races; and that, as a first step in that direction, the racial identification or description be eliminated from the reports of crime news.

11. *The Ultimate Solution.*

The Committee recognizes that the adoption of the foregoing program by the Board of Supervisors will not, of itself, be sufficient. No solution can come without the people of San Francisco realizing their responsibility to achieve proper racial relations. The Committee believes that the people should have their own community organization dedicated to promoting sound racial relations and combatting discrimination. Such a community organization should represent a broad cross-section of clergy, labor, industry, the professions, and minority groups —a true representation of the people of San Francisco.

The Board of Supervisors urge that all city departments and officials give full cooperation to such a community organization in order that this program may be effectively carried out.

Discussion.

Dr. Talbot, on being granted the privilege of the floor by motion of Supervisor Green, urged approval of the report. The report was complete, he stated, and needed neither elaboration or argument. San Francisco is known as a city of tolerance and of harmony, and this report, when approved, will be a real step forward in the solution of the problem of discrimination against minority groups.

Supervisor Green reported that the report was based on evidence presented in hearings. He believed San Francisco had the opportunity to lead the way for other communities in the campaign against racial and other discrimination, and he urged the Board to approve the report.

Supervisor Meyer pointed out in Section 3 special reference to religious faiths, and recommended that such references should be deleted. A deletion should be made in Section 4 where there is reference to the "Jewish" faith.

Supervisor Green agreed to the deletions as suggested by Supervisor Meyer.

Supervisor Mead requested explanation of sentence in Section 8, second paragraph, reading: "Nevertheless, the Committee is concerned with that minority among both employers and labor organizations who still maintain discriminatory hiring practices." He was concerned with the inference that labor organizations generally maintained discriminatory hiring practices. Few, if any, organizations, to the best of his knowledge, discriminated against workers because of race, color or creed.

In answer thereto, Supervisor Green asserted that there was one organization which did discriminate against certain minority groups. However, he had not intended to have the impression given that such discrimination was general.

After brief discussion Supervisor MacPhee suggested that the words "if any" be inserted immediately following the words "labor organizations," making that sentence read: Nevertheless, the Committee is concerned with that minority among both employers and labor organizations, if any, who still maintain discriminatory hiring practices.

Supervisor Mead agreed that such amendment would be acceptable to him.

Supervisor Brown objected, also to the inference that might be drawn from the foregoing sentence, that employers generally still maintained discriminatory hiring practices, and suggested clarification of language so that it would be understood that the words "if any" ap-

plied to the employers as well as to the labor organizations. After brief discussion on that point, the sentence was amended by striking out the word "both" and substituting therefor, the word "such." Suggestion was accepted by Supervisor Green.

The sentence then read: "Nevertheless, the Committee is concerned with that minority among such employers and labor organizations, if any, who still maintain discriminatory hiring practices."

Supervisor Roncovieri referred to Section 9, dealing with the armed forces, stating that he did not desire to criticize the army at all, at least not at the present time, and suggested that everything concerning the army be deleted.

Supervisor Green announced that he had no thought, in respect to the foregoing report, to "tell anybody off" at all. However, the situation did exist. It would be a matter of policy with the Board to determine whether it desired to retain Section 9 in the report.

Supervisor Roncovieri, in continuing, stated that he did not know of any discrimination in the army. He did not believe there was any such discrimination. He could not vote to approve Section 9.

Supervisor Green reported on the Committee's consideration of the matter. After a series of meetings, at some of which he was the sole member of the Committee present, based on the evidence submitted, this report was drafted. The report was considered in Committee, where, at the request of Supervisor Shannon, a week's continuance was had in order that he might study the report. The report was then presented to the Board.

Supervisor Shannon then reported to the Board that Supervisor Green had worked very hard on this matter. He had attended all meetings of the Committee, sometimes absolutely alone. The report was the result of evidence submitted to the Committee. However, Supervisor Shannon continued, he believed Supervisor Roncovieri's point well taken. He, too, had never heard of any discrimination practiced in the army.

Supervisor Roncovieri agreed that most of the report was very excellent, but when it came to any criticism of the armed forces, or anything that looked like criticism of the armed forces—he would not vote for that. Thereupon, he moved that all reference to the armed forces be deleted. Motion seconded by Supervisor Uhl.

Mr. Wesley C. Peoples, on being granted the privilege of the floor, opposed motion by Supervisor Roncovieri to delete all reference to the armed forces, declaring that while the United States armed forces are the greatest in the world, there is discrimination to which attention should be directed.

Supervisor MacPhee noted that apparently the major controversy was about Section 9 of the report. However, he would suggest that Supervisor Roncovieri withdraw his motion in order to get as close a majority vote as possible, and that Section 9 instead of being withdrawn, be re-referred to committee for further consideration.

Supervisor Roncovieri agreed to the suggestion by Supervisor MacPhee. He stated, further, that he recognized fully that if discrimination against a man because of his color or religion is wrong, it is equally wrong for the government to discriminate, but he would act on the principle of "My country, may it ever be right, but right or wrong, my country, my army, it may not be right, but right or wrong, my army." He would be glad to accept the suggestion that reference to the army be eliminated temporarily from the report, until it could be reworded, or fixed up so that it would not be offensive to the army.

Thereupon, Supervisor Shannon, seconded by Supervisor Gallagher, moved that the entire report be re-referred to committee and that necessary changes be made before returning it to the Board.

Motion *failed* by the following vote:

Ayes: Supervisors Gallagher, Shannon—2.
Noes: Supervisors Brown, Colman, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Uhl—9.

Report Approved as Amended.

Thereupon, the report, as amended, and reading as follows, was *approved* by the following vote:

1. *The Hearings.*

Pursuant to resolution of the Board of Supervisors, the County, State and National Affairs Committee has conducted hearings on "the extent and nature of discrimination against minority groups in San Francisco." A number of hearings were held, both afternoon and evening sessions, covering approximately sixteen hours. More than fifty witnesses were heard by the Committee and every important phase of racial relations is covered, in some measure at least, in their testimony. The Committee heard numerous recommendations on the steps to be taken to meet these problems of racial relations and in this report presents its findings and recommendations for the approval of the Board of Supervisors.

2. *The Basic Principles.*

It was clear throughout the hearings that there were at least two basic grounds on which racial relations in San Francisco must be founded. The first, obviously, is the democratic principle of equal opportunity; the second, the impact of discriminatory practices on the prosecution of the war, or conversely, the urgent necessity for unity, for the fullest possible utilization of American manpower and the energies of the American people in all phases of the nation's war activities.

It is clear that American democracy is based on the idea of equality —equal treatment, equal opportunity without regard to race, creed or color. Americans have sought that goal since the day Jefferson penned his famous words: ". . . all men are created equal"—and even before. And though we have taken great strides toward it in the last hundred and fifty years, the record of these hearings is clear evidence that we have yet some distance to travel.

Our fundamental belief in this policy has been reaffirmed time and again, in innumerable ways. In the laws of the State of California, you will find the policy of equal treatment. And twice within the past two years, the Federal government has declared it to be the policy of the United States. In the most recent, President Roosevelt has said:

(Executive Order No. 9346.)

Certainly, the most immediate and vital phases of the problem of racial relations involves its whole relation to the prosecution of the war. In the Executive Order quoted above, President Roosevelt has defined the policy of the Federal government, imposing on employers, labor organizations and government agencies alike the responsibility to provide equal opportunity for all Americans to participate in the prosecution of the war without discrimination because of race, creed, color or national origin.

But the establishment and maintenance of the best relations among differing racial, religious and nationality groups among the American people is vital to the conduct of the war in still other respects. Certainly, the practice of discrimination is in sharp contrast to the democratic purposes for which we fight. Just as certainly, the conduct of the war requires every ounce of manpower which can be mobilized and no barrier of prejudice or bigotry can be allowed to stand in the way of the fulfillment of that task. Finally, it is equally true that the discriminatory practices among us are used by the nation's enemies in their effort to spread distrust and hatred of the American people among others of the United Nations and among the millions of people elsewhere in the world to whom we look for present or ultimate support.

On these two broad grounds—the democratic creed by which we live and the democratic war which we fight—we must judge relations among the many racial, religious, cultural and ethnic groups who make up the American people.

3. *San Francisco.*

San Francisco is a cosmopolitan city. It is, in greater measure than most American cities, a "melting pot" city. There have been recorded among the people of San Francisco three score and more racial, religious and nationality groups. Living among us is the greatest colony of Chinese outside China. We have a substantial colored population, and representatives, too, of many other minority groups: Filipinos, Mexicans and innumerable others. Minority religious faiths are to be found here. The list is long and endless. But it has always, since the days of '49, been a part of the city's tradition and spirit.

With a people so drawn from every corner of the earth, from every religious and racial and nationality background, San Francisco, too, has always believed in living and let live. We have accorded many groups welcome among us and they have in time become part of us. San Francisco has always been described as a tolerant city; though "tolerant" is the wrong word, the thought is right for we have tried, however we might differ in race, creed or color, to live together in harmony.

Yet, there have been those among us who would incite trouble or who, by their prejudiced attitudes, pave the way for dissension and differences among us. There have been practices among us which do not accord either with the tradition of San Francisco or with democratic principles. And while these practices and attitudes in peacetime may not cause great concern, in wartime they become vital.

We live tense, anxious lives during wartime. Differences are multiplied and tensions may give rise to serious differences and even violent conflict. Vivid in our minds are the tragic riots which broke out in Detroit, in Los Angeles and in other cities. Underlying these riots were long-standing practices of discrimination which combined with the tensions of wartime, with rumor-mongering, with misunderstanding, prejudice and bigotry have culminated in violent outbursts.

Any American must condemn those who promoted these troubles. No American can be but ashamed of them. President Roosevelt has condemned them in no uncertain terms as "insurrection" against our national policy, and it is no accident that these riots occurred in cities which are of the greatest importance to our war production. We must prevent their repetition here in San Francisco; yet to do so we must dig down into little-known unrecognized ways of life which have grown up among us, practices which violate the democratic principles, impede the war effort. And we must begin now to root them out.

The responsibility belongs to all of us—whatever our station—but certainly we should be able to look to the elected and appointed leaders of our community life, our public officials for firm declarations in support of the democratic way and against the undemocratic, un-American practices of discrimination. District Attorney Matthew Brady, in his appearance before the Committee, has stated this principle:

"I believe it is the responsibility of every public official to do all he can to create a good feeling between the various racial groups, to establish an understanding with the contributions made by various groups, and to remove discrimination against such groups. . . .

"I am prepared, if necessary, to stop any racial riot that may develop in San Francisco, by prompt enforcement of the law. But I feel that this will not be necessary if the public officials will assume the responsibility of creating that relationship between, and that understanding with the various racial groups which we have a right to expect. . . .

"Members of any and every racial group are entitled to equal treatment in all aspects of community life, whether it be housing, recreation, education or employment.

"I will do what I can to assure this, and I suggest that all other City and County officials should assume the same responsibility."

San Francisco can lead the way among the communities of the nation. It has the best chance of overcoming the barriers of prejudice which exist among us and opening the way toward friendly and harmonious relations among all our people, according to all residents of the city an equal opportunity to participate in the community life and to enjoy its benefits—all this without regard for the color or creed or race or national origin of our people.

It is against this broad background and in terms of these principles, that the Committee submits these findings and recommendations.

4. *Education.*

If there was one continuing note through the many recommendations which were submitted to the Committee it was the emphasis on education as the major weapon on which we must rely for the long-term solution of the problems of racial relations. There was no question among the many witnesses that even the best educational program would not solve the problems overnight but that it was fundamentally necessary to their ultimate solution.

Racial relations rely in large measure on understanding—understanding of other people, of other groups who differ from you; understanding of the democratic principles involved in group relations. And education is the road to that understanding.

The Committee recommends a broad plan designed to integrate intercultural and racial education into the course of study of all grades in our public school system. Such a plan, like that devised in Chicago, should extend from the lowest grades through elementary and secondary grades, and should also be incorporated wherever possible in the curricula of night schools and adult education. Similarly, such a plan should cover the broad range of minority groups represented in our American life and history: Negro, Chinese, among many others. It should provide, too, for the preparation of teaching materials and assistance to teachers, wherever necessary, in integrating such material in the curricula.

The Committee recommends that the public library system develop a broad plan designed to spread knowledge and information in the field of racial relations. One or more librarians might be asigned to specialize in the field of racial relations; displays of appropriate materials could be arranged; special efforts could be undertaken to assure the adequacy of pertinent material in the libraries' stacks.

The Committee recommends the development of a radio program, under sponsorship of the Board of Education or of the Public Library or other agency, designed to promote harmonious racial relations.

The Committee recommends that a week each year be set aside to be specifically devoted to the development of harmonious racial relations and to be participated in by all community groups.

The Committee recommends a conscious effort on the part of the Board of Education to integrate into its teaching and administrative staff qualified members of the many minority groups.

5. *City Employment Generally.*

The city and county government is under a special responsibility to assure members of minority groups equal opportunity for public employment in all its departments and agencies.

The Committee, therefore, recommends that members of minority groups be integrated into the personnel of all the city departments and that where members of such groups are not now employed, that a special effort be made to secure their employment. Because they are more clearly in the public eye, the Committee recommends that the Fire and Police departments should be first among the city departments to put such a program into effect.

The Committee recommends that the Civil Service Commission should make a special effort to assure the members of minority groups of the Commission's policy of equal opportunity.

6. *Police Department.*

A key position in the whole field of racial relations is occupied by the Police Department and by its officers who daily come into contact with the city's people. Attorney General Robert Kenny, in his appearance before the Committee, especially stressed the role of the patrolman in promoting racial relations. District Attorney Matthew Brady also emphasized the vital role which law enforcement agencies play in the establishment and maintenance of harmonious racial relations.

It is clear from the testimony of these law enforcement officers that the police officers occupy a strategic position—and in times of strain such as these, it becomes even more strategic, even more vital. It is vitally important that police officers are fully equipped to fulfill this responsibiilty. If, for instance, the officer on the beat carries out a mistaken policy, based on perhaps his own conception of proper racial relations, the consequences to the community will go far beyond that single officer.

The Committee, therefore, recommends that the Police Department incorporate in its training procedures a special course, required of all officers, in the problems of racial relations. Such a training course would be designed to acquaint police officers with the minority groups with which they must deal, to inform them of the background of those groups, to acquaint them with the general problems of racial relations and techniques for meeting the special problems which inevitably arise in the course of their duty.

7. *Housing.*

Equal opportunity for housing, without discrimination or segregation, is certainly a key element of a sound racial relations policy. Particularly is this true in the case of public housing which is supported and operated by tax moneys of the people. Moreover, public housing authorities can show the way to the rest of the community to a fair, democratic way of living together.

The Committee, therefore, recommends that the San Francisco Housing Authority adopt and put into effect a policy which does not discriminate against, nor segregate, the minority groups and which offers to all, within the limits of its facilities, equal opportunity for decent housing.

8. *Employment.*

The Committee is impressed by the steps which have been taken and are being taken to integrate members of minority groups into all fields of employment. New opportunities for employment have been opened

up and economic opportunity for members of minority groups is undoubtedly being broadened.

Nevertheless, the Committee is concerned with that minority among such employers and labor organizations, if any, who still maintain discriminatory hiring practices. Such barriers are a direct impediment of the mobilization and utilization of manpower so urgently and vitally needed by war industry; at the same time, such policies prevent the full integration of minority groups into our community life and thereby delay the establishment of the kind of race relations we want.

Many such discriminatory policies are predicated on a prejudiced belief that minority groups cannot work alongside members of the majority groups, that the colors will not mix. No better evidence of the falsity of that attitude is available than the testimony of labor leaders, both AFL and CIO, in which they affirmed the beneficial results which have been and are being obtained where Americans of every race, color and creed work together.

Section 9. *Re-referred to Committee.*

10. *The Press.*

The city's newspapers occupy a vital position in this whole effort to establish and maintain friendly and harmonious racial relations. The press can be of enormous assistance in developing a positive program of information, features and editorials designed to improve racial relations and to avert any possibility of violent conflict. The press can contribute toward increasing understanding by utilizing its prestige and power in a positive campaign toward that end. A first step that could be taken is the elimination of racial descriptions or identifications from reports of crime news. Such identification serves only to turn the eyes of the community—not towards an individual, as would be the case if a white man were involved—but towards the entire minority group of which the particular individual is a member. It is of such stuff that suspicion is generated, out of which rumors and whispers grow. The end can be a riot. Witness Detroit.

The Governor's Citizens Committee, appointed by Governor Earl Warren to investigate the so-called "zoot suit riots" in Los Angeles, in this connection declared:

> "Repeated reports of this character tend to inflame public opinion on false premises and excite further outbreaks."

The Committee, therefore, recommends that the city's newspapers be encouraged to undertake a positive program designed to promote understanding among people of all creeds, colors and races; and that, as a first step in that direction, the racial identification or description be eliminated from the reports of crime news.

11. *The Ultimate Solution.*

The Committee recognizes that the adoption of the foregoing program by the Board of Supervisors will not, of itself, be sufficient. No solution can come without the people of San Francisco realizing their responsibility to achieve proper racial relations. The Committee believes that the people should have their own community organization dedicated to promoting sound racial relations and combatting discrimination. Such a community organization should represent a broad cross-section of clergy, labor, industry, the professions, and minority groups—a true representation of the people of San Francisco.

The Board of Supervisors urge that all city departments and officials give full cooperation to such a community organization in order that this program may be effectively carried out.

Submission to Voters, Question of Amendment of Municipal Code to Permit the Operation of Street Railway Cars by One Person Until the Termination of the War.

The Clerk read to the Board the following petition:

To the Board of Supervisors of the City and County of San Francisco:

The undersigned, members of your Board, hereby propose that the annexed ordinance to amend Section 40 of Chapter IX of the Public Utilities Code (Ordinance No. 15.0917) permitting the operation of street railway cars by one person for the period and under the conditions set forth therein be submitted to the electors of the City and County of San Francisco at the next general election to be held in said City and County, to-wit, the general municipal election to be held on November 2, 1943, and that the Registrar of Voters take all steps necessary to submit said ordinance to said electors, as provided by law.

Dated: San Francisco, California, September 27, 1943.

(Signed) ARTHUR M. BROWN, JR.,
ROBERT MILLER GREEN,
ADOLPH UHL,
JESSE C. COLMAN.

Said proposed ordinance is as follows, to-wit:

Amending Section 40 of Chapter IX of the Public Utilities Code (Ordinance No. 15.0917) permitting the operation of street railway cars by one person until the termination of the war, and specifying the age and qualifications of such persons so operating street railway cars.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 40 of Chapter IX of the Public Utilities Code, Ordinance No. 15.0917, is hereby amended by adding thereto the following sections:

Section 3. For the duration and until the termination of the present war, or until the Board of Supervisors by ordinance shall determine that the manpower shortage no longer exists, street railway cars (except cable cars), while carrying passengers in the City and County of San Francisco (exempt on Market Street), may be operated by one experienced person under the following conditions:

(a) Any person operating such a street car must be an adult of not less than twenty-one years of age and possess the qualifications provided in Section 52 of Chapter IX of the Public Utilities Code.

(b) Such street cars must be equipped with the generally accepted so-called one-man car safety devices.

(c) Such street cars may be operated on the following lines of the Market Street Railway Company:

No. 19—Polk-Larkin Streets.
No. 25—San Bruno Avenue.
No. 26—San Jose Avenue.
No. 27—Bryant Street.
No. 36—Folsom Street.
No. 41—Second Street.
No. 42—Sansome Street.

(d) Such street cars may be operated excepting between the hours of 7:00 A. M. and 9:00 A. M., and 4:00 P. M. and 6:30 P. M., on Monday to Friday, inclusive, on the following lines of the Market Street Railway Company:

No. 11—Mission and Twenty-fourth Streets.
No. 12—Ingleside and Ocean Avenue.
No. 14—Mission Street.
No. 15—Third and Kearny Streets.
No. 20—Fourth-Ellis-O'Farrell Streets.
No. 22—Fillmore Street.
No. 40—San Mateo Interurban.

Section 4. Each and all of the provisions of any ordinance conflicting with the provisions of Section 3 hereof are hereby suspended for the duration and until the termination of the present war, or until the Board of Supervisors by ordinance shall determine that the manpower shortage no longer exists.

Discussion.

Supervisor Mead, in discussing the foregoing matter, reminded the Board that two weeks previously the Board had voted to request the Market Street Railway Company to desist from further efforts to place on the ballot anything that has to do with the one-man street car. Supervisors Brown and Colman had voted against that request. The other nine Supervisors had voted in favor of it. Therefore, he continued, he respected the opinions of Supervisors Brown and Colman; they had always been consistent with respect to anything pertaining to the Market Street Railway.

The Chair declared Supervisor Mead to be out of order, stating there was nothing before the Board. The petition had needed no reference to the Board. It had been read by the Clerk only for the information of the Board.

Thereupon, Supervisor Shannon moved that Supervisor Mead be heard out of order, under "Roll Call." Supervisors Brown and Colman objected.

Motion *failed for want of a second.*

One-Man Car Operation.

Supervisor Brown, under his name on Roll Call, referred to the petition just read by the Clerk, and related "past history" in connection therewith. A proposal by the Market Street Railway Company that the question of repeal of the ordinance prohibiting operation of one-man cars in San Francisco, or permitting one-man car operation during the war emergency, was introduced in the Board and referred to committee. In committee, by a vote of 5 to 1, the measure was tabled. His was the only dissenting vote. He had always been very definite in his stand on the matter and had always felt that the people should be given the opportunity to express themselves. The people were being denied such opportunity by a technicality, because, under the rules of the Board, the time at which the proposal could be called out from committee would have been too late to permit its being placed on the ballot for the coming election.

Subsequently during the proceedings, and under his own name on Roll Call, Supervisor Mead resumed his remarks on the foregoing subject. He stated also that in his opinion the Market Street Railway Company had been successful in dominating the Board of Supervisors over a period of many years, and he was now more firmly convinced than ever that the Market Street Railway Company was in pretty good shape to handle the Board of Supervisors. Now because of the inconsistencies of certain members of the Board—with the exception of Supervisors Brown and Colman, whom he had always admired for their very definite stand—certain organizations will have to spend a great deal of money for the purpose of off-setting this proposed legislation. He hoped it would not be mandatory for the Board of Supervisors to submit to the people a pamphlet advocating the operation of one-man cars, and leaving the impression that the entire Board of Supervisors voted in favor of submitting the question to the people. He was amazed, he stated, at the inconsistencies of certain members of the Board—Supervisors Green and Uhl—and he could not understand how members of the Board could reverse themselves so. The submission of the question of one-man car operation, at this time, was, to him, an outrage.

Supervisor Uhl, under his name on Roll Call, after referring to the submission to the people of the proposed amendment to the Municipal Code, regarding the operation of one-man cars in San Francisco, presented and read the following communications and requested that they be made part of the record:

Hon. Board of Supervisors
City and County of San Francisco
City Hall, San Francisco, California.

Honorable Sirs:

I understand there is before your honorable Board for Monday a resolution, the purport of which is to place before the people of San Fran-

cisco at the November election a referendum to suspend one man car ordinance for the duration.

May I urge passage of this resolution, in that the man power shortage on the Market Street Railway has reached critical proportions and will undoubtedly be greater during next few months.

Respectfully,

ROBERT O. CROWE,
Assistant Director,
Division of Local Transport.

Honorable Angelo Rossi, Mayor

Dear Mayor Rossi:

You are no doubt aware of the critical manpower situation on both Municipal and Market Street Railways.

We understand that during the war period you possess emergency power to amend the ordinance requiring two-man operation of street cars.

For the duration, and perhaps excepting Market Street, such action would immediately provide a large measure of relief, and am sure you will agree that the people of San Francisco are entitled to the service betterment which such an order would effect.

We are approaching you with every confidence that you stand ready and willing to use your honorable office for the furthering of the war effort, and the best interest of our city.

Respectfully,

ROBERT O. CROWE,
Regional Director,
Division of Local Transport.

Dear Mr. Crowe:

I am in receipt of your letter regarding the manpower situation on local streetcars. I have asked the City Attorney to render an opin-

The Honorable Angelo Rossi, Mayor
City of San Francisco
City Hall, San Francisco, California.

Dear Mayor Rossi:

On December 14th I wrote you regarding the use of your emergency power in permitting for the duration "one man" operation of street cars on some lines in San Francisco.

Your reply on December 18th stated that this matter was being referred to the City Attorney for an opinion.

You must be aware of the very critical manpower shortage in the transit operations here and you must certainly realize that this is a vital matter now.

Over two months have passed since your reply and now it is necessary to have some definite answer from you within the next five days.

The transportation situation at certain war industries within the City of San Francisco is such that the Office of Defense Transportation may be required to act within the very near future. Inasmuch as manpower is an important factor in working out these problems, it is necessary to know what your policy is to be.

Respectfully,

ROBERT O. CROWE,

SUBJECT: In Re Suspension of Initiative Ordinance providing for Operation of Streetcars by Motorman and Conductor.

Dear Sir:

I have your letter to which is attached a letter from Robert O. Crowe, Assistant Director, Division of Local Transport, Office of Defense Transportation, in which Mr. Crowe asks that you obtain from this office an opinion as to your emergency power to suspend the initiative ordinance providing for the operation of streetcars by at least a motorman and a conductor. He bases his request upon the fact that there is a critical man power shortage and the operation of streetcars by one man would tend to relieve that shortage. The request is that you exercise the emergency powers vested in you by Section 25 of the Charter.

OPINION

The pertinent part of Section 25 of the Charter reads as follows:

"In case of a public emergency involving or threatening the lives, property or welfare of the citizens, or the property of the city and county, the mayor shall have the power, and it

shall be his duty, to summon, organize and direct the forces of any department in the city and county in any needed service; to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency. The mayor may make such studies and surveys as he may deem advisable in anticipation of any such emergency."

The question of an emergency is always one to be determined by the courts and the facts of each particular case must be applied to determine whether such an emergency exists. An emergency has been defined by the Supreme Court of the State of California as follows:

> "Emergency" means "an unforeseen occurrence or combination of circumstances which calls for an immediate action or remedy; pressing necessity, exigency." See: *San Christina Investment Company* v. *City and County of San Francisco*, 167 Cal. 762.

The initiative ordinance, passed by the vote of the people some years ago, provides that all streetcars operated within the City and County of San Francisco must be operated by a motorman and a conductor. While your emergency powers under Section 25 are broad, I do not think they are sufficiently broad to permit you to suspend this ordinance upon the showing you have submitted to me and it is very doubtful whether the courts would sustain your action in this regard under the provision of Section 25 above quoted.

In the first place, there is no showing as to the man power which would be released by permitting the operation of one-man streetcars. The experiment was tried some years ago on several lines and the Supreme Court of the United States determined that the so-called "One Man Car Ordinance" was valid and restrained the operation of streetcars by only one man. It was only on a few lines that an attempt was made to operate one man cars, the Market Street Railway Company feeling that on heavily travelled lines there would be a great slowing up of transportation if the cars were operated by only one man, and the Municipal Railway never attempted to operate its streetcars with only one man.

The Municipal Railway streetcars are not equipped to be operated with only one man nor is it possible at this time to so equip them by reason of the shortage of essential materials. Taking all these points into consideration I am of the opinion that you could not sustain the declaration of an emergency under Section 25 of the Charter.

Supplementing my own views on this matter, I have a statement from Mr. E. G. Cahill, Manager of Utilities, saying that, in his opinion, it is perfectly possible, under the present man power conditions, to operate our cars on a two man basis. This can be accomplished by paying overtime to those employed for more than eight hours in any one day.

Mr. Cahill further states that he believes, in view of the extremely crowded conditions of the streetcars at the present time, that it would be particularly dangerous to the safety of passengers to operate one man cars and such an attempted operation, instead of increasing man power, would really diminish it.

You are therefore advised that you should not attempt to exercise your emergency powers under Section 25 of the Charter to suspend the ordinance prohibiting the operation of streetcars by only one man.

I am returning to you Mr. Crowe's letter.

Very truly yours,

/s/ JOHN J. O'TOOLE, City Attorney.

To the Mayor.

Supervisor Uhl, following the reading of the preceding communications, reminded the Board that during the consideration of the resolution to which Supervisor Mead had referred, he had stated that he would not go along with the operation of one-man cars on Market Street. Two weeks ago he had announced that he would agree to one-man car operation on lines other than Market Street or Mission Street. Mr. Newton of the Market Street Railway Company had stated at that time he would confine one-man car operation to the Polk Street line and to some other streets. The Key Route System is receiving twenty-four buses because of shortage of equipment; a similar situation applies in Seattle, and in other places. The Office of Defense Transportation will not consider giving buses to San Francisco because there are some fifty cars now idle. If these fifty cars are placed in operation, and then more buses are needed, they will be allowed. In closing, the Supervisor declared, that there was no command or pressure, on the part of the Market Street Railway Company, with respect to Adolph Uhl.

Whereas, various occasions have arisen in the past, and will arise in the future, where it is necessary for the City and County of San Fran-

cisco to act as host in the entertainment of various leaders and groups from countries of the United Nations who are officially visiting us in connection with the war effort; and

Whereas, a group of 130 men of the British armed forces, veteran members of an anti-aircraft group, will shortly visit our city for the purpose of giving a demonstration; and

Whereas, at a meeting of the Civilian War Council on September 21, 1943, it was unanimously approved that in order to obviate delay in securing funds for the entertainment of the above group and other similar groups on future occasions that an appropriation of $1,000 be requested, such sum to be expended under the direction of the Civilian War Council; now, therefore,

Requesting Civilian War Council to Assume Jurisdiction Over the Problem of Child Care Centers and to Devote Earnest and Vigorous Energy to Its Early, Decisive and Satisfactory Solution.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. ....., as follows:

Whereas, of those persons engaged in war industry at the present time in San Francisco, approximately seven per cent are women; and

Whereas, due to the necessity for a greatly increased number of men for service in the military, it is estimated by Federal agencies that in the very near future such additional work in war industries will devolve upon women as to require their services in further numbers sufficient to provide approximately forty per cent of the total personnel presently engaged in the production of war materiel; and

Whereas, a great number of women, capable and desirous of assisting in the war effort, in positions which because of the exigencies of the situation must presently be vacated by men, are precluded the opportunity to perform these vital and patriotic tasks by reason of the lack of facilities available for the care of their children during working hours; and

Whereas, while on September 15th of this year, it is reported, Los Angeles had provided thirty-seven fully equipped child care centers for its mother-workers, San Francisco, it is said, had but one such facility; and

Whereas, while it is promised that six additional child-care centers will be provided in San Francisco within the next month, such a program is neither adequate to cope with the impending situation nor is the fruition of even such inadequate planning assured; and

Whereas, since its inception, the problem presented by the necessity for child-care centers has, when not completely ignored, been shuttled between those, either without authority and the means to execution of an intelligent and efficient program, or those with a laissez faire attitude, who apparently had neither the intelligence nor the disposition to realize its presence or to endeavor to cope with it—all to the impediment of the war effort; and

Whereas, it is imperative now, belatedly, that a program to provide adequate, proper and convenient child-care centers be formulated and expeditiously executed; now, therefore, be it

Resolved, That the Civilian War Council of the City and County of San Francisco, charged with the coordination and facilitation of civilian endeavors in conjunction with the war effort, be and is hereby requested to assume jurisdiction over this vital problem and to devote earnest and vigorous energy to its early, decisive and satisfactory solution.

Report on Investigation of Complaints Against Quality of Food Served and Inadequacy of Restaurant Facilities at Bethlehem Shipyard.

Supervisor MacPhee reported that following discussion on Monday, September 20, 1943, of alleged poor quality of food served, and inadequacy of restaurant facilities at the Bethlehem Shipyard, an inspection trip had been made to the plant. Mr. Gunn of the Bethlehem Company felt that responsibility for the conditions complained of lay with the Navy. The naval authorities advised that the responsibility belonged to the private contractor. The Chief Administrative Officer has announced a meeting for Thursday, September 30, 1943, at 11 a. m., to consider the entire matter, and Supervisor MacPhee suggested that members of the Board attend that meeting to see that someone assumes the responsibility for conditions alleged to exist.

Endorsement of Charter Amendment No. 1—Fire Department.

(Series of 1939)

Resolution No. 3635, as follows:

Resolved, That the Board of Supervisors hereby endorses Charter Amendment No. 1 on the ballot on November 2, 1943, relating to Pensions—Members of the San Francisco Fire Department, as being in the best interests of the City and does urge the electorate to approve Charter Amendment No. 1.

Explanation of Vote.

Supervisor Colman, in explanation of his vote, stated that when the members of the Fire Department came before the Board he was not familiar with the proposed charter amendment, and had not had time to study it. Because it was the desire of the members of the Fire Department and had the approval of the Chief Engineer and the Commission, he had felt it to be a matter he could present to the people, and he had been happy to vote for its submission. However, he was not in a position to approve the amendment; he felt that was up to the people themselves. He would make no attempt to fight the amendment in any way, but he felt under the conditions that he could not conscientiously vote its approval.

Supervisor MacPhee, after suggesting that if the President had time to study the amendment he might feel able to vote for it, and moved that consideration be postponed for one week. Motion seconded by Supervisor Shannon.

Supervisor MacPhee, however, suggested that if the Chair had definitely determined to vote against the resolution, there would be no reason for postponement.

Supervisor Shannon moved, as an amendment, that consideration be postponed for one week for the purpose of permitting the President and any other member who so desired, to study the amendment.

Motion *failed for want of a second.*

Thereupon, the roll was called and the motion to postpone consideration *failed* by the following vote:

Ayes: Supervisors Colman, MacPhee, Roncovieri, Shannon, Uhl—5.

Authorizing Registrar of Voters to Include in Sample Ballots for General Municipal Election, to Be Held on November 2, 1943, Arguments in Opposition to Proposed Amendment of Ordinance No. 15.0917.

(Series of 1939)

Supervisor Mead presented:

Resolution No. ....., as follows:

Resolved, That pursuant to Section 183 of the Charter, the Registrar of Voters be and is hereby authorized to include with the sample ballots to be mailed to the voters for the general municipal election to be held Tuesday, November 2, 1943, printed arguments in opposition to proposed amendment of Ordinance No. 15.0917, "Providing for the Operation of Street Railway Cars by a Motorman and Conductor, Specifying the Entrance Age of Employees on Street Railways and Providing a Penalty for Violations Hereof"; and be it

Further Resolved, That the costs and expense of preparing and including such argument in the sample ballot shall be paid out of such funds as are or shall be made available for such purpose.

Discussion.

Supervisor Mead requested suspension of the rules for the purpose of the immediate consideration of the foregoing resolution.

Supervisor Uhl objected to suspension of the rules.

Whereupon, the Chair *referred the foregoing resolution to the Finance Committee.* In referring the resolution to committee, the Chair stated that since the matter referred to in the foregoing resolution was a matter of policy, and he doubted the right of the Board to oppose it. However, he would vote against the resolution anyway.

Disapproving and Opposing the Proposal to Amend Ordinance No. 15.0917 ((Initiative) to Permit the Operation of One-Man Cars, as Being Subversive to the Best Interests of San Francisco and Its People.

(Series of 1939)

Thereupon, Supervisor Mead presented:

Resolution No. ....., as follows:

Whereas, it is the opinion of this Board of Supervisors that the operation of One-Man cars would not remedy nor alleviate transit conditions in San Francisco but would in fact impede street car operations and would create a further hazard and inconvenience to the safety and welfare of our people; now, therefore, be it

Resolved, That the Board of Supervisors hereby disapproves and opposes the proposal to amend Ordinance No. 15.0917 (Initiative) to permit the operation of One-Man cars, as being subversive to the best interests of San Francisco and its people.

Discussion.

Following the presentation of the foregoing resolution Supervisor Mead moved for suspension of the rules in order to permit immediate consideration thereof.

Supervisor Colman thereupon expressed opposition to suspension of the rules, and *referred the resolution to the Joint Public Utilities and Finance Committee.*

Supervisor Mead, in support of his resolution, reminded the Board that by a vote of nine Ayes and two Noes, it had gone on record opposing the operation of street cars by one man. Now four members of the Board would be enabled to override the wishes of the majority of the Board. That, to him, did not make sense. Reference of the two foregoing resolutions to committees would kill them both, since no recommendation made by the committees could be acted on by the Board in time to be of any effect.

Recess.

Thereupon, Supervisor Green, seconded by Supervisor Gallagher, moved that the Board recess for fifteen minutes so that the Finance Committee and the Joint Public Utilities and Finance Committee could meet, consider the resolutions, and report back to the Board.

Motion *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon—9.
Noes: Supervisors Brown, Uhl—2.

Whereupon, the Board, at the hour of 3:00 p. m., recessed to reconvene at 3:15 p. m.

Reconvening of the Board.

The Board, at the hour of 3:15 p. m., reconvened, at which time it resumed consideration of the foregoing resolutions.

Adopted.

The following recommendation of the Finance Committee was taken up:

Authorizing Registrar of Voters to Include in Sample Ballots for General Municipal Election, to Be Held on November 2, 1943, Arguments in Opposition to Proposed Amendment of Ordinance No. 15.0917.

(Series of 1939)

Resolution No. 3641, as follows:

Resolved, That pursuant to Section 183 of the Charter, the Registrar of Voters be and is hereby authorized to include with the sample ballots to be mailed to the voters for the general municipal election to be held Tuesday, November 2, 1943, printed arguments in opposition to proposed amendment of Ordinance No. 15.0917, "Providing for the Operation of Street Railway Cars by a Motorman and Conductor, Specifying the Entrance Age of Employees on Street Railways and Providing a Penalty for Violations Hereof"; and be it

Further Resolved, That the costs and expense of preparing and including such argument in the sample ballot shall be paid out of such funds as are or shall be made available for such purpose.

Discussion.

Supervisor Green, in discussing the foregoing resolution, and in explanation of his vote, stated that he would vote "Aye" on the resolution. He had signed the petition to refer the question of one-man car operation to the voters, notwithstanding the fact that he was personally opposed to such operation.

Supervisor Colman, in explanation of his vote, stated that he would vote "No" on the resolution. In his opinion, the statements set forth in the resolution were not factual at all. He believed one-man car operation would result in additional service and would put additional

cars on the streets. He did not believe in the hazard to the people. The Public Utilities Commission holds that the one-man car will not increase the hazard. That Commission is in total disagreement with the thoughts expressed in the resolution.

The City Attorney, whose presence had been requested, on his arrival in the chambers, stated that arguments against the one-man car could not be prepared at public expense. The Board might be justified, though, in submitting an argument in favor of the proposed legislation.

Supervisor Colman announced that he had not the slightest intention of paying for any argument to be placed in the ballot in support of the one-man car proposal, nor would he ask the city to do so.

Supervisor Green disagreed with the City Attorney. From his interpretation of Section 183 of the Charter, which the City Attorney had already read in support of his opinion, Supervisor Green believed that the Board could submit an argument either for or against any measure.

The City Attorney, in reply to questioning by Supervisor Brown, as to charter interpretation, and the right of the Board to consider the foregoing resolution as a recommendation of committee, stated that the Board should consider the opinion of its President, rather than that of the City Attorney, except in legal questions.

The Chair ruled that the foregoing resolution was recommended by committee and so was properly before the Board. Only six votes would be necessary for adoption.

Supervisor Roncovieri, in discussing the resolution, announced that in view of the City Attorney's statement, he would vote "No" on the resolution. He had no desire to vote for enclosing of an argument with the sample ballot, and then to be forced to pay any part of the cost of that argument.

Supervisor Mead, who had previously stated that to him a prohibition against permitting the majority of the Board to express its opinion on a question in which it had been virtually overruled by a minority, did not make sense, urged the Board to vote for the resolution. It was about time, he continued, for members of the Board to find out just where they stood.

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Meyer—6.

Noes: Supervisors Brown, Colman, Roncovieri, Uhl—4.

Absent: Supervisor Shannon—1.

Adopted.

Whereupon, the following recommendation of the Public Utilities and Finance Committee was taken up:

Disapproving and Opposing the Proposal to Amend Ordinance No. 15.0917 ((Initiative) to Permit the Operation of One-Man Cars, as Being Subversive to the Best Interests of San Francisco and Its People.

(Series of 1939)

Resolution No. 3640, as follows:

Whereas, it is the opinion of this Board of Supervisors that the operation of One-Man cars would not remedy nor alleviate transit conditions in San Francisco but would in fact impede street car operations and would create a further hazard and inconvenience to the safety and welfare of our people; now, therefore, be it

Resolved, That the Board of Supervisors hereby disapproves and opposes the proposal to amend Ordinance No. 15.0917 (Initiative) to permit the operation of One-Man cars, as being subversive to the best interests of San Francisco and its people.

Discussion.

Supervisor Brown requested that the record show that motion to table the foregoing resolution in committee had been made but had been defeated.

Supervisor Uhl presented and read the following:

Hon. Board of Supervisors
City and County of San Francisco
City Hall, San Francisco, California.

Honorable Sirs:

I understand there is before your honorable Board for Monday a resolution, the purport of which is to place before the people of San Francisco at the November election a referendum to suspend one man car ordinance for the duration.

May I urge passage of this resolution, in that the man power shortage on the Market Street Railway has reached critical proportions and will undoubtedly be greater during next few months.

Respectfully,

ROBERT O. CROWE,
Assistant Director,
Division of Local Transport.

Honorable Angelo Rossi, Mayor
City of San Francisco
City Hall, San Francisco, California.

Dear Mayor Rossi:

You are no doubt aware of the critical manpower situation on both Municipal and Market Street Railways.

We understand that during the war period you possess emergency power to amend the ordinance requiring two-man operation of street cars.

For the duration, and perhaps excepting Market Street, such action would immediately provide a large measure of relief, and am sure you will agree that the people of San Francisco are entitled to the service betterment which such an order would effect.

We are approaching you with every confidence that you stand ready and willing to use your honorable office for the furthering of the war effort, and the best interest of our city.

Respectfully,

ROBERT O. CROWE,
Regional Director,
Division of Local Transport.

Dear Mr. Crowe:

I am in receipt of your letter regarding the manpower situation on local streetcars. I have asked the City Attorney to render an opinion on the subject matter which you mention. As soon as I receive such opinion, a copy will be forwarded to you.

February 25, 1943.

The Honorable Angelo Rossi, Mayor
City of San Francisco
City Hall, San Francisco, California.

Dear Mayor Rossi:

On December 14th I wrote you regarding the use of your emergency power in permitting for the duration "one man" operation of street cars on some lines in San Francisco.

Your reply on December 18th stated that this matter was being referred to the City Attorney for an opinion.

You must be aware of the very critical manpower shortage in the transit operations here and you must certainly realize that this is a vital matter now.

Over two months have passed since your reply and now it is necessary to have some definite answer from you within the next five days.

The transportation situation at certain war industries within the City of San Francisco is such that the Office of Defense Transportation may be required to act within the very near future. Inasmuch as manpower is an important factor in working out these problems, it is necessary to know what your policy is to be.

Respectfully,

ROBERT O. CROWE,

SUBJECT: In Re Suspension of Initiative Ordinance providing for Operation of Streetcars by Motorman and Conductor.

Dear Sir:

I have your letter to which is attached a letter from Robert O.

Crowe, Assistant Director, Division of Local Transport, Office of Defense Transportation, in which Mr. Crowe asks that you obtain from this office an opinion as to your emergency power to suspend the initiative ordinance providing for the operation of streetcars by at least a motorman and a conductor. He bases his request upon the fact that there is a critical man power shortage and the operation of streetcars by one man would tend to relieve that shortage. The request is that you exercise the emergency powers vested in you by Section 25 of the Charter.

OPINION

The pertinent part of Section 25 of the Charter reads as follows:

> "In case of a public emergency involving or threatening the lives, property or welfare of the citizens, or the property of the city and county, the mayor shall have the power, and it shall be his duty, to summon, organize and direct the forces of any department in the city and county in any needed service; to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency. The mayor may make such studies and surveys as he may deem advisable in anticipation of any such emergency."

The question of an emergency is always one to be determined by the courts and the facts of each particular case must be applied to determine whether such an emergency exists. An emergency has been defined by the Supreme Court of the State of California as follows:

> "Emergency" means "an unforeseen occurrence or combination of circumstances which calls for an immediate action or remedy; pressing necessity, exigency." See: *San Christina Investment Company* v. *City and County of San Francisco*, 167 Cal. 762.

The initiative ordinance, passed by the vote of the people some years ago, provides that all streetcars operated within the City and County of San Francisco must be operated by a motorman and a conductor. While your emergency powers under Section 25 are broad, I do not think they are sufficiently broad to permit you to suspend this ordinance upon the showing you have submitted to me and it is very doubtful whether the courts would sustain your action in this regard under the provision of Section 25 above quoted.

In the first place, there is no showing as to the man power which would be released by permitting the operation of one-man streetcars. The experiment was tried some years ago on several lines and the Supreme Court of the United States determined that the so-called "One Man Car Ordinance" was valid and restrained the operation of streetcars by only one man. It was only on a few lines that an attempt was made to operate one man cars, the Market Street Railway Company feeling that on heavily travelled lines there would be a great slowing up of transportation if the cars were operated by only one man, and the Municipal Railway never attempted to operate its streetcars with only one man.

The Municipal Railway streetcars are not equipped to be operated with only one man nor is it possible at this time to so equip them by reason of the shortage of essential materials. Taking all these points into consideration I am of the opinion that you could not sustain the declaration of an emergency under Section 25 of the Charter.

Supplementing my own views on this matter, I have a statement from Mr. E. G. Cahill, Manager of Utilities, saying that, in his opinion, it is perfectly possible, under the present man power conditions, to op-

erate our cars on a two man basis. This can be accomplished by paying overtime to those employed for more than eight hours in any one day.

Mr. Cahill further states that he believes, in view of the extremely crowded conditions of the streetcars at the present time, that it would be particularly dangerous to the safety of passengers to operate one man cars and such an attempted operation, instead of increasing man power, would really diminish it.

You are therefore advised that you should not attempt to exercise your emergency powers under Section 25 of the Charter to suspend the ordinance prohibiting the operation of streetcars by only one man.

I am returning to you Mr. Crowe's letter.

Very truly yours,

/s/ JOHN J. O'TOOLE, City Attorney.

To the Mayor.

Supervisor Uhl, following his reading of the foregoing communications, stated that he had previously voted against one-man car operation because Market Street had been included among streets where it was proposed such operation be permitted. Within the past two or three weeks the matter again came up. Mr. Newton had then told him that no cars would be operated on Market Street except by two men. The amendment to the one-man car ordinance, if approved by the people, will be effective only for the duration of the war emergency and during manpower shortage. The Board of Supervisors will have the right to determine when the measure shall be repealed.

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri—7.

Noes: Supervisors Brown, Colman, Uhl—3.

Absent: Supervisor Shannon—1.

Supervisor Shannon Excused From Attendance at Meetings.

Supervisor Shannon announced that beginning Tuesday, October 5, 1943, he was planning on being away on vacation, and requested that he be excused from attendance at meetings during his vacation.

No objection, and excuse granted.

Supervisor Brown, speaking on the absence of Supervisor Shannon, from the Board, following January 8, 1944, paid tribute to Supervisor Shannon, expressing his pleasure at having served with him both as a member of the Board of Supervisors and as a member and President of the Golden Gate Bridge and Highway District directorate. Although Supervisor Shannon and he had not agreed at all times, he had admired Supervisor Shannon as being the outstanding parliamentarian of the Board and, perhaps, the possessor of the quickest wit on the Board. It will be a matter of regret that he will not be with the Board after January 8, 1944, but the members hope that he will return frequently on a visit, and that his return to non-political life will be marked by continued success.

Supervisor Shannon thanked Supervisor Brown for his kind expression.

Potential Savings to People by Elimination of Water Meter Charges and by Recommended 15 Per Cent Reduction in Present Water Rates.

Supervisor Uhl announced that although the Manager of Utilities had answered his request for certain information as to the amount of money that could be saved to the rate payers by the elimination of water meter charges, and what the 15 per cent reduction in water rates would amount to for the average five-room dwelling, his answer did not give him the information he sought. He requested the matter be referred to Finance Committee.

No objection, and so ordered.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:20 p. m., adjourned.

DAVID A. BARRY, Clerk.

SPECIAL ORDER—2:00 P. M.

Consideration Postponed.

From Public Buildings, Lands and City Planning Committee.

Present: Supervisors Uhl, Gallagher, MacPhee.

Consideration of protests against Defense Housing in residential districts.

Discussion.

Supervisor MacPhee reported that the Public Buildings, Lands and City Planning Committee had held a series of meetings, the latest of which was on Thursday evening, October 7, 1943. The Builders themselves are to meet on Tuesday evening, October 12, 1943, at which some of the suggestions made in committee will be discussed. For that reason, he would request postponement of consideration by the Board until Monday, October 18, 1943, at 2:00 p. m.

Supervisor Gallagher, member of the Public Buildings, Lands and City Planning Committee, announced that he had had no knowledge of the meeting mentioned by Supervisor MacPhee, and requested that in the future he be notified of meetings of that committee.

Supervisor Roncovieri announced that he had an idea that might be a solution to the problem of defense housing, which he had prepared and would present to the committee for its consideration. The people, he stated, were objecting to the so-called "cracker boxes." Some buildings of that type have already been erected, and nothing can be done about them now, but to prevent a recurrence in the future, he would suggest that legislation be enacted to provide that before building permits are granted in the future, that all property owners within a distance of 300 feet of the proposed location of building construction be notified that applications for permits have been filed. He believed it might be well that property owners be notified of any contemplated

building construction, as they are notified of any request for change of zone classification. Thereupon, he presented a written statement embodying his suggestion.

Statement *referred to Public Buildings, Lands and City Planning Committee.*

Whereupon, there being no objection, the Chair declared that further consideration, as requested by Supervisor MacPhee, was *postponed until Monday, October* 18, 1943, *at* 2:00 *p. m.*

Bill No. ....., Ordinance No. ....., as follows:

Amending Ordinance 2184 (Series of 1939), entitled: "An ordinance fixing a schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications which are subject to the provisions of Section 151 of the Charter and providing for the administration of such schedule and that the said schedule shall become effective July 1, 1943. "An emergency ordinance," by amending Section 4 thereof relating to 5-day, 5½-day and 6-day work week. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

NOTE: Amendments are indicated by *light face italics.*

Section 1. Section 4 of Ordinance 2184, the title of which is recited above, is hereby amended to read as follows:

Section 4. Salaries and wages set forth in the schedule of compensations herein outlined are gross compensations. Deductions shall be made from such salaries or wages as provided by law for maintenance or other accommodations and charges therefor shall be fixed by law, provided, however, that no charge shall be made for maintenance or other accommodations available to employees in public institutions unless such employees actually receive such maintenance or utilize such accommodations.

Wages fixed herein on a per hour or per diem rate are based upon an eight-hour day.

Compensations fixed herein on a monthly or weekly basis are for full time service and for a *5-day or* 5½-day work week, *as determined by the head of each department in the San Francisco municipal service in accordance with the requirements of the particular department,* such work week to consist of not less than 38½ and not more than

44 hours work per week. *In determining the number of days in the work week, department heads shall be mindful of manpower needs of the present emergency and, whenever possible, so administer their departments so as to permit work weeks of five days.* Employees working on a 5-day week which consists of not less than 35 hours and not more than 40 hours per week shall receive 10 percent less than the compensations fixed herein for their respective classifications, *provided, however, as stated in Section 1 of this ordinance, that the salaries of occupants of positions as of June 30, 1943, shall not be reduced below the salaries such employees were receiving on June 30, 1943.* Exclusive of department heads, and other administrative and executive employees and officials, employees who are working on a 6-day week which consists of not less than 42 hours and not more than 48 hours work per week shall receive 9 per cent above the compensations fixed herein for their respective classifications. The Board of Supervisors shall, in the annual salary ordinance, specify the employments in the municipal government which are required to work a 6-day week and for which the extra 9 percent compensation shall be allowed. Employees exclusive of department heads and other administrative and executive personnel who are required to work overtime in excess of their normal work week shall be allowed compensation for such overtime service at the rate of 1½ times the rate of pay herein fixed for their classification; provided, however, that such overtime compensation shall be regulated by an ordinance passed by the Board of Supervisors. The Board of Supervisors shall determine annually the amount to be paid employees whose positions are established in the annual salary ordinance as part-time positions.

Section 2. The Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, said emergency consisting of the acute manpower shortage in war industries to be filled by employees of the City government when not engaged in City employment.

Approved as to form by Dion R. Holm, Assistant City Attorney.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 2291, entitled as above, is hereby amended to read as follows:

> Section 1. Notwithstanding any of the provisions of Ordinance No. 2184 (Standardization Ordinance for the fiscal year 1943-44), and not for the purpose of amending said ordinance but for the purpose of clarifying the same and providing for the orderly conduct of the business of the several offices of the City and County of San Francisco, all of the provisions of Ordinance No. 4.0511 entitled and codified as in the caption of this ordinance set forth, shall remain in full force and effect; provided, however, that where any employee whose duties are ordinarily performed on a 5½-day week basis, are performed within five days as provided in this ordinance and in Ordinance No. 4.0511 hereinbefore referred to, the compensation of said employee shall not be subject to the 10 per cent deduction provided for in Section 4 of Ordinance No. 2184, nor shall said employee be entitled to any overtime compensation for any work performed in order to fully perform his five and one-half days work within five days. Approved as to form by the City Attorney.

Discussion.

Supervisor MacPhee, in discussing and explaining the foregoing legislation, pointed out that the foregoing bill was permissive, and it allows department heads to permit employees to perform their regular number of hours of work each week within a period of five days instead of over a period of five and one-half days. The legislation as now presented has received the approval by the City Attorney.

Supervisor Mead objected to the "permissive" feature of the legislation. There should be, he believed, a straight five-day week.

Supervisor MacPhee, in reply, pointed out that such provision was impossible at the present time.

The Chief Administrative Officer announced that he had no objection to any permissive legislation. His first opinion, though, was that city employees should not be looking for shorter hours at this time. In some departments the five-day week would not be practicable.

Supervisor Colman requested that consideration be continued for one week in order that he might have time to study the legislation and find out just what its effect would be in the various departments.

Mr. Ivan Flamm announced, on being granted the privilege of the floor, that the ordinance had been drafted by the City Attorney, after conference with representatives of various employee organizations, to take the place of the legislation previously passed by the Board, but which the City Attorney had declared to be illegal. This legislation merely remedies the objections as to legality.

Supervisor Brown urged the passage of the legislation. It was exactly the same thing that has been done in various business circles, he stated. However, he could not see any particular objection to a week's postponement, and if Supervisor Colman should make a motion for such postponement, he would be willing to second it.

Supervisor Colman announced that he was convinced as to the need or the advisability of the legislation. He desired time to study the matter. For those reasons he would move that further consideration be postponed until Monday, October 25, 1943. Motion seconded by Supervisor Brown.

Mr. Frank Moitoza, on being granted the privilege of the floor, objected to any postponement.

Supervisor Mead, in objecting to postponement, stated that he disliked opposing the request by the Chair, but he could see no good to be derived from postponement. He would vote against the motion.

Thereupon, the roll was called and the motion to postpone *failed* by the following vote:

Ayes: Supervisors Brown, Colman—2.
Noes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Uhl—7.
Absent: Supervisors Roncovieri, Shannon—2.

Thereupon, Supervisor Colman announced that if he could not feel thoroughly familiar with the ordinance, and if sufficient time to look into it should be denied him, in view of statements made by the Chief Administrative Officer, he would have to vote "No."

Whereupon, Supervisor Mead moved temporary postponement of further consideration until the arrival of Supervisor Roncovieri.

No objection, and consideration postponed *temporarily*.

Subsequently during the proceedings, and under Roll Call, Supervisor Mead announced that he had been informed that Supervisor Roncovieri, because of illness, would not be present, and rather than see the proposed five-day week legislation go to a vote, he would withdraw his objection to postponement for one week.

Supervisor Colman, thereupon, announced that he desired the postponement, without prejudice. He would vote on the question as he would see it after becoming more familiar with the matter.

Thereupon, Supervisor Mead, seconded by Supervisor Gallagher, moved that further consideration be postponed for one week.

Supervisor MacPhee suggested that such motion should be taken up at the conclusion of Roll Call, which had already been started.

Supervisor Brown announced that inasmuch as he had not concluded his remarks, under Roll Call, he would offer such motion.

No objection, and motion to postpone action for one week *carried.*

On the arrival of Supervisor Roncovieri in the chambers, however, immediately following the foregoing roll call, Supervisor MacPhee moved that the action of the Board, whereby further consideration of the proposed legislation had been postponed for one week be rescinded.

Supervisor Uhl opposed further consideration of the legislation, stating that he believed the Board should have further information from the various departments on how those departments would be affected by the legislation.

Supervisor Colman expressed agreement with the views by Supervisor Uhl.

Supervisor Mead, thereupon, expressed the hope that Supervisor MacPhee would withdraw his motion. However, if he would not withdraw the motion, he (Supervisor Mead) would have to vote for it. Supervisor Mead stated that he believed that after a week's postponement it might be possible for Supervisor Colman to vote "Aye" and he would much prefer to see the matter approved by unanimous vote.

Thereupon, Supervisor MacPhee, with the consent of his second, Supervisor Gallagher, withdrew the motion.

Whereupon, there being no objection, further consideration was *postponed until Monday, October* 25, 1943.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Presentation of Guest.

Supervisor Colman, during the proceedings requested Supervisor Green to present to the Board a guest, Mr. Edward O'Neill, manager of the Optimist Boys' Club of San Francisco.

Supervisor Green, thereupon, presented Mr. O'Neill of the Park-Presidio Optimist Club, who addressed the Board briefly, relating to the work being done by the Optimist Club for the boys of San Francisco. Mr. O'Neill expressed pleasure at being present in the chambers and at being invited to address the Board on the work of the Optimist Clubs for boys. He invited members of the Board to visit the club at Twenty-first Avenue and Geary Boulevard and see just what the Optimist Club is doing for the boys.

Commending the Optimist Clubs for Their Work for the Boys of San Francisco and for Their Work in Reducing Juvenile Delinquency.

(Series of 1939)

Thereupon, Supervisor Green presented:

Resolution No. 3667, as follows:

Whereas, the week of October 17 to 24, 1943, has been set aside as National Optimist Week; and

Whereas, the Optimist Boys' Club of San Francisco, under the sponsorship of the Park-Presidio, Polk-Van Ness and Mission Optimists, is rendering a vital service to the boys of San Francisco both in recreational and vocational endeavors; and

Whereas, the Optimist Boys' Club inaugurated the Junior Optimist Victory Caravan which appeared before more than 25,000 people during 1942-43 in the interest of the sale of war bonds and stamps and also at many Army and Navy centers as a service to the armed forces; and

Whereas, with child delinquency as it is at the present time, the Optimist Club is to be commended for its action by which they offer the boys a way in which to spend their spare time; now, therefore, be it

Resolved, That the Board of Supervisors on behalf of the People of the City and County of San Francisco takes this occasion to extend to the Park-Presidio, Polk-Van Ness and Mission Optimists their commendations for the wonderful work that they have done for the boys of this city and also for the strides that they have taken to reduce child delinquency; and be it

Further Resolved, That suitably engrossed copies of this resolution be sent to each of the district Optimists Clubs.

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Uhl—9.
Absent: Supervisors Roncovieri, Shannon—2.

Unsightly and Insanitary Condition on The Embarcadero.

Supervisor Brown, under his name on Roll Call, reported that on a visit to The Embarcadero his attention had been called to the unsightly and insanitary condition there by a Mr. Gibson, a business man on The Embarcadero. While the maintenance of The Embarcadero is the obligation of the State, the street must be kept clean. The State is having difficulty with personnel problems, and cannot keep on its roll sufficient street cleaners. The property owners along the street would be willing to keep their surroundings clean provided the City would supply necessary refuse cans. In closing, Supervisor Brown moved that the condition be called to the attention of the Department of Public Works, through the Chief Administrative Officer, with the request that some method whereby the street may be kept clean be worked out.

No objection, and so ordered.

Superintendent of Schools Invited to Visit the Board.

Supervisor Colman moved that Dr. Curtis Warren, Superintendent of Schools, be invited to visit the Board on Monday, October 25, 1943, at 2:00 p. m., in order that he might be officially presented to the Board of Supervisors and to the citizens present.

No objection, and so ordered.

Approving and Endorsing "Thanksgiving for America" Observance, November 21st to Thanksgiving Day, November 25, 1943, and Urging Citizens of San Francisco to Purchase War Bonds During This Period.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 3664, as follows:

Whereas, the forthcoming Thanksgiving Day season affords all Americans an opportunity to voice their thankfulness for the blessings of democracy and the liberties we enjoy under our American way of life —the freedom of speech and of press, the freedom of worship, and the freedom of assembly and petition; and

Whereas, the Treasury Department's War Finance of Northern California is sponsoring a significant observance of the season from November 21st to Thanksgiving Day, on November 25, 1943; and

Whereas, the War Finance Committee, in calling for such a "Thanksgiving for America" observance, is asking all loyal Americans to express their thanksgiving spirit by investing in extra war bonds that the blessings for which we are thankful may be preserved through victory in the war for freedom; now, therefore, be it

Resolved, That this Board of Supervisors of the City and County of San Francisco does hereby vote its hearty approval of this observance and urges all citizens of San Francisco, individually and through their organizations, to participate and to buy war bonds in this period in order that the great American heritages for which we are ever thankful will be preserved for ourselves and for all mankind.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Uhl—9.

Absent: Supervisors Roncovieri, Shannon—2.

(Series of 1939)

Supervisor Colman presented:

Resolved, That his Honor the Mayor be and he is respectfully requested to appoint a Citizens' Committee for the proper observance of American Education Week, November 17 to November 24, 1943.

County, State and National Affairs Committee to Conduct Hearings on Subject of Formation of Airport Districts in San Francisco Bay Area.

(Series of 1939)

Supervisor Green presented:

Resolution No. 3666, as follows:

Whereas, at a meeting of the Bay Area Regional Planning Council held last week it was represented that as an incident of the Post War Construction Program the Federal Government, through the Civil Aeronautics Commission or some other agency, will inaugurate a plan pursuant to which districts organized for the purpose will be enabled

to construct airports on a basis of financial contributions somewhat similar to that which existed under Public Works Administration; and

Whereas, there appears on the statute books of the State of California an enabling provision which permits the formation of Airport Districts in a similar manner as is provided for Highway and Irrigation Districts; and

Whereas, San Francisco is now at the crossroads of her destiny and because of limited available areas within the city limits must plan wisely now for the great increase in air transportation which will inevitably follow the conclusion of this war; now, therefore, be it

Resolved, That the Committee on County, State and National Affairs be and is hereby authorized and directed to hold public hearings on this subject; to invite the attendance of all interested parties, and to present to this Board as soon as possible a comprehensive program for the establishment of airfields in the Bay Area as immediately adjacent to the City and County of San Francisco and its other transportation facilities as is possible.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Uhl—10.

Absent: Supervisor Shannon—1.

Discussion.

Prior to the adoption of the foregoing resolution, Supervisor MacPhee commended Supervisor Green for his vision. It is a fine thing for the Board to take such action. Supervisor MacPhee announced that statements by him, that after the war, San Francisco would need some forty airports, or airfields, had been ridiculed, but those statements had been made on receipt of information by people who know. The vice-presidents of the Continental Air Lines, the United Air Lines, and representatives of the Western Air Lines were all agreed on the accuracy of that statement. In closing, Supervisor MacPhee stated that those required airports would not all be built by San Francisco, of course.

Respectfully Directing the Attention of His Honor the Mayor to the Requirements of Chapter 1056 of the Statutes of 1943 and Requesting That He Take Such Steps as Will Result in Compliance Therewith.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. 3668, as follows:

Whereas, through the persistent and untiring efforts of the Native Sons of the Golden West there was enacted by the Legislature of the State of California, Chapter 1056 of the Statutes of 1943, which requires that the Flag of the United States of America and the Flag of the State of California shall be prominently displayed in certain places among which are included public buildings of the State, of a city and county or a municipality; and

Whereas, compliance with this enactment constitutes an act of patriotism and inspires a feeling of loyalty and devotion to the United States of America and to the State of California such as is indispensable and is compatible with the preservation of our democratic processes; and

Whereas, so far as San Francisco is concerned the rule prescribed by the aforementioned enactment is observed in the breach—no Flag of the State of California appearing in evidence on any of the public buildings of the City and County of San Francisco; now, therefore, be it

Resolved, That the attention of his Honor the Mayor be and is hereby respectfully directed to the requirements of the aforementioned statute

and that his Honor the Mayor be respectfully urged to take such steps as will result in compliance therewith.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Uhl—10.
Absent: Supervisor Shannon—1.

Requesting City Planning Commission to Give Consideration to a Proposal Having for Its Purpose the Removal and Relocation of the Pacific Gas and Electric Company's Gas Storage Tank in the Marina District.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. 3669, as follows:

Whereas, the Marina, one of our fine residential districts, is composed of lovely homes and is particularly favored by its setting adjacent to San Francisco Bay, where, unobstructed, appears a vista unparalleled in charm and beauty; and

Whereas, it is imperative that the integrity of the Marina District be preserved and enhanced wherever possible; and

Whereas, one particularly obnoxious object rises to mar the aesthetic glory of the Marina District and to impair the view and enjoyment of the residents thereof as well as those of the neighbors on adjacent slopes—the unsightly, and in such an environment, ugly, gas storage tank of the Pacific Gas and Electric Company, located near Laguna and Bay Streets; and

Whereas, it would seem prudent as a part of the post-war program to consider not only such phases of planning as deal with commercial and industrial progress but also those equally valuable assets which are represented by the beauteous aspects of our community; now, therefore, be it

Resolved, That in its consideration of a post-war program, the City Planning Commission be and is hereby requested to give consideration to a proposal having for its purpose the removal and relocation of the Pacific Gas and Electric Company's gas storage tank in the Marina District.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Uhl—10.
Absent: Supervisor Shannon—1.

Adopted.

The following recommendation of his Honor the Mayor was taken up:

Leave of Absence—Hon. John J. Ryan, Member Board of Commissioners of the Public Library.

(Series of 1939)

Resolution No. 3670, as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Honorable John J. Ryan, member of the Board of Commissioners of the Public Library, be and he is hereby granted a leave of absence for a period of one month, commencing October 14th, with permission to leave the State.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Uhl—10.
Absent: Supervisor Shannon—1.

Providing for Adequate Area Ways in Rear of Buildings in First Residential Districts.

(Series of 1939)

Supervisor Uhl presented:

Resolution No. ....., as follows:

Whereas, in order that, due to the exigencies of the war emergency residential planning and construction shall not result in utter confusion and irreparable injury, it is imperative now that steps be taken to provide for adequate and decent area ways adjacent to those dwellings now being or about to be constructed; and

Whereas, in order to accomplish this purpose it is necessary to enact legislation which will provide that an adequate backyard shall be provided in conjunction with the construction of each new dwelling unit; now, therefore, be it

Resolved, That the Building Committee of this Board in collaboration with the City Attorney and the City Planning Commission be and is hereby authorized and directed to prepare and submit to this Board, at the earliest opportunity, a bill to provide that in future no structure in the first residential district shall be constructed so that any part of said structure shall be situate within twenty-five feet of the rear property line of the lot upon which such structure is located.

Referred to Public Buildings, Lands and City Planning Committee.

Regulating Meetings in Public Parks.

Supervisor Mead, referring to bill which he had presented sometime previously and which he had called out from Education, Parks and Recreation Committee, which would repeal the prohibition against holding meetings in public parks, and requested the privilege of the floor for a Mr. Anderson, who desired to speak thereon.

Supervisor Brown reported that the representative of the Park Commission was present at committee on the proposed legislation, and stated that there was one portion of the park in which meetings were allowed without permits. The Commission felt that was adequate. The Commission believes that if it is desired to hold meetings elsewhere, the Commission should be notified in order that proper provisions for such meetings might be made.

Supervisor Gallagher moved that the Park Commission, or at least the president of the Park Commission, be sent for.

Motion *failed for want of a second.*

Supervisor Green announced that he had talked with Mr. Anderson, for whom Supervisor Mead had requested the privilege of the floor, and that Mr. Anderson had agreed that consideration might be postponed for one week. Thereupon, Supervisor Green, seconded by Supervisor Uhl, moved that consideration be continued until Monday, October 25, 1943, at 3:30 p. m.

The Clerk, at the request of Supervisor Brown, read the first paragraph of Section 41 of the Charter, in which are set forth the duties and the responsibilities of the Park Commission.

Thereupon, Supervisor Brown announced that he believed, in view of the language just read, any Board action as proposed would be idle.

Supervisor Mead objected to postponement.

However, following suggestion by Supervisor MacPhee that by postponement, as requested, the Board might possibly act unanimously in the matter, Supervisor Mead withdrew his objection to postponement.

Whereupon, the Chair ruled that further consideration had been postponed until Monday, October 25, 1943, at 3:30 p. m.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:40 p. m., adjourned.

DAVID A. BARRY, Clerk.

SPECIAL ORDER—2:00 P. M.

From Public Buildings, Lands and City Planning Committee.

Present: Supervisors Uhl, Gallagher, MacPhee.

Consideration of protests against Defense Housing in Residential Districts.

October 4, 1943—*Consideration postponed to October* 11, 1943, *at* 2:00 *P. M.*

October 11, 1943—*Consideration postponed to October* 18, 1943, *at* 2:00 *P. M.*

October 18, 1943—*Consideration postponed to October* 25, 1943, *at* 2:00 *P. M.*

Discussion.

Supervisor Uhl announced that he understood a compromise had been agreed upon between the parties to the controversy over Defense Housing, whereby the various improvement clubs have agreed that permits which have been issued should stand, and buildings be completed. There is objection, though, to a majority of low cost houses being built in any one district. There is a more or less friendly agreement between the various interested parties. There is really nothing before the Board on the matter.

Mr. Carroll Newburg, representing the various civic groups interested confirmed the statement by Supervisor Uhl. The protesting citizens and home owners originally felt that the only way to stop the building of the so-called defense homes was to have repealed the ordinance which provided for the waiving of certain building requirements. However, the citizens and home owners and the builders want to be fair with each other, and it was decided to request the Public Buildings, Lands and City Planning Committee of the Board of Supervisors to act as an unofficial body on behalf of the home builders as well as the home owners. Thereupon, Mr. Newburg read a statement outlining the position of the home owners and their agreement with the builders. In the statement, it was set forth that the Parkside and the Sunset Districts were protesting any further construction of the Type VI houses in their districts. It was considered that those districts have already received more than a proper share of such construction, and that the remaining vacant areas of those districts should be reserved for the construction of better types of homes after the end of the war. The districts in the southern part of the city will take its share of the Type VI housing, providing that all such housing will not be constructed in any one district, but will be equally divided throughout the entire southern district. The Public Buildings, Lands and City Planning Committee of the Board of Supervisors will act as an intermediary body between the home builders and the district clubs. The home builders will contact that committee before applying for building permits, in order to allow district leaders to be informed as to their plans. The Board of Supervisors will be requested to take official notice of actions taken by the committee, and will back up the committee by sending an official request to the Board of Permit Appeals.

In the event of a breakdown of the agreement, the civic clubs will call on the United States Government to halt all building of Type VI homes in San Francisco, and will ask the government to construct temporary housing for defense workers.

Mr. Harry S. Young, attorney, representing the Associated Home Builders, announced that his clients were willing to try out the proposed plan.

Supervisor MacPhee pointed out that the committee had agreed to sit down with the builders and the improvement clubs and try to reconcile their differences. The committee appreciates that its action is not binding on the Board. However, it is generally agreed by the builders and the improvement club people that the committee might bring matters to a point where there is an agreement. However, in the event of failure to do that, necessary legislation would have to be brought before the Board.

Thereupon, Supervisor Uhl moved that the matter be tabled. Motion seconded by Supervisor MacPhee.

Supervisor Mead expressed the thought that both sides to the controversy should be commended for trying to get together. However, he warned them against being misled, and pointed out that the Board could not bind any future Board, nor could there be any assurance that the present membership of the committee would remain the same after January 8, 1944. However, he could see no objection to the so-called gentlemen's understanding.

Following a warning by the Chair that a motion to table was not debatable, Supervisor Uhl, with the consent of his second, Supervisor MacPhee, withdrew his motion.

Supervisor Roncovieri then called attention to a proposal presented by him two weeks earlier, which would provide that in the future any builder who desired to build should first apply to all persons within 300 feet of the property on which buildings were proposed to be constructed, should be notified of the contemplated construction, and would be accorded a hearing, similar to the hearing given in matters of rezoning.

Mr. Tehaney, also representing the builders, pointed out that the builders were still reserving all their rights. They have agreed, though, that before proceeding with construction, they will sit down with the committee and with the district clubs and attempt to work out some satisfactory agreement.

Thereupon, Supervisor Uhl renewed his motion to table the entire matter. Motion seconded by Supervisor MacPhee.

There being no objection, the Chair declared the motion *carried* and the matter *tabled.*

SPECIAL ORDER—2:00 P. M.

Recommendation of Judiciary Committee.

Amending the Provisions of the San Francisco Municipal Code Designating the Hour After Which Minors Are Prohibited on the Public Streets or in Other Public Places.

Temporary Postponement.

Supervisor Gallagher reported that he understood that the City Attorney was to meet at 2:30 p. m. with officials of the City and with the Grand Jury, and suggested that possibly after 2:30 p. m. there might be some legislation ready for consideration by the Board. For that reason he would ask that consideration be temporarily postponed.

No objection, and so ordered.

Subsequently during the proceedings, the City Attorney appeared in the chambers and reported that the legislation originally submitted was entirely unworkable. However, he was to meet with interested parties at 2:30 p. m. and would try to have some legislation for the Board by its next meeting.

Thereupon, on motion by Supervisor Gallagher, consideration was *postponed until Monday, November* 1, 1943, *at* 2:00 *p. m.*

SPECIAL ORDER—3:30 P. M.

(Called out from Committee on Education, Parks and Recreation by Supervisor Mead.)

Repealing the Provision in Municipal Code Regulating the Holding of Public Meetings and Discussions in Public Parks, Etc.

(Series of 1939)

Bill No. 2595, Ordinance No. ....., as follows:

Repealing Section 85, Article 7, Chapter VI, Part II (Park Code) of the San Francisco Municipal Code, relating to meetings and discussions in or upon any park, square, avenue, grounds or recreation center.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 85, Article 7, Chapter VI, Part II (Park Code) of the San Francisco Municipal Code, is hereby repealed.

October 18, 1943—*Consideration postponed to October* 25, 1943, *at* 3:30 *P. M.*

Discussion.

The City Attorney announced previous to the hour of 3:30 p. m. that he had not had a chance to review the proposed ordinance or to render a formal opinion thereon. However, the ordinance which makes the matter of holding of meetings in any public place dependent on the consent of any public official is, he stated, a violation of the Fourteenth Amendment, and he was prepared to put such opinion in writing. The Park Commission, though, has certain rights and should be permitted to designate certain portions of parks where meetings could be held. Perhaps the entire matter should be returned to committee.

Supervisor Mead objected to re-reference to committee, where the matter has already remained for longer than thirty days. However, before he would consent to re-reference to committee he desired to hear from citizens interested in the matter. Those citizens had been invited to be present at 3:30 p. m. For that reason, the hour of 3:30 p. m. not having arrived, but all other business of the Board having been concluded, he would move that the Board recess to reconvene at 3:30 p. m.

Supervisor Gallagher, seconded by Supervisor Uhl, moved as a substitute motion that the Board adjourn.

Supervisor Mead objected to the motion; he had not taken his seat and the motion to adjourn was not in order.

The Chair ruled Supervisor Mead's motion, if seconded, would be in order.

Thereupon, Supervisor Mead's motion to recess was seconded by Supervisor Meyer.

Whereupon, Supervisor Gallagher, seconded by Supervisor Uhl, moved as a substitute motion that the Board adjourn.

The Chair ruled that Supervisor Mead's point of order was well taken.

Supervisor Mead, in continuing his remarks, pointed out that interested citizens had been notified that the matter was to be heard at 3:30 p. m., and, in his opinion, the Board should not adjourn before that time. He hoped the motion to recess would prevail.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Authorizing Conference to Consider Staggering of Stopping Positions of Street Cars on Market Street to Reduce Hazards and to Facilitate the Loading and Unloading of Passengers.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. ....., as follows:

Whereas, the predicament of the pedestrians and street car riders, particularly on Market Street, and especially during the peak hours is bewildering, extremely hazardous and intolerable as a result of the lack of a plan for the loading and discharge of passengers on cars traversing the four tracks on this busy thoroughfare; and

Whereas, reports of the Traffic Bureau of the Police Department disclose that during the hour 4 p. m. to 5 p. m. there are constantly on Market Street west of Sutter Street eighty-two cars of the Market Street Railway Company and sixty-nine cars of the Municipal Railway or a car passing a particular point every thirty seconds; and

Whereas, particularly because of San Francisco's increased population, due to the war emergency, the street cars during peak hours are loaded and overflowing, many passengers being required to cling to the steps and fenders; and

Whereas, due to the necessity for patrons of the Market Street Railway Company to stand, awaiting the approach of their particular car, in the very narrow space between the overhang of the cars of the two lines many people in that position are confused and rendered subject to a condition bordering on hysteria; and

Whereas, innumerable accidents have occurred as a result of the lack of some intelligent plan pursuant to which the cars of the competing lines on Market Street would be staggered in their stopping positions for the loading and discharge of passengers; now, therefore, be it

Resolved, That this Board of Supervisors does hereby authorize and request the City Attorney in collaboration with the Traffic Bureau of the Police Department and such other agencies as are interested or may be helpful in the solution of this problem, to immediately confer on this subject and to bring forward as soon as possible, legislation which will have a curative effect on the conditions complained of in this resolution.

Referred to Police Committee.

Post-War Planning.

Supervisor Colman addressed the Board briefly, calling attention to the meeting held by the Chamber of Commerce, in the chambers of the Board, at which a post-war plan for San Francisco was presented and discussed. This plan was just a start, and it was intended to get the people to think about post-war planning. In concluding his remarks, Supervisor Colman suggested to the Chief Administrative Officer that an exhibit might be arranged, possibly in the rotunda of the City Hall, in which ideas for post-war planning by various groups might be shown to the public.

Following the remarks by Supervisor Colman, Supervisor Uhl requested that the Clerk obtain for distribution to the Supervisors, information covering the proposals of the Chamber of Commerce.

No objection, and so ordered.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 539. (a) For the duration of the war and six (6) months thereafter, it shall be unlawful for any minor under the age of 18 years to be in or on any public street, park, square, or any public place between the hours of 11 o'clock at night and 6 o'clock in the morning of the day following, except where the said minor is accompanied by a parent or legal guardian having the care and custody of said minors, or where the presence of said minor in said place or places is connected with and required by some legitimate business, trade, profession, or occupation, in which said minor is engaged.

(b) Any person assisting, aiding, abetting, or encouraging any minor under the age of 18 years to violate the provisions of subdivision (a) hereof shall be guilty of a misdemeanor, and when any minor is found violating the provisions of said subdivision (a) a presumption shall arise that the parent or legal guardian having the care and custody of the said minor assisted, aided, abetted and encouraged such minor in so violating said subdivision (a).

(c) Whenever any minor is arrested for the violation of subdivision (a) of this section, said minor so arrested shall be taken forthwith to the Juvenile Detention Home, and the arresting officer shall immediately advise those in charge of said Detention Home, when said minor is received at said home, the reason for the arrest of said minor. It shall be the duty of those in charge of said Detention Home to immediately make every effort to locate the parents or guardian of said minor and advise said parents or guardian that said minor has been arrested and is detained in said Detention Home, as well as the reason for said arrest and detention. The arresting officer shall forward to the Juvenile Probation Officer, at said Detention Home, a copy of the arrest report, setting forth the circumstances of the arrest of said minor. Should the parents or guardian of any said minor arrested for the violation of subdivision (a) of this section, appear at the Juvenile Detention Home, the Juvenile Probation Officer may, in the exercise of his discretion, release any minor so arrested to his or her parent or guardian, upon such terms and conditions as the Probation Officer deems proper.

It shall be the duty of the said Juvenile Probation Officer to cause to be issued and served upon the parent or guardian of any minor arrested pursuant to the provisions of this section, a notice, requiring said parent or guardian to appear

Any person failing or neglecting to respond to any notice issued and served pursuant to the provisions of this section shall be guilty of a misdemeanor, regardless of the disposition of the charge on which he may have been cited to appear, and shall be punished accordingly.

If said notice is delivered personally to said parent or guardian the service thereof shall be deemed complete upon the delivery thereof, but if the said notice is served by mail or left at the place of residence of said parent or guardian, said service shall be complete at the expiration of five days after the date of mailing the same or leaving the same at the place of residence of said parent or guardian.

(Called out from Committee on Education, Parks and Recreation by Supervisor Mead.)

Repealing the Provision in Municipal Code Regulating the Holding of Public Meetings and Discussions in Public Parks, Etc.

(Series of 1939)

Bill No. 2595, Ordinance No. ....., as follows:

Repealing Section 85, Article 7, Chapter VI, Part II (Park Code) of the San Francisco Municipal Code, relating to meetings and discussions in or upon any park, square, avenue, grounds or recreation center.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 85, Article 7, Chapter VI, Part II (Park Code) of the San Francisco Municipal Code, is hereby repealed.

October 18, 1943—*Consideration postponed to October* 25, 1943, *at* 3:30 *P. M.*

October 25, 1943—*Consideration postponed to November* 1, 1943, *at* 2:15 *P. M.*

Privilege of the Floor.

Supervisor Mead moved the privilege of the floor for any citizen who desired to be heard on the proposed repeal of Section 85, Article 7, Chapter VI, Part II of the San Francisco Municipal Code.

No objection, and so ordered.

Mr. George R. Andersen, attorney, representing the Communist Party, declared that there was an unbroken line of court decisions to the effect that ordinances similar to that proposed to be repealed, are unconstitutional and void, and in support of his declaration, cited several cases. The City Attorney, stated Mr. Andersen, has also stated that the ordinance is unconstitutional.

Opinion From City Attorney.

The Clerk presented and read opinion from the City Attorney, in which the City Attorney advised:

"You are therefore advised that in my opinion Section 85 prohibiting the holding of meetings in public parks, unless with the consent of the Board of Park Commissioners, is void. This, however, does not mean that parks must be thrown open promiscuously for the holding of public meetings. The constitutional provisions would be satisfied if a certain space in a park were set aside for public meetings. Undoubtedly, the Park Commission could adopt reasonable rules which would regulate the use of the spaces set aside for public meetings, provided, of course, that these rules contain no prohibition against the use of the spaces so allotted.

"My advice to you in the matter is to take this matter up with the Board of Park Commissioners and see just what rules or regulations can be worked out providing for the use of space in various parks for general meeting places."

Mr. Thomas Langdon, representing the Park Commission, stated that the Park Commission had no position at all on the ordinance if it were unconstitutional, and would expect it to be repealed. However, the Commission felt that the Charter made it responsible for protection of property in the park.

Supervisor Mead suggested that in the event that any group should create disturbances in the parks, it would be the responsibility of the Police Department to correct such situation. Supervisor Mead continued, stating that in presenting the ordinance originally he had paid no attention to who was requesting it. Later he had learned that the Communist Party was interested in the matter. His only point was that apparently the ordinance was illegal, and should be repealed. He thought, too, that the ordinance was discriminatory. It should be unanimously repealed by the Board.

Supervisor Brown agreed that in view of the City Attorney's opinion, certain portions of the ordinance, at least, were illegal. However, before repealing the ordinance, he thought, the Board of Supervisors should have the opinion from the Park Commission as to what would be advisable in its stead. There should be some regulations as to meetings, and the Board of Supervisors should have the recommendation of the Park Commission before repealing the ordinance. For that reason he would move that the matter be referred to the Park Commission for study and recommendation, with the request that the Commission refer the matter back to the Board as early as possible. Motion seconded by Supervisor Roncovieri.

Supervisor Uhl expressed agreement with the views of Supervisor Mead. He favored the repeal of the ordinance without delay. The Park Commission can prepare other legislation to cover the regulation of public meetings in a legal manner.

Supervisor Mead objected to the motion by Supervisor Brown. The

matter was in committee for much longer than thirty days. A special time for hearing the matter was set for the previous meeting of the Board, but before that time had arrived, the Board adjourned. It is the duty of the Board of Supervisors to enact laws, to amend laws, and to repeal laws. He did not see what particular interest the Park Commission could have in the repeal of an ordinance which has been declared unconstitutional and void. He urged the Board to vote down the motion by Supervisor Brown.

Supervisor Roncovieri announced that he would, undoubtedly, vote for the repeal of the present legislation. However, the responsibility for maintenance of the park belongs to the Park Commission. He believed the Park Commission should maintain the right to regulate the holding of public meetings in the parks, or, at least, to designate places in parks where such meetings might be held. If the present legislation is repealed, there would be nothing to stop people from meeting in Conservatory Valley, if they so desired.

Mr. Andersen, on again being granted the privilege of the floor, observed that apparently the only objection to repeal of the ordinance was the thought that there might be some damage to shrubbery or plants. The State Penal Code would take care of any such damage.

Mr. Langdon suggested that the Board refer the matter to the Park Commission for one week. He felt sure that the Commission could work out some ordinance that would satisfy the constitution and the people interested in the repeal of the present legislation.

Supervisor Colman, in explanation of his vote, reminded the Board that the City Attorney had advised that the present legislation was unconstitutional. If there is such legislation on the books, it should be repealed. The question of regulation of the parks for the future use of any group should and could be taken up as a separate issue. He was sure that a reasonable method could be worked out by which the rights of free speech and free assemblage would not be taken away. There is no need to wait to do the first thing until the second thing has been accomplished. The ordinance should be repealed. Then it would be in order for the Education, Parks and Recreation Committee to meet with the Park Commission and frame a set of regulations covering the conduct of meetings. In continuing his views, Supervisor Colman referred to Hyde Park in London, a most important park, where the public is permitted to talk, and talk, and talk. They are permitted to say what they want to say. In Pershing Square, in Los Angeles, people are talking all the time. The present legislation should be repealed, and the question of drawing up workable, sensible regulations to protect the park properties and not take away the rights of any group, at all, should be taken up by the proper committee.

Supervisor Roncovieri requested permission by Supervisor Brown to withdraw his second to the motion for reference to the Park Commission.

Thereupon, Supervisor Brown announced that if such was Supervisor Roncovieri's desire, of course, he would consent to the withdrawal of his second. However, the opinion by the City Attorney did not refer specifically to the ordinance on the books of the City and County of San Francisco. The ordinance on the books covers more than the one principle involved, and should not be hastily repealed without further study. He would, though, withdraw his motion.

Mr. Langdon, on again being granted the privilege of the floor on motion by Supervisor Shannon, announced that while it was possible that the Park Commission might have abused its power in the past in permitting some people to use the parks and not others, during the past fifteen months, and since he had been connected with the Commission, only one permit had been refused. That was a request for

the use of two parks. The permit was refused for a very good reason and was not an abuse of the Commission's powers.

Thereupon, the roll was called and the foregoing bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, Mead, Meyer, Roncovieri, Shannon, Uhl—10.

Absent: Supervisor MacPhee—1.

Ninth: The grantee shall not construct any subsurface drainage, culverts or other permanent structures on the hereinbefore described property in such manner or location that said subsurface drainage, culverts or structures shall interfere with the free and unobstructed exercise of the rights herein reserved by the grantor.

Providing for absence from duties by certain employees of the City and County of San Francisco for the purpose of voting at General Municipal Elections.

Whereas, it is provided by Chapter 561 of the laws of 1943 of the State of California that counties having a population in excess of six hundred thousand, county officers shall keep their offices open for the

transaction of business during such hours and such days as the Board of Supervisors of each county shall fix by hours; and

Whereas, it is provided by law that every day on which a municipal election is held in the City and County of San Francisco is a legal holiday for all municipal offices; and

Suggesting Enactment of Legislation by East Bay Communities Similar to San Francisco's Curfew Ordinance.

Supervisor Brown, under his name on roll call, stated that it had been suggested that now that the Curfew Law has been passed by the Board of Supervisors it might be advisable to call attention of the cities across the Bay to the action that has been taken and to suggest that the same course be followed by them. If there is a curfew in San Francisco and none across the Bay, San Francisco people can go across the Bay and remain out as late as they wish. The cities across the Bay, he believed, would welcome such legislation.

Thereupon, Supervisor Brown moved that the President of the Board be requested to address letters to the Presidents (or presiding officials)

of comparable bodies of the East Bay municipalities, and call their attention to this curfew law, with the suggestion that they may wish to consider such legislation for their own cities.

The Chair suggested that Supervisor Brown present a resolution embodying the thought expressed in his motion.

Whereupon, Supervisor Brown presented the following:

President of Board Directed to Call Attention of the Legislative Bodies of the Bay Region to the Curfew Law and Requesting Their Cooperation by Passage of Similar Legislation.

(Series of 1939)

Resolution No. 3684, as follows:

Resolved, That the President of this Board be and he is hereby directed to call attention of the legislative bodies of the Bay Region to the Curfew Law enacted today and requesting their cooperation by the passage of similar legislation as a measure calculated to correct, in some degree, the prevalent juvenile delinquency.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—11.

Refunding License Fees Erroneously Charged to C. W. Webb for the Privilege of Showing Wild Animal Show Billed as "Russell Bros. Circus and Wild Animal Show."

(Series of 1939)

Bill No. 2597, Ordinance No....., as follows:

Refunding license fees erroneously charged to C. W. Webb for the privilege of showing wild animal show billed as "Russell Bros. Circus and Wild Animal Show."

Whereas, during the month of June, 1943, C. W. Webb paid to the City and County of San Francisco the sum of $1,700 in payment of license fees claimed to be due for the privilege of permitting Russell Bros. Circus and Wild Animal Show to operate in the City and County of San Francisco on June 14, 15, 16, 17 and 18, 1943, said sum being claimed to be due by the Tax Collector pursuant to the provisions of Section 108, Part III, Article II of the San Francisco Municipal Code; and

Whereas, said sum was charged and paid upon the ground that said Russell Bros. Circus and Wild Animal show was a circus and should pay the amount of $500 for the first performance, and $300 for each subsequent performance in conformity with the provisions of Section 108, Part III, Article II of said San Francisco Municipal Code; and

Whereas, it is claimed by said Webb that while the word "circus" was used in advertising said exhibition, said exhibition was really a wild animal show and should have paid only the amount of $380 in license fees; and

Whereas, the Chief of Police of the City and County of San Francisco and the Tax Collector of the City and County of San Francisco have requested a refund to said C. W. Webb of the difference between $1,700 and $380, to-wit, the sum of $1,320; now, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,320 is hereby ordered refunded to C. W. Webb as excess license fee paid as hereinabove set forth and the Controller is requested to draw his warrant in said sum in favor of said C. W. Webb.

Approved by the Chief Administrative Officer.
Approved by the Tax Collector.
Approved by the Chief of Police.
Approved as to form by the City Attorney.

Nov. 1, 1943—*Continued one week.*

Discussion.

Deputy Chief of Police Michael Riordan, on being granted the privilege of the floor, on motion by Supervisor Mead, explained the reasons for the proposed refund of portion of license fee, as recommended by the Chief of Police. Deputy Chief Riordan explained that because the show or attraction was advertised as a "circus and wild animal show," the Chief of Police had demanded the higher license fee applicable to a circus rather than the fee provided for a wild animal show. The higher license fee was paid under protest. However, police investigation showed that the performance was in reality a "wild animal show" and not a "circus." For that reason the Chief of Police was recommending a refund of the difference between the license fee paid and the fee applicable, or $1,320.

Supervisor Mead objected to the refund. People who purchased tickets to the performance understood they were to see a circus. The advertising misrepresented the nature of the performance. He did not believe there should be granted any refund.

Deputy Chief Riordan, in reply to questioning by Supervisor Shannon, pointed out that the attraction was in fact a wild animal show, as defined in the San Francisco Municipal Code, and not a circus.

The Chief Administrative Officer announced that his approval of the proposed refund was based on the recommendation of the Chief of Police.

Supervisor Uhl announced that he desired to know the admission charged to the show. He desired, also, to know the number of seats provided for the patrons. For those reasons he would move that further consideration be postponed for one week. However, he did not press his motion for postponement.

Thereupon, Supervisor Mead, seconded by Supervisor Shannon, moved that the proposed legislation be re-referred to Finance Committee.

No objection, and so ordered.

Re-reference to Committee.

Consideration Continued.

The following matter, referred to the Board without recommendation, was taken up:

Authorizing Compromise of Certain Actions Against Leo Paslin for Old Age Security Paid by the City and County of San Francisco to Louis Palonsky and Esther Palonsky, the Father and Mother of Said Leo Paslin.

(Series of 1939)

Bill No. 2629, Ordinance No. ....., as follows:

Authorizing compromise of certain actions against Leo Paslin for Old Age Security paid by the City and County of San Francisco to Louis Palonsky and Esther Palonsky, the father and mother of said Leo Paslin.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Public Welfare Department having recommended that these two certain actions commenced by the City and County of San Francisco against Leo Paslin, being numbered 310,912 and 310,913 in the Superior Court of the State of California, in and for the City and County of San Francisco, to recover certain moneys from said Leo Paslin which have heretofore been paid by the City and County of San Francisco through the Public Welfare Department to Louis Palonsky and Esther Palonsky on account of old age security, be settled and compromised by the payment of the sum of $500 by said Leo Paslin to the City and County of San Francisco; and the City Attorney having recommended the acceptance of said sum in compromise of said actions, the City Attorney is hereby directed to accept the sum of $500 in full payment and satisfaction of all amounts claimed by the City and

County of San Francisco in the aforesaid actions and upon the payment of said sum of $500 by said Leo Paslin to dismiss said actions with prejudice.

Approved as to form by the City Attorney.

Supervisor MacPhee, after explanation for lack of "recommendation," moved that consideration be postponed until Monday, November 15, 1943, and that the presence of representatives of the Public Welfare Department be requested at that meeting.

No objection and so ordered.

Adopted.

The following recommendation of Public Utilities Committee was taken up:

Present: Supervisors Meyer, Roncovieri.

Granting to Market Street Railway Company a Revocable Permit to Operate Buses From Candlestick Point and Double Rock to the United States Naval Drydock at Hunters Point.

(Series of 1939)

Resolution No. 3692, as follows:

Resolved, That Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at the will of the Board of Supervisors, to maintain and operate a public passenger motor coach service over, upon and along the following routes in the City and County of San Francisco, State of California, to-wit:

From Candlestick Drive and Blanken Avenue via Blanken Avenue to Tunnel Avenue to Bayshore Boulevard to Third Street, also from Bayshore Boulevard and Blanken Avenue via Blanken Avenue to Tunnel Avenue, also from Bayshore Boulevard and Blanken Avenue via Bayshore Boulevard to Tunnel Avenue.

From Third Street and Fitzgerald Avenue via Fitzgerald Avenue to Ingalls Street to Gilman Avenue to Jennings Street to Fitzgerald Avenue.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said motor coaches, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors and, upon the revocation of the same, all rights and privileges herein granted shall cease and terminate, and that the said permit or any of the privileges thereby granted or exercised thereunder shall not in any proceeding instituted by the City and County of San Francisco to acquire the system of said Market Street Railway Company be deemed an asset of or thing of value to said system;

(b) That said motor coaches will at all times be operated by skilled operators and, in the operation of the same, the said Market Street Railway Company will comply with all state and municipal rules, laws and regulations relating to the operation of such motor coaches;

(c) Transfers shall be issued to and from the motor coaches operated over said routes, pursuant to this permit, by and to the coach lines and street cars operated by said Company in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street cars and coaches of said Company.

Discussion.

Supervisor Uhl, in discussing the foregoing resolution, called attention to the first paragraph of the resolution, which, as printed on the Calendar, read as follows:

"Resolved, That Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at the will of the Board of Supervisors, to operate motor coaches and to maintain and operate a public passenger motor coach service over, upon and along the following routes in the City and County of San Francisco, State of California, to-wit:"

The resolution as written, if adopted, would grant to the Market Street Railway Company a blanket permit to operate motor coaches, in addition to granting a permit over certain specified routes.

Thereupon, Supervisor Uhl moved to amend, by deleting the comma after the word "Supervisors" and by deleting the words "to operate motor coaches and" immediately following the comma. Motion seconded by Supervisor MacPhee.

The Clerk, at the request of Supervisor Mead, read copy of communication from the Office of the Commandant, Twelfth Naval District, signed by Arthur C. Jenkins, Lieutenant Commander, and addressed to Mr. L. V. Newton, vice-president, Market Street Railway Company, requesting that the Market Street Railway Company inaugurate the passenger service for which permit would be granted by the foregoing proposed resolution.

Supervisor Mead then inquired as to why the Municipal Railway was not operating at Hunters Point.

Mr. E. G. Cahill, Manager of Utilities, in reply stated that he presumed the request for permit had come to the Board of Supervisors by reason of request from Admiral Greenslade. About two months previously, continued Mr. Cahill, he had called to the attention of Admiral Greenslade that the Municipal Railway would be glad to inaugurate services at any time the Admiral would aid in obtaining priorities for necessary buses. The Municipal Railway could not give the requested transportation service, because at the present time every bus it has is in full use every day at peak hours. The ODT has granted priorities to the Market Street Railway, but for some reason will not give the City and County equal consideration. The Municipal Railway has had no consideration at all, and has had its requests for priorities repeatedly returned refused. However, the ODT has been asked for a rehearing, which has been granted for November 22, 1943. Supervisor Mead, in commenting on the situation, deplored the unfairness of the attitude of ODT toward the Municipal Railway. Because of such attitude the Board of Supervisors is placed in a bad position. It does not want to refuse a permit for providing transportation. He, himself, would, though, like to refuse passage of the requested resolution.

Supervisor MacPhee favored adoption of the resolution, because of the need for more transportation facilities. He suggested, though, that a resolution be adopted and sent to the ODT in Washington, setting forth San Francisco's position, and informing the ODT that San Francisco's Municipal Railway could operate buses on a five-cent fare, and that buses should be rented to the Municipal Railway, as well as to the Market Street Railway.

Supervisor Mead suggested, also, that if such resolution should be considered the attention of ODT should be called to the unfair tactics and apparent discrimination against the Municipal Railway. The Supervisors, declared Supervisor Mead, were being put in a most embarrassing position. Should they refuse to grant the permit they would be called unpatriotic. He detested the attitude of the ODT and the favoritism shown to the private company.

Supervisor Green expressed agreement with Supervisor Mead's views. He thought the attitude of ODT toward San Francisco was deplorable, and he would not, at this time, vote to adopt the resolution.

Thereupon, Supervisor Mead moved the privilege of the floor to anyone in the Chambers desiring to be heard on the question.

Mr. Carroll Newburgh addressed the Board briefly, stating that the Central Council of Civic Clubs, on Friday, November 5, 1943, had come to the opinion that ODT was being unfair to the Municipal Railway of San Francisco. It was the Council's understanding that the ODT wanted to remove some of San Francisco's own bus lines, and put the buses in the car barns. Now they were offering to lease extra buses to the Market Street Railway. Such attitude did not seem to make sense. He believed the Board of Supervisors should endeavor, in a very strong manner, to protect the Municipal Railway. He believed the Municipal lines should be considered first as a public enterprise, before considering the Market Street Railway.

Mr. Cahill announced that he believed some member of the Board should be sent to Washington to attend the meeting scheduled for November 22, 1943. He thought, also, that Mr. Brooks, the Chief Administrative Officer, should also attend that meeting.

Supervisor Uhl, thereupon, moved that the Board, at the conclusion of its day's business, recess, to reconvene on Friday, November 12, 1943, at 2:00 P. M., and in the interim hear from Mr. Cahill, as to just what he could do in operating buses if they could be leased from the Navy.

Mr. Cahill advised that the proposed delay was not necessary. He could, he stated, operate buses on a five-cent fare.

Supervisor MacPhee announced that he thought the proper procedure would be to grant the requested permit and then to adopt a resolution, setting forth in strong language, all the facts pertinent to the situation.

Mr. Cahill expressed the thought that San Francisco should accept all possible new transportation it could get from anyone. There was not any question of competition between the two companies. Each company has more business than it can handle, with its present equipment. The resolution should be adopted.

Thereupon, Supervisor Green moved that further consideration be postponed for one week, and that a representative of the ODT be invited to appear before the Board at its next meeting to discuss the situation.

Motion *failed* by the following vote:

Ayes: Supervisors Green, Mead, Shannon, Uhl—4.
Noes: Supervisors Gallagher, Gartland, MacPhee, Meyer—4.
Absent: Supervisors Brown, Colman, Roncovieri—3.

Supervisor MacPhee, following the foregoing roll call, announced that he would have been willing to vote "Aye" on the motion just made if anything could have been accomplished thereby. He still believed the proper procedure would be to grant the permit and then to adopt a resolution setting forth all the facts and asking for relief from ODT. However, he suggested, before anything further should be done, the Board should act on the motion by Supervisor Uhl to delete the words "to operate motor buses and".

No objection, and motion *carried.*

Supervisor Uhl then announced that he was in favor of furnishing transportation to the people, but he could not see why the City and County could not make an offer to ODT for the City and County to operate the necessary buses on a five-cent fare. He then moved that communication be addressed to ODT stating that the Municipal Rail-

way had not been requested to bid on the proposed bus operation and want it known that the Municipal Railway is willing to operate the buses, covering the territory set forth in the resolution, on a five-cent fare.

However, on statement by Supervisor MacPhee that the subject matter of Supervisor Uhl's motion should be incorporated in resolution later to be drafted.

Thereupon, Supervisor Uhl *withdrew his motion.*

Supervisor Meyer recommended that the requested permit be granted. The Market Street Railway Company has been granted many privileges before that can be revoked at any time. The Board should grant this permit. Then if the city can obtain buses, and desires to do so, the permit now in question could be revoked.

Supervisor Uhl expressed opposition to such action.

Thereupon, the roll was called and the foregoing resolution as amended, and reading as printed, was *Refused Adoption* by the following vote:

Ayes: Supervisors Gallagher, Gartland, MacPhee, Meyer, Shannon—5.
Noes: Supervisors Green, Mead, Uhl—3.
Absent: Supervisors Brown, Colman, Roncovieri—3.

Supervisor Uhl then moved that Mr. Cahill be requested to call on the proper naval officials and inform them that the City and County of San Francisco desires the Navy Department to lease buses to the City and County for operation on a five-cent fare.

Motion *failed for want of a second.*

Action Rescinded.

Supervisor Green moved that the Board rescind the action just taken whereby it had refused adoption of the resolution granting the requested permit. Motion seconded by Supervisor Shannon.

No objection, and action *rescinded.*

Thereupon, Supervisor Green moved that further consideration of the resolution be postponed until Monday, November 15, 1943, at 2:00 P. M. Motion seconded by Supervisor Uhl.

Supervisor Gallagher opposed postponement. He doubted whether representative of the ODT would appear before the Board. The Board can do only one of two things; it can either grant the permit or refuse to grant it.

Supervisor Uhl announced that the Navy Department was asking only for a particular service. It was requesting that passenger service be inaugurated "between Candlestick Cove, Double Rock, and the Naval Dry Docks commencing November 8, 1943." Mr. Cahill could give such service if he could obtain the necessary buses. Therefore, he would move that Mr. Cahill be requested to call on the Navy Department tomorrow (Tuesday, November 9, 1943) and set forth a proposal to operate such service. Motion *failed for want of a second.*

Supervisor MacPhee expressed sympathy with what Supervisors Mead, Green and Uhl desired to accomplish. However, the only result would be to postpone the furnishing of transportation to people who need it.

Thereupon, the roll was called and the motion by Supervisor Green for a week's postponement of further consideration *failed* by the following vote:

Ayes: Supervisors Green, Mead, Uhl—3.
Noes: Supervisors Gallagher, Gartland, MacPhee, Meyer, Shannon—5.
Absent: Supervisors Brown, Colman, Roncovieri—3.

Explanation of Vote.

Supervisor Uhl then explained his intended vote on adoption of the resolution. He would vote for the resolution, he stated, since he had expressed himself regarding the proposal for Mr. Cahill and the Municipal Railway making a bid for buses to furnish the requested service. However, since his suggestions were not approved, and because he appreciated the importance of the requested service, he would vote "Aye" on the resolution.

Thereupon, the roll was called, and the resolution, as amended, was *adopted* by the following vote:

Ayes: Supervisors Gallagher, Gartland, MacPhee, Meyer, Shannon, Uhl—6.

Noes: Supervisors Green, Mead—2.

Absent: Supervisors Brown, Colman, Roncovieri—3.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Requesting His Honor the Mayor to Designate a Committee for the Purpose of Sponsoring and Arranging a San Francisco Town Meeting on Racial Relations.

(Series of 1939)

Supervisor Green presented:

Resolution No. 3693, as follows:

Whereas, the unity of all Americans, whatever their race, creed or color, is vital to the victorious prosecution of the war; and

Whereas, that unity is threatened by a propaganda of word and deed directed against fellow Americans solely because of their race, creed or color and designed to turn their neighbors against them—to divide us against each other; and

Whereas, in other great American cities, that propaganda has culminated in violence that disrupted war production, increased ill feeling, set back the hope for decent, democratic racial relations by a decade or more; and

Whereas, San Francisco has showed the nation a path to democratic racial relations, has given concrete evidence of its determination that democracy—not the ideas of our enemy—shall prevail among us; and

Whereas, that determination can and should be manifested publicly, communicated to as large a group of our fellow citizens as possible, to forward the work already undertaken; now, therefore, be it

Resolved, That we, the Board of Supervisors of the City and County of San Francisco, do endorse and support the proposal to hold in this city a city-wide Town Meeting, to which the people of the city shall be invited and in which outstanding speakers available shall participate; and be it

Further Resolved, That we ask the Honorable Angelo J. Rossi, Mayor of San Francisco, to designate a committee of our fellow citizens to undertake the sponsorship and the arrangements for such a San Francisco Town Meeting; and to urge the cooperation of all our fellow citizens in making such a Town Meeting an effective voice in behalf of decent, democratic racial relations.

Adopted by the following vote:

Ayes: Supervisors Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Providing for Approval of Expense Accounts for Employees of Office of the Clerk of the Board of Supervisors.

Supervisor MacPhee presented:

Resolution No. 3694, as follows:

Whereas, certain employees of the office of the Clerk of the Board of Supervisors are called upon from time to time to expend sums of money in performing their duties; and

Whereas, these expenditures cover carfare, telephone calls and other miscellaneous expenses; now, therefore, be it

Resolved, That the Clerk of the Board of Supervisors with approval of the President of the Board or the Chairman of the Finance Committee is hereby authorized to approve for payment expense accounts of the employees of the office of the Clerk of the Board of Supervisors for cash expended by such employees in performance of their official duties, and that the Controller is hereby authorized to reimburse such employees for said expenditures from funds appropriated or available for said purpose.

Adopted by the following vote:

Supervisor Uhl, under his name on roll call, announced that he believed one of the most important matters before the City and County of San Francisco was the intention of ODT relative to transportation facilities of San Francisco. The Board of Supervisors should be interested in seeing that the Municipal Railway be given proper consideration. Thereupon, Supervisor Uhl moved that the Board of Supervisors delegate Supervisor MacPhee to attend the ODT meeting in Washington, D. C., November 22, 1943, in order to safeguard the interests of San Francisco.

Substitute Resolution Adopted.

Protesting Discrimination Against Municipal Railway and Requesting Office of Defense Transportation to Re-examine and Modify Its Recommendation Regarding Transportation in San Francisco.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, San Francisco, situate in the center of home-front operations in the Pacific theatre of the war is confronted with such an abnormal influx of population as is impossible, under present restrictions and with facilities immediately available, to serve properly and with that degree of efficiency necessary to fullest participation in, and expedition of, the war effort, particularly because of inadequate transportation facilities; and

Whereas, due to inability to comprehend San Francisco's transit problem and to intelligently apply thereto, the principles for which the Office of Defense Transportation was established due to discrimination and due to the apparent desire on the part of the Office of Defense Transportation to promote the interests of the Market Street Railway Company, the transportation situation in San Francisco borders on chaos; the riding public is inadequately and inefficiently served; full cooperation with Government's plan for conservation is frustrated; frayed nerves, fatigue, tardiness, absenteeism and waste result; the war effort is impeded and the names of additional members of our armed forces are unnecessarily added to the casualty lists; and

Whereas, this Board of Supervisors, representing the People of the City and County of San Francisco, cognizant of this intolerable situation, is bound and impelled in a spirit of patriotism and of decent concern for the people it represents to expose, decry and endeavor to procure relief from certain recommendations of the Office of Defense Transportation which would produce additional bungling of local transportation, and in this connection, the Board of Supervisors, is prepared to show:

1. That the Office of Defense Transportation has, in the granting of priorities for street cars and motor coaches, discriminated against the San Francisco Municipal Railway and in favor of the street railway systems of several other cities on the Pacific Coast, the importance in the war effort of such other cities being of a certainty no greater than is that of San Francisco.

2. That the Office of Defense Transportation has refused priorities for additional equipment to the Municipal Railway, which is using all of its equipment at the peak hours of service, yet has allowed Market Street Railway sixteen additional vehicles while that Company has fifty or more idle street cars in its barns.

3. That the Office of Defense Transportation has recommended the discontinuance of numerous Municipal Railway rubber borne services on grounds that those routes are paraleled, in part, by rails; meanwhile permitting Market Street Railway to operate more than half of its fleet of buses directly on top of operable steel rails.

4. That the Office of Defense Transportation has recommended discontinuance of Municipal Railway's trolley coach service on Howard Street because it is paralleled by rail service on both sides; yet permits Market Street Railway Company to retain its trolley coach service on Bryant Street, which is also paralleled by steel rails.

5. That the Office of Defense Transportation has recommended discontinuance of all Municipal Railway rubber borne service south of Market Street, thus turning over to the private company a transportation monopoly at the expense of Municipal Railway and at a 40 per cent increase in fares to the riding public.

6. That by this reshuffling of routes, the Office of Defense Transportation has failed to bring together Municipal Railway's available manpower and Market Street Railway's idle equipment, which lies idle by reason of manpower shortage.

Whereas, the effect of the practices and proposals of the Office of Defense Transportation as set forth in the foregoing allegations, incontrovertibly is in violation of its own fundamental principles of conservation of critical materials and manpower and its effect is to impede rapid and adequate transit in San Francisco; to destroy the efficacy of the conservation program, particularly as to rubber which is so scarce and so vitally necessary; to cause undue delay, discomfort, inconvenience and expense to the riding public; to promote the interests of the Market Street Railway Company and to impede and obstruct the cheaper and better service, which with priorities equal to those granted to Market Street Railway Company the San Francisco Municipal Railway is ready, willing and able to offer; now, therefore, be it

Resolved, That the Office of Defense Transportation be requested to re-examine the recommendations it has made and to so modify these recommendations as to give the greatest amount of service to the greatest number at the smallest cost without benefiting one transportation agency at the expense of the other and without unreasonable curtailment of service to any section of the city; and be it

Further Resolved, That a copy of this resolution be forwarded to Senator Sheridan Downey, Senator Hiram Johnson, Representative Thomas Rolph and Representative Richard Welch.

Discussion.

Communication from the San Francisco Municipal Conference was presented and read by the Clerk. The Municipal Conference, in its communication, quoted in full letter sent to Joseph N. Eastman, Director, Office of Defense Transportation, at Washington, D. C., in which the Municipal Conference requested postponement of time before various proposals of ODT, affecting San Francisco's transportation should become effective. The Conference pointed out the difference in the character of transportation due to changes in condition since the ODT survey had been made in October, and held that the only fundamental

solution of the transportation problem was unified operation of the transportation system in San Francisco. It was felt, too, that the new administration should be given an opportunity to develop a program that might be acceptable to all parties concerned.

Supervisor MacPhee, following the reading of the communication from the San Francisco Municipal Conference, remarked that he thought the letter was basically sound. The question for the Board to determine was whether or not the passage of the foregoing resolution would harm the chances for the administration to work out a better program for transportation. The thought behind the resolution was to let the Office of Defense Transportation in Washington know exactly how the City and County of San Francisco felt in the matter. To the matters set up in the resolution as factual considerations, there is apparently no controversy. The question of taking issue with the Office of Defense Transportation at this time is what the Municipal Conference brings out in its letter. The resolution, itself, Supervisor MacPhee stated, was the result of discussion had during the consideration of request for permit to operate motor buses by the Market Street Railway at the previous meeting of the Board.

Communication from George V. Mulligan, 216 Pine Street, addressed to Supervisor MacPhee, was also presented and read by the Clerk. Mr. Mulligan, after comments on the situation in general, recommended the initiation of a lease of the private lines, or a partnership which would be operated jointly with a uniform fare of six and one-quarter cents, with universal transfers, utilization of all equipment, elimination of competitive lines and shortening of other lines, with the gross earnings frozen on the basis of the relative percentages during the past three months. Such arrangement should be under Federal wartime powers to avoid the Charter limitations and to preserve franchise rights and obligations, and should be limited to the duration of the war and six months thereafter.

Mr. J. Arthur Younger, acting chairman of San Francisco Municipal Conference, following the reading of the foregoing communications, addressed the Board. Mr. Younger objected to the resolution before the Board; he felt that no good purpose could be served by the criticism and the charges of unfairness of the ODT. Such action might put the ODT on the defensive, and would seriously handicap the new city administration in future negotiations with the ODT.

Supervisor Mead held that discrimination against the Municipal Railway should be called very strongly to the attention of the Office of Defense Transportation. He thought it about time for the Board of Supervisors to let it become known that it was opposed to such policy of discrimination, and he could see no harm in the Board taking a firm stand against the discrimination. He might agree to deleting certain portions of the resolution under consideration, but he was opposed to any delay in adopting the major portion of the resolution.

Supervisor Shannon opposed the resolution as presented. He felt it to be too strong in its criticism of the ODT and would only create antagonism. He believed a resolution more tactfully and diplomatically worded would be better.

Supervisor Colman announced that he would not vote for the resolution as presented. A resolution could be drawn, though, expressing the attitude of the Board of Supervisors and also calling attention to the fact that San Francisco will have a new administration to which the responsibility for the administration of public utilities is definitely charged. The new administration should be given every opportunity to present its solution of the traffic problems. For that reason he would suggest re-reference of the resolution to committee for re-wording.

Supervisor Uhl felt that the resolution as presented was antagonistic and would not have the desired effect. He inquired if the Public Utili-

ties Commission has a plan to propose for the solution of the traffic problem, and if it had decided what the Municipal Railway should receive in way of consideration. Anyone who attends the meeting in Washington should have some plan to present.

Supervisor MacPhee announced that at the previous meeting of the Board it was the opinion of the majority members present that a strong resolution should be prepared. However, if the Board objects to the resolution as presented, he would be glad to try to have a substitute resolution prepared for presentation to the Board before adjournment.

Supervisor Shannon expressed agreement with the views of Supervisor Uhl that anyone attending the meeting in Washington should have some kind of plan to present, and suggested that further consideration be postponed temporarily in order that Mr. Cahill might be present and inform the Board as to whether a plan would be presented at the meeting.

No objection and further consideration temporarily postponed.

Subsequently during the proceedings, Mr. Cahill, who had been invited to appear before the Board, reported that he was presenting to the Public Utilities Commission, which would be in session within a short time, recommendations for the consideration of the Commission. He would have a plan for presentation at the meeting of the ODT in Washington, but could not give any information as to what the plan would be until the Public Utilities Commission had made its recommendation. The report would, however, contain reasons why the recommendations of ODT should not be made effective as well as plans to meet better San Francisco's transportation situation.

Mr. Adolph Petry, having been granted the privilege of the floor on motion by Supervisor MacPhee, urged the Board to get better transportation, the best that money could buy.

Mr. Carroll Newburg favored the resolution as presented and recommended its adoption. Practically every civic club in San Francisco, Mr. Newburg stated, had notified the ODT by wire or air mail as to their views, and he saw no reason why the Board should not use language to express the feeling of the people it represented. The resolution presents very closley the points of view of the citizens who use the transportation facilities of San Francisco.

Mrs. Oleta O'Connor Yates, representing the Communist Party, agreed with Mr. Newburg that the resolution as presented expressed the opinion of the people and should be adopted. There should be, however, a plan to present to the ODT.

Supervisor Shannon, while agreeing that the remarks of the previous speakers were worthy of consideration, pointed out that citizens could, with greater propriety, express their views in language they desired to use than could the Board of Supervisors. He pointed out the danger of antagonism that might be caused by too strong criticism.

Supervisor Uhl announced that he was sympathetic with the views of the Municipal Conference in regard to the extension of time in order to permit the new administration to consider the matter, and moved that the Office of Defense Transportation be requested to postpone the hearing, scheduled for November 22, 1943, in order to give the Mayor-elect an opportunity to be present at the meeting. Motion seconded by Supervisor Gallagher.

Supervisor Colman suggested that the entire matter be re-referred to committee, and that the committee be instructed to draw up another resolution and include therein the suggestion as to postponement.

Supervisor Uhl announced he would so move. Motion seconded by Supervisor Gallagher.

Supervisor Mead opposed any postponement.

Supervisor Colman then put the motion, that the resolution be re-referred to committee; that the committee act immediately thereon, and draw up another resolution with the definite words included therein requesting that the order of the Office of Defense Transportation be postponed until the new administration has taken over and has had a reasonable time to go into the proposals.

Supervisor MacPhee announced that he had no objection to recessing after "Roll Call."

Supervisor Mead objected to the motion. There should not be any request for postponement.

Thereupon, Supervisor MacPhee suggested that the resolution be re-referred to committee for further immediate consideration.

Supervisor Mead announced he would so move. Motion *failed for want of a second.*

Supervisor Green inquired why, if the Board was going to request postponement of action, that any resolution should be drawn.

Supervisor Mead renewed his motion, moving as an amendment to the motion by Supervisor Uhl that the Board of Supervisors recess, and that the matter be re-referred to the Finance Committee for immediate consideration. Motion seconded by Supervisor Green.

Motion *failed* by the following vote:

Ayes: Supervisors Green, MacPhee, Mead, Meyer—4.
Noes: Supervisors Colman, Gallagher, Gartland, Shannon, Uhl—5.
Absent: Supervisors Brown, Roncovieri—2.

Thereupon, the roll was called on the motion by Supervisor Uhl that the resolution be re-referred to committee; that the committee act immediately thereon, and draw up another resolution with the definite words included therein requesting that the order of the Office of Defense Transportation be postponed until the new administration has taken over and has had a reasonable time to go into the proposals, was *carried* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, MacPhee, Meyer, Shannon, Uhl—7.
Noes: Supervisors Green, Mead—2.
Absent: Supervisors Brown, Roncovieri—2.

Following the foregoing roll call, Supervisor MacPhee commented briefly upon the advisability of closer cooperation between the Board of Supervisors and the Public Utilities Commission. He expressed the thought that the Public Utilities Commission should take the Public Utilities Committee into its confidence during their meetngs, without, of course, any right to act.

Supervisor Colman, replied to the suggestion by Supervisor MacPhee, stating that he thought it worthy of serious consideration. He believed that if representatives of the Board of Supervisors were going to Washington and the Public Utilities Commission were also going to Washington, they should go as a unit. He believed that the Public Utilities Commission should permit a special committee of the Board to be appointed by the President, to sit in with the Public Utilities Commission, in order that such special committee might know just what is in the minds of the Commission and that the Commission should know, also, the views of the Board.

Subsequently during the proceedings, Board recessed at 4:00 p. m., at the conclusion of "Roll Call," and reconvened at 4:45 p. m., consideration of the foregoing matter was resumed.

The following resolution, presented by the Finance Committee as a substitute for the resolution heretofore presented by that committee, was taken up:

Adopted.

Requesting Office of Defense Transportation to Re-examine Its Recommendations Affecting San Francisco's Transportation System, and to Postpone Effective Date for Changes Until San Francisco's New Administration Has Had the Opportunity to Make Its Recommendations Known.

(Series of 1939)

Resolution No. 3706, as follows:

Whereas, San Francisco, situate in the center of home-front operations in the Pacific theatre of the war is confronted with such an abnormal influx of population as is impossible, under present restrictions and with facilities immediately available, to serve properly and with that degree of efficiency necessary to fullest participation in, and expedition of, the war effort, particularly because of inadequate transportation facilities; and

Whereas, this Board of Supervisors, representing the People of the City and County of San Francisco, cognizant of this intolerable situation, is bound and impelled in a spirit of patriotism and of concern for the people it represents to endeavor to procure relief from certain recommendations of the Office of Defense Transportation which would produce additional confusion of local transportation; and

Whereas, priorities for street cars and motor coaches have been granted in favor of the street railway systems of several other cities on the Pacific Coast, the importance in the war effort of such other cities being of a certainty no greater than is that of San Francisco and the Municipal Railway in San Francisco has been and is being refused these priorities; and

Whereas, developments since the time of the October hearings in San Francisco have already changed the entire traffic load during peak hours and have thrown into question the soundness of any changes based upon conditions before that time and the orders of the War Manpower Commission, effective November 1, 1943, placing clerical workers in San Francisco on a 44-hour week, and other workers on a 48-hour week, have affected the travel routine of more workers than the number of passengers affected by the proposed changes of the Office of Defense Transportation; and

Whereas, the staggered hours program which was initiated in January, 1943, to increase the usefulness and carrying capacity of the available mass transportation units during peak hours, had brought great relief; but the program has been completely shattered by the November 1st edict; and

Whereas, a new city administration is coming into office in San Francisco on January 8, 1944, and must face, as one of its foremost problems, the transportation bottleneck that now exists in this City; and

Whereas, in view of all of the aforementioned information it would not be the intelligent procedure to effect changes based upon conditions that were prevalent prior to the date of the recommendations as a basis for any transit changes; now, therefore, be it

Resolved, That the Office of Defense Transportation be and is hereby requested to re-examine the recommendations it has made and in view of the factual information contained in this resolution to not place into effect any changes in the transportation systems in San Francisco that would curtail service in any respect until our new administration is given the opportunity to make their recommendations known.

Approved as to form by the City Attorney.

Nov. 8, 1943—*Consideration continued until Monday, Nov.* 15, 1943.

Supervisor MacPhee reported on the Finance Committee's consideration of the foregoing bill. There is a question of the financial ability of Dr. Leo Paslin to repay to the City and County the entire amount advanced to his father and mother, and pending receipt of a credit report which has been requested, consideration should be postponed for one week. Thereupon, Supervisor MacPhee moved that further consideration be postponed until Monday, November 22, 1943.

No objection, and so ordered.

Delegating Supervisor Mead to Attend Meeting of the ODT in Washington, D. C., November 22, 1943.

In Board of Supervisors, San Francisco, Monday, November 8, 1943, Supervisor Uhl moved that the Board of Supervisors delegate Supervisor Mead to attend the ODT meeting in Washington, D. C.

Consideration of motion postponed until Monday, November 15, 1943.

Discussion.

Supervisor MacPhee announced that it would be impossible for him to go to Washington for the meeting to be held on November 22, but that he would be glad to vote for some one else to represent the Board there.

Supervisor Colman did not think it necessary for the Board of Supervisors to have a representative at the meeting.

Supervisor Mead believed that the Board of Supervisors should be represented at the meeting in Washington, and he urged Supervisor MacPhee to change his mind and attend the meeting if he could possibly do so.

Supervisor Uhl announced that when he had made the motion to send Supervisor MacPhee to Washington he had not thought of the possibility of the Mayor-elect attending the meeting. Now he did not wish to press his motion. However, there was no second to his motion, and accordingly there was nothing for the Board to consider.

Supervisor Mead, thereupon, stated that he believed the Finance Committee, or at least a major portion of that committee, should be authorized to represent the Board at the meeting, and he would so move. Motion seconded by Supervisor Gallagher.

Supervisor Colman opposed the motion. Representation by the Board at the meeting would accomplish nothing, since the Board has no authority in the planning of transportation; it is a matter for the Public Utilities Commission. It would be silly to send a Supervisor to the meeting.

Supervisor Mead, in reply, stated that the situation heretofore has been silly, with the Public Utilities Commission, the Mayor and the Board of Supervisors so far apart. Now there is the opportunity for them all to get together and to stay together in the future. An attempt should be made to get in accord with the program of the plans

of the Public Utilities Commission and the Mayor. The Board can lend weight to a plan, provided that plan is satisfactory. Proper representation should be had at the meeting. It will not be a waste of money nor will it be silly.

Supervisor MacPhee stated that he agreed, in part, with Supervisor Mead. However, he saw no reason for the assignment to be given to the Finance Committee. If there are other members of the Board who would like to go to Washington and do a constructive job there they should be sent. Any success there would well repay the Board of Supervisors and the people of San Francisco. He, himself, would not be able to go to Washington, but would move as an amendment to Supervisor Mead's motion that the President be instructed to name representatives of the Board whom he might desire, to go to Washington.

Supervisor Colman announced that he would vote for one representative to go to Washington, and he would appoint Supervisor Mead, if that was satisfactory. He would not vote to send more than one representative to the meeting.

Supervisor Mead objected to the Chair's proposal. He did not think it fair for any one man on the Board to be obliged to assume such responsibility. The matter is of sufficient importance to warrant the sending of at least two representatives. Thereupon, he moved as an amendment to the motion that the Chair be instructed to appoint two members to go to Washington. Motion seconded by Supervisor Gallagher.

The roll was called as follows:

Ayes: Supervisors Gallagher, Gartland, MacPhee, Mead, Meyer—5.
Noes: Supervisors Colman, Uhl—2.
Absent: Supervisors Brown, Green, Roncovieri, Shannon—4.

The Chair declared the motion had *failed.*

Thereupon, pursuant to motion by Supervisor MacPhee, the Chair appointed Supervisor Mead to attend the meeting in the Office of Defense Transportation, at Washington, D. C., commencing November 22, 1943, in connection with San Francisco's transportation problem.

The following recommendation of Police Committee was taken up:

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Endorsing Continuance of Subsidy Program to Control Prices.

(Series of 1939)

Supervisor Green presented:

Resolution No. ....., as follows:

Whereas, inflation is one of the most serious dangers which threaten the stability of our nation's war economy and thus menaces our entire war effort; and

Whereas, the fight against inflation cannot be won unless an efficient price control system is maintained; and

Whereas, the United States Government has developed a program of subsidy payments to producers of commodities on which a price increase threatens to become necessary; and

Whereas, no practical alternative policy to control prices has been advanced; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco records itself as favoring continuance of the subsidy program to control the cost of living; and be it

Further Resolved, That copies of this resolution be forwarded to Senators Hiram Johnson and Sheridan Downey, and Congressmen Richard Welch and Thomas Rolph, Price Administrator Chester Bowles and Economic Stabilization Director Fred Vinson.

Privilege of the Floor.

Mr. David Hedley, representing San Francisco C.I.O. Council, was, on motion by Supervisor Green, granted the privilege of the floor. Mr. Hedley urged the Board to adopt the foregoing resolution in order that the opinions of the Board of Supervisors could be brought to the attention of the Congressmen representing San Francisco, at Washington, D. C.

Supervisor Colman announced that because of the seriousness of the question, he would not want to vote, pro or con, without hearing both sides. Although he was inclined to favor the resolution, he did not believe the Board should act without reference to committee.

Supervisor Shannon, also, objected to voting on the resolution before hearing from both sides.

The Chair thereupon *referred the resolution to County, State and National Affairs Committee.*

Supervisor Green, Chairman of the County, State and National Affairs Committee, announced a meeting of that committee for Friday, November 26, 1943, at 4:00 p. m.

Consideration of Increased Allocations From San Mateo County Per Pupil Sent by That County to Log Cabin Ranch School.

Supervisor MacPhee, under his name on Roll Call, in discussing Log Cabin Ranch School, reported that the monthly cost per pupil at the school was $80.65. A contract with San Mateo County authorities provides that San Mateo County can send one boy to the school for every five boys sent there by San Francisco pursuant to the provisions of Section 860 of the California State Welfare and Institutions Code. San Mateo County pays San Francisco $35 per month per boy sent to the school for normal cases, and $40 per month for other cases. The difference between the $35 or $40 paid for each pupil sent to the school by San Mateo County and the average monthly costs per capita of $80.65 is a direct cost to San Francisco. The contract is apparently binding on San Francisco, but under the terms thereof, the amount to be paid may be changed by order of the court. For that reason, Supervisor MacPhee believed that the Board should request, through the City Attorney, that the Superior Court consider an increased allocation from San Mateo County to help bear more equitably the cost of operation of Log Cabin Ranch School.

The City Attorney, who was present in the chambers, suggested that the matter be referred to the Chief Probation Officer, with whom he would be glad to cooperate.

The President, however, *referred the matter to the Chief Probation Officer.*

McLaren Park.

Supervisor MacPhee called the attention of the Board to McLaren Park, for which a great deal of land has been purchased. Some of the property is outside the present established boundary lines of the Park. Supervisor MacPhee believed that a new boundary line for the Park should be set. Unneeded land outside the boundary lines of the Park could be disposed of or exchange for land within the Park.

Referred to Finance Committee.

Extending to His Honor the Mayor the Board's Best Wishes for Speedy Recovery From His Illness and His Early Return to His Office.

On motion by Supervisor MacPhee, the Clerk was directed to extend to his Honor the Mayor the Board's wishes for his speedy recovery from his present illness, and the hope for his early return to his office.

Reconstruction of Street Car Tracks on Outer Market Street.

Supervisor Uhl reminded the Board that in September, 1941, a contract was entered into between the Market Street Railway Company and the City and County of San Francisco for removal of outer rails on Market Street between Valencia and Castro Streets, and the rebuilding of the inner roadbed and rails. Thereupon, Supervisor Uhl requested the Clerk to obtain copy of agreement entered into and moved that the entire subject matter be referred to the Public Utilities Committee and that an attempt be made to get action on the matter.

Referred to Public Utilities Committee.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:05 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors December 6, 1943.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Favoring Continuance of Subsidy Program to Control Cost of Living.

(Series of 1939)

Resolution No. 3732, as follows:

Whereas, inflation is one of the most serious dangers which threaten

the stability of our nation's war economy and thus menaces our entire war effort; and

Whereas, the fight against inflation cannot be won unless an efficient price control system is maintained; and

Whereas, the United States Government has developed a program of subsidy payments to producers of commodities on which a price increase threatens to become necessary; and

Whereas, no practical alternative policy to control prices has been advanced; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco records itself as favoring continuance of the subsidy program to control the cost of living; and be it

Further Resolved, That copies of this resolution be forwarded to Senators Hiram Johnson and Sheridan Downey, and Congressmen Richard Welch and Thomas Rolph, Price Administrator Chester Bowles, and Economic Stabilization Director Fred Vinson.

Discussion.

Supervisor Green, Chairman of County, State and National Affairs Committee, announced that although all interested parties, as far as could be ascertained, had been invited to the meeting of his committee, but that no opposition to the foregoing resolution had been expressed there. For that reason, and after hearing the proponents of the resolution, the committee was unanimous in recommending the resolution to the Board for adoption.

Communications, as follows, and all in favor of the adoption of the resolution, were presented and read by the Clerk: Langendorf United Bakeries, Inc.; San Francisco County Committee, Communist Party; National Lawyers Guild; San Francisco Labor Council; San Francisco C.I.O. Council; Cooks, Pastry Cooks and Assistants; Olivet Presbyterian Church.

Supervisor Brown presented resolution adopted by the Board of Supervisors on October 9, 1934, by which the Board had gone on record that it would not express opinions on matters over which it had no control. He believed that it would be childish to adopt the resolution, after hearing the aforementioned resolution read, and after hearing only one side of the question. There was, Supervisor Brown declared, a very definite opinion in the opposite direction. For those reasons he would move that the matter be tabled. Motion *failed for want of a second.*

Supervisor Green did not believe that a resolution passed in 1939 should define the present policy of the Board; it should be repealed and he would present a resolution to that effect. The Board does, in fact, take notice of matters of nationwide interest.

Mr. John F. Shelley, president of San Francisco Labor Council, and Mr. David Hedley, representing the C.I.O., both urged the adoption of the resolution.

After ascertaining that there were no citizens present who were opposed to the subsidy plan under consideration by Congress, on motion by Supervisor Shannon, the matter was taken into the hands of the Board.

Supervisor Brown, thereupon, expressed opposition to the resolution. The difficulty with the subsidy plan, he stated, was that it evaded the question of whether or not wages would be further increased after subsidies had been put into effect. Many groups of citizens have not been heard as to their views. There has been no statement that labor will refrain from attempting to secure increased wages if the subsidy plan is put into effect. There is no guarantee that the "Little Steel For-

mula" will not be breached in the future as it has been in the past. The subsidy plan begs the whole issue. It evades meeting squarely whether wages and prices shall be definitely and rigidly fixed. Labor will still have the right to ask for increased wages; no subsidy will take away that right. A subsidy is not the answer to the problem. There must be a definite meeting of minds on the real issue of wages on one hand and the cost of living on the other. He was opposed to subsidies.

Supervisor. Uhl expressed the opinion that without a subsidy, the cost of living would go up even higher.

Supervisor Colman, in discussing the matter, referred to the resolution adopted by the Board in 1939, which had been presented by Supervisor Brown earlier in the discussion. That resolution was in the nature of a noble experiment which had failed dismally, and it had been less than thirty days after the adoption of that resolution that the Board had passed legislation that did not concern it, and no one had raised the least objection. The resolution should be disregarded. In continuing, Supervisor Colman stated that he had studied the question of subsidies as much as possible and had come to the conclusion that it would be far better to do something than to do nothing. The subsidy would definitely be a curb on inflation. Those who oppose subsidies have no plan other than to let nature take its course. The harm done by inflation can be very bad when the day of final reckoning comes. While it may be true that labor will still ask for increased wages, if the cost of living is rolled back naturally labor will not have the argument that will support their claims as it would if prices would be permitted to go on in an uncontrolled spiral upwards. He would vote "Yes" on the resolution with the thought that he was doing something toward curbing the increase in cost of living and putting at least some kind of stop on inflation.

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Shannon, Uhl—8.

Adopted.

The following recommendations of the County, State and National Affairs Committee, presented by Supervisor Green, Chairman, were taken up:

Urging Enactment of Federal Legislation Regulating Methods by Which Federal Agencies May Acquire Property; Regulating Disposition of Surplus or Unneeded Property in Post-War Period and Authorizing Direct or Indirect Taxation of Certain Types of Federally-Owned Properties.

(Series of 1939)

Resolution No. 3725, as follows:

Whereas, the Federal Government now owns 42 per cent of the area of California, and this federally owned real estate includes large acreages of rural land and valuable urban property formerly subject to local taxation; and

Whereas, the Federal Government now owns approximately 18 per cent of the real property in San Francisco and will continue to acquire title to a greater percentage of such property; and

Whereas, the manner by which the Federal Government acquires property, real and personal, now located or subsequently to be utilized in San Francisco, results, presently, in an annual loss to San Francisco of approximately $1,625,000, and this amount will increase commensurate with further acquisition of real and personal property; and

Whereas, the ownership of the property by the Federal Government restricts the tax base from which the local governments draw the bulk of their revenues, and thereby affects the financial stability of counties, cities, school districts, and other political subdivisions; and

Whereas, property owned by the Federal Government is not distributed uniformly over the country, but is frequently concentrated in particular areas which in turn results in serious inequalities as between different local governments; and

Whereas, property owned by the Federal Government generally requires the same services of local government as does property owned by private citizens; and

Whereas, the beneficiaries of Federally-owned property are the people of the entire nation and not merely the residents of areas where Federal property is situated; and

Whereas, the trend toward ever-increasing Federal ownership of property constitutes a serious threat to our democratic institution of home rule and to the system of private ownership of property; and

Whereas, Congress is investigating the problems arising out of Federal ownership of property, and has indicated a willingness to enact corrective legislation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby declares itself to favor and support the following specific recommendations:

1. That Congress be urged to enact legislation regulating the methods by which Federal agencies may acquire property, requiring short term leases instead of outright purchases in the case of property needed for temporary purposes.

2. That Congress be urged to enact legislation requiring the ultimate disposition of surplus or un-needed property in the post-war period, so as to facilitate its return to private ownership.

3. That Congress be urged to enact legislation authorizing the direct or indirect taxation of the following specific types of Federally-owned property:

a. Property withdrawn from local tax-rolls for temporary purposes, military or otherwise.

b. Property used for housing and resettlement projects.

c. Real and personal property used for manufacturing and industrial purposes in competition with private industry.

4. That in providing for the taxation of Federally-owned property, Congress require that such taxation be applied to the same extent and in the same manner as privately-owned property is taxed.

and be it

Further Resolved, That copies of this resolution be sent to Senator Hiram W. Johnson, to Senator Sheridan Downey and to the members of the California delegation in the House of Representatives, with the request that legislation be introduced in and passed by Congress to effectuate the purpose expressed in this resolution.

Discussion.

Hon. Russell L. Wolden, Assessor, on being granted the privilege of the floor, pointed out the seriousness arising out of the increasing Federal ownership of property. The Public Lands Committee of the House of Representatives is now making a survey of the condition. Fifty per cent of property in the eleven western states is now owned by the Federal Government. San Francisco is now losing $1,625,000 per year by federal tax exemption, and the condition is getting worse all the time. There is a chance that Congress may pass some kind of resolution alleviating the situation. However, there would be necessary a State constitutional amendment in order that California communities could take advantage of any federal relief, and for that reason, in addition to the foregoing resolution, another resolution, which will be presented immediately after action on the foregoing resolution, should be adopted.

Thereupon, the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Shannon, Uhl—9.

Absent: Supervisors Mead, Roncovieri—2.

Requesting the Governor to Include in Next Proclamation for Special Session of the State Legislature a Constitutional Amendment Authorizing Taxation of Federally-Owned Property.

(Series of 1939)

Supervisor Green presented:

Resolution No. 3724, as follows:

Resolved, That His Excellency Governor Warren be requested to include in his next proclamation convening a special session of the California Legislature a constitutional amendment authorizing the taxation of Federally-owned property which is or which may become taxable under Federal law; and be it

Further Resolved, That the Clerk of this Board be and is hereby directed to transmit a copy of this resolution to Governor Warren.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Shannon, Uhl—9.

Expressing Admiration for and Gratitude to Members of the Volunteer Port Security Force.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 3723, as follows:

Whereas, there has been established in San Francisco a regiment of the United States Coast Guard Volunteer Port Security Force, the function of which is to augment and serve as an auxiliary to the United States Coast Guard particularly in connection with that organization's San Francisco Bay and Water Front patrol activities; and

Whereas, the Volunteer Port Security Force is recruited from men and women of all walks of life who donate their services on a part-time basis to this patriotic endeavor thus relieving the regular forces of the United States Coast Guard for more vital and necessary service in the war effort; and

Whereas, the spirit which has actuated the personnel of the Volunteer Port Security Force to perform these patriotic duties in their country's hour of need is laudable in the highest and deserving of public commendation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco takes this opportunity to publicly express its admiration for and gratitude to the members of the Volunteer Port Security Force and to its commander, Roy C. Ward; and be it

Further Resolved, That the attention of the people of the City and County of San Francisco be directed to the purposes and activities of the Volunteer Port Security Force with the request, to those who are in a position to serve, that they give consideration to immediate enrollment in this organization.

Acceptance of $10,710 From Servicemen's Overnight Housing Fund Committee for Assisting in Purchases of Equipment for Dormitories in Civic Center.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. 3726, as follows:

Whereas, the need for housing service men in San Francisco has become so acute that new double story dormitories are now under construction in the Civic Center, which will be in addition to the dormitories now located in the Civic Center of the City and County of San Francisco; and

Whereas, the Servicemen's Overnight Housing Fund Committee now has funds available from money raised through the endeavors of the motion picture industry to aid communities in the purchase of bedding equipment, and also to enable communities to meet matching requirements of the State of California, which under recent legislation will match a City or County's expenditures for this purpose dollar for dollar; and

Whereas, on October 18, 1943, the Civilian War Council of the City and County of San Francisco has made application for the sum of ten thousand seven hundred and ten dollars ($10,710) from the Servicemen's Overnight Housing Fund Committee for the purpose of assisting in the purchase of equipment, i. e., beds, pillows, pillow cases, mattresses, sheets, blankets and towels for dormitories in the Civic Center; and

Whereas, on November 12, 1943, a check to the amount of ten thousand seven hundred and ten dollars ($10,710) was received by the Controller of the City and County of San Francisco from the Servicemen's Overnight Housing Fund Committee for the purpose as above set forth; now, therefore, be it

Resolved, That the Board of Supervisors accept this said sum of ten thousand seven hundred and ten dollars ($10,710) to be used under the terms and for the purposes for which given.

Supervisor MacPhee presented:

Bill No. 2660, Ordinance No. 2539, as follows:

Reappropriating the sum of $2,450 out of the surplus existing in Appropriation No. 357.110.00, to the credit of Appropriation No. 357.110.00, to provide funds for the compensation of 3 L502 Autopsy Surgeons (part time) at $116.67 per month in the office of the Coroner; abolishing the positions of 2 L502 Autopsy Surgeons (part time) at $175 per month in the same office; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $2,450 is hereby reappropriated out of the surplus existing in Appropriation No. 357.110.00, to the credit of Appropriation No. 357.110.00, to provide funds for the compensation of 3 L502 Autopsy Surgeons (part time) at $116.67 per month in the office of the Coroner.

Opposing Increase in Passenger and Pullman Fares.

(Series of 1939)

Supervisor Green presented:

Resolution No. 3729, as follows:

Whereas, there is now in Congress a proposal to incorporate in the new tax bill, provisions calling for increases in passenger and pullman fares from ten to fifteen per cent or higher; and

Whereas, this tax is definitely discriminatory against Pacific Coast travel; and

Whereas, due to the greater distance between eastern centers of population and the Pacific Coast as compared with other recreational areas and foreign countries, the tax on fares to the Pacific Coast would be commensurately higher, thus driving potential Redwood Empire

travelers and visitors to less distant competing travel areas and foreign playgrounds; and

Whereas, although this measure is being promulgated as a wartime necessity, there is no guarantee that it will be removed upon cessation of hostilities, but to the contrary every likelihood exists that it will remain after victory as an intolerable and unfair burden; now, therefore, be it

Resolved, That this Board of Supervisors goes on record as being unalterably opposed to such form of taxation and respectfully petitions its representatives in Congress to use their good offices to oppose any increased levy in transportation taxes, including taxes on passenger and pullman fares; and be it

Further Resolved, That the Clerk of the Board forward a copy of this resolution to the California delegation in Congress.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Meyer, Shannon, Uhl—9.

Whereas, an observance is being sponsored by the San Francisco Examiner and the Call-Bulletin, to keep fresh in the minds of all citizens that day of infamy; and

Whereas, fitting ceremonies in the rotunda of the City Hall would serve to remind San Franciscans of the nature of the foe that must be defeated; now, therefore, be it

Resolved, That Mayor Rossi be requested to appoint a Citizens' Committee to plan such ceremonies; and be it

Further Resolved, That San Francisco business houses be urged to observe a minute of silence near the hour of the attack that plunged the United States into war.

Election of Edward Kenney as Director of the Golden Gate Bridge and Highway District.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. ....., as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby elect Edward Kenney as a Director of the Golden Gate Bridge and Highway District for the City and County of San Francisco for the unexpired term of Edward G. Brown, resigned.

Amendment Proposed.

Supervisor Colman moved as an amendment to the foregoing resolution that the name of Rene Vayssie be substituted for the name of Edward Kenney.

Motion seconded by Supervisor Brown.

Supervisor Colman reminded the Board that Mr. Vayssie had been mentioned on at least two occasions for appointment as Director of the Golden Gate Bridge and Highway District. Mr. Vayssie is a prominent business man and a member of the Lafayette Club. The San Francisco Hotel Association was urging his appointment, and he hoped the Board would give consideration to his candidacy.

Supervisor Shannon announced that Mr. Kenney's name had been considered by the Board on three different occasions. Each time Mr. Kenney had stepped aside. He believed that the Board in adopting the resolution, would be doing the right thing, and he trusted that Mr. Kenney would be elected. However, the next meeting of the Board of Directors will not be held until the second Friday in December, and if the Board desires that the resolution presented by him be referred to committee there would be ample time to give the resolution consideration. The Board, by previous action is committed to the appointment of Mr. Kenney, and the resolution as presented contains the signatures of seven Supervisors.

Supervisor Colman announced that he did not consider himself bound in any way to the appointment of Mr. Kenney, nor would he feel that he was bound to the appointment of Mr. Vayssie, except that Mr. Vayssie was an outstanding gentleman in the community, and has a very splendid standing.

Supervisor MacPhee pointed out that the Board had previously signified its intention to give Mr. Vayssie consideration for appointment following appointment of Mr. Kenney.

Thereupon, there being no further discussion desired, the entire matter was *referred to the Public Utilities Committee.*

Privilege of the Floor.

Supervisor Green, under his name on Roll Call, requested the privilege of the floor for Mr. Ferdinand Smith, secretary of the National Maritime Union and representative of Mayor La Guardia of New York as member of Committee on Interracial Relations in New York.

Mr. Ferdinand Smith, in addressing the Board, thanked the Board for the resolution previously adopted by the Board opposing racial or minority discrimination, and he urged that there be a closer understanding between the various people making up our nation. Voluntary committees are not sufficient. The problem is national, and there should be an efficient and official fact-finding committee.

Request for Report on Streetcar Fares.

Supervisor Uhl requested that the Clerk obtain from the California Railroad Commission information as to when report might be expected on streetcar fares of the Market Street Railway Company.

Proposal to Amend Municipal Code Re Service Stations.

Supervisor MacPhee called attention to Section 336 of the Fire Code, prohibiting the making of minor repairs to automobiles in automobile service stations, and suggested that the Police Committee, at its next meeting, discuss the matter with the Fire Department as to the advisability of amending the Municipal Code to permit such repairs to be made, at least during the war emergency, because of the manpower situation.

Supervisor Gallagher suggested that Supervisor MacPhee prepare amendment as suggested for reference to committee.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:20 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors December 13, 1943.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Refunding License Fees Erroneously Charged to C. W. Webb for the Privilege of Showing Wild Animal Show Billed as "Russell Bros. Circus and Wild Animal Show."

(Series of 1939)

Bill No. 2597, Ordinance No....., as follows:

Refunding license fees erroneously charged to C. W. Webb for the privilege of showing wild animal show billed as "Russell Bros. Circus and Wild Animal Show."

Whereas, during the month of June, 1943, C. W. Webb paid to the City and County of San Francisco the sum of $1,700 in payment of license fees claimed to be due for the privilege of permitting Russell Bros. Circus and Wild Animal Show to operate in the City and County of San Francisco on June 14, 15, 16, 17 and 18, 1943, said sum being claimed to be due by the Tax Collector pursuant to the provisions of Section 108, Part III, Article II of the San Francisco Municipal Code; and

Whereas, said sum was charged and paid upon the ground that said Russell Bros. Circus and Wild Animal show was a circus and should pay the amount of $500 for the first performance, and $300 for each subsequent performance in conformity with the provisions of Section 108, Part III, Article II of said San Francisco Municipal Code; and

Whereas, it is claimed by said Webb that while the word "circus" was used in advertising said exhibition, said exhibition was really a wild animal show and should have paid only the amount of $380 in license fees; and

Whereas, the Chief of Police of the City and County of San Francisco and the Tax Collector of the City and County of San Francisco have requested a refund to said C. W. Webb of the difference between $1,700 and $380, to-wit, the sum of $1,320; now, therefore

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,320 is hereby ordered refunded to C. W. Webb as excess license fee paid as hereinabove set forth and the Controller is requested to draw his warrant in said sum in favor of said C. W. Webb.

Approved by the Chief Administrative Officer.
Approved by the Tax Collector.
Approved by the Chief of Police.
Approved as to form by the City Attorney.

Discussion.

Supervisor Mead objected to the final passage of the foregoing ordinance, informing the Board that Russell Bros. had advertised the show as "Russell Bros. Circus and Wild Animal Show," whereas it turned out to be but an animal show. He strenuously objected to the people of San Francisco being "hornswoggled" out of their money, and therefore would not vote to refund the sum of $1,320 to Russell Bros.

Supervisor Meyer interpolated with the statement that the fee charged was based on seating capacity.

Supervisor MacPhee made the statement that the matter had been thoroughly thrashed out in committee and the refund hereinabove referred to was recommended by the Chief of Police. It was further brought out that at the time Russell Bros. had paid the fee it had done so under protest.

Whereupon, Supervisor Mead moved that the matter be referred to the Finance Committee.

No objection, and so ordered.

Final Passage.

Discussion.

Supervisor Meyer asked for an explanation of the amount requested and Mr. George Ososke, Assistant Director of Civilian Defense, ex-

plained that it was found necessary to employ professional help in an attempt to exhort the public to a realization of the necessity of reconditioning, remodeling and sharing their homes. It was his belief that the passage of this appropriation would tend to alleviate in a measure the housing crisis in San Francisco.

Supervisor Meyer then asked Mr. Ososke the amount of money left in the Civilian Defense Fund, to which Supervisor MacPhee replied there were several hundred thousand dollars.

Supervisor Mead informed the Board that the future will see hundreds of thousands of people coming to San Francisco and anything that would create more housing should be taken advantage of immediately, and for that reason he was voting for the appropriation.

Thereupon, the roll was called and the foregoing ordinance was *Finally Passed* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, MacPhee, Mead, Meyer, Shannon, Uhl—9.
Absent: Supervisors Green, Roncovieri—2.

Suggestion by the President of the Board in Connection With Purchase of War Bonds by the Board of Supervisors and by the Clerks Employed Therein.

Supervisor Colman, President of the Board, informed the members that it had come to his attention that the Board of Supervisors had not attained the goal of being at least 90 per cent subscribed in the purchase of War Bonds under the payroll deduction plan, and that he was making the respectful suggestion that every attempt be made to achieve this end. He stated that although bonds were being purchased through other channels, still it would be a fine thing to have the Board on the honor list of the Treasury Department.

Supervisor Brown, at this point, informed the Board that several months ago an article in the "Municipal Record" stated that but one member of the Board was purchasing bonds through deduction from his supervisorial compensation, namely, Supervisor MacPhee. Supervisor Brown stated that he wrote to the "Municipal Record" advising them that he was purchasing bonds through payroll deduction of his supervisorial compensation but since his private business was distributing agency for War Bonds, he felt that it was proper to credit that agency with the sale of the bond purchased through deduction in his salary as Supervisor. Furthermore, that he is purchasing a bond a month under this plan and intends to keep on doing so.

In Memoriam—Mrs. Antoinette Tobin O'Gara.

(Series of 1939)

Supervisor Gallagher presented:

Resolution No. 3738, as follows:

Whereas, our Heavenly Father has called to her eternal reward the soul of Antoinette Tobin O'Gara, mother of Supervisor Gerald O'Gara; and

Whereas, the death of Mrs. O'Gara comes as a distinct shock to her devoted family and relatives as well as to a host of friends who knew her through her distinguished husband and son; and

Whereas, an affectionate mother and kindly friend, Mrs. O'Gara was a well known and beloved figure in the circle in which she moved; now, therefore, be it

Resolved, That this Board of Supervisors expresses its sincere sorrow and regret to the bereaved family and that when the Board adjourns today it does so out of respect to the revered memory of Mrs. Antoinette Tobin O'Gara, loving mother and devoted friend, and that the Clerk be directed to send engrossed copies of this resolution to the family of the deceased.

Adopted Unanimously by rising vote.

Commending William Martin Camp for His Recent Work "Retreat, Hell" and Expressing the Hope That It May Become the Instrument for Which, so Diligently, He Labored.

(Series of 1939)

Supervisor Gartland presented:

Resolution No. 3739, as follows:

Whereas, there has come now to challenge the apathy of a too complacent people, a saga of the United States Marines, depicting with vivid realism the brief but tragic era which took the Fourth Regiment from routine duty and robust liberty in Shanghai to death, inexorable, in the caves of Corregidor; and

Whereas, this gripping narrative, like the war a phase of which it recounts, abandons conventional frippery and records with stark, unaffected eloquence, the grim realities of armed conflict; the treachery and despicable abandom of a cruel and ruthless enemy; the heroism and tenacity of purpose of our freedom-loving Filipino ally; the reactions of soldiers to strife, blood and accelerated death, and finally an unerring account of the morale which pervades the United States Marine Corps, rendering that organization invincible and this country safe from invasion; and

Whereas, while entertaining in that degree which ranks "Retreat, Hell" among the best sellers, this historical novel, which came from the pen of inspired William Martin Camp, Night City Editor of the San Francisco Chronicle, finds its more serious purposes, first: in tendering deserved tribute to the United States Marine Corps, and second: for the welfare and survival of those who continue to fight, to arouse from their diversions or absolute lethargy to a stern realization of the veritable Hell which is War, the people at home, upon whom our fighting men depend for the materials and supplies necessary to early culmination of this war with a minimum of casualties and in Victory for the United Nations; and

Whereas, the hope and motive of Mr. Camp in his presentation of "Retreat, Hell" is extremely praiseworthy and, if realized and appreciated to that extent which incites his readers to all-out support of, and active participation in some phase of the war effort, his purpose

will have been served and he will have rendered a signally patriotic service to his country; now, therefore, be it

Resolved, That this Board of Supervisors takes this opportunity to publicly commend Mr. William Martin Camp for his recent work "Retreat, Hell" and expresses the sincere desire that it may become the instrument for which, so diligently, he labored; and be it

Further Resolved, That suitably engrossed copies of this resolution be prepared and transmitted by the Clerk to Headquarters of the United States Marine Corps in San Francisco and Mr. William Martin Camp.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Shannon, Uhl—10.
Absent: Supervisor Roncovieri—1.

Proposal to Create a Fund for Assisting and Rehabilitating Returning Soldiers, Residents of San Francisco.

Supervisor Green proposed that a fund be set up, with a half million or more dollars, for the express purpose of assisting and rehabilitating returning soldiers who are residents of San Francisco. Supervisor Green did not know where the money would come from but expressed the opinion that if it required a bond issue or a raise in the tax rate, for such a worthy cause, that the people of San Francisco would have no hesitancy in approving it.

The Chair *referred the matter to the Finance Committee* and asked that the committee consult with Mr. Brooks, Chief Administrative Officer, on the subject.

No objection, and so ordered.

Extension of Time for Award of Contract for Market Street Railway Track Removals on Twenty-fourth Street, Guerrero and Other Streets.

(Series of 1939)

Supervisor MacPhee presented:

Resolution No. 3740, as follows:

Whereas, the Director of Public Works did, on November 24, 1943, receive bids for the removal of Market Street Railway tracks on Twenty-fourth Street, Guerrero and other streets set forth in said proposal; and

Whereas, the low bid was in excess of the amount set forth in Section 2 of Bill 2329, Ordinance 2374 (Track Removal Ordinance), which section provides that the total costs together with the cost of inspection by the City shall not exceed the sum of $90,000; and

Whereas, the low bid as submitted by Eaton & Smith was $113,225.24 to which must be added $2,630 for inspection, making a total cost of $115,855.24; and

Whereas, the Market Street Railway Company is anxious to proceed with this work and have signified their intention to meet one-half of the total cost of the track removals; and

Whereas, it will be necessary to submit an amendment to Bill 2329, Ordinance 2374, to cover the additional costs as set forth herein before contract can be awarded, thereby losing probably thirty days; and

Whereas, the Contract Procedure Ordinance of the City and County of San Francisco provides that award of contracts must be made within twenty (20) days from the receipt of bids; now, therefore, be it

Resolved, That the time within which the Director of Public Works may award said contract be and the same is hereby extended to and including the 12th day of January, 1944, but nothing herein contained

shall prevent the award of said contract at an earlier date should the Director of Public Works desire so to do.

Recommended by the Director of Public Works.

Approved by the Chief Administrative Officer.

Supervisor MacPhee explained that it was necessary to adopt this resolution granting extension of time for award of contract for Market Street Railway track removals on Twenty-fourth Street, Guerrero and other streets because Ordinance No. 2374 (Track Removal Ordinance), provided that the total cost of this work shall not exceed the sum of $90,000 and that the lowest bid received amounted to more than $90,000. Therefore, it was imperative that the resolution be adopted, extending the time for award of the contract.

Whereupon, Supervisor MacPhee moved for the suspension of the rules and the adoption of the resolution. There was no objection and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Shannon, Uhl—10.
Absent: Supervisor Roncovieri—1.

Supervisor Mead's Partial Report on His Trip to Washington, D. C., to Attend Hearing Before the Office of Defense Transportation in Connection With Proposed Enforcement of O.D.T.'s Plan for Solution of San Francisco's Transportation Problem.

Supervisor Mead rendered a partial report to the Board on his trip to Washington, D. C., in connection with a meeting held in the office of Mr. Eastman, Director of the Office of Defense Transportation. Supervisor Mead informed the Board that Mr. Lapham, the Mayor-elect, conducted himself in a most tactful and dignified manner as did Mr. Cahill, Manager of Utilities, Mr. Scott, his assistant, Mr. Dion Holm, Assistant City Attorney, and our two Congressmen, Hon. Richard J. Welch and Thomas Rolph. Mr. Cahill at the meeting presented a 12,000-word report which was listened to attentively by Mr. Eastman. About the only thing that Mr. Eastman did not agree with was the opinion expressed by Assistant City Attorney Holm that the Office of Defense Transportation had no jurisdiction over municipally-owned lines.

At the conclusion of the meeting, Mr. Eastman suggested that representatives of the city and those of the Market Street Railway attempt to get together on some plan satisfactory to all concerned. However, Supervisor Mead, in expressing his personal opinion, advised Mr. Eastman that he did not believe the City and the Market Street Railway could get together under any circumstances. Mr. Eastman then informed the gathering that his office would do everything possible to send a representative to San Francisco for the purpose of getting all interested parties together for a mutual solution of the transportation problem.

Supervisor Mead concluded his report by stating that he is firmly convinced that the plan of the Office of Defense Transportation looking to the solution of San Francisco's transportation problem would not be put into effect at this time.

The Chair commended Supervisor Mead for his most illuminating explanation of the meeting.

Meeting of the Public Utilities Committee to Consider Qualifications of Applicants for Position Vacated by Edmund G. Brown as Director of the Golden Gate Bridge and Highway District.

Supervisor Shannon, through the Chair, asked Supervisor Brown if a meeting of the Public Utilities Committee had been held for the purpose of considering a successor to Edmund G. Brown, District Attorney-elect, who resigned as a Director of the Golden Gate Bridge and

Highway District. Supervisor Brown informed Supervisor Shannon that no meeting had yet been held.

Supervisor Mead then informed the Board that it was his understanding that upon the filling of the two previous vacancies that Mr. Kenney would then be nominated for the next vacancy.

Supervisor Shannon concurred in Supervisor Mead's thoughts and concluded with the statement that the Chair had brought in the name of Mr. Vayssie and both names had been referred to the Public Utilities Committee.

Supervisor Shannon then stated that if a report was not forthcoming from the Public Utilities by January 3, 1944, he would call the matter out of committee.

Circus and Wild Animal Show to operate in the City and County of San Francisco on June 14, 15, 16, 17 and 18, 1943, said sum being claimed to be due by the Tax Collector pursuant to the provisions of Section 108, Part III, Article II of the San Francisco Municipal Code; and

Discussion.

Supervisor Mead objected to the foregoing bill. The people of San Francisco, he believed, were misled in purchasing tickets to what was advertised as a "circus." Refunding of this money would, he feared, encourage other businesses to indulge in false advertising.

Supervisor Gallagher also opposed passage. He understood that requests have been made to other cities for similar refunds of license fees, but without success. The bill should not be finally passed.

Thereupon, the roll was called and the foregoing bill was *Refused Final Passage* by the following vote:

Ayes: Supervisors MacPhee, Meyer, Shannon, Uhl—4.
Noes: Supervisors Brown Gallagher, Gartland, Green, Mead—5.

Thereupon, there being no further discussion or objection, the Chair *re-referred the foregoing bill to the Finance Committee*, and directed the Clerk to obtain the cost to San Francisco if the proposed legislation should be enacted.

Request for Opinion Re Proposed Amendment to Ordinance Providing for Licensing and Regulation of Electric Musical Devices.

Supervisor Green requested that the Clerk obtain from the City Attorney, in time for the meeting of the Finance Committee scheduled for Thursday, December 16, 1943, written opinion as to the following matters relative to juke box legislation:

1. As to the constitutionality of the proposed legislation.

2. Can the Board of Supervisors legally delegate to the Chief of Police power to regulate lighting in places where juke boxes are installed?

3. As to the right of the Board of Supervisors to raise the penalty for illegal dancing in taverns and other places where juke boxes are installed.

4. Information as to the present power of the Police Department to control and regulate conduct and behavior in any places of entertainment in San Francisco such as those affected by the proposed legislation.

Proposal to Increase Penalties for Certain Violations of Traffic Code.

Supervisor Uhl called attention to failure of motorists to observe "Stop" signs at intersections of arterial streets, and announced that he would present to the Board a proposed amendment to present legislation fixing penalty for failure to stop at such intersection at $5.00.

Statement by Congressman Richard J. Welch on November 22, 1943, at Hearing Before Joseph B. Eastman, Director of the Office of Defense Transportation, on the San Francisco Transportation Situation.

Supervisor Uhl presented:

Mr. Eastman, as you know, San Francisco is built on the tip of a peninsula. Its hilly terrain in some sections of the city has always made transportation a major problem, different from that existing in almost any other city in the country. Market Street, which is the city's principal traffic artery, bisects the city. On what is termed the south side of Market Street, there are a number of parallel streets—Mission, Howard, Folsom, Harrison, Bryant and Brannan. These streets extend far out into what is known as the Mission residential section of the city.

On the north side of Market Street, all the principal streets intersect Market Street from a diagonal course. Each street having street cars converges into Market Street, thus increasing its traffic load and resulting in four street car tracks being used on that great artery.

In addition to these, the heavily congested traffic of the Twin Peaks and Duboce Tunnel lines, Castro Street, Church Street and Valencia Street railways bring their heavy loads into Market Street.

The outer tracks are used almost exclusively by the San Francisco Municipal Street Railroad System and the inner tracks are used by the Market Street Railroad System.

A question has arisen as to unequal distribution of street railroad traffic on the inner and outer tracks. I am informed that by actual count, 1977 cars operate daily over the outer tracks and 1136 on the inner tracks. This difference of 841 cars would require a transfer of 420 cars to equalize the load. Proper utilization of facilities during the period of the war stress demands they be equally distributed. The war has increased San Francisco's population over 100,000 people, with resultant traffic congestion.

I question the necessity of this congestion to the degree which now exists. During my recent visit to San Francisco, in accordance with authorization and direction of the Committee on Merchant Marine and Fisheries of the House of Representatives, of which I am a member, I visited every shipyard on San Francisco Bay. Thousands of men and women employed in shipyards on the east side of San Francisco Bay and in Marin County to the north, reside in San Francisco proper. In the so-called Kaiser Shipyards alone, at Richmond, where over 90,000 people are employed, more than 25,000 of the workers live in San Francisco. These people go back and forth to their work daily, which requires an average of three and one-half hours of travel time. The War Housing Administration has seen fit to build temporary government owned houses for many of these people in San Francisco, instead of adjacent to the plants. The City of San Francisco should not now be penalized for actions taken by other government agencies making our city the rooming house for immigrant war workers employed outside of the city and thus creating this critical traffic congestion. That is exactly what has happened and was continuing to happen when I was there. At that time I referred to the absurdity of it. It would seem there should be better coordination of government interests in these matters which would result in savings of untold millions of dollars to our government, a decrease of absenteeism and turnover of labor, a saving of gasoline and rubber and transportation of workers, and relief from the traffic congestion. I was told by officials of the Kaiser plants that absenteeism and labor turnover was practically nil among employees who resided adjacent to their work, whereas among those who lived in San Francisco and were required to make the long circuitous trip, absenteeism and labor turnover reached the alarming rate of 21 per cent.

Mr. Eastman, I served on the Board of Supervisors, which is the

legislative body of the City and County of San Francisco, for nearly eleven years. I was Chairman of the Committee on Streets and was also a member of the Committee on Public Utilities for years. I would like to make a suggestion. It is simply this.

Some of the major problems with reference to these traffic conditions can be materially helped through your office by an equal distribution of all available facilities for handling the traffic on Market Street. Full utilization of all street cars and buses should be made during this emergency.

San Francisco is the greatest port of embarkation in the world today and its importance will increase in direct ratio to the increase of our attack upon Japan in the Pacific. Your office can materially aid by anticipating the further increase to be expected in transportation problems, by immediately granting such priorities as may be necessary to increase traffic equipment which should be available at all times. This is in accord with the policy already established by your office in the case of every other Pacific Coast city of which we have knowledge. Other traffic details can be satisfactorily solved by local officials.

The people of San Francisco are well aware of the seriousness of this situation as attested by the fact that I have received communications from the San Francisco Chamber of Commerce, Civic and Improvement Clubs, individuals and a petition from the East and West of Castro Street Improvement Club with more than 2000 signatures protesting the discontinuance of the Eureka-Diamond No. 6 Bus Line, alone.

On motion by Supervisor Green, *ordered made part of the record.*

Supervisor Mead, supplementing his verbal statement made on Monday, December 6, 1943, regarding the meeting at Washington, D. C., with the Director of the Office of Defense Transportation in connection with San Francisco's transportation situation, requested the Clerk express to Congressmen Welch and Rolph, the Board's appreciation for their services in the matter.

No objection, and so ordered.

ADJOURNMENT.

There being no further business, the Board, at the hour of 2:48 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors December 20, 1943.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Action Rescinded.

Subsequently during the proceedings, immediately following the adoption of the resolution immediately following, by the same vote, on motion by Supervisor Gallagher, seconded by Supervisor Meyer, action whereby both resolutions had been adopted, was rescinded.

Discussion.

Supervisor Meyer objected to the adoption of resolutions authorizing cancellation of taxes on property acquired by the United States Government. The burden on the taxpayers by the removal from the tax rolls of so many properties acquired by the Federal Government was becoming too great.

The City Attorney pointed out that the foregoing resolution, as well as resolutions immediately following, would affect only the Tax Collector's records. The taxes would not be paid, whether or not the resolutions were adopted. Even if federal legislation now under consideration should be enacted, taxation of federal properties would be prohibited under the State Constitution.

Supervisor Mead agreed with the views expressed by Supervisor Meyer. In view of the statement that taxes assessed against federal

property could not be collected, refusal to adopt the resolutions would have no great effect. He would vote against adoption.

Supervisor Green announced that he agreed with Supervisor Mead in his basic thought. The Board, though, has already adopted a resolution asking Congress to permit taxation of federally owned property. The Governor has also been requested to consider a State Constitutional Amendment to permit the taxing of federal property. He believed the Board should adopt the resolutions under consideration, but should continue to voice its protests against federal acquisition of property.

Supervisor MacPhee agreed with Supervisor Green. The resolutions will serve merely as an accommodation for the Tax Collector.

Thereupon, the roll was called and the foregoing resolution was *Refused Adoption* by the following vote:

Ayes: Supervisors Green, MacPhee, Shannon—3.
Noes: Supervisors Gallagher, Gartland, Mead, Meyer—4.
Absent: Supervisors Brown, Colman, Roncovieri, Uhl—4.

Appropriating an Additional Sum of $12,927.62 to the $45,000 Heretofore Appropriated as City's Portion of Cost of Certain Track Removal and Consequent Street Reconstruction.

(Series of 1939)

Bill No. 2682, Ordinance No. ....., as follows:

Providing for the financing of the cost of Exhibit "A" incorporated in Ordinance No. 2374 (Series of 1939) of the Board of Supervisors, and amended by Bill No. 2681 by appropriating the additional sum of $12,927.62 from the surplus existing in the Special Road Improvement Fund to the credit of Appropriation 248.949.00, representing the City's portion of the estimated cost of said schedule, and providing further for the amount to be advanced by the Market Street Railway Company as its portion of the estimated cost and appropriating the same for such purpose.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $12,927.62 is hereby appropriated and set aside from the surplus existing in the Special Road Improvement Fund to the credit of Appropriation 248.949.00, being the City and County of San Francisco's additional portion of the estimated cost for track removal and replacing of streets as set forth in Exhibit "A" incor-

porated in Ordinance No. 2374 (Series of 1939) by the Board of Supervisors and as amended by Bill No. 2681. The estimated cost of doing the work under the reference Exhibit "A" is $115,855.24.

Section 2. This ordinance shall not be effective for encumbrance or expenditure unless and until the Market Street Railway Company shall have deposited with the Treasurer of the City and County of San Francisco an amount equal to 50 per cent of the estimated cost of doing all of the work provided for under said Exhibit "A."

Section 3. When said funds are deposited by the Market Street Railway Company as herein provided such funds are hereby appropriated for the purposes herein specified.

Section 4. At the time of the passage of Ordinance No. 2374 (Series of 1939) by the Board of Supervisors, it was estimated that the cost of work set forth in Exhibit "A" would be approximately $90,000. On November 24, 1943, bids were received covering this work and the low bid as submitted, together with the cost of inspection, brings the estimated total cost to $115,855.24, necessitating an additional appropriation by the City and County of San Francisco, and an additional deposit by the Market Street Railway Company.

(Series of 1939)

Supervisor Green presented:

Resolution No. 3749, as follows:

Whereas, our service men and women are now defending the democratic rights of all Americans; and

Whereas, wartime conditions and inadequacies of existing laws make it impossible in the majority of cases for these service men and women to exercise their own democratic rights to vote; and

Whereas, the Board of Supervisors of the City and County of San Francisco feels that it is of utmost importance that these men and women who are fighting for democracy be guaranteed that for which they are fighting; and

Whereas, there is now pending before the United States Congress a bill, commonly known as the Worley bill, which would set up a single nation-wide bipartisan commission to provide a simple, practical procedure for voting by all service men and women and members of the merchant marine; now, therefore, be it

Resolved, That said Board of Supervisors hereby urges the Congress of the United States of America to pass the Worley Bill without amendments; and be it

Whereas, such survey is to be conducted in cooperation with engineers of the Golden Gate Bridge and Highway District for presentation to the State Department of Public Works and California Highway Commission for inclusion in postwar highways construction projects; and

Whereas, construction of said Sausalito Approach is of vital importance to the motoring public and operators of commercial vehicles through the elimination of present steep grades and sharp curves and when constructed will offer a direct route through the City of Sausalito in Marin County, to the north bridgehead, thereby effecting a tremendous saving in consumption of gasoline and motor fuel, wear and tear on tires and motor equipment, and repair and maintenance costs;

and will offer unobstructed route to the Golden Gate Bridge in event of slides and storm damage to the present Waldo Approach; and

Whereas, said Sausalito Approach highway has been endorsed and is a part of the Redwood Empire's "Master Schedule of Highway Recommendations" and as such has the support of the counties comprising the Redwood Empire; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors urges the State Department of Public Works and the California Highway Commission to include the Sausalito Approach highway in any postwar highway construction plan and to incorporate said project in schedule of work to be commenced at the earliest possible moment.

Petitioning National Housing Director to Allocate Necessary Funds for Necessary Temporary Housing Construction in San Francisco.

(Series of 1939)

Resolution No. 3758, as follows:

Whereas, the population of San Francisco in the last two years has increased by 250,000 persons, which according to the National Industrial Conference Board, is the greatest war time increase of population of any city in the United States with the possible exception of Washington, D. C.; and

Whereas, the Congested Areas Sub-committee of the Congressional Naval Affairs Committee recently warned that the Bay Area has only had a foretaste of the war and urged that a far reaching program with accompanying action be made in the vital field of housing; and

Whereas, there is now in San Francisco no adequate housing available for families of civilian war workers, for families of military personnel hospitalized in San Francisco, for families of Naval personnel temporarily located in San Francisco during Navy ship repairs, for families of military personnel en route overseas, or for families of other military personnel stationed in San Francisco; and

Whereas, there is now in San Francisco no housing available for families of war workers being evicted from substandard Japtown housing; and

Whereas, agencies such as the San Francisco War Housing Center have exhausted every community resource and been unable to meet the demand for housing; and

Whereas, as of this date no adequate construction is under way or has any program been established to meet the current housing shortage; and

Whereas, there is a certainty of an ever increasing need of housing accommodations for families of military personnel and war workers in coming months; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, recognizing the seriousness of this situation and in an attempt to further the war effort respectfully petitions the Honorable

John M. Blanchford, National Housing Director, to immediately grant the allocation of funds necessary to put into effect the program outlined by the San Francisco Housing Authority for immediate construction of temporary housing units for families of military personnel hospitalized in San Francisco, for families of Naval personnel temporarily located in San Francisco during Navy ship repairs, for families of military personnel en route overseas, or for families of other military personnel stationed in San Francisco; and be it

Further Resolved, That copies of this resolution be sent to Senator Hiram W. Johnson, Senator Sheridan Downey, Representative Thomas Rolph and Representative Richard J. Welch, the Navy Department and to the War Department.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Urging Completion of Friant-Kern Canal.

Supervisor Colman, under his name on Roll Call, presented letter addressed to William Brookman of the Production Urgency Committee, urging prompt and favorable action for the completion of the Friant-Kern Canal of the Central Valley Project. In the letter it was pointed out that labor supply for the completion of the canal was adequate, little or no critical materials were needed, and the completion of the canal would add greatly to vitally necessary foodstuffs.

On motion by Supervisor Shannon the proposed communication was *approved and ordered sent to Mr. Brookman.*

Greetings to His Honor Mayor Angelo J. Rossi.

Supervisor Colman moved that the Clerk be instructed to transmit to his Honor the Mayor New Year's greetings and to express the earnest hope for a speedy recovery from his illness.

No objection, and so ordered.

Caucus of Board for Election of President.

Supervisor Colman called attention to the customary caucus of the Board for the selection of a President, to which, of course, holdover members and newly elected members should be invited, and announced that he would call such a caucus at the pleasure of the Board.

Supervisor MacPhee suggested that the caucus should be held early during the next week, when Supervisor Uhl will have returned to the city.

Thereupon, Supervisor Colman announced that such caucus would be held on Tuesday, January 4, 1944, at 4:00 p. m., in the chambers of the Board, and that he would so notify all members of the Board as it would be constituted beginning January 8, 1944.

Inaugural Ceremonies.

After brief inquiry about inaugural ceremonies, to be held on January 8, 1944, to which he thought the newly elected Mayor should be invited, Supervisor Gallagher, following suggestion by the Chair, moved that the Chair be authorized to appoint a committee to arrange for such ceremonies, to be held in the chambers of the Board, and that the newly elected Mayor be invited to attend. The District Attorney-elect should also be invited to be present.

There being no objection, the Chair appointed Supervisor Gallagher as a committee of one to arrange for appropriate inaugural ceremonies, as suggested.

Ocean Shoreline Survey.

Supervisor Green reminded that sometime ago he had presented a resolution requesting that a survey be authorized with respect to ocean shoreline survey. Such survey was quite important. The Federal Government would be willing to advance the necessary funds for such survey, continued Supervisor Green, and the Chief Administrative Officer has agreed to recommend it as a budget item.

Commend the Hearst Newspapers for Their Sponsorship of "The Examiner War Wounded Christmas Fund."

(Series of 1939)

Supervisors Mead and MacPhee presented:

Resolution No. 3760, as follows:

Whereas, for the past several weeks, the three Hearst newspapers in the Bay Area—the Examiner, the Call-Bulletin and the Oakland Post-Enquirer have focussed attention upon, have diligently worked for and have inspired the public to join in, a campaign to swell to adequacy, "The Examiner War Wounded Christmas Fund"; and

Whereas, the purpose of "The Examiner War Wounded Christmas Fund" was to provide for its beneficiaries—American and Allied members of the military confined in local and nearby hospitals as a result of service-inflicted wounds, evidence of the gratitude and admiration which so deeply pervades us, and in the spirit of Christmas, material expressions designed to manifest, in some slight measure, our appreciation for their sacrifices; and

Whereas, as a result of the contributions received from the people, it

was possible, through the agency of "The Examiner War Wounded Christmas Fund," to accomplish the following:

1. To provide for each wounded inmate of every casualty hospital from Mare Island to Santa Cruz an appropriate Christmas gift, together with a new five-dollar bill.

2. To provide for each of such hospitals, three combination phonographs and radio machines with records necessary to the transcription of an appropriate greeting from these incapacitated heroes to their loved and anxious relatives at home.

3. To provide or supplement funds necessary to transport to their homes for the observance of Christmas, those of the wounded personnel who were sufficiently rehabilitated to make such journey.

4. Of paramount importance, "The Examiner War Wounded Christmas Fund" resulted in a stimulation of the morale of our wounded veterans by inculcating in them, through practical demonstration, a realization of the concern and regard in which a grateful people holds them;

Whereas, the spirit which inspired and guided "The Examiner War Wounded Christmas Fund," and the very enthusiastic contributive support which it received from the public are laudable two-fold, first as a manifestation of the true Christmas spirit and second as a display of the patriotism with which this nation is imbued; now, therefore, be it

Resolved, That this Board of Supervisors takes this opportunity to express to the Hearst newspapers and to all those persons who contributed to "The Examiner War Wounded Christmas Fund," expressions of commendation for a high purpose well effectuated; and be it

Further Resolved, That a suitably engrossed copy of this resolution be transmitted to the San Francisco Examiner, the San Francisco Call-Bulletin and the Oakland Post-Enquirer.

Adopted by the following vote:

Ayes: Supervisors Colman, Gallagher, Gartland, Green, MacPhee, Mead, Meyer, Shannon—8.

Absent: Supervisors Brown, Roncovieri, Uhl—3.

In Memoriam—Charles Martin.

(Series of 1939)

Supervisor Shannon presented:

Resolution No. 3761, as follows:

Whereas, Almighty God has summoned to his eternal reward Mr. Charles Martin a valued employee of the City and County of San Francisco for the past thirty years; and

Whereas, Mr. Martin, son of former Police Chief Martin, entered the service of the City and County of San Francisco in the Board of Public Works on March 10, 1914; and

Whereas, from a humble position Mr. Martin, through diligent application and attention to the affairs of the people he served, progressed to a position of importance and trust as Supervisor of Payrolls for the City and County of San Francisco; and

Whereas, though afflicted throughout the years with a partial incapacitating burden, Mr. Martin endured his handicap with patience and humility, presenting the while a radiant countenance and a disposition of such congeniality as attracted and endeared him to all those whose privilege it was to have been associated with him; and

Whereas, the loss of "Charley" Martin, as he was familiarly known, will leave a void in the hearts of all who knew him and will deprive the City and County of San Francisco of services of inestimable value; now, therefore, be it

Resolved, That this Board of Supervisors noting with keen regret the

loss of Charles Martin, a faithful and valued employee, takes this opportunity to express its heartfelt sorrow to the family of the late Charles Martin, and when the Board adjourns this day it does so out of respect to the memory of Charles Martin; and be it

Further Resolved, That the Clerk is hereby directed to forward a suitable copy of this resolution to the family of the late Charles Martin.

Unanimously Adopted by rising vote.

In Memoriam—Mrs. Nellie Kenney.

(Series of 1939)

Supervisor Colman presented:

Resolution No. 3759, as follows:

Whereas, Almighty God has called to her eternal reward the soul of Mrs. Nellie Kenney, mother of two devoted sons and beloved aunt of our colleague Supervisor Dan Gallagher; and

Whereas, Mrs. Nellie Kenney, one of a well-known family of San Francisco pioneers, noted for her deeply religious character and charitable work as one of the patrons and supporters of St. Joseph's Catholic Church, was loved and admired by all who knew her; now, therefore, be it

Resolved, That the Board of Supervisors does by this means express to the family and relatives of the late departed its sincere regret at the passing of Mrs. Nellie Kenney; and be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the revered memory of Mrs. Nellie Kenney; and be it

Further Resolved, That the Clerk of the Board be and he is hereby directed to send suitably engrossed copies of this resolution to the family of the deceased.

Unanimously Adopted by rising vote.
